

**Class Deviation for Federal Acquisition Regulation Part 23 in accordance with Executive Order 14275, “Restoring Common Sense to the Federal Procurement”
(2026-0020)**

1. Purpose: To issue a class deviation to Federal Acquisition Regulation (FAR) Part 23 for purposes of implementing the FAR Council’s model deviation text to FAR Part 23.

2. Effective Date: Immediately.

3. Expiration Date: Expires when the FAR Council’s model deviation text to FAR Part 23 is incorporated into the FAR or this class deviation is otherwise rescinded.

4. Background: On April 15, 2025, the [Executive Order \(EO\) 14275, Restoring Common Sense to Federal Procurement](#), was signed. Section 2 of the EO establishes the policy that the FAR “should only contain provisions required by statute or essential to sound procurement, and any FAR provisions that do not advance these objectives should be removed.”

The FAR is being updated to:

- Remove language that is not required by statute
- Remove duplicative or outdated language
- Clarify or provide more plain language
- Revise language for the new FAR framework
- Retain language necessary for governmentwide acquisition standards.

This project is referred to as the Revolutionary FAR Overhaul (RFO) initiative.

5. Summary of Changes: FAR Part 23, *Sustainable Acquisition, Material Safety, and Pollution Prevention*, has been revised to enhance clarity and efficiency, and to ensure compliance with current statutory requirements. The updated FAR part maintains existing statutory mandates for energy efficiency, biobased products, energy savings performance contracts, hazardous material identification, and pollution prevention. Requirements related to clean energy and waste reduction, previously driven by the now revoked E.O. 14057, have been removed.

Statutory requirements retained in the RFO FAR Part 23 model deviation include, but may not be limited to, the following:

- 7 U.S.C. § 8102, Biobased Markets Program
- 42 U.S.C. § 6361, Federal Energy Conservation Programs
- 42 U.S.C. § 6962, Resource Conservation and Recovery Act of 1976
- 42 U.S.C. § 8259b, Federal Procurement of Energy Efficient Products
- 42 U.S.C. §§ 7671 et seq, Stratospheric Ozone Protection
- 42 U.S.C. §§ 13101 et seq, Pollution Prevention Act of 1990
