

**Class Deviation for Federal Acquisition Regulation Part 44 in accordance with Executive Order 14275, “Restoring Common Sense to the Federal Procurement”
(2026-0041)**

1. Purpose: To issue a class deviation to Federal Acquisition Regulation (FAR) Part 44 for purposes of implementing the FAR Council’s model deviation text to FAR Part 44.

2. Effective Date: Immediately.

3. Expiration Date: Expires when the FAR Council’s model deviation text to FAR Part 44 is incorporated into the FAR or this class deviation is otherwise rescinded.

4. Background: On April 15, 2025, the [Executive Order \(EO\) 14275, Restoring Common Sense to Federal Procurement](#), was signed. Section 2 of the EO establishes the policy that the FAR “should only contain provisions required by statute or essential to sound procurement, and any FAR provisions that do not advance these objectives should be removed.”

The FAR is being updated to:

- Remove language that is not required by statute
- Remove duplicative or outdated language
- Clarify or provide more plain language
- Revise language for the new FAR framework
- Retain language necessary for governmentwide acquisition standards.

This project is referred to as the Revolutionary FAR Overhaul (RFO) initiative.

5. Summary of Changes: FAR Part 44, *Subcontracting Policies and Procedures*, has been updated to create a more agile, risk-based, and efficient system that empowers Contracting Officers, reduces administrative burdens on contractors, and encourages broader participation from the commercial sector.

Statutory requirements and presidential directives retained in the RFO FAR Part 44 model deviation include, but are not limited to, the following:

- 10 U.S.C. § 3322(c) and 41 U.S.C. § 3905(c), Advance Notice of Certain Subcontracts
- 41 U.S.C. § 3307, Preference for Commercial Products and Commercial Services

Change	Description
Retained	• The revised part structure consolidates relevant guidance into process oriented subparts: ○ Subpart 44.1 - Reserved ○ Subpart 44.2 - Evaluation and Award ○ Subpart 44.3 – Postaward ○ Subpart 44.4 - Subcontracts for Commercial Products and Commercial Services

	• Most of the “Definitions”, now at section 44.001 are retained with only minor, non-substantive wording changes, with the exception of “approved purchasing system”. This definition can still be found at clause 52.244-2. • Subpart 44.2 has been significantly streamlined to consolidate policies related to subcontract consent, advance notification, and the contracting officer's evaluation process. ○ The previous section 44.202-2(a) contained a detailed, 13-point checklist of considerations that the contracting officer was required to consider "at a minimum" for every consent request. Now, the new 44.201-3(b) provides a shorter, higher-level list of four situations that necessitate "careful and thorough review and consideration" of the request to subcontract. • Subpart 44.3 is reorganized and streamlined into five subsections (from seven separate sections): ○ 44.301-1 Objective ○ 44.301-2 Requirements ○ 44.301-3 Responsibilities for granting, withholding or withdrawing approval ○ 44.301-4 Notice ○ 44.301-5 Withholding or withdrawing approval • Section 44.402 now breaks down “Requirements” into three distinct categories that improve readability: ○ Preference (for commercial products and services) ○ Flowdown (rules for flowing down clauses) ○ Inapplicable laws (laws that do not apply to commercial products and services) • The following clauses are retained (or remain reserved if previously reserved) with no changes to the text. ○ 52.244-1 Reserved ○ 52.244-2 Subcontracts ○ 52.244-3 Reserved ○ 52.244-4 Subcontractors and Outside Associates and Consultants (Architect Engineer Services) ○ 52.244-5 Competition in Subcontracting • The following clause is retained, with streamlining updates to reflect other RFO changes and references. ○ 52.244-6 Subcontracts for Commercial Products and Commercial Services
Removed	• 44.201-1 Consent Requirements and 44.202-2 Considerations, which provide additional guidance on notice and consent best practices for commercial time and materials contracts, moved to the FAR Companion. • The requirements for Contractor Purchasing System Reviews (CPSR) are significantly streamlined to remove overly prescriptive conditions. ○ “Extent of Review”, with its 11 special attention areas, is removed (former section 44.303).

	○ “Reports”, with its distribution requirements, is removed (former section 44.307).

6. Required Action: The CFPB acquisition workforce shall follow the RFO Part 44 and corresponding 52 model deviation text instead of FAR Part 44 and 52 as codified at 48 CFR Chapter 1. The Council’s RFO Part 44 model deviation text is available at [Acquisition.gov/far-overhaul](https://www.acquisition.gov/far-overhaul) and is incorporated into this class deviation.

For new solicitations or contracts, when using any provisions or clauses that have been revised, utilize the RFO model deviation language at RFO FAR Part 52.

For open solicitations or awarded contracts, the Contracting Officer has discretion regarding the need to enforce or amend the provisions or clauses. Note that without some of the removed provisions or clauses, the Contracting Officer may be required to separately address certain aspects in the contract.

Contracting activities must review templates and related standard operating procedures to align with this deviation and remove unnecessary processes and steps.

7. Applicability: This class deviation applies to all CFPB procurements.

8. Authority: This deviation is issued under the authority of Executive Order 14275, OMB Memo M-25-26, 48 CFR 1.4 and RFO FAR 1.304.
