

**Class Deviation for Federal Acquisition Regulation Part 49 in accordance with Executive Order 14275, “Restoring Common Sense to the Federal Procurement”
(2026-0046)**

1. Purpose: To issue a class deviation to Federal Acquisition Regulation (FAR) Part 49 for purposes of implementing the FAR Council’s model deviation text to FAR Part 49.

2. Effective Date: Immediately.

3. Expiration Date: Expires when the FAR Council’s model deviation text to FAR Part 49 is incorporated into the FAR or this class deviation is otherwise rescinded.

4. Background: On April 15, 2025, the [Executive Order \(EO\) 14275, Restoring Common Sense to Federal Procurement](#), was signed. Section 2 of the EO establishes the policy that the FAR “should only contain provisions required by statute or essential to sound procurement, and any FAR provisions that do not advance these objectives should be removed.”

The FAR is being updated to:

- Remove language that is not required by statute
- Remove duplicative or outdated language
- Clarify or provide more plain language
- Revise language for the new FAR framework
- Retain language necessary for governmentwide acquisition standards.

This project is referred to as the Revolutionary FAR Overhaul (RFO) initiative.

5. Summary of Changes: FAR Part 49, *Termination of Contracts*, has been updated for clarity and usability.

Statutory requirements and presidential directives retained in the RFO FAR Part 49 model deviation include, but are not limited to, the following:

- 31 U.S.C. § 3729, False Claims
- 41 U.S.C. §§ 7101 *et seq.* (Pub. L. 95-563), The Contract Disputes Act of 1978

Change	Description
Retained	• Section 49.000, “Scope of Part”, is simplified and retains the core scope of establishing policies and procedures for terminating contracts early. • Section 49.001, “Definitions”, is retained and updated for plain language. • Section 49.002, “Applicability”, is retained and updated for plain language with a simpler structure.

	• Subparts 49.1, 49.2, 49.3, 49.4, 49.5, 49.6 and the sections therein, remain mostly intact and are streamlined with some shifting and reorganizing of sections and subsections throughout. • All existing clauses are retained (or remain reserved if previously reserved) with no changes to the text.
Removed	• Plain language edits were made throughout to enhance readability and remove redundant, unclear, or nonessential language, decreasing the word count by more than 2,500 words. • Subsection 49.108-7 “Government assistance in settling subcontracts”, Section 49.113 “Cost principles”, and Section 49.405 "Completion by another contractor” have been removed and may be moved to non-regulatory content.

The preceding table does not contain an exhaustive list.
