3-2. Procurement Integrated Enterprise Environment (PIEE)

a. PIEE is the primary enterprise procure-to-pay (P2P) application for DoD and its supporting agencies. PIEE is a procurement portfolio capability that uses a Common Access Card (CAC) enabled single-sign-on capability to grant access to system modules (e.g., Electronic Document Access and Joint Appointment Module (JAM)) hosted both internal and external to that environment. Army mandates 100% use of PIEE single-sign-on.

b. A/OPCs nominate cardholders and billing officials and track nominations and workflows within PIEE. GPC one-pagers are an excellent resource on how to perform actions within PIEE modules.

c. Government Administrator Managers (GAMs) must activate roles in PIEE as part of the GPC appointment process. See section 2-8.b. for additional GAM duties.
