Subpart 5643.1 - GENERAL

Parent topic: Part 5643 - CONTRACT MODIFICATIONS

5643.105 Availability of Funds

(Revised October 2012)

(c)

(1) Prior to issuing a modification that affects contract funding after the contract is physically complete, for which the appropriations may be either expired, cancelled, or closed, contracting officers must coordinate the action with the servicing Comptroller Office to ensure fund availability and prevent improper or illegal adjustments to cancelled appropriations. The contract file must contain documentation of the coordination efforts.

(2) Contracting officers will coordinate all modifications to contracts with expired, cancelled, or closed appropriation with the serving legal office prior to execution.

(d) Modifications must not be executed for the purpose of using or redistributing unspent balances of expired, closed, or cancelled appropriations without prior coordination with the serving legal office.
