PGI 225.2 - BUY AMERICAN—CONSTRUCTION MATERIALS

Parent topic: PGI Part 225 - INTERNATIONAL ACQUISITION

PGI 225.270 Energy savings service contracts.

(a) For DoD energy savings service contracts, the requirements documents from the requiring activity are required to specify if construction and construction materials will be used during the performance of the contract. If specified, the contracting officer shall—

(1) Include the FAR provisions and clauses regarding construction materials that implement the Buy American statute; and

(2) Enforce them based on the associated terms and conditions of the contract.

(b) See FAR subpart 23.2, Energy Savings Performance Contracts.
