11.9201 Acquisition of FAA certified parts for consumable items.

(a) When special procedure code “46” applies to a consumable item, contracting officers shall acquire only FAA certified parts.

(b) Contracting officers shall—

(1) For manufacturers, check the Enterprise Business System Approved Manufacturer’s Parts List to confirm a manufacturer is FAA-approved, and document the contract file prior to award.

(2)(i) For dealers/distributors, check the FAA AC 00 56 List (https://www.aviationsuppliers.org/FAA-AC-00-56B) on the Aviation Suppliers Association (ASA) website (https://www.aviationsuppliers.org/) for the “Voluntary Industrial Distributor Accreditation Program Database” to confirm a dealer/distributor is FAA-approved. If so, contracting officers shall print a screenshot as evidence the offeror is eligible for award; or,

(ii) For dealers/distributors not currently FAA-approved, contracting officers shall require submission of traceability documentation meeting the requirements in procurement note L32, paragraph (2)(b). Contracting officers shall ensure dealers/distributors provide documentation for the organizations listed in procurement note L32, paragraph (2)(b)(ii) to demonstrate they have a satisfactory quality system.

(c) Contracting officers shall include procurement note L32 in all solicitations for items that require FAA certification.

*****

L32 Federal Aviation Administration (FAA) Certified Parts (JUN 2020)

(1) This item must be produced by an FAA-approved manufacturer. Material shall be new, unused, and not previously owned by the Government. To be considered for award, the offeror shall submit with its offer sufficient documentation, referencing the solicitation number in the title, to demonstrate it has one or more of the following FAA approvals/designations:

(a) Manufacturers: Production Certificate Holder; Part Manufacturer Approval; Technical Standard Order Approval; and/or Direct Ship Authority.

(b) Dealers/distributors: FAA Advisory Circular (AC) 00-56B accreditation; or FAA AC 00-56A accreditation until their accreditation expires, is superseded upon renewal, or is cancelled or removed by the accreditation organization.

(2) Dealers/distributors asserting compliance with FAA AC 00-56A or FAA AC 00-56B must—

(a) Be listed on the Voluntary Industrial Distributor Accreditation Program Database at Aviation Supplier Association (ASA) (http://www.aviationsuppliers.org/FAA-AC00-56), which the ASA maintains for the FAA; or

(b) Provide with their offer traceability and system quality documentation, referencing the solicitation number in the title, that demonstrates the following:

(i) Unbroken chain of traceability, by lot and batch number or by serial number, from the original FAA-approved manufacturer through all entities that either purchased, received, stored, and/or redistributed the item(s); and

(ii) Quality system, for distributors of civil aeronautical parts, accredited by one or more of the following organizations:

Quality System Standards Organization	Acceptable Quality System Standard (Current Revision Required)	Title	Accreditation Organization
Aviation Suppliers Association (ASA)	ASA-100	Quality System Standard	List maintained by Aviation Suppliers Association (ASA) (https://www.aviationsuppliers.org/default.aspx)
Transonic Aviation Consultants	TAC-2000	Aeronautical Parts Distributor Quality Assurance Standard	List maintained by Transonic Aviation Consultants (http://transonicaviation.com/)
International Organization for Standardization (ISO)	ISO-9001	Quality Management Systems Requirements	Certification bodies accredited by International Accreditation Forum (IAF) accreditation body signatories (https://www.iaf.nu/)
International Aerospace Quality Group (IAQG)	AS9100, AS9110 AS9120 (EN9100 EN9110, and EN9120)	Quality Management Systems	List of organizations (certification bodies) is maintained on IAQG Aerospace Supplier Information System (OASIS) Database Website (https://www.iaqg.org/oasis/login)

*****

(d) Contracting officers shall insert procurement note H13 in solicitations and awards for consumable items that require production by an FAA-approved manufacturer.

*****

H13 Federal Aviation Administration (FAA) Certified Parts – Shipment Documentation Requirements (JUN 2020)

(1) The contractor shall furnish acceptable documentation with each shipment demonstrating appropriate certification of the item. Acceptable documentation is one of the following:

(a) FAA Form 8130-3, Airworthiness Approval Tag;

(b) Certificate of Conformance with information equivalent to information on FAA Form 8130-3, and compliant with the Contract Deliverables Requirements List;

(c) European Aviation Safety Agency (EASA) Form 1, Authorized Release Certificate; or

(d) Transport Canada Civil Aviation (TCCA) Form One, Authorized Release Certificate Form One.

(2) The contractor shall provide with each shipment documentation that includes a statement confirming all items in the shipment are new, unused, and meet contract requirements.

(3) For each quantity unit pack (QUP) equal to each unit of issue, the contractor shall provide a copy of the documentation described in paragraph (1) of this procurement note. The contractor shall package the documentation with the material prior to shipment. If the material is manufactured in different lots, the contractor shall provide the documentation for each lot.

(4) The contractor shall indicate on the marking/labels that the appropriate documentation applies and is included inside the package. The contractor shall place marking/labels on the outside of the packaging.
