4.1601 Policy.

- (a) Establishment of a *Procurement Instrument Identifier (PIID)*. Agencies *shall* have in place a process that ensures that each PIID used to identify a *solicitation* or contract action is unique Governmentwide, and will remain so for at least 20 years from the date of contract award. The PIID *shall* be used to identify all *solicitation* and contract actions. The PIID *shall* also be used to identify *solicitation* and contract actions in designated support and reporting systems (e.g., Federal *Procurement* Data System, *System for Award Management*), in accordance with regulations, applicable authorities, and agency policies and procedures.)
- (b) Transition of PIID numbering. No later than October 1, 2017, agencies shall comply with paragraph (a) of this section and use the requirements in 4.1602 and 4.1603 for all new solicitations and contract awards. Until an agency's transition is complete, it shall maintain its 2013 PIID format that is on record with the General Services Administration's Integrated Award Environment Program Office (which maintains a registry of the agency unique identifier scheme). The 2013 PIID format consisted of alpha characters in the first positions to indicate the agency, followed by alpha-numeric characters; the 2017 format instead has the AAC in the beginning 6 positions.
- (c) Change in the *Procurement Instrument Identifier* after its assignment.
- (1) Agencies shall not change the PIID unless one of the following two circumstances apply:
- (i) The PIID serial numbering system is exhausted. In this instance, the *contracting officer may* assign a new PIID by issuing a *contract modification*.
- (ii) Continued use of a PIID is administratively burdensome (e.g., for implementations of new agency contract writing systems). In this instance, the *contracting officer may* assign a new PIID by issuing a *contract modification*.
- (2) The modification *shall* clearly identify both the original and the newly assigned PIID. Issuance of a new PIID is an administrative change (see 43.101).
