

Subpart 23.6 - Notice of Radioactive Material

Parent topic: [Part 23 - Environment, Energy and Water Efficiency, Renewable Energy Technologies, Occupational Safety, and Drug-Free Workplace](#)

23.601 Requirements.

- (a) The clause at [52.223-7](#), Notice of Radioactive Materials, requires the contractor to notify the *contracting officer* prior to delivery of radioactive material.
- (b) Upon receipt of the notice, the *contracting officer shall* notify receiving activities so that appropriate safeguards can be taken.
- (c) The clause permits the *contracting officer* to waive the notification if the contractor states that the notification on prior deliveries is still current. The *contracting officer may* waive the notice only after consultation with cognizant technical representatives.
- (d) The *contracting officer* is required to specify in the clause at [52.223-7](#), the number of days in advance of delivery that the contractor will provide notification. The determination of the number of days *should* be done in coordination with the installation/facility radiation protection officer (RPO). The RPO is responsible for insuring the proper license, authorization or permit is obtained prior to receipt of the radioactive material.

23.602 Contract clause.

The *contracting officer shall* insert the clause at [52.223-7](#), Notice of Radioactive Materials, in *solicitations* and contracts for *supplies* which are, or which contain-(a) radioactive material requiring specific licensing under regulations issued pursuant to the Atomic Energy Act of 1954; or (b) radioactive material not requiring specific licensing in which the specific activity is greater than 0.002 microcuries per gram or the activity per item equals or exceeds 0.01 microcuries. Such *supplies* include, but are not limited to, aircraft, ammunition, missiles, vehicles, electronic tubes, instrument panel gauges, compasses and identification markers.
