## 31.205-16 Gains and losses on disposition or impairment of depreciable property or other capital assets.

- (a) Gains and losses from the sale, retirement, or other disposition (but see <u>31.205-19</u>) of depreciable property *shall* be included in the year in which they occur as credits or charges to the cost grouping(s) in which the *depreciation* or amortization applicable to those assets was included (but see paragraph (f) of this subsection). However, no gain or loss *shall* be recognized as a result of the transfer of assets in a business combination (see 31.205-52).
- (b) Notwithstanding the provisions in paragraph (c) of this subsection, when *costs* of depreciable property are subject to the sale and leaseback limitations in 31.205-11(h)(1) or 31.205-36(b)(2)-
- (1) The gain or loss is the difference between the net amount realized and the undepreciated balance of the asset on the date the contractor becomes a lessee; and
- (2) When the application of (b)(1) of this subsection results in a loss-
- (i) The allowable portion of the loss is zero if the fair market value exceeds the undepreciated balance of the asset on the date the contractor becomes a lessee; and
- (ii) The allowable portion of the loss is limited to the difference between the fair market value and the undepreciated balance of the asset on the date the contractor becomes a lessee if the fair market value is less than the undepreciated balance of the asset on the date the contractor becomes a lessee.
- (c) Gains and losses on disposition of *tangible capital assets*, including those acquired under capital leases (see <u>31.205-11(h)</u>), *shall* be considered as adjustments of *depreciation costs* previously recognized. The gain or loss for each asset disposed of is the difference between the net amount realized, including *insurance* proceeds from involuntary conversions, and its undepreciated balance.
- (d) The gain recognized for contract costing purposes *shall* be limited to the difference between the *acquisition* cost (or for assets acquired under a capital lease, the value at which the leased asset is capitalized) of the asset and its undepreciated balance (except see paragraphs (e)(2)(i) or (ii) of this subsection).
- (e) Special considerations apply to an involuntary con-version which occurs when a contractor's property is destroyed by events over which the owner has no control, such as fire, windstorm, flood, accident, theft, etc., and an *insurance* award is recovered. The following govern involuntary conversions:
- (1) When there is a cash award and the converted asset is not replaced, gain or loss *shall* be recognized in the period of disposition. The gain recognized for contract costing purposes *shall* be limited to the difference between the *acquisition* cost of the asset and its undepreciated balance.
- (2) When the converted asset is replaced, the contractor shall either-
- (i) Adjust the depreciable basis of the new asset by the amount of the total realized gain or loss; or

- (ii) Recognize the gain or loss in the period of disposition, in which case the Government *shall* participate to the same extent as outlined in paragraph (e)(1) of this subsection.
- (f) Gains and losses on the disposition of depreciable property *shall* not be recognized as a separate charge or credit when-
- (1) Gains and losses are processed through the *depreciation* reserve account and reflected in the *depreciation* allowable under 31.205-11; or
- (2) The property is exchanged as part of the purchase price of a similar item, and the gain or loss is taken into consideration in the *depreciation* cost basis of the new item.
- (g) Gains and losses arising from mass or extraordinary sales, retirements, or other disposition other than through business combinations *shall* be considered on a case-by-case basis.
- (h) Gains and losses of any nature arising from the sale or exchange of capital assets other than depreciable property *shall* be excluded in computing contract *costs*.
- (i) With respect to long-lived tangible and identifiable intangible assets held for use, no loss *shall* be allowed for a write-down from carrying value to fair value as a result of impairments caused by events or changes in circumstances (*e.g.*, environmental damage, *idle facilities* arising from a declining business base, etc.). If depreciable property or other capital assets have been written down from carrying value to fair value due to impairments, gains or losses upon disposition *shall* be the amounts that would have been allowed had the assets not been written down.
