

42.601 General.

Contractors with more than one operational location (*e.g.*, division, plant, or subsidiary) often have corporate-wide policies, procedures, and activities requiring Government review and approval and affecting the work of more than one administrative *contracting officer* (ACO). In these circumstances, effective and consistent contract administration *may* require the assignment of a corporate administrative *contracting officer* (CACO) to deal with corporate management and to perform selected contract administration functions on a corporate-wide basis.
