43.107 Contract clause.

The *contracting officer may* insert a clause substantially the same as the clause at 52.243-7, Notification of Changes, in *solicitations* and contracts. The clause is available for use primarily in negotiated research and development or supply contracts for the *acquisition* of major weapon systems or principal subsystems. If the contract amount is expected to be less than $1,000,000, the clause *shall* not be used, unless the *contracting officer* anticipates that situations will arise that *may* result in a contractor alleging that the Government has effected changes other than those identified as such *in writing* and signed by the *contracting officer*.
