45.102 Policy.

- (a) Contractors are ordinarily required to furnish all *property* necessary to perform Government contracts.
- (b) Contracting officers shall provide property to contractors only when it is clearly demonstrated-
- (1) To be in the Government's best interest;
- (2) That the overall benefit to the *acquisition* significantly outweighs the increased cost of administration, including ultimate *property* disposal;
- (3) That providing the *property* does not substantially increase the Government's assumption of risk; and
- (4) That Government requirements cannot otherwise be met.
- (c) The contractor's inability or unwillingness to supply its own resources is not sufficient reason for the furnishing or *acquisition* of *property*.
- (d) "Exception". *Property* provided under contracts for repair, maintenance, overhaul, or modification is not subject to the requirements of paragraph (b) of this section.
- (e) Government property, other than foundations and similar improvements necessary for installing special tooling, special test equipment, or equipment, shall not be installed or constructed on contractor-owned real property in such fashion as to become nonseverable, unless the head of the contracting activity determines that such installation or construction is necessary and in the Government's interest.
