47.105 Transportation assistance.

(a) Civilian Government activities that do not have transportation officers, or otherwise need assistance on transportation matters, *shall* obtain assistance from-

(1) The GSA Regional Federal Supply Service Bureau that provides support to the activity or

(2) The transportation element of the *contract administration office* designated in the contract.

(b) Military installations *shall* obtain transportation assistance from the transportation office of the *contracting activity*, unless another military activity has been designated as responsible for furnishing assistance, guidance, or data. Military transportation offices *shall* request needed additional aid from the Military Surface Deployment and Distribution Command (SDDC).
