(b) The AA OSDBU delegates duties to Small Business Technical Advisors (SBTAs) for each region through written appointment. All references to SBTA in this part refer to the SBTA designated to support his/her service or region, whichever is applicable.

(c) Contracting officers shall work with the designated SBTA for their region or service.

519.202 Specific policies.

519.202-1 Encouraging small business participation in acquisitions.

When applicable, the following procedures shall be used to promote small business through acquisition.

(a) For any acquisition that requires a GSA Form 2689 per GSAM 519.502-70, an acquisition plan shall be submitted to the SBTA. The acquisition plan shall be submitted to the SBTA for approval after the GSA Form 2689 has been approved.

(b) The designated SBTA will provide the copy of the proposed acquisition package to the SBA PCR in accordance with FAR 19.202-1(e) and GSAM 519.4.

(c) When placing orders or establishing BPAs against multiple-award contracts (see FAR 2.101), small businesses should be given consideration prior to large businesses.

519.202-2 Locating small business sources.

(a) Queries using the “Dynamic Small Business Search,” at http://dsbs.sba.gov are encouraged to locate small business sources.

(b) The designated SBTA may be contacted for assistance with identifying small business sources.

(c) The contracting officer must coordinate communications through the SBTA (see 519.4) when contacting the SBA Procurement Center Representative (PCR) in accordance with FAR 19.202-1.
Subpart 519.3 - Determination of Small Business Status for Small Business Programs

519.302 Protesting a small business representation.

If SBA determines that an offeror is not a small business concern, and there is evidence that the offeror knowingly misrepresented itself as such, contracting activities must refer the matter to the Inspector General and should also refer the matter to the Suspension and Debarment Official.

519.305 Protesting a representation of disadvantaged business status.

If SBA determines that an offeror is not a disadvantaged small business concern, and there is evidence that the offeror knowingly misrepresented itself as such, contracting activities must refer the matter to the Inspector General and should also refer the matter to the Suspension and Debarment Official.

519.306 Protesting a firm’s status as a HUBZone small business concern.

If SBA determines that an offeror is not a HUBZone small business concern, and there is evidence that the offeror knowingly misrepresented itself as such, contracting activities must refer the matter to the Inspector General and should also refer the matter to the Suspension and Debarment Official.

519.307 Protesting a firm’s status as a Service-Disabled Veteran-Owned small business concern.

If SBA determines that an offeror is not a service-disabled veteran-owned small business concern, and there is evidence that the offeror knowingly misrepresented itself as such, contracting activities must refer the matter to the Inspector General and should also refer the matter to the Suspension and Debarment Official.

519.308 Protesting a firm's status as an Economically Disadvantaged Women-Owned Small Business (EDWOSB) concern or Women-Owned Small Business (WOSB)) concern eligible under the WOSB Program.

If SBA determines that an offeror is not a women-owned small business or economically disadvantaged women-owned small business concern, and there is evidence that the offeror knowingly misrepresented itself as such, contracting activities must refer the matter to the Inspector General and should also refer the matter to the Suspension and Debarment Official.
Subpart 519.4 - Cooperation With the Small Business Administration

The AAOSDBU is the focal point for interfacing with SBA. Refer issues relating to small business programs through the designated SBTA.

Subpart 519.5 - Set-asides for Small Business

519.502 Setting aside acquisitions.

519.502-1 Requirements for setting aside acquisitions.

(a) The contracting officer may make awards under the 8(a) Business Development Program (see FAR 19.8), or set aside for the Historically Underutilized Business Zone (HUB-Zone) Program (see FAR 19.13), Women-Owned Small Business (WOSB) Program (see FAR 19.15), or Service-Disabled Veteran-Owned Small Business (SDVOSB) Procurement Program (see FAR 19.14).

(b) Once a contracting activity acquires a product or service successfully on the basis of a set-aside, the activity must acquire all future requirements for that product or service using set-aside procedures. If the contracting officer determines that he or she no longer can reasonably expect to receive offers from at least two responsible small business concerns and make awards at fair market prices, use the procedures in FAR 19.506 to withdraw or modify a set-aside. When market research reveals that any supplies or services from mandatory sources, such as Federal Prison Industries, Inc. and AbilityOne, that were not available at the time of the original requirement have become available, a contracting officer may discontinue setting aside a continuing requirement (see FAR 8.002 and 8.003). The contracting officer shall document the determination to discontinue setting aside a continuing requirement (see 519.502-70).

(a) General. GSA Form 2689, Small Business Analysis Record.

(1) The GSA Form 2689 is used to-

(i) Record evidence that consideration has been given to small business, service-disabled veteran-owned small business, HUB-Zone small business, small disadvantaged business, women-owned small business, or 8(a) Business Development Program participants; and

(ii) Document that small businesses received maximum practicable opportunity to participate in a proposed acquisition.

(2) The GSA Form 2689 may be used in place of a “Memo to File” when documenting the requirement for market research and as a tool to assure maximum practicable small business opportunity.

(3) The contracting officer shall include all pertinent documents with the GSA Form 2689 to
support the proposed acquisition strategy (i.e., Dynamic Small Business Search results, responses to System for Award Management Contract Opportunities sources sought notice, performance work statement, statement of work, sole source justification, consolidation or bundling determination, business case, etc.).

(4) The contracting officer shall record the justification and rationale for the determined acquisition strategy on the GSA Form 2689.

(b) Consolidated or Bundled Acquisitions. The GSA Form 2689 is required for acquisitions when consolidation, bundling or substantial bundling (FAR 2.101 and 7.107-4) is contemplated regardless of estimated total contract value.

(c) Orders.

(1) The GSA Form 2689 is required for orders and Blanket Purchase Agreements (BPAs), including BPA orders, against Multiple-award Contracts (see FAR 2.101) and expected to equal or exceed $6 million (see FAR 7.104(d)), unless the contract, order or BPA is set aside for one of the small business programs specified in FAR 19.203 (e.g. 8(a), HUB-Zone, WOSB, or SDVOSB).

(2) Orders or BPAs against Multiple-award Contracts (see FAR 2.101) that are less than $6 million do not require a GSA Form 2689, unless the acquisition is consolidation, bundling or substantial bundling.

(d) Acquisitions at or below the Simplified Acquisition Threshold (SAT).

(1) The GSA Form 2689 is not required for acquisitions at or below the SAT, unless the acquisition is consolidation, bundling or substantial bundling. However, it may be used to document market research. Contracting officers are encouraged to use the GSA Form 2689 to document any determination to not use small business under the SAT in accordance with FAR 19.502-2(a).

(2) The GSA Form 2689 does not require SBTA or SBA PCR review or signature when documenting market research.

(e) Acquisitions expected to exceed the Simplified Acquisition Threshold (SAT). The GSA Form 2689 is required for acquisitions expected to exceed the SAT when—

(1) A determination is made to set aside for small business but not one of the small business programs specified in FAR 19.203 (8(a), HUB-Zone, WOSB, or SDVOSB); or

(2) A determination is made to utilize full and open competition.

(f) Exceptions. The GSA Form 2689 is not required for—

(1) Acquisitions with mandatory sources (see FAR 8.002 and 8.003);

(2) Acquisitions, including contracts, orders, and BPAs, that have been set aside for a small business program specified in FAR 19.203 (e.g. 8(a), HUB-Zone, WOSB, or SDVOSB) unless consolidated, bundled or substantially bundled; or

(3) Orders or BPAs under $6 million, unless consolidated, bundled or substantially bundled (see paragraphs (b) and (c) of this subsection).

(g) GSA Form 2689 Requirement Conditions.
(1) **General.** The following table is a reference to determine when the GSA Form 2689 is required for completion and submission.

(2) **Instructions.** The table has an order of precedence.

   (i) Review the “Contract Vehicle Conditions” column in numerical order.

   (ii) Once a condition applies to the acquisition, the applicability of the form will be identified in the “GSA Form 2689 Required?” column.

   (iii) Once a condition applies to the acquisition, further conditions down the table do not apply.

(2) If the acquisition meets one of the following criteria, the contracting officer must obtain all concurrences of the GSA Form 2689 regardless of the concurrence threshold:

(i) Complex, critical to agency strategic objectives and mission, highly visible or politically sensitive.

(ii) Acquisitions that will be performed in more than one region.

(3) The SBTA is responsible to follow-up with the SBA PCR and inform the contracting officer.

(4) The SBTA must request from the contracting officer an extension if concurrence will not be met by the established time-frame as defined above in the table.

(5) If a response is not received from the SBA PCR, the SBTA must elevate within OSDBU for resolution at osdbu_review_concurrence@gsa.gov.

(6) If the contracting officer does not receive a response from the SBTA within the established time-frames and the SBTA has been unresponsive to the contracting officer’s inquiries, the contracting officer should elevate within OSDBU for resolution at osdbu_review_concurrence@gsa.gov.

(7) If a “Non-Concur” is received on the GSA Form 2689, the contracting officer is required to re-submit for concurrence. The time-frame for review is reset when the form is re-submitted.

(i) Disagreements. If a reviewing official disagrees with the contracting officer’s decision not to set aside an acquisition, the SBTA must provide the contracting officer the rationale for the disagreement or provide the contracting officer with additional small business sources that are interested in and capable of fulfilling the requirement. Review and consider any information provided by the SBTA before making a decision.

(j) Resolving disagreements. The HCA (see GSAM 502.101), as delegated, in the applicable Central Office and/or Regional Service resolves disagreements between the contracting officer and the SBTA. To resolve disagreements with the SBA PCR, see FAR 19.505.
519.503 Setting aside a class of acquisitions for small business.

(a) Definition. A class set-aside is an item (or service), a group of related items under a Federal Supply Class (FSC), or a whole FSC set aside for exclusive small business participation on more than a one-time basis. If the item or group of items constitute only a small portion of an FSC, this definition still applies.

(b) Determinations. If the contracting officer has procurement responsibility for the class of items or services involved, prepare the determination required by FAR 19.503. The determination can apply to either a total or partial set-aside.

519.506 Withdrawing or modifying small business set-asides.

If the contracting officer and the SBTA disagree over the withdrawal or modification of a set-aside, the SBTA must notify the AA OSDBU at the same time the matter is referred to the SBA PCR.

519.507 Contract clause.

Insert the clause at 552.219-70, Allocation of Orders—Partially Set-Aside Items, in solicitations and contracts when a requirements contract for supplies is contemplated that will involve partially setting aside orders for small business.

Subpart 519.6 - Certificates of Competency and Determinations of Responsibility

519.602 Procedures.

519.602-3 Resolving differences between the agency and the Small Business Administration.

(a) Within 5 business days after requesting the SBA Area Office to refer an intention to issue a Certificate of Competency to SBA Headquarters for review, the contracting officer shall forward the information in paragraphs (a)(1) and (a)(2) of this subsection to the AA OSDBU through your designated SBTA. This period may be extended by mutual agreement.

(1) Copies of all correspondence between GSA and SBA concerning the case. Include the initial referral notice of nonresponsibility.

(2) Copies of all technical documents sent to SBA (for example, the solicitation, preaward surveys, or any abstract of offers). Include any new information and a justification of the contracting officer's decision to continue the appeal.

(b) After considering all the facts and conferring with the contracting officer, the AA OSDBU will decide whether or not to file a formal appeal. Before deciding whether or not to appeal, the AA
OSDBU must notify the contracting officer.

(c) For decisions on cases over $25,000,000, the AA OSDBU shall confer with the contracting activity before responding to SBA regarding either of the options in FAR 19.602-3(b)(1)(i) and (ii).

Subpart 519.7 - The Small Business Subcontracting Program

519.700 [Reserved]

519.700-70 Additional responsibilities.

In addition to FAR 19.705 responsibilities, the contracting officer's preaward responsibilities include:

(a) Developing target goals for sealed bid solicitations when practicable.

(b) Following FAR 15.306, conducting discussions with individual offerors, as appropriate, concerning the subcontracting plans submitted for a negotiated solicitation.

519.702 [Reserved]

519.705 Responsibilities of the contracting officer under the subcontracting assistance program.

519.705-2 Determining the need for a subcontracting plan.

(a) When the contracting officer calculates the applicable threshold, consider the actual or estimated value of the contract for the entire term of the contract, including any option period(s). This also applies to schedule contracts and other indefinite delivery type contracts. Consider the estimated value of all orders expected to be placed during the term plus all options.

(b) FAR 19.705-2(d) permits the contracting officer to require submission of subcontracting plans with initial offers under a negotiated acquisition. The contracting officer must require all offerors (other than small business concerns) to submit subcontracting plans with their initial offers when a negotiated acquisition meets all conditions:

   (1) The contracting officer anticipates receiving individual subcontracting plans (not commercial plans).
   
   (2) The contracting officer will award on the basis of trade-offs among cost or price and technical and/or management factors under FAR 15.101-1.
   
   (3) The acquisition is not a commercial product or commercial service acquisition.
   
   (4) The acquisition offers more than minimal subcontracting opportunities.
(5) An offeror’s subcontracting plan is identified as an evaluation factor in the solicitation.

(c) Nothing in paragraph (b) above limits the contracting officer’s ability to request subcontracting plans with initial offers under other negotiated acquisitions when he or she decides such action is appropriate under FAR 19.705-2(d). For example, such action may be appropriate for multiple award schedules where GSA may have responsibility for negotiating commercial plans.

(d) Notify the AA OSDBU after receipt of offers if the contracting officer determines that an apparent successful offeror’s proposal has no subcontracting opportunities.

(1) Coordinate the notice through the contracting officer's SBTA.

(2) Include justification documenting the rationale behind a determination of no subcontracting opportunities. The contracting officer may use the justification provided by the apparent successful offeror.

(3) Obtain AA OSDBU concurrence on the determination prior to contract award.

519.705-3 Preparing the solicitation.

(a) If an acquisition, excluding any multiple award schedule contract, will cover two or more Regions and is estimated to exceed $50 million (including options):

(1) In addition to the SBA PCR, the contracting officer shall provide the SBTA and OSDBU a reasonable period of time (approximately 10 days) to review any solicitation requiring submission of a subcontracting plan and to submit advisory findings before issuing the solicitation. The contracting officer shall ensure that evaluation criteria contained in the solicitation do not unnecessarily limit subcontracting opportunities for small, HUBZone small, small disadvantaged, women-owned small, veteran-owned, and service-disabled veteran-owned small business concerns.

(2) For a negotiated acquisition, if the contracting officer believes that the acquisition provides substantial subcontracting opportunities, consider including the offeror’s subcontracting plan as an evaluation factor for award. This may be most appropriate in acquisitions when the contracting officer expects individual plans or master plans. The contracting officer should consult with his or her SBTA or regional SBUC to obtain any needed assistance with developing subcontracting plan evaluation criteria before incorporating the plan into the solicitation as an evaluation factor.

Target goals in sealed bidding

(b) Unrealistic target goals tend to inhibit competition or increase acquisition costs if goals are too high. Target goals that offer no challenge to potential contractors reflect poorly on GSA’s commitment to ensure maximum practicable use of small, HUBZone small, small disadvantaged, women-owned small, veteran-owned, and service-disabled veteran-owned small business concerns as subcontractors.

(c) In establishing target goals for sealed bid solicitations, the contracting officer should avoid using mechanical formulas or similar approaches that may be considered arbitrary. Reviewing historical performance by contractors performing similar work is valid, but the contracting officer should consider each solicitation independently in terms of the potential for subcontracting. Use as
many information sources as practical, including the contracting officer’s own knowledge of the supplies or services. Factors to consider in setting targets include:

1. Manufacturing processes involved.
2. Availability and location of potential subcontractors.
3. The basis for establishing subcontracting relationships.
4. The diversity in prevailing economic conditions in the place of contract performance.

(d) If the contracting officer cannot establish realistic target goals, do not state specific targets in the solicitation.

1. Establishing realistic target goals is likely to be a problem in contracting for supplies because the place of contract performance may not be known prior to contract award.

2. Even if the contracting officer can predict the area of contract performance because a particular industry is concentrated there, the diversity of manufacturing processes may affect the amount of subcontracting and how subcontracting relationships are established. For example, some manufacturers may use formal teaming arrangements or long term relationships versus nonrepetitive purchase orders.

519.705-4 Reviewing the subcontracting plan.

(a) The contracting officer should provide offerors a model subcontracting plan when determined appropriate, e.g., when it may facilitate evaluation or negotiation. The contracting officer may use the model plan available on OSBU’s website at https://insite.gsa.gov/organizations/staff-offices/office-of-small-business-utilization-osbu. Include the following notice on the transmittal, if providing a model in response to a single request, or in the solicitation, if including it as an attachment:

Notice to Offerors: “GSA provides this model plan as a tool. The contracting officer must adapt this model plan to fit the subcontracting situation. The plan is NOT a fill-in-the-blank form and the contracting officer must remove instructional language. This model does not establish minimum requirements for an acceptable plan. The model reflects objectives GSA encourages contractors to adopt. GSA expects offerors to thoroughly review the requirements set forth in FAR 19.704, Subcontracting Plan Requirements and FAR Clause 52.219-9, Small Business Subcontracting Plan before submitting their subcontracting plans.”

(b) Performance under other contracts is an indicator of an offeror’s understanding of the reasons for the law and benefits of the program.

1. If an offeror prepared a subcontracting plan for another contract, the contracting officer should contact the contracting officer responsible for administering the earlier plan to determine if the offeror met the plan’s objectives and submitted required reports in a timely manner.

2. The contracting officer shall consider overall compliance in the evaluation, not just whether or not the offeror met the goals established in the plan.

3. Submission of timely reports is an indication the offeror takes its responsibilities
(c) The contracting officer shall use the Subcontracting Plan Evaluation Checklist available on OSBU’s website at https://insite.gsa.gov/organizations/staff-offices/office-of-small-business-utilization-osbu, and GSAM 519.7 to evaluate an offeror's subcontracting plan.

(1) Remember that a positive goal is required to establish a gauge for measuring results and to provide an incentive for continuing efforts to increase the dollar value of subcontracts placed with small, HUBZone small, small disadvantaged, women-owned small, veteran-owned, and service-disabled veteran-owned small business concerns. Carefully scrutinize any subcontracting category (e.g., small business, HUBZone small business, etc.) where the offeror does not specify a goal and accept it only after assuring that no subcontracting opportunities exist. If any category with no goal is accepted, the contracting officer must:

(i) Document the file explaining why the goal was accepted; and

(ii) Ensure the subcontracting plan includes an assurance that the contractor will make every effort to continue seeking subcontracting opportunities in the category that lacks a goal.

(2) One measure of the adequacy of a subcontracting plan is that it provides a challenge to the offeror and then builds upon previous achievements in subsequent contracts.

(3) Include in the contract file a basis for determining the subcontracting plan’s acceptability.

(d) A contracting officer cannot tell the offeror what its goals must be. The contracting officer may tell the offeror what GSA’s national goals are. Ensure that an offeror’s subcontracting plan reflects realistic goals and provides the maximum opportunity practicable to small, HUBZone small, small disadvantaged, women-owned small, veteran-owned, and service-disabled veteran-owned small business concerns to participate as subcontractors. If necessary, obtain information from the offeror to substantiate the offeror’s proposed goals, past performance with respect to subcontracting, and the proposed good faith effort. This information may include the names of proposed subcontractors and other such data.

(e) When a contracting officer receives a subcontracting plan with initial offers, provide an opportunity for the SBTA to review the subcontracting plans of those offers in the competitive range. Allow the SBTA 5 workdays for review. Consider the SBTA’s comments in developing a negotiation strategy.

**Negotiating Goals and Other Aspects of Plans**

(f) For complex or large dollar value procurements, when an offeror proposes miniscule or minimally acceptable goals for small, HUBZone small, small disadvantaged, women-owned small, veteran-owned, and service-disabled veteran-owned small business concerns, the contracting officer shall ensure that the offeror has included all subcontracts that contribute to contract performance (see FAR 52.219-9(d)(1)).

(g) The contracting officer shall develop a strategy for negotiating the subcontracting plan and goals just as you would for negotiating a contract. Be forceful in negotiating the subcontracting plan and, whenever possible, offer recommendations for subcontracting potential with small, HUBZone small, small disadvantaged, women-owned small, veteran-owned, and service-disabled veteran-
owned small business concerns. The contracting officer should suggest organizations the offeror may contact to identify potential sources. For example, offerors may contact any of the following:

1. Local SBA offices. These can provide an offeror assistance in accessing the System for Award Management (SAM) (https://www.sam.gov) database to conduct market research and confirm the eligibility for SBA’s procurement preference programs.

3. GSA SBUCs and SBTAs, as well as OSDBU.

4. State, county, and city government minority business offices.

7. Trade associations, professional organizations, and Procurement Technical Assistance Centers.

8. Department of Veterans Affairs for assistance in identifying Service Disabled Veteran-Owned Small Businesses (SDVOSBs) and Veteran-Owned Small Businesses (VOSBs) at https://www.va.gov/osdbu/.

(h) In developing a negotiation strategy, the contracting officer shall consider whether the offeror’s plan is realistic and does more than merely restate the elements required by FAR clause 52.219-9 and shall question aspects of the plan that do not appear to be realistic or do not demonstrate a serious attempt to address requirements.

Commercial plans

(i) Contracting officers shall obtain from the contractor copies of any commercial plan for the company’s current fiscal year and approval document from another GSA contracting activity or another Federal agency. Incorporate these documents into the contract.

(j) If GSA is the first agency to enter into a contract with a company during the company’s fiscal year, the contracting officer must approve the commercial plan on behalf of the Federal Government, acknowledge receipt of the Summary Subcontract Report (SSR), accept or reject the SSR in the Electronic Subcontracting Reporting System (eSRS), and evaluate compliance with the approved commercial plan. If contract administration is delegated, the Administrative Contracting Officer (ACO) generally is assigned responsibility for accepting or rejecting the SSR and evaluating compliance with the approved commercial plan. Subsequent GSA contracts awarded during the company’s same fiscal year and incorporating the previously approved commercial plan will only require the submission of the Summary Subcontract Report submitted at the end of the Government’s fiscal year.

(k) If the commercial plan was approved by another agency, the first GSA contracting officer entering into a contract with the company during the company’s same fiscal year in which the plan
was approved, requires the contractor to submit the SSR report and monitors receipt of the report. GSA requires no other monitoring or evaluation of this plan.

All reviews must be completed in 10 workdays unless the contracting officer grants an extension.
