5642.1503 Procedures.

(Revised June 2021)

(d)

(1) USSOCOM HCDs and FCOs shall use the Contractor Performance Assessment Reporting System (CPARS) as the method to record evaluations of contractor performance.

(2) Those contractor performance evaluations involving national security/classified contract actions shall not be entered into CPARS; however, they must follow CPARS reporting requirements in conjunction with the individual program security requirements.
