5222.9000 Department of the Navy non-construction contracts containing construction work.

The DON created the DON Non-Construction Contract with Construction Work Guide containing procedures that supplement existing policy for non-construction contracts (*e.g.* for supplies, services, research and development) that contain elements of construction valued in excess of the micro-purchase threshold. The procedures apply to all HCAs that award and administer contracts (including task and delivery orders) for assigned program requirements. The Guide is available on the ASN(RDA) website.
