Subpart 917.6—Management and Operating Contracts

Parent topic: PART 917—SPECIAL CONTRACTING METHODS

917.600 Scope of subpart.

(a) This subpart implements 48 CFR subpart 17.6, Management and Operating Contracts. Departmental policies, procedures, provisions and clauses to be used in the award and administration of management and operating contracts that either implement or supplement the Federal Acquisition Regulation and parts 901 through 952 of this chapter are contained in part 970.

(b) The requirements of this subpart apply to any Department of Energy management and operating contract.

917.602 Policy.

(a) The use of a management and operating contract must be authorized by the Secretary.

(b) It is the policy of the Department of Energy to provide for full and open competition in the award of management and operating contracts.

(c) A management and operating contract may be extended at the completion of its term without providing for full and open competition only when such extension is justified under one of the statutory authorities identified in FAR 6.302 and only when authorized by the Secretary.
