(1) In order to facilitate the use of electronic commerce/electronic data interchange while fulfilling the requirements of the small business program, the Government provides certain socioeconomic information in a coded format rather than a fill-in. Electronic commerce/electronic data interchange (EC/EDI) transactions are often reformatted in transmission. Using these codes prevents misinterpretations within the system and increases accuracy in socioeconomic program reporting.

(2) To reflect the representations and certifications contained in Federal Acquisition Regulation (FAR) 52.219-1, Small Business Program Representations, the offeror represents and certifies as a part of its offer that it is a ____ business type as defined in FAR 52.219-1. The offeror shall select the one alpha code from the following listing that represents the offeror’s business type. The offeror’s recording of its business type in this procurement note by means of an alpha code replaces the marking of the appropriate boxes in FAR 52.219-1(b). Penalties for misrepresentation of business status apply (see FAR 52.219-1, paragraph (d)(2)).

Code B = Small Business. Enter code B if your firm is a small business concern, as defined in FAR 52.219-1, paragraph (a).

Code M = Small Disadvantaged Business. Enter code M if your firm is a small disadvantaged business concern, as defined in FAR 52.219-1, paragraph (a).
