H15 Transporter proof of delivery (TPD) (JAN 2021)

(a) Definition. As used in this procurement note, transporter proof of delivery (TPD) means a commercial document that is generated by the Contractor and/or the Contractor's transporter of supplies and that is signed by the Government customer in order to document delivery of supplies under this contract/order. Examples of TPD are United Parcel Service (UPS) or Federal Express (FEDEX) delivery tracking reports. TPD documentation must include a customer signature, or visibility of the name of the customer who signed.

(b) When this procurement note is included in the contract or order, the Government may use TPD, in combination with adequate Contractor documentation cross-referencing the TPD to the specific supplies provided, as a basis for accepting the supplies. TPD with adequate supporting documentation satisfies the receipt report requirement and, coupled with acceptance, allows the Government to initiate the payment process, if all other applicable payment conditions are satisfied.

(c) To facilitate the payment process, the Government will initiate a request for the Contractor to provide TPD when the customer has not provided receipt acknowledgement to the buying activity. If TPD is requested and the Contractor agrees to provide it, the documentation must include the customer signature, or visibility of the name of the customer who signed, and as much of the following information as possible:

(1) Contract number or order number;

(2) Contract line item number (CLIN);

(3) Unit price;

(4) Quantity of items;

(5) Extended price;

(6) National stock number (NSN);

(7) Delivery date;

(8) Recipient organization's name and address;

(9) Receiving activity Department of Defense activity address code (DoDAAC);

(10) Requisition document number (and suffix, when applicable);

(11) Shipment number;

(12) Invoice number; and

(13) Location where the carrier made delivery (activity name, building number, city, state).

(d) Process for submitting TPD documentation.

(1) Enter wide area workflow (WAWF) using the ``history folder,'' enter the appropriate contract data, and recall the receiving report (RR);

(2) Click on “attachment.” Browse and upload the TPD and any additional Contractor documentation required to provide the information identified in paragraph (c) of this procurement note. (Attachments created in any Microsoft Office product or in PDF format are acceptable.); and

(3) Click on “submit.”

(e) Responsibility for supplies.

(1) Title to the supplies passes to the Government after delivery to the point of first receipt by the Government and subsequent acceptance.

(2) Notwithstanding any other provision of the contract, order, or blanket purchase agreement, the Contractor shall:

(i) Assume all responsibility and risk of loss for supplies not received at destination, damaged in transit, or not conforming to purchase requirements; and

(ii) Replace, repair, or correct those supplies promptly at the Contractor’s expense, if instructed to do so by the Contracting Officer within 180 days from the date title to the supplies vests in the Government.
