Exemption of the Buy American and Balance of Payments Program Determination and Findings

Upon the basis of the following findings and determination which I hereby make in accordance with the provisions of FAR 25.103(a), the acquisition of a qualifying country end product may be made as follows:

Findings

1. The (*contracting office*) proposes to purchase under contract number _____, (*describe item*) mined, produced, or manufactured in (*qualifying country of origin*). The total estimated cost of this acquisition is _____.

2. The United States Government and the Government of _____ have agreed to remove

barriers to procurement at the prime and subcontract level for defense equipment produced in each other's countries insofar as laws and regulations permit.

3. The agreement provides that the Department of Defense will evaluate competitive offers of qualifying country end products mined, produced, or manufactured in (*qualifying country*) without imposing any price differential under the Buy American statute or the Balance of Payments Program and without taking applicable U.S. customs and duties into consideration so that such items may better compete for sales of defense equipment to the Department of Defense. In addition, the Agreement stipulates that acquisitions of such items shall fully satisfy Department of Defense requirements for performance, quality, and delivery and shall cost the Department of Defense no more than would comparable U.S. source or other foreign source defense equipment eligible for award.

4. To achieve the foregoing objectives, the solicitation contained the clause (*title and number of the Buy American clause contained in the contract*). Offers were solicited from other sources and the offer received from (*offeror*) is found to be otherwise eligible for award.
