## Subpart 509.3 - First Article Testing and Approval

Parent topic: Part 509 - Contractor Qualifications

## 509.302 General.

- (a) If first article testing and approval is required, GSA usually requires that the contractor perform testing and that the first article:
- (1) Be produced at the same facility where production quantities will be produced; and
- (2) Serve as the manufacturing standard.
- (b) Coordinate the need for first article testing and approval with the Contract Operations Management Division (FXCC), which will provide the information to complete the clauses at FAR 52.209-3 or 52.209-4.

## 509.306 Solicitation requirements.

The clauses at FAR 52.209-3 and 52.209-4 do not cover all the solicitation requirements described in FAR 9.306. If a solicitation contains a testing and approval requirement, the contracting officer must address the requirements in FAR 9.306(d) and (f) through (j) in the solicitation's Section H, special contract requirements.
