

536.101 Applicability.

This part supplements FAR 36 policies and procedures applicable to contracting for construction and architect engineer services. Contracts for construction management services are covered by FAR 37 and GSAM [part 537](#). [part 536](#) shall take precedence when the acquisition involves (1) construction or architect-engineer services, and (2) when the requirement is inconsistent with another part of the GSAR.
