## 541.201 Policy.

- (a) GSA purchases utility services in a manner that is consistent with the regulations, rulings and franchise or service territories. Rates are established by independent regulatory bodies. These Tariff rates:
- (1) Are considered "prices set by law or regulation"; and
- (2) Are sufficient to set prices without obtaining cost or pricing data (see <u>FAR 15.403-1</u>(c) (2)).
- (b)FAR Deviation. Notwithstanding the policy as set forth at  $\underline{FAR\ 41.201}$ (b), GSA is exempt from the requirement to acquire a bilateral written contract for the acquisition of utility services from regulated utility providers and further exempt from the procedures listed in  $\underline{FAR\ 41.202}$  when acquiring such services. Instead, GSA will follow the Regulated Utility Service Procedures set forth at  $\underline{https://insite.gsa.gov/utilityacquisition}$ .
- (c)A bilateral written contract is not required to establish new accounts with a regulated utility service provider or to pay for services rendered by any such provider.
- (d)Except as required during an emergency situation, a GSA purchase card may not be used as a payment method for any utility services. If a GSA purchase card is used during an emergency situation, the purchase card holder must inform the designated GSA budget office.
