23.107-4 Products that contain, use, or are manufactured with ozone-depleting substances or products that contain or use high global warming potential hydrofluorocarbons.

- (a) Authorities.
- (1) Title VI of the Clean Air Act (42 U.S.C. 7671, et seq.).
- (2) Section 706 of Division D, title VII of the Omnibus Appropriations Act, 2009 (Pub. L. 111-8).
- (3) EPA regulations, Protection of Stratospheric Ozone (40 CFR part 82).
- (b) Program. The EPA SNAP Program.
- (c) *Agency program* s. Agencies *shall* implement cost-effective programs to minimize the *procurement* of materials and substances that contribute to the depletion of stratospheric ozone and/or result in the use, release, or emission of high global warming potential *hydrofluorocarbons*.
- (d) Procedures. Agencies shall—
- (1) Give preference to the *procurement* of acceptable alternative chemicals, *products*, and manufacturing processes that reduce overall risks to human health and the environment by minimizing—
- (i) The depletion of ozone in the upper atmosphere; and
- (ii) The potential use, release, or emission of high global warming potential hydrofluorocarbons; and
- (2) In preparing specifications and purchase descriptions and in the *acquisition* of *products* and services—
- (i) Comply with the requirements of title VI of the Clean Air Act; section 706 of division D, title VII of Public Law 111-8; and 40 CFR 82.84(a)(2) through(5);
- (ii) Substitute acceptable alternatives to *ozone-depleting substances*, as identified under $\underline{42 \text{ U.S.C.}}$ $\underline{7671k}$, to the maximum extent practicable, as provided in $\underline{40 \text{ CFR } 82.84(a)(1)}$, except in the case of Class I substances being used for specified essential uses, as identified under $\underline{40 \text{ CFR } 82.4(n)}$; and
- (iii) Unless a particular contract requires otherwise, specify that, when feasible, contractors *shall* use another acceptable alternative in lieu of a high global warming potential hydrofluorocarbon in *products* and services in a particular end use for which EPA's SNAP program has identified other acceptable alternatives that have lower global warming potential.
- (e) Resource. Refer to EPA's SNAP program website at https://www.epa.gov/snap for the list of

alternatives found at 40 CFR part 82, subpart G, as well as supplemental tables of alternatives.
