

4.000 Scope of part.

(a) This part prescribes policies and procedures relating to the administrative aspects of contract execution, contractor-submitted paper documents, distribution, reporting, retention, and files.

(b) Additionally, this part includes policies and procedures to implement security prohibitions and exclusions that restrict *Federal agencies* from procuring, obtaining, or using certain *products*, services, or sources. Additional security prohibitions and exclusions are found at subparts 25.7 and 40.2.
