## PART 435

### RESEARCH AND DEVELOPMENT CONTRACTING

#### **435.010 Scientific and technical reports.**

Research and development contracts shall contain a provision requiring that the contractor send copies of all scientific and technical reports to the National Technical Information Service at the address indicated in [FAR 35.010\(b\)](#). The release of research and development contract results to other government activities and to the private sector is subject to the provisions of [FAR Subpart 4.4](#)
