**436.201 Evaluation of contractor performance.**

*Preparation of performance evaluation reports.* In addition to the requirements of [FAR 36.201](#), performance evaluation reports shall be prepared for indefinite-delivery type contracts when either the contract maximum or the contracting activity's reasonable estimate of services to be ordered exceeds \$500,000.00. For these contracts, performance evaluation reports shall be prepared for each order at the time of final acceptance of the work under the order.

#### **436.203 Government estimate of construction costs.**

For acquisitions using sealed bid procedures, the contracting officer may disclose the overall amount of the Government's estimate of construction costs following identification of the responsive bid most advantageous to the Government; verification of that bid's price reasonableness; and verification of the bidder's responsibility. For acquisitions using other than sealed bid procedures (e.g., negotiation), the contracting officer may disclose the overall amount of the estimate after contract award.

#### **436.204 Disclosure of the magnitude of construction projects.**

In the case of indefinite-delivery type contracts, the reasonable estimate of work to be done or the maximum in the solicitation, both including all options, is to be used to select the price range. Contracting officers may elect to use both a price range for the base period of services and the total, inclusive of options, to best describe the magnitude of the solicitation.

#### **436.205 Statutory cost limitations.**

(a) When it appears that funds available for a project may be insufficient for all the desired features of construction, the contracting officer may provide in the solicitation for a base bid item covering the work generally as specified and for one or more additive or deductive bid items which progressively add or omit specified features of the work in a stated order of priority. In this case, the contracting officer shall insert the provision at [452.236-70](#), Additive or Deductive Items, in solicitations for construction.

(b) In the alternative to the process in paragraph (a) of this section, the contracting officer may use the policies and procedures found in [FAR 17.2](#).

#### **436.209 Construction contracts with architect-engineer firms.**

The head of the contracting activity (HCA) is authorized to approve the award of a contract to construct a project, in whole or in part, to the firm (inclusive of its subsidiaries or affiliates) that designed the project.

#### **436.213 Special procedures for sealed bidding in construction contracting.**
