(e) Except as otherwise provided by law, contract periods that exceed the five-year limitation specified in FAR [17.204](#)(e) must be approved by—

- (1) The HCA for individual contracts; or
- (2) The SPE for classes of contracts.

### **3417.207 Exercise of options.**

If a contract provision allows an option to be exercised within a specified timeframe after funds become available, it must also specify that the date on which funds “become available” is the actual date funds become available to the contracting officer for obligation.

(f)(2) The Federal government may accept price reductions offered by contractors at any time during contract performance. Acceptance of price reductions offered by contractors will not be considered renegotiations as identified in this subpart if they were not initiated or requested by the Federal government.

#### **3417.502 General.**

#### **3417.70 Modular contracting.**

(a) FSA—May incrementally conduct successive procurements of modules of overall systems. Each module must be useful in its own right or useful in combination with the earlier procurement modules. Successive modules may be procured on a sole source basis under the following circumstances:

- (1) Competitive procedures are used for awarding the contract for the first system module; and
- (2) The solicitation for the first module included the following:

(i) A general description of the entire system that was sufficient to provide potential offerors with reasonable notice of the general scope of future modules;

(ii) Other sufficient information to enable offerors to make informed business decisions to submit offers for the first module; and

(iii) A statement that procedures, *i.e.*, the sole source awarding of follow-on modules, could be used for the subsequent awards.
