Mandatory Procedure

## **MP5349**

### **Termination of Contracts**

[2019 Edition]

#### **SUBPART MP5349.5 — CONTRACT TERMINATION CLAUSES**

##### **MP5349.501-70 Special Termination Costs**

(a) Contracting officers must refer to Volume 2A, Chapter 1, Section 010214, paragraph C.2.a of [DoD 7000.14-R, DoD Financial Management Regulation](#), for Congressional notification and additional approval requirements for Special Termination Cost Clauses (STCC). Because STCCs require special notification to Congress and entail a long approval process over which the Air Force has little control, the contracting officer should allow SAF/AQC sufficient time to process requests to use DFARS 252.249-7000, Special Termination Costs (i.e., not less than 90 days prior to contract award). The request must include the following:

(i) A detailed breakdown of applicable cost categories in the clause at DFARS 252.249-7000, (a)(1) through (5), which includes the reasons for the anticipated incurrence of the costs in each category;

(ii) Information on the financial and program need for the clause including an assessment of the contractor's financial position and the impact of a failure to receive authority to use the clause; and

(iii) Clear evidence that only costs that arise directly from a termination would be compensated under the clause. Costs that would be incurred by the Government, regardless of whether a termination occurs, must not be covered by a STCC.

(3)(v) Contract price of the items terminated means the contract price of the supplies or services not yet accepted that are being terminated. The contracting officer must not adjust this amount downward for progress or advance payments, accepted vouchered costs, or less than full funding and should use estimates when un-priced contract actions are being terminated, or when otherwise necessary.
