SUBPART 222.1--BASIC LABOR POLICIES

(Revised October 30, 2015)

222.101 Labor relations.

222.101-1 General.

Follow the procedures at PGI 222.101-1 for referral of labor relations matters to the appropriate authorities.

222.101-3 Reporting labor disputes.

Follow the procedures at PGI 222.101-3 for reporting labor disputes.

222.101-3-70 Impact of labor disputes on defense programs.

(a) Each department and agency shall determine the degree of impact of potential or actual labor disputes on its own programs and requirements. For guidance on determining the degree of impact, see PGI 222.101-3-70(a).

(b) Each contracting activity shall obtain and develop data reflecting the impact of a labor dispute on its requirements and programs. Upon determining that the impact of the labor dispute is significant, the head of the contracting activity shall submit a report of findings and recommendations to the labor advisor in accordance with departmental procedures.

222.101-4 Removal of items from contractors' facilities affected by work stoppages.

(a) When a contractor is unable to deliver urgent and critical items because of a work stoppage at its facility, the contracting officer, before removing any items from the facility, shall—

(i) Before initiating any action, contact the labor advisor to obtain the opinion of the national office of the Federal Mediation and Conciliation Service or other mediation agency regarding the effect movement of the items would have on labor negotiations. Normally removals will not be made if they will adversely affect labor negotiations.

(ii) Upon the recommendation of the labor advisor, provide a written request for removal of the material to the cognizant contract administration office. Include in the request the information specified at PGI 222.101-4(a)(ii).

(iii) With the assistance of the labor advisor or the commander of the contract administration office, attempt to have both the management and the labor representatives involved agree to shipment of the material by normal means.

(iv) If agreement for removal of the needed items cannot be reached following the procedures in paragraphs (a)(i) through (iii) of this subsection, the commander of the contract administration office, after obtaining approval from the labor advisor, may seek the concurrence of the parties to the dispute to permit movement of the material by military vehicles with military personnel. On receipt of such concurrences, the commander may proceed to make necessary arrangements to move the material.

(v) If agreement for removal of the needed items cannot be reached following any of
the procedures in paragraphs (a)(i) through (iv) of this subsection, refer the matter to
the labor advisor with the information required by 222.101-3-70(b). If the labor advisor
is unsuccessful in obtaining concurrence of the parties for the movement of the
material and further action to obtain the material is deemed necessary, refer the
matter to the agency head. Upon review and verification that the items are urgently or
critically needed and cannot be moved with the consent of the parties, the agency
head, on a nondelegable basis, may order removal of the items from the facility.

222.101-70 Acquisition of stevedoring services during labor disputes.

(a) Use the following procedures only in the order listed when a labor dispute delays
performance of a contract for stevedoring services which are urgently needed.

(1) Attempt to have management and labor voluntarily agree to exempt military supplies
from the labor dispute by continuing the movement of such material.

(2) Divert vessels to alternate ports able to provide necessary stevedoring services.

(3) Consider contracting with reliable alternative sources of supply within the stevedoring
industry.

(4) Utilize civil service stevedores to perform the work performed by contract stevedores.

(5) Utilize military personnel to handle the cargo which was being handled by contract
stevedores prior to the labor dispute.

(b) Notify the labor advisor when a deviation from the procedures in paragraph (a) of this
subsection is required.

222.102 Federal and State labor requirements.

222.102-1 Policy.

(1) Direct all inquiries from contractors or contractor employees regarding the applicability
or interpretation of Occupational Safety and Health Act (OSHA) regulations to the
Department of Labor.

(2) Upon request, provide the address of the appropriate field office of the Occupational
Safety and Health Administration of the Department of Labor.

(3) Do not initiate any application for the suspension or relaxation of labor requirements
without prior coordination with the labor advisor. Any requests for variances or alternative
means of compliance with OSHA requirements must be approved by the Occupational
Safety and Health Administration of the Department of Labor.

222.103 Overtime.

222.103-4 Approvals.

(a) The department/agency approving official shall—

(i) Obtain the concurrence of other appropriate approving officials; and

(ii) Seek agreement as to the contracts under which overtime premiums will be
approved when—
(A) Two or more contracting offices have current contracts at the same contractor facility; and

(B) The approval of overtime by one contracting office will affect the performance or cost of contracts of another office. In the absence of evidence to the contrary, a contracting officer may rely on a contractor’s statement that approval of overtime premium pay for one contract will not affect performance or payments under any other contract.
222.302 Liquidated damages and overtime pay.

Upon receipt of notification of Contract Work Hours and Safety Standards violations, the contracting officer shall—

(1) Immediately withhold such funds as are available;

(2) Give the contractor written notification of the withholding and a statement of the basis for the liquidated damages assessment. The written notification shall also inform the contractor of its 60 days right to appeal the assessment, through the contracting officer, to the agency official responsible for acting on such appeals; and

(3) If funds available for withholding are insufficient to cover liquidated damages, ask the contractor to pay voluntarily such funds as are necessary to cover the total liquidated damage assessment.

(d)(i) The assessment shall become the final administrative determination of contractor liability for liquidated damages when—

(A) The contractor fails to appeal to the contracting agency within 60 days from the date of the withholding of funds;

(B) The department agency, following the contractor's appeals, issues a final order which affirms the assessment of liquidated damages or waives damages of $500 or less; or

(C) The Secretary of Labor takes final action on a recommendation of the agency head to waive or adjust liquidated damages in excess of $500.

(ii) Upon final administrative determination of the contractor's liability for liquidated damages, the contracting officer shall transmit withheld or collected funds determined to be owed the Government as liquidated damages to the servicing finance and accounting officer for crediting to the appropriate Government Treasury account. The contracting officer shall return any excess withheld funds to the contractor.
SUBPART 222.4--LABOR STANDARDS FOR CONTRACTS INVOLVING CONSTRUCTION

(Revised December 28, 2017)

222.402 Applicability.

222.402-70 Installation support contracts.

(a) Apply both the Service Contract Labor Standards statute and the Construction Wage Rate Requirements statute to installation support contracts if—

(1) The contract is principally for services but also requires a substantial and segregable amount of construction, alteration, renovation, painting, or repair work; and

(2) The aggregate dollar value of such construction work exceeds or is expected to exceed $2,000.

(b) Service Contract Labor Standards statute coverage under the contract. Contract installation support requirements, such as plant operation and installation services (i.e., custodial, snow removal, etc.) are subject to the Service Contract Labor Standards. Apply Service Contract Labor Standards clauses and minimum wage and fringe benefit requirements to all contract service calls or orders for such maintenance and support work.

(c) Construction Wage Rate Requirements statute coverage under the contract.

Contract construction, alteration, renovation, painting, and repair requirements (i.e., roof shingling, building structural repair, paving repairs, etc.) are subject to the Construction Wage Rate Requirements statute. Apply Construction Wage Rate Requirements clauses and minimum wage requirements to all contract service calls or orders for construction, alteration, renovation, painting, or repairs to buildings or other works.

(d) Repairs versus maintenance. Some contract work may be characterized as either Construction Wage Rate Requirements painting/repairs or Service Contract Labor Standards maintenance. For example, replacing broken windows, spot painting, or minor patching of a wall could be covered by either the Construction Wage Rate Requirements or the Service Contract Labor Standards. In those instances where a contract service call or order requires construction trade skills (i.e., carpenter, plumber, painter, etc.), but it is unclear whether the work required is Service Contract Labor Standards maintenance or Construction Wage Rate Requirements painting/repairs, apply the following rules:

(1) Individual service calls or orders which will require a total of 32 or more work-hours to perform shall be considered to be repair work subject to the Construction Wage Rate Requirements.

(2) Individual service calls or orders which will require less than 32 work-hours to perform shall be considered to be maintenance subject to the Service Contract Labor Standards.

(3) Painting work of 200 square feet or more to be performed under an individual service call or order shall be considered to be subject to the Construction Wage Rate Requirements statute regardless of the total work-hours required.

(e) The determination of labor standards application shall be made at the time the solicitation is prepared in those cases where requirements can be identified. Otherwise, the determination shall be made at the time the service call or order is placed against the contract. The service...
call or order shall identify the labor standards law and contract wage determination which will apply to the work required.

(f) Contracting officers may not avoid application of the Construction Wage Rate Requirements statute by splitting individual tasks between orders or contracts.

222.403 Statutory and regulatory requirements.

222.403-4 Department of Labor regulations.

Direct all questions regarding Department of Labor regulations to the labor advisor.

222.404 Construction Wage Rate Requirements statute wage determinations.

Not later than April 1 of each year, each department and agency shall furnish the Administrator, Wage and Hour Division, with a general outline of its proposed construction program for the coming fiscal year. The Department of Labor uses this information to determine where general wage determination surveys will be conducted.

(1) Indicate by individual project of $500,000 or more—

   (i) The anticipated type of construction;
   (ii) The estimated dollar value; and
   (iii) The location in which the work is to be performed (city, town, village, county, or other civil subdivision of the state).

(2) The report format is contained in Department of Labor All Agency Memo 144, December 27, 1985.

(3) The report control number is 1671-DOL-AN.

222.404-2 General requirements.

(c)(5) Follow the procedures at PGI 222.404-2(c)(5) when seeking clarification of the proper application of construction wage rate schedules.

222.406 Administration and enforcement.

222.406-1 Policy.

(a) General. The program shall also include—

   (i) Training appropriate contract administration, labor relations, inspection, and other labor standards enforcement personnel in their responsibilities; and
   (ii) Periodic review of field enforcement activities to ensure compliance with applicable regulations and instructions.
(b) **Preconstruction letters and conferences.**

(1) Promptly after award of the contract, the contracting officer shall provide a preconstruction letter to the prime contractor. This letter should accomplish the following, as appropriate—

(A) Indicate that the labor standards requirements contained in the contract are based on the following statutes and regulations—

(1) Construction Wage Rate Requirements statute;

(2) Contract Work Hours and Safety Standards statute;

(3) Copeland (Anti-Kickback) Act;

(4) Parts 3 and 5 of the Secretary of Labor’s Regulations (Parts 3 and 5, Subtitle A, Title 29, CFR); and

(5) Executive Order 11246 (Equal Employment Opportunity);

(B) Call attention to the labor standards requirements in the contract which relate to—

(1) Employment of foremen, laborers, mechanics, and others;

(2) Wages and fringe benefits payments, payrolls, and statements;

(3) Differentiation between subcontractors and suppliers;

(4) Additional classifications;

(5) Benefits to be realized by contractors and subcontractors in keeping complete work records;

(6) Penalties and sanctions for violations of the labor standards provisions; and

(7) The applicable provisions of FAR 22.403; and

(C) Ensure that the contractor sends a copy of the preconstruction letter to each subcontractor.

(2) Before construction begins, the contracting officer shall confer with the prime contractor and any subcontractor designated by the prime to emphasize their labor standards obligations under the contract when—

(A) The prime contractor has not performed previous Government contracts;

(B) The prime contractor experienced difficulty in complying with labor standards requirements on previous contracts; or

(C) It is necessary to determine whether the contractor and its subcontractors intend to pay any required fringe benefits in the manner specified in the wage determination or to elect a different method of payment. If the latter, inform the contractor of the requirements of FAR 22.406-2.

**222.406-6 Payrolls and statements.**

(a) **Submission.** Contractors who do not use Department of Labor Form WH 347 or its equivalent must submit a DD Form 879, Statement of Compliance, with each payroll report.

**222.406-8 Investigations.**
(a) Before beginning an investigation, the investigator shall inform the contractor of the general scope of the investigation, and that the investigation will include examining pertinent records and interviewing employees. In conducting the investigation, follow the procedures at PGI 222.406-8(a).

(c) Contractor notification.

(4)(A) Notify the contractor by certified mail of any finding that it is liable for liquidated damages under the Contract Work Hours and Safety Standards (CWHSS) statute. The notification shall inform the contractor that—

(1) It has 60 days after receipt of the notice to appeal the assessment of liquidated damages; and

(2) The appeal must demonstrate either that the alleged violations did not occur at all, occurred inadvertently notwithstanding the exercise of due care, or the assessment was computed improperly.

(B) If an appeal is received, the contracting officer shall process the appeal in accordance with department or agency regulations.

(d) Contracting officer's report. Forward a detailed enforcement report or summary report to the agency head in accordance with agency procedures. Include in the report, as a minimum, the information specified at PGI 222.406-8(d).

222.406-9 Withholding from or suspension of contract payments.

(a) Withholding from contract payments. The contracting officer shall contact the labor advisor for assistance when payments due a contractor are not available to satisfy that contractor's liability for Wage Rate Requirements or CWHSS statute wage underpayments or liquidated damages.

(c) Disposition of contract payments withheld or suspended.

(3) Limitation on forwarding or returning funds. When disposition of withheld funds remains the final action necessary to close out a contract, the Department of Labor will retain withheld funds pending completion of an investigation or other administrative proceedings.

(4) Liquidated damages.

(A) The agency head may adjust liquidated damages of $500 or less when the amount assessed is incorrect or waive the assessment when the violations—

(1) Were nonwillful or inadvertent; and

(2) Occurred notwithstanding the exercise of due care by the contractor, its subcontractor, or their agents.

(B) The agency head may recommend to the Administrator, Wage and Hour Division, that the liquidated damages over $500 be adjusted because the amount assessed is incorrect. The agency head may also recommend the assessment be waived when the violations—

(1) Were nonwillful or inadvertent; and

(2) Occurred notwithstanding the exercise of due care by the contractor, the subcontractor, or their agents.
222.406-10 Disposition of disputes concerning construction contract labor standards enforcement.

(d) Forward the contracting officer's findings and the contractor's statement through the labor advisor.

222.406-13 Semiannual enforcement reports.

These reports shall not include information from investigations conducted by the Department of Labor.
