PGI 219.2—POLICIES

PGI 219.201 General policy.

(c)(10)(1) Agencies are not precluded from requiring that actions over \$10,000, but under \$150,000, that are totally set aside for small business be reviewed by the small business specialist. One example of when an agency may choose to require this review is when the agency determines that such a review is necessary to assist contracting officers in identifying opportunities for other small business set-aside programs (e.g., HUBZone, service-disabled veteran-owned, small disadvantaged business, women-owned small business) in order to meet small business goals.

(2) Modifications that increase the scope of the contract, or the order under a Federal Supply Schedule contract, should be reviewed by the small business specialist. At a minimum, these actions might impact the small business subcontracting plan. However, funding modifications or modifications that do not increase the scope of the contract generally should not be reviewed, because the value that a small business specialist review would add in these instances would be minimal compared to the resources that would be expended.

(d) Small business specialists are appointed and perform functions in accordance with DoD Instruction (DoDI) 4205.01, DoD Small Business Programs. In the DoDI, small business specialists are called small business professionals.

(a)(3)(A) If the contracting officer believes the agency should appeal, the contracting officer shall immediately inform the departmental director of the Office of Small Business Programs and shall send the director, through departmental channels—

(1) A request for appeal, summarizing the issues. The request must be sent to arrive within 5 working days after receipt of the SBA Headquarters written position; and

(2) An appeal file, documenting the contracting activity's position. The file must be sent to arrive within 5 working days after transmission of the request.

(B) The departmental director will determine whether the agency will appeal and will notify the SBA of the agency's intent.
