## AF PGI 5336

### Construction and Architect-Engineer Contracts

#### AF PGI 5336.9001 Forms

Contracting officers are encouraged to use existing contractor-developed forms to the maximum extent practicable. In those instances where commercial forms are not available, the following templates may be used to administer construction programs:

- (a) [Contract Inspection and Acceptance Report](#)
- (b) [Construction Cost Estimate Breakdown](#)
- (c) [Schedule of Material Submittals](#)
- (d) [Contract Bonds Checklist](#)
- (e) [Pre-performance Conference Checklist](#)

#### AF PGI 5336.9002 Air Force Construction Guide

Contracting officers and all acquisition team personnel involved with SABER contracts should refer to the [Air Force Contracting Construction Guide](#) to ensure compliance with regulations and best practices, both prior to and during the acquisition planning phase.
