November 23, 2007

Number 2005-22

Federal Acquisition Circular (FAC) 2005-22 is issued under the authority of the Secretary of Defense, the Administrator of General Services, and the Administrator for the National Aeronautics and Space Administration.

Unless otherwise specified, all Federal Acquisition Regulation (FAR) and other directive material contained in FAC 2005-22 are effective December 24, 2007.

## FAC 2005-22 SUMMARY of ITEMS

Federal Acquisition Circular (FAC) 2005-22 amends the Federal Acquisition Regulation (FAR) as specified below:

### **Item I—Implementation of Section 104 of the Energy Policy Act of 2005 (FAR Case 2006-008)**

This final rule implements Section 104 of the Energy Policy Act of 2005. Section 104 requires that all acquisitions of energy consuming-products and all contracts that involve the furnishing of energy-consuming products require acquisition of ENERGY STAR® or Federal Energy Management Program (FEMP) designated products. The final rule provides a clause for the Contracting Officer to insert in solicitations and contracts to ensure that suppliers and service and construction contractors recognize when energy-consuming products must be ENERGY STAR® or FEMP-designated.

**Replacement pages:** 2.1-1 thru 2.1-8.2; 22.4-1 and 22.4-2; Part 23 TOC pp. 23-1 and 23-2; 23.2-1 and 23.2-2; 36.6-1 and 36.6-2; Part 52 TOC pp. 52-3 and 52-4; 52.2-39 thru 52.2-42.2; 52.2-137 thru 52.2-138.2 (added 52.2-138.1 and 52.2-138.2); and Matrix 52.3-15 and 52.3-16.

### **Item II—Contractor Code of Business Ethics and Conduct (FAR Case 2006-007)**

This final rule amends Federal Acquisition Regulation (FAR) Parts 2, 3, and 52 to address the requirements for a contractor code of business ethics and conduct and the display of Federal agency Office of the Inspector General (OIG) Fraud Hotline Posters. In response to public comments, this final rule reduces the burden on small entities by making the requirements for a formal training program and internal control system inapplicable to small businesses. If a small business subsequently finds itself in trouble ethically during the performance of a contract, the need for a training program and internal controls will likely be addressed by the Federal Government at that time, during a criminal or civil lawsuit or debarment or suspension.

**2.000 Scope of part.**

(a) This part—

(1) Defines words and terms that are frequently used in the FAR;

(2) Provides cross-references to other definitions in the FAR of the same word or term; and

(3) Provides for the incorporation of these definitions in solicitations and contracts by reference.

(b) Other parts, subparts, and sections of this regulation (48 CFR Chapter 1) may define other words or terms and those definitions only apply to the part, subpart, or section where the word or term is defined (see the Index for locations).

**Subpart 2.1—Definitions****2.101 Definitions.**

(a) A word or a term, defined in this section, has the same meaning throughout this regulation (48 CFR Chapter 1), unless—

(1) The context in which the word or term is used clearly requires a different meaning; or

(2) Another FAR part, subpart, or section provides a different definition for the particular part or portion of the part.

(b) If a word or term that is defined in this section is defined differently in another part, subpart, or section of this regulation (48 CFR Chapter 1), the definition in—

(1) This section includes a cross-reference to the other definitions; and

(2) That part, subpart, or section applies to the word or term when used in that part, subpart, or section.

“Acquisition” means the acquiring by contract with appropriated funds of supplies or services (including construction) by and for the use of the Federal Government through purchase or lease, whether the supplies or services are already in existence or must be created, developed, demonstrated, and evaluated. Acquisition begins at the point when agency needs are established and includes the description of requirements to satisfy agency needs, solicitation and selection of sources, award of contracts, contract financing, contract performance, contract administration, and those technical and management functions directly related to the process of fulfilling agency needs by contract.

“Acquisition planning” means the process by which the efforts of all personnel responsible for an acquisition are coordinated and integrated through a comprehensive plan for fulfilling the agency need in a timely manner and at a reasonable cost. It includes developing the overall strategy for managing the acquisition.

“Adequate evidence” means information sufficient to support the reasonable belief that a particular act or omission has occurred.

“Advisory and assistance services” means those services provided under contract by nongovernmental sources to sup-

port or improve: organizational policy development; decision-making; management and administration; program and/or project management and administration; or R&D activities. It can also mean the furnishing of professional advice or assistance rendered to improve the effectiveness of Federal management processes or procedures (including those of an engineering and technical nature). In rendering the foregoing services, outputs may take the form of information, advice, opinions, alternatives, analyses, evaluations, recommendations, training and the day-to-day aid of support personnel needed for the successful performance of ongoing Federal operations. All advisory and assistance services are classified in one of the following definitional subdivisions:

(1) Management and professional support services, *i.e.*, contractual services that provide assistance, advice or training for the efficient and effective management and operation of organizations, activities (including management and support services for R&D activities), or systems. These services are normally closely related to the basic responsibilities and mission of the agency originating the requirement for the acquisition of services by contract. Included are efforts that support or contribute to improved organization of program management, logistics management, project monitoring and reporting, data collection, budgeting, accounting, performance auditing, and administrative technical support for conferences and training programs.

(2) Studies, analyses and evaluations, *i.e.*, contracted services that provide organized, analytical assessments/evaluations in support of policy development, decision-making, management, or administration. Included are studies in support of R&D activities. Also included are acquisitions of models, methodologies, and related software supporting studies, analyses or evaluations.

(3) Engineering and technical services, *i.e.*, contractual services used to support the program office during the acquisition cycle by providing such services as systems engineering and technical direction (see [9.505-1\(b\)](#)) to ensure the effective operation and maintenance of a weapon system or major system as defined in OMB Circular No. A-109 or to provide direct support of a weapon system that is essential to research, development, production, operation or maintenance of the system.

“Affiliates” means associated business concerns or individuals if, directly or indirectly—

(1) Either one controls or can control the other; or

(2) A third party controls or can control both.

“Agency head” or “head of the agency” means the Secretary, Attorney General, Administrator, Governor, Chairperson, or other chief official of an executive agency, unless otherwise indicated, including any deputy or assistant chief official of an executive agency.

“Alternate” means a substantive variation of a basic provision or clause prescribed for use in a defined circumstance. It

adds wording to, deletes wording from, or substitutes specified wording for a portion of the basic provision or clause. The alternate version of a provision or clause is the basic provision or clause as changed by the addition, deletion, or substitution (see [52.105\(a\)](#)).

“Architect-engineer services,” as defined in [40 U.S.C. 1102](#), means—

(1) Professional services of an architectural or engineering nature, as defined by State law, if applicable, that are required to be performed or approved by a person licensed, registered, or certified to provide those services;

(2) Professional services of an architectural or engineering nature performed by contract that are associated with research, planning, development, design, construction, alteration, or repair of real property; and

(3) Those other professional services of an architectural or engineering nature, or incidental services, that members of the architectural and engineering professions (and individuals in their employ) may logically or justifiably perform, including studies, investigations, surveying and mapping, tests, evaluations, consultations, comprehensive planning, program management, conceptual designs, plans and specifications, value engineering, construction phase services, soils engineering, drawing reviews, preparation of operating and maintenance manuals, and other related services.

“Assignment of claims” means the transfer or making over by the contractor to a bank, trust company, or other financing institution, as security for a loan to the contractor, of its right to be paid by the Government for contract performance.

“Basic research” means that research directed toward increasing knowledge in science. The primary aim of basic research is a fuller knowledge or understanding of the subject under study, rather than any practical application of that knowledge.

“Best value” means the expected outcome of an acquisition that, in the Government’s estimation, provides the greatest overall benefit in response to the requirement.

“Bid sample” means a product sample required to be submitted by an offeror to show characteristics of the offered products that cannot adequately be described by specifications, purchase descriptions, or the solicitation (*e.g.*, balance, facility of use, or pattern).

“Biobased product” means a product determined by the U.S. Department of Agriculture to be a commercial or industrial product (other than food or feed) that is composed, in whole or in significant part, of biological products, including renewable domestic agricultural materials (including plant, animal, and marine materials) or forestry materials.

“Broad agency announcement” means a general announcement of an agency’s research interest including criteria for selecting proposals and soliciting the participation of all offerors capable of satisfying the Government’s needs (see [6.102\(d\)\(2\)](#)).

“Building or work” means construction activity as distinguished from manufacturing, furnishing of materials, or servicing and maintenance work. The terms include, without limitation, buildings, structures, and improvements of all types, such as bridges, dams, plants, highways, parkways, streets, subways, tunnels, sewers, mains, power lines, pumping stations, heavy generators, railways, airports, terminals, docks, piers, wharves, ways, lighthouses, buoys, jetties, breakwaters, levees, canals, dredging, shoring, rehabilitation and reactivation of plants, scaffolding, drilling, blasting, excavating, clearing, and landscaping. The manufacture or furnishing of materials, articles, supplies, or equipment (whether or not a Federal or State agency acquires title to such materials, articles, supplies, or equipment during the course of the manufacture or furnishing, or owns the materials from which they are manufactured or furnished) is not “building” or “work” within the meaning of this definition unless conducted in connection with and at the site of such building or work as is described in the foregoing sentence, or under the United States Housing Act of 1937 and the Housing Act of 1949 in the construction or development of the project.

“Bundled contract” means a contract where the requirements have been consolidated by bundling. (See the definition of bundling.)

“Bundling” means—

(1) Consolidating two or more requirements for supplies or services, previously provided or performed under separate smaller contracts, into a solicitation for a single contract that is likely to be unsuitable for award to a small business concern due to—

- (i) The diversity, size, or specialized nature of the elements of the performance specified;
- (ii) The aggregate dollar value of the anticipated award;
- (iii) The geographical dispersion of the contract performance sites; or
- (iv) Any combination of the factors described in paragraphs (1)(i), (ii), and (iii) of this definition.

(2) “Separate smaller contract” as used in this definition, means a contract that has been performed by one or more small business concerns or that was suitable for award to one or more small business concerns.

(3) “Single contract” as used in this definition, includes—

- (i) Multiple awards of indefinite-quantity contracts under a single solicitation for the same or similar supplies or services to two or more sources (see FAR [16.504\(c\)](#)); and
- (ii) An order placed against an indefinite quantity contract under a—
  - (A) Federal Supply Schedule contract; or
  - (B) Task-order contract or delivery-order contract awarded by another agency (*i.e.*, Governmentwide acquisition contract or multi-agency contract).

(4) This definition does not apply to a contract that will be awarded and performed entirely outside of the United States.

“Business Partner Network (BPN)” means an integrated electronic infrastructure the Government uses to manage (*i.e.*, collect, validate, access and maintain) the information it needs to transact business with its contractors. The BPN is located at <http://www.bpn.gov>.

“Business unit” means any segment of an organization, or an entire business organization that is not divided into segments.

“Central Contractor Registration (CCR) database” means the primary Government repository for contractor information required for the conduct of business with the Government.

“Change-of-name agreement” means a legal instrument executed by the contractor and the Government that recognizes the legal change of name of the contractor without disturbing the original contractual rights and obligations of the parties.

“Change order” means a written order, signed by the contracting officer, directing the contractor to make a change that the Changes clause authorizes the contracting officer to order without the contractor’s consent.

“Claim” means a written demand or written assertion by one of the contracting parties seeking, as a matter of right, the payment of money in a sum certain, the adjustment or interpretation of contract terms, or other relief arising under or relating to the contract. However, a written demand or written assertion by the contractor seeking the payment of money exceeding \$100,000 is not a claim under the Contract Disputes Act of 1978 until certified as required by the Act. A voucher, invoice, or other routine request for payment that is not in dispute when submitted is not a claim. The submission may be converted to a claim, by written notice to the contracting officer as provided in [33.206\(a\)](#), if it is disputed either as to liability or amount or is not acted upon in a reasonable time.

“Classified acquisition” means an acquisition in which officers must have access to classified information to properly submit an offer or quotation, to understand the performance requirements, or to perform the contract.

“Classified contract” means any contract in which the contractor or its employees must have access to classified information during contract performance. A contract may be a classified contract even though the contract document itself is unclassified.

“Classified information” means any knowledge that can be communicated or any documentary material, regardless of its physical form or characteristics, that—

(1)(i) Is owned by, is produced by or for, or is under the control of the United States Government; or

(ii) Has been classified by the Department of Energy as privately generated restricted data following the procedures in 10 CFR 1045.21; and

(2) Must be protected against unauthorized disclosure according to Executive Order 12958, Classified National Security Information, April 17, 1995, or classified in accordance with the Atomic Energy Act of 1954.

“Cognizant Federal agency” means the Federal agency that, on behalf of all Federal agencies, is responsible for establishing final indirect cost rates and forward pricing rates, if applicable, and administering cost accounting standards for all contracts in a business unit.

“Commercial component” means any component that is a commercial item.

“Commercial computer software” means any computer software that is a commercial item.

“Commercial item” means—

(1) Any item, other than real property, that is of a type customarily used by the general public or by non-governmental entities for purposes other than governmental purposes, and—

(i) Has been sold, leased, or licensed to the general public; or

(ii) Has been offered for sale, lease, or license to the general public;

(2) Any item that evolved from an item described in paragraph (1) of this definition through advances in technology or performance and that is not yet available in the commercial marketplace, but will be available in the commercial marketplace in time to satisfy the delivery requirements under a Government solicitation;

(3) Any item that would satisfy a criterion expressed in paragraphs (1) or (2) of this definition, but for—

(i) Modifications of a type customarily available in the commercial marketplace; or

(ii) Minor modifications of a type not customarily available in the commercial marketplace made to meet Federal Government requirements. Minor modifications means modifications that do not significantly alter the nongovernmental function or essential physical characteristics of an item or component, or change the purpose of a process. Factors to be considered in determining whether a modification is minor include the value and size of the modification and the comparative value and size of the final product. Dollar values and percentages may be used as guideposts, but are not conclusive evidence that a modification is minor;

(4) Any combination of items meeting the requirements of paragraphs (1), (2), (3), or (5) of this definition that are of a type customarily combined and sold in combination to the general public;

(5) Installation services, maintenance services, repair services, training services, and other services if—

(i) Such services are procured for support of an item referred to in paragraph (1), (2), (3), or (4) of this definition, regardless of whether such services are provided by the same source or at the same time as the item; and

(ii) The source of such services provides similar services contemporaneously to the general public under terms and conditions similar to those offered to the Federal Government;

(6) Services of a type offered and sold competitively in substantial quantities in the commercial marketplace based on established catalog or market prices for specific tasks performed or specific outcomes to be achieved and under standard commercial terms and conditions. For purposes of these services—

(i) “Catalog price” means a price included in a catalog, price list, schedule, or other form that is regularly maintained by the manufacturer or vendor, is either published or otherwise available for inspection by customers, and states prices at which sales are currently, or were last, made to a significant number of buyers constituting the general public; and

(ii) “Market prices” means current prices that are established in the course of ordinary trade between buyers and sellers free to bargain and that can be substantiated through competition or from sources independent of the offerors.

(7) Any item, combination of items, or service referred to in paragraphs (1) through (6) of this definition, notwithstanding the fact that the item, combination of items, or service is transferred between or among separate divisions, subsidiaries, or affiliates of a contractor; or

(8) A nondevelopmental item, if the procuring agency determines the item was developed exclusively at private expense and sold in substantial quantities, on a competitive basis, to multiple State and local governments.

“Common item” means material that is common to the applicable Government contract and the contractor’s other work.

“Component” means any item supplied to the Government as part of an end item or of another component, except that for use in—

(1) [Part 25](#), see the definition in [25.003](#);

(2) [52.225-1](#) and [52.225-3](#), see the definition in [52.225-1\(a\)](#) and [52.225-3\(a\)](#); and

(3) [52.225-9](#) and [52.225-11](#), see the definition in [52.225-9\(a\)](#) and [52.225-11\(a\)](#).

“Computer database” or “database” means a collection of recorded information in a form capable of, and for the purpose of, being stored in, processed, and operated on by a computer. The term does not include computer software.

“Computer software” — (1) Means (i) Computer programs that comprise a series of instructions, rules, routines, or statements, regardless of the media in which recorded, that allow or cause a computer to perform a specific operation or series of operations; and

(ii) Recorded information comprising source code listings, design details, algorithms, processes, flow charts, formulas, and related material that would enable the computer program to be produced, created, or compiled.

(2) Does not include computer databases or computer software documentation.

“Computer software documentation” means owner’s manuals, user’s manuals, installation instructions, operating instructions, and other similar items, regardless of storage medium, that explain the capabilities of the computer software or provide instructions for using the software.

“Consent to subcontract” means the contracting officer’s written consent for the prime contractor to enter into a particular subcontract.

“Construction” means construction, alteration, or repair (including dredging, excavating, and painting) of buildings, structures, or other real property. For purposes of this definition, the terms “buildings, structures, or other real property” include, but are not limited to, improvements of all types, such as bridges, dams, plants, highways, parkways, streets, subways, tunnels, sewers, mains, power lines, cemeteries, pumping stations, railways, airport facilities, terminals, docks, piers, wharves, ways, lighthouses, buoys, jetties, breakwaters, levees, canals, and channels. Construction does not include the manufacture, production, furnishing, construction, alteration, repair, processing, or assembling of vessels, aircraft, or other kinds of personal property.

“Contiguous United States (CONUS)” means the 48 contiguous States and the District of Columbia.

“Contingency operation” ([10 U.S.C. 101\(a\)\(13\)](#)) means a military operation that—

(1) Is designated by the Secretary of Defense as an operation in which members of the armed forces are or may become involved in military actions, operations, or hostilities against an enemy of the United States or against an opposing military force; or

(2) Results in the call or order to, or retention on, active duty of members of the uniformed services under section [688](#), [12301\(a\)](#), [12302](#), [12304](#), [12305](#), or [12406](#) of [10 U.S.C.](#), [Chapter 15 of 10 U.S.C.](#), or any other provision of law during a war or during a national emergency declared by the President or Congress.

“Continued portion of the contract” means the portion of a contract that the contractor must continue to perform following a partial termination.

“Contract” means a mutually binding legal relationship obligating the seller to furnish the supplies or services (including construction) and the buyer to pay for them. It includes all types of commitments that obligate the Government to an expenditure of appropriated funds and that, except as otherwise authorized, are in writing. In addition to bilateral instruments, contracts include (but are not limited to) awards and

notices of awards; job orders or task letters issued under basic ordering agreements; letter contracts; orders, such as purchase orders, under which the contract becomes effective by written acceptance or performance; and bilateral contract modifications. Contracts do not include grants and cooperative agreements covered by [31 U.S.C. 6301](#), *et seq.* For discussion of various types of contracts, see [Part 16](#).

“Contract administration office” means an office that performs—

(1) Assigned postaward functions related to the administration of contracts; and

(2) Assigned preaward functions.

“Contract clause” or “clause” means a term or condition used in contracts or in both solicitations and contracts, and applying after contract award or both before and after award.

“Contract modification” means any written change in the terms of a contract (see [43.103](#)).

“Contracting” means purchasing, renting, leasing, or otherwise obtaining supplies or services from nonfederal sources. Contracting includes description (but not determination) of supplies and services required, selection and solicitation of sources, preparation and award of contracts, and all phases of contract administration. It does not include making grants or cooperative agreements.

“Contracting activity” means an element of an agency designated by the agency head and delegated broad authority regarding acquisition functions.

“Contracting office” means an office that awards or executes a contract for supplies or services and performs postaward functions not assigned to a contract administration office (except for use in [Part 48](#), see also [48.001](#)).

“Contracting officer” means a person with the authority to enter into, administer, and/or terminate contracts and make related determinations and findings. The term includes certain authorized representatives of the contracting officer acting within the limits of their authority as delegated by the contracting officer. “Administrative contracting officer (ACO)” refers to a contracting officer who is administering contracts. “Termination contracting officer (TCO)” refers to a contracting officer who is settling terminated contracts. A single contracting officer may be responsible for duties in any or all of these areas. Reference in this regulation (48 CFR Chapter 1) to administrative contracting officer or termination contracting officer does not—

(1) Require that a duty be performed at a particular office or activity; or

(2) Restrict in any way a contracting officer in the performance of any duty properly assigned.

“Conviction” means a judgment or conviction of a criminal offense by any court of competent jurisdiction, whether entered upon a verdict or a plea, and includes a conviction entered upon a plea of *nolo contendere*. For use in [Subpart 23.5](#), see the definition at [23.503](#).

“Cost or pricing data” ([10 U.S.C. 2306a\(h\)\(1\)](#) and [41 U.S.C. 254b](#)) means all facts that, as of the date of price

agreement or, if applicable, an earlier date agreed upon between the parties that is as close as practicable to the date of agreement on price, prudent buyers and sellers would reasonably expect to affect price negotiations significantly. Cost or pricing data are data requiring certification in accordance with [15.406-2](#). Cost or pricing data are factual, not judgmental; and are verifiable. While they do not indicate the accuracy of the prospective contractor’s judgment about estimated future costs or projections, they do include the data forming the basis for that judgment. Cost or pricing data are more than historical accounting data; they are all the facts that can be reasonably expected to contribute to the soundness of estimates of future costs and to the validity of determinations of costs already incurred. They also include such factors as—

(1) Vendor quotations;

(2) Nonrecurring costs;

(3) Information on changes in production methods and in production or purchasing volume;

(4) Data supporting projections of business prospects and objectives and related operations costs;

(5) Unit-cost trends such as those associated with labor efficiency;

(6) Make-or-buy decisions;

(7) Estimated resources to attain business goals; and

(8) Information on management decisions that could have a significant bearing on costs.

“Cost realism” means that the costs in an offeror’s proposal—

(1) Are realistic for the work to be performed;

(2) Reflect a clear understanding of the requirements; and

(3) Are consistent with the various elements of the offeror’s technical proposal.

“Cost sharing” means an explicit arrangement under which the contractor bears some of the burden of reasonable, allocable, and allowable contract cost.

“Customs territory of the United States” means the 50 States, the District of Columbia, and Puerto Rico.

“Data Universal Numbering System (DUNS) number” means the 9-digit number assigned by Dun and Bradstreet, Inc. (D&B), to identify unique business entities.

“Data Universal Numbering System +4 (DUNS+4) number” means the DUNS number assigned by D&B plus a 4-character suffix that may be assigned by a business concern. (D&B has no affiliation with this 4-character suffix.) This 4-character suffix may be assigned at the discretion of the business concern to establish additional CCR records for identifying alternative Electronic Funds Transfer (EFT) accounts (see [Subpart 32.11](#)) for the same concern.

“Day” means, unless otherwise specified, a calendar day.

“Debarment” means action taken by a debarring official under [9.406](#) to exclude a contractor from Government contracting and Government-approved subcontracting for a rea-

sonable, specified period; a contractor that is excluded is “debarred.”

“Delivery order” means an order for supplies placed against an established contract or with Government sources.

“Depreciation” means a charge to current operations that distributes the cost of a tangible capital asset, less estimated residual value, over the estimated useful life of the asset in a systematic and logical manner. It does not involve a process of valuation. Useful life refers to the prospective period of economic usefulness in a particular contractor’s operations as distinguished from physical life; it is evidenced by the actual or estimated retirement and replacement practice of the contractor.

“Descriptive literature” means information provided by an offeror, such as cuts, illustrations, drawings, and brochures, that shows a product’s characteristics or construction of a product or explains its operation. The term includes only that information needed to evaluate the acceptability of the product and excludes other information for operating or maintaining the product.

“Design-to-cost” means a concept that establishes cost elements as management goals to achieve the best balance between life-cycle cost, acceptable performance, and schedule. Under this concept, cost is a design constraint during the design and development phases and a management discipline throughout the acquisition and operation of the system or equipment.

“Direct cost” means any cost that is identified specifically with a particular final cost objective. Direct costs are not limited to items that are incorporated in the end product as material or labor. Costs identified specifically with a contract are direct costs of that contract. All costs identified specifically with other final cost objectives of the contractor are direct costs of those cost objectives.

“Drug-free workplace” means the site(s) for the performance of work done by the contractor in connection with a specific contract where employees of the contractor are prohibited from engaging in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance.

“Earned value management system” means a project management tool that effectively integrates the project scope of work with cost, schedule and performance elements for optimum project planning and control. The qualities and operating characteristics of an earned value management system are described in American National Standards Institute/Electronics Industries Alliance (ANSI/EIA) Standard-748, Earned Value Management Systems. (See OMB Circular A-11, Part 7.)

“Effective date of termination” means the date on which the notice of termination requires the contractor to stop performance under the contract. If the contractor receives the termination notice after the date fixed for termination, then the

effective date of termination means the date the contractor receives the notice.

“Electronic and information technology (EIT)” has the same meaning as “information technology” except EIT also includes any equipment or interconnected system or subsystem of equipment that is used in the creation, conversion, or duplication of data or information. The term EIT, includes, but is not limited to, telecommunication products (such as telephones), information kiosks and transaction machines, worldwide websites, multimedia, and office equipment (such as copiers and fax machines).

“Electronic commerce” means electronic techniques for accomplishing business transactions including electronic mail or messaging, World Wide Web technology, electronic bulletin boards, purchase cards, electronic funds transfer, and electronic data interchange.

“Electronic data interchange (EDI)” means a technique for electronically transferring and storing formatted information between computers utilizing established and published formats and codes, as authorized by the applicable Federal Information Processing Standards.

“Electronic Funds Transfer (EFT)” means any transfer of funds, other than a transaction originated by cash, check, or similar paper instrument, that is initiated through an electronic terminal, telephone, computer, or magnetic tape, for the purpose of ordering, instructing, or authorizing a financial institution to debit or credit an account. The term includes Automated Clearing House transfers, Fedwire transfers, and transfers made at automatic teller machines and point-of-sale terminals. For purposes of compliance with [31 U.S.C. 3332](#) and implementing regulations at 31 CFR Part 208, the term “electronic funds transfer” includes a Governmentwide commercial purchase card transaction.

“End product” means supplies delivered under a line item of a Government contract, except for use in [Part 25](#) and the associated clauses at [52.225-1](#), [52.225-3](#), and [52.225-5](#), see the definitions in [25.003](#), [52.225-1\(a\)](#), [52.225-3\(a\)](#), and [52.225-5\(a\)](#).

“Energy-efficient product”— (1) Means a product that—

(i) Meets Department of Energy and Environmental Protection Agency criteria for use of the Energy Star trademark label; or

(ii) Is in the upper 25 percent of efficiency for all similar products as designated by the Department of Energy’s Federal Energy Management Program.

(2) As used in this definition, the term “product” does not include any energy-consuming product or system designed or procured for combat or combat-related missions ([42 U.S.C. 8259b](#)).

“Energy-efficient standby power devices” means products that use—

(1) External standby power devices, or that contain an internal standby power function; and

(2) No more than one watt of electricity in their standby power consuming mode or meet recommended low standby levels as designated by the Department of Energy Federal Energy Management Program.

“Energy-savings performance contract” means a contract that requires the contractor to—

(1) Perform services for the design, acquisition, financing, installation, testing, operation, and where appropriate, maintenance and repair, of an identified energy conservation measure or series of measures at one or more locations;

(2) Incur the costs of implementing the energy savings measures, including at least the cost (if any) incurred in making energy audits, acquiring and installing equipment, and training personnel in exchange for a predetermined share of the value of the energy savings directly resulting from implementation of such measures during the term of the contract; and

(3) Guarantee future energy and cost savings to the Government.

“Environmentally preferable” means products or services that have a lesser or reduced effect on human health and the environment when compared with competing products or services that serve the same purpose. This comparison may consider raw materials acquisition, production, manufacturing, packaging, distribution, reuse, operation, maintenance, or disposal of the product or service.

“Excess personal property” means any personal property under the control of a Federal agency that the agency head determines is not required for its needs or for the discharge of its responsibilities.

“Excluded Parties List System” means an electronic database maintained and posted by the General Services Administration containing the list of all parties suspended, proposed for debarment, debarred, declared ineligible, or excluded or disqualified under the nonprocurement common rule by agencies, Government corporations, or by the Government Accountability Office.

“Executive agency” means an executive department, a military department, or any independent establishment within the meaning of [5 U.S.C. 101](#), [102](#), and [104\(1\)](#), respectively, and any wholly owned Government corporation within the meaning of [31 U.S.C. 9101](#).

“Facilities capital cost of money” means “cost of money as an element of the cost of facilities capital” as used at 48 CFR 9904.414—Cost Accounting Standard—Cost of Money as an Element of the Cost of Facilities Capital.

“Facsimile” means electronic equipment that communicates and reproduces both printed and handwritten material. If used in conjunction with a reference to a document; *e.g.*, facsimile bid, the terms refers to a document (in the example given, a bid) that has been transmitted to and received by the Government via facsimile.

“Federal agency” means any executive agency or any independent establishment in the legislative or judicial branch of the Government (except the Senate, the House of Representatives, the Architect of the Capitol, and any activities under the Architect’s direction).

“Federal Technical Data Solution (FedTeDS)” is a web application integrated with the Governmentwide Point of Entry (GPE) and the Central Contractor Registration (CCR) system for distribution of information related to contract opportunities. It is designed to enhance controls on the access and distribution of solicitation requirements or other documents when controls are necessary according to agency procedures. FedTeDS may be found on the Internet at <https://www.fedteds.gov>.

“Federally-controlled facilities” means—

(1) Federally-owned buildings or leased space, whether for single or multi-tenant occupancy, and its grounds and approaches, all or any portion of which is under the jurisdiction, custody or control of a department or agency;

(2) Federally-controlled commercial space shared with non-government tenants. For example, if a department or agency leased the 10th floor of a commercial building, the Directive applies to the 10th floor only;

(3) Government-owned, contractor-operated facilities, including laboratories engaged in national defense research and production activities; and

(4) Facilities under a management and operating contract, such as for the operation, maintenance, or support of a Government-owned or Government-controlled research, development, special production, or testing establishment.

“Federally-controlled information system” means an information system ([44 U.S.C. 3502\(8\)](#)) used or operated by a Federal agency, or a contractor or other organization on behalf of the agency ([44 U.S.C. 3544\(a\)\(1\)\(A\)](#)).

“Federally Funded Research and Development Centers (FFRDC’s)” means activities that are sponsored under a broad charter by a Government agency (or agencies) for the purpose of performing, analyzing, integrating, supporting, and/or managing basic or applied research and/or development, and that receive 70 percent or more of their financial support from the Government; and—

(1) A long-term relationship is contemplated;

(2) Most or all of the facilities are owned or funded by the Government; and

(3) The FFRDC has access to Government and supplier data, employees, and facilities beyond that common in a normal contractual relationship.

“Final indirect cost rate” means the indirect cost rate established and agreed upon by the Government and the contractor as not subject to change. It is usually established after the close of the contractor’s fiscal year (unless the parties decide upon a different period) to which it applies. For cost-reimbursement research and development contracts with educational institu-

tions, it may be predetermined; that is, established for a future period on the basis of cost experience with similar contracts, together with supporting data.

“First article” means a preproduction model, initial production sample, test sample, first lot, pilot lot, or pilot models.

“First article testing” means testing and evaluating the first article for conformance with specified contract requirements before or in the initial stage of production.

“F.o.b.” means free on board. This term is used in conjunction with a physical point to determine—

(1) The responsibility and basis for payment of freight charges; and

(2) Unless otherwise agreed, the point where title for goods passes to the buyer or consignee.

“F.o.b. destination” means free on board at destination; *i.e.*, the seller or consignor delivers the goods on seller’s or consignor’s conveyance at destination. Unless the contract provides otherwise, the seller or consignor is responsible for the cost of shipping and risk of loss. For use in the clause at [52.247-34](#), see the definition at [52.247-34\(a\)](#).

“F.o.b. origin” means free on board at origin; *i.e.*, the seller or consignor places the goods on the conveyance. Unless the contract provides otherwise, the buyer or consignee is responsible for the cost of shipping and risk of loss. For use in the clause at [52.247-29](#), see the definition at [52.247-29\(a\)](#).

“F.o.b.”... (For other types of F.o.b., see [47.303](#)).

“Forward pricing rate agreement” means a written agreement negotiated between a contractor and the Government to make certain rates available during a specified period for use in pricing contracts or modifications. These rates represent reasonable projections of specific costs that are not easily estimated for, identified with, or generated by a specific contract, contract end item, or task. These projections may include rates for such things as labor, indirect costs, material obsolescence and usage, spare parts provisioning, and material handling.

“Forward pricing rate recommendation” means a rate set unilaterally by the administrative contracting officer for use by the Government in negotiations or other contract actions when forward pricing rate agreement negotiations have not been completed or when the contractor will not agree to a forward pricing rate agreement.

“Freight” means supplies, goods, and transportable property.

“Full and open competition,” when used with respect to a contract action, means that all responsible sources are permitted to compete.

“General and administrative (G&A) expense” means any management, financial, and other expense which is incurred by or allocated to a business unit and which is for the general management and administration of the business unit as a whole. G&A expense does not include those management expenses whose beneficial or causal relationship to cost objectives can be more directly measured by a base other than

a cost input base representing the total activity of a business unit during a cost accounting period.

“Governmentwide acquisition contract (GWAC)” means a task-order or delivery-order contract for information technology established by one agency for Governmentwide use that is operated—

(1) By an executive agent designated by the Office of Management and Budget pursuant to [40 U.S.C. 11302\(e\)](#); or

(2) Under a delegation of procurement authority issued by the General Services Administration (GSA) prior to August 7, 1996, under authority granted GSA by former section [40 U.S.C. 759](#), repealed by Pub. L. 104-106. The Economy Act does not apply to orders under a Governmentwide acquisition contract.

“Governmentwide point of entry (GPE)” means the single point where Government business opportunities greater than \$25,000, including synopses of proposed contract actions, solicitations, and associated information, can be accessed electronically by the public. The GPE is located at <http://www.fedbizopps.gov>.

“Head of the agency” (see “agency head”).

“Head of the contracting activity” means the official who has overall responsibility for managing the contracting activity.

“Historically black college or university” means an institution determined by the Secretary of Education to meet the requirements of 34 CFR 608.2. For the Department of Defense, the National Aeronautics and Space Administration, and the Coast Guard, the term also includes any nonprofit research institution that was an integral part of such a college or university before November 14, 1986.

“HUBZone” means a historically underutilized business zone that is an area located within one or more qualified census tracts, qualified nonmetropolitan counties, or lands within the external boundaries of an Indian reservation.

“HUBZone small business concern” means a small business concern that appears on the List of Qualified HUBZone Small Business Concerns maintained by the Small Business Administration.

“Humanitarian or peacekeeping operation” means a military operation in support of the provision of humanitarian or foreign disaster assistance or in support of a peacekeeping operation under Chapter VI or VII of the Charter of the United Nations. The term does not include routine training, force rotation, or stationing ([10 U.S.C. 2302\(8\)](#) and [41 U.S.C. 259\(d\)](#)).

“In writing,” “writing,” or “written” means any worded or numbered expression that can be read, reproduced, and later communicated, and includes electronically transmitted and stored information.

“Indirect cost” means any cost not directly identified with a single final cost objective, but identified with two or more final cost objectives or with at least one intermediate cost objective.

“Indirect cost rate” means the percentage or dollar factor that expresses the ratio of indirect expense incurred in a given period to direct labor cost, manufacturing cost, or another appropriate base for the same period (see also “final indirect cost rate”).

“Ineligible” means excluded from Government contracting (and subcontracting, if appropriate) pursuant to statutory, Executive order, or regulatory authority other than this regulation (48 CFR Chapter 1) and its implementing and supplementing regulations; for example, pursuant to the Davis-Bacon Act and its related statutes and implementing regulations, the Service Contract Act, the Equal Employment Opportunity Acts and Executive orders, the Walsh-Healey Public Contracts Act, the Buy American Act, or the Environmental Protection Acts and Executive orders.

“Information other than cost or pricing data” means any type of information that is not required to be certified in accordance with [15.406-2](#) and is necessary to determine price reasonableness or cost realism. For example, such information may include pricing, sales, or cost information, and includes cost or pricing data for which certification is determined inapplicable after submission.

“Information security” means protecting information and information systems from unauthorized access, use, disclosure, disruption, modification, or destruction in order to provide—

(1) Integrity, which means guarding against improper information modification or destruction, and includes ensuring information nonrepudiation and authenticity;

(2) Confidentiality, which means preserving authorized restrictions on access and disclosure, including means for protecting personal privacy and proprietary information; and

(3) Availability, which means ensuring timely and reliable access to, and use of, information.

“Information technology” means any equipment, or interconnected system(s) or subsystem(s) of equipment, that is used in the automatic acquisition, storage, analysis, evaluation, manipulation, management, movement, control, display, switching, interchange, transmission, or reception of data or information by the agency.

(1) For purposes of this definition, equipment is used by an agency if the equipment is used by the agency directly or is used by a contractor under a contract with the agency that requires—

(i) Its use; or

(ii) To a significant extent, its use in the performance of a service or the furnishing of a product.

(2) The term “information technology” includes computers, ancillary equipment (including imaging peripherals, input, output, and storage devices necessary for security and surveillance), peripheral equipment designed to be controlled by the central processing unit of a computer, software, firmware and similar procedures, services (including support services), and related resources.

(3) The term “information technology” does not include any equipment that—

(i) Is acquired by a contractor incidental to a contract; or

(ii) Contains imbedded information technology that is used as an integral part of the product, but the principal function of which is not the acquisition, storage, analysis, evaluation, manipulation, management, movement, control, display, switching, interchange, transmission, or reception of data or information. For example, HVAC (heating, ventilation, and air conditioning) equipment, such as thermostats or temperature control devices, and medical equipment where information technology is integral to its operation, are not information technology.

“Inherently governmental function” means, as a matter of policy, a function that is so intimately related to the public interest as to mandate performance by Government employees. This definition is a policy determination, not a legal determination. An inherently governmental function includes activities that require either the exercise of discretion in applying Government authority, or the making of value judgments in making decisions for the Government. Governmental functions normally fall into two categories: the act of governing, *i.e.*, the discretionary exercise of Government authority, and monetary transactions and entitlements.

(1) An inherently governmental function involves, among other things, the interpretation and execution of the laws of the United States so as to—

(i) Bind the United States to take or not to take some action by contract, policy, regulation, authorization, order, or otherwise;

(ii) Determine, protect, and advance United States economic, political, territorial, property, or other interests by military or diplomatic action, civil or criminal judicial proceedings, contract management, or otherwise;

license agreements, facilities, sales territory, and nature of business activity. (See [15 U.S.C. 632](#).)

“Small business subcontractor” means a concern, including affiliates, that for subcontracts valued at—

(1) \$10,000 or less, does not have more than 500 employees; and

(2) More than \$10,000, does not have employees or average annual receipts exceeding the size standard in 13 CFR Part 121 (see [19.102](#)) for the product or service it is providing on the subcontract.

“Small disadvantaged business concern” (except for [52.212-3\(c\)\(2\)](#) and [52.219-1\(b\)\(2\)](#) for general statistical purposes and [52.212-3\(c\)\(7\)\(ii\)](#), [52.219-22\(b\)\(2\)](#), and [52.219-23\(a\)](#) for joint ventures under the price evaluation adjustment for small disadvantaged business concerns), means an offeror that represents, as part of its offer, that it is a small business under the size standard applicable to the acquisition; and either—

(1) It has received certification as a small disadvantaged business concern consistent with 13 CFR Part 124, Subpart B; and

(i) No material change in disadvantaged ownership and control has occurred since its certification;

(ii) Where the concern is owned by one or more disadvantaged individuals, the net worth of each individual upon whom the certification is based does not exceed \$750,000 after taking into account the applicable exclusions set forth at 13 CFR 124.104(c)(2); and

(iii) It is identified, on the date of its representation, as a certified small disadvantaged business concern in the data base maintained by the Small Business Administration (PRO-Net); or

(2) For a prime contractor, it has submitted a completed application to the Small Business Administration or a private certifier to be certified as a small disadvantaged business concern in accordance with 13 CFR Part 124, Subpart B, and a decision on that application is pending, and that no material change in disadvantaged ownership and control has occurred since it submitted its application. In this case, a contractor must receive certification as a small disadvantaged business by the Small Business Administration prior to contract award.

“Sole source acquisition” means a contract for the purchase of supplies or services that is entered into or proposed to be entered into by an agency after soliciting and negotiating with only one source.

“Solicitation” means any request to submit offers or quotations to the Government. Solicitations under sealed bid procedures are called “invitations for bids.” Solicitations under negotiated procedures are called “requests for proposals.” Solicitations under simplified acquisition procedures may require submission of either a quotation or an offer.

“Solicitation provision or provision” means a term or condition used only in solicitations and applying only before contract award.

“Source selection information” means any of the following information that is prepared for use by an agency for the purpose of evaluating a bid or proposal to enter into an agency procurement contract, if that information has not been previously made available to the public or disclosed publicly:

(1) Bid prices submitted in response to an agency invitation for bids, or lists of those bid prices before bid opening.

(2) Proposed costs or prices submitted in response to an agency solicitation, or lists of those proposed costs or prices.

(3) Source selection plans.

(4) Technical evaluation plans.

(5) Technical evaluations of proposals.

(6) Cost or price evaluations of proposals.

(7) Competitive range determinations that identify proposals that have a reasonable chance of being selected for award of a contract.

(8) Rankings of bids, proposals, or competitors.

(9) Reports and evaluations of source selection panels, boards, or advisory councils.

(10) Other information marked as “Source Selection Information—See FAR [2.101](#) and [3.104](#)” based on a case-by-case determination by the head of the agency or the contracting officer, that its disclosure would jeopardize the integrity or successful completion of the Federal agency procurement to which the information relates.

“Special competency” means a special or unique capability, including qualitative aspects, developed incidental to the primary functions of the Federally Funded Research and Development Centers to meet some special need.

“Special test equipment” means either single or multipurpose integrated test units engineered, designed, fabricated, or modified to accomplish special purpose testing in performing a contract. It consists of items or assemblies of equipment including foundations and similar improvements necessary for installing special test equipment, and standard or general purpose items or components that are interconnected and interdependent so as to become a new functional entity for special testing purposes. Special test equipment does not include material, special tooling, real property, and equipment items used for general testing purposes or property that with relatively minor expense can be made suitable for general purpose use.

“Special tooling” means jigs, dies, fixtures, molds, patterns, taps, gauges, and all components of these items including foundations and similar improvements necessary for installing special test equipment, and which are of such a specialized nature that without substantial modification or alteration their use is limited to the development or production of particular supplies or parts thereof or to the performance of particular services. Special tooling does not include material,

special test equipment, real property, equipment, machine tools, or similar capital items.

“State and local taxes” means taxes levied by the States, the District of Columbia, outlying areas of the United States, or their political subdivisions.

“Statement of Objectives (SOO)” means a Government-prepared document incorporated into the solicitation that states the overall performance objectives. It is used in solicitations when the Government intends to provide the maximum flexibility to each offeror to propose an innovative approach.

“Substantial evidence” means information sufficient to support the reasonable belief that a particular act or omission has occurred.

“Substantially as follows” or “substantially the same as,” when used in the prescription and introductory text of a provision or clause, means that authorization is granted to prepare and utilize a variation of that provision or clause to accommodate requirements that are peculiar to an individual acquisition; provided that the variation includes the salient features of the FAR provision or clause, and is not inconsistent with the intent, principle, and substance of the FAR provision or clause or related coverage of the subject matter.

“Supplemental agreement” means a contract modification that is accomplished by the mutual action of the parties.

“Supplies” means all property except land or interest in land. It includes (but is not limited to) public works, buildings, and facilities; ships, floating equipment, and vessels of every character, type, and description, together with parts and accessories; aircraft and aircraft parts, accessories, and equipment; machine tools; and the alteration or installation of any of the foregoing.

“Surety” means an individual or corporation legally liable for the debt, default, or failure of a principal to satisfy a contractual obligation. The types of sureties referred to are as follows:

- (1) An individual surety is one person, as distinguished from a business entity, who is liable for the entire penal amount of the bond.
- (2) A corporate surety is licensed under various insurance laws and, under its charter, has legal power to act as surety for others.
- (3) A cosurety is one of two or more sureties that are jointly liable for the penal sum of the bond. A limit of liability for each surety may be stated.

“Suspension” means action taken by a suspending official under [9.407](#) to disqualify a contractor temporarily from Government contracting and Government-approved subcontracting; a contractor that is disqualified is “suspended.”

“Task order” means an order for services placed against an established contract or with Government sources.

“Taxpayer Identification Number (TIN)” means the number required by the IRS to be used by the offeror in reporting

income tax and other returns. The TIN may be either a Social Security Number or an Employer Identification Number.

“Technical data” means recorded information (regardless of the form or method of the recording) of a scientific or technical nature (including computer databases and computer software documentation). This term does not include computer software or financial, administrative, cost or pricing, or management data or other information incidental to contract administration. The term includes recorded information of a scientific or technical nature that is included in computer databases (See [41 U.S.C. 403\(8\)](#)).

“Termination for convenience” means the exercise of the Government’s right to completely or partially terminate performance of work under a contract when it is in the Government’s interest.

“Termination for default” means the exercise of the Government’s right to completely or partially terminate a contract because of the contractor’s actual or anticipated failure to perform its contractual obligations.

“Termination inventory” means any property purchased, supplied, manufactured, furnished, or otherwise acquired for the performance of a contract subsequently terminated and properly allocable to the terminated portion of the contract. It includes Government-furnished property. It does not include any facilities, material, special test equipment, or special tooling that are subject to a separate contract or to a special contract requirement governing their use or disposition.

“Terminated portion of the contract” means the portion of a contract that the contractor is not to perform following a partial termination. For construction contracts that have been completely terminated for convenience, it means the entire contract, notwithstanding the completion of, and payment for, individual items of work before termination.

“Unallowable cost” means any cost that, under the provisions of any pertinent law, regulation, or contract, cannot be included in prices, cost-reimbursements, or settlements under a Government contract to which it is allocable.

“Unique and innovative concept,” when used relative to an unsolicited research proposal, means that—

- (1) In the opinion and to the knowledge of the Government evaluator, the meritorious proposal—
  - (i) Is the product of original thinking submitted confidentially by one source;
  - (ii) Contains new, novel, or changed concepts, approaches, or methods;
  - (iii) Was not submitted previously by another; and
  - (iv) Is not otherwise available within the Federal Government.
- (2) In this context, the term does not mean that the source has the sole capability of performing the research.

“United States,” when used in a geographic sense, means the 50 States and the District of Columbia, except as follows:

- (1) For use in [Subpart 3.10](#), see the definition at [3.1001](#).

- (2) For use in [Subpart 22.8](#), see the definition at [22.801](#).
- (3) For use in [Subpart 22.10](#), see the definition at [22.1001](#).
- (4) For use in [Subpart 22.13](#), see the definition at [22.1301](#).
- (5) For use in [Subpart 22.16](#), see the definition at [22.1601](#).
- (6) For use in [Part 25](#), see the definition at [25.003](#).
- (7) For use in [Part 27](#), see the definition at [27.001](#).
- (8) For use in [Subpart 47.4](#), see the definition at [47.401](#).

“Unsolicited proposal” means a written proposal for a new or innovative idea that is submitted to an agency on the initiative of the offeror for the purpose of obtaining a contract with the Government, and that is not in response to a request for proposals, Broad Agency Announcement, Small Business Innovation Research topic, Small Business Technology Transfer Research topic, Program Research and Development Announcement, or any other Government-initiated solicitation or program.

“Value engineering” means an analysis of the functions of a program, project, system, product, item of equipment, building, facility, service, or supply of an executive agency, performed by qualified agency or contractor personnel, directed at improving performance, reliability, quality, safety, and life-cycle costs (Section 36 of the Office of Federal Procurement Policy Act, [41 U.S.C. 401](#), *et seq.*). For use in the clause at [52.248-2](#), see the definition at [52.248-2\(b\)](#).

“Value engineering change proposal (VECP)”—

- (1) Means a proposal that—
  - (i) Requires a change to the instant contract to implement; and
  - (ii) Results in reducing the overall projected cost to the agency without impairing essential functions or characteristics, provided, that it does not involve a change—
    - (A) In deliverable end item quantities only;
    - (B) In research and development (R&D) items or R&D test quantities that are due solely to results of previous testing under the instant contract; or
    - (C) To the contract type only.
- (2) For use in the clauses at—
  - (i) [52.248-2](#), see the definition at [52.248-2\(b\)](#); and

- (ii) [52.248-3](#), see the definition at [52.248-3\(b\)](#).

“Veteran-owned small business concern” means a small business concern—

(1) Not less than 51 percent of which is owned by one or more veterans (as defined at [38 U.S.C. 101\(2\)](#)) or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more veterans; and

(2) The management and daily business operations of which are controlled by one or more veterans.

“Virgin material” means—

(1) Previously unused raw material, including previously unused copper, aluminum, lead, zinc, iron, other metal or metal ore; or

(2) Any undeveloped resource that is, or with new technology will become, a source of raw materials.

“Voluntary consensus standards” means common and repeated use of rules, conditions, guidelines or characteristics for products, or related processes and production methods and related management systems. Voluntary Consensus Standards are developed or adopted by domestic and international voluntary consensus standard making bodies (*e.g.*, International Organization for Standardization (ISO) and ASTM-International). See OMB Circular A-119.

“Warranty” means a promise or affirmation given by a contractor to the Government regarding the nature, usefulness, or condition of the supplies or performance of services furnished under the contract.

“Waste reduction” means preventing or decreasing the amount of waste being generated through waste prevention, recycling, or purchasing recycled and environmentally preferable products.

“Women-owned small business concern” means a small business concern—

(1) That is at least 51 percent owned by one or more women; or, in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more women; and

(2) Whose management and daily business operations are controlled by one or more women.

## Subpart 3.9—Whistleblower Protections for Contractor Employees

### 3.900 Scope of subpart.

This subpart implements [10 U.S.C. 2409](#) and [41 U.S.C. 251](#), *et seq.*, as amended by Sections 6005 and 6006 of the Federal Acquisition Streamlining Act of 1994 (Pub. L. 103-355).

### 3.901 Definitions.

As used in this subpart—

“Authorized official of an agency” means an officer or employee responsible for contracting, program management, audit, inspection, investigation, or enforcement of any law or regulation relating to Government procurement or the subject matter of the contract.

“Authorized official of the Department of Justice” means any person responsible for the investigation, enforcement, or prosecution of any law or regulation.

“Inspector General” means an Inspector General appointed under the Inspector General Act of 1978, as amended. In the Department of Defense that is the DoD Inspector General. In the case of an executive agency that does not have an Inspector General, the duties shall be performed by an official designated by the head of the executive agency.

### 3.902 Applicability.

This subpart applies to all Government contracts.

### 3.903 Policy.

Government contractors shall not discharge, demote or otherwise discriminate against an employee as a reprisal for disclosing information to a Member of Congress, or an authorized official of an agency or of the Department of Justice, relating to a substantial violation of law related to a contract (including the competition for or negotiation of a contract).

### 3.904 Procedures for filing complaints.

(a) Any employee of a contractor who believes that he or she has been discharged, demoted, or otherwise discriminated against contrary to the policy in [3.903](#) may file a complaint with the Inspector General of the agency that awarded the contract.

(b) The complaint shall be signed and shall contain—

- (1) The name of the contractor;
- (2) The contract number, if known; if not, a description reasonably sufficient to identify the contract(s) involved;
- (3) The substantial violation of law giving rise to the disclosure;
- (4) The nature of the disclosure giving rise to the discriminatory act; and
- (5) The specific nature and date of the reprisal.

### 3.905 Procedures for investigating complaints.

(a) Upon receipt of a complaint, the Inspector General shall conduct an initial inquiry. If the Inspector General determines that the complaint is frivolous or for other reasons does not merit further investigation, the Inspector General shall advise the complainant that no further action on the complaint will be taken.

(b) If the Inspector General determines that the complaint merits further investigation, the Inspector General shall notify the complainant, contractor, and head of the contracting activity. The Inspector General shall conduct an investigation and provide a written report of findings to the head of the agency or designee.

(c) Upon completion of the investigation, the head of the agency or designee shall ensure that the Inspector General provides the report of findings to—

- (1) The complainant and any person acting on the complainant’s behalf;
- (2) The contractor alleged to have committed the violation; and
- (3) The head of the contracting activity.

(d) The complainant and contractor shall be afforded the opportunity to submit a written response to the report of findings within 30 days to the head of the agency or designee. Extensions of time to file a written response may be granted by the head of the agency or designee.

(e) At any time, the head of the agency or designee may request additional investigative work be done on the complaint.

### 3.906 Remedies.

(a) If the head of the agency or designee determines that a contractor has subjected one of its employees to a reprisal for providing information to a Member of Congress, or an authorized official of an agency or of the Department of Justice, the head of the agency or designee may take one or more of the following actions:

- (1) Order the contractor to take affirmative action to abate the reprisal.
- (2) Order the contractor to reinstate the person to the position that the person held before the reprisal, together with the compensation (including back pay), employment benefits, and other terms and conditions of employment that would apply to the person in that position if the reprisal had not been taken.
- (3) Order the contractor to pay the complainant an amount equal to the aggregate amount of all costs and expenses (including attorneys’ fees and expert witnesses’ fees) that were reasonably incurred by the complainant for, or in connection with, bringing the complaint regarding the reprisal.

(b) Whenever a contractor fails to comply with an order, the head of the agency or designee shall request the Depart-

ment of Justice to file an action for enforcement of such order in the United States district court for a district in which the reprisal was found to have occurred. In any action brought under this section, the court may grant appropriate relief, including injunctive relief and compensatory and exemplary damages.

(c) Any person adversely affected or aggrieved by an order issued under this section may obtain review of the order's con-

formance with the law, and this subpart, in the United States Court of Appeals for a circuit in which the reprisal is alleged in the order to have occurred. No petition seeking such review may be filed more than 60 days after issuance of the order by the head of the agency or designee. Review shall conform to Chapter 7 of Title 5, United States Code.

**Subpart 3.10—Contractor Code of Business Ethics and Conduct**

**3.1000 Scope of subpart.**

This subpart prescribes policies and procedures for the establishment of contractor codes of business ethics and conduct, and display of agency Office of Inspector General (OIG) fraud hotline posters.

**3.1001 Definitions.**

“United States,” as used in this subpart, means the 50 States, the District of Columbia, and outlying areas.

**3.1002 Policy.**

(a) Government contractors must conduct themselves with the highest degree of integrity and honesty.

(b) Contractors should have a written code of business ethics and conduct. To promote compliance with such code of business ethics and conduct, contractors should have an employee business ethics and compliance training program and an internal control system that—

- (1) Are suitable to the size of the company and extent of its involvement in Government contracting;
- (2) Facilitate timely discovery and disclosure of improper conduct in connection with Government contracts; and
- (3) Ensure corrective measures are promptly instituted and carried out.

**3.1003 Mandatory requirements.**

(a) *Requirements.* Although the policy in section [3.1002](#) applies as guidance to all Government contractors, the contractual requirements set forth in the clauses at [52.203-13](#), Code of Business Ethics and Conduct, and [52.203-14](#), Display of Hotline Poster(s), are mandatory if the contracts meet the conditions specified in the clause prescriptions at [3.1004](#).

(b) *Fraud Hotline Poster.* (1) Agency OIGs are responsible for determining the need for, and content of, their respective agency OIG fraud hotline poster(s).

(2) When requested by the Department of Homeland Security, agencies shall ensure that contracts funded with disaster assistance funds require display of any fraud hotline poster applicable to the specific contract. As established by the agency OIG, such posters may be displayed in lieu of, or in addition to, the agency’s standard poster.

**3.1004 Contract clauses.**

Unless the contract is for the acquisition of a commercial item under [Part 12](#) or will be performed entirely outside the United States—

(a) Insert the clause at FAR [52.203-13](#), Contractor Code of Business Ethics and Conduct, in solicitations and contracts if the value of the contract is expected to exceed \$5,000,000 and the performance period is 120 days or more.

(b)(1) Insert the clause at FAR [52.203-14](#), Display of Hotline Poster(s), if—

- (i) The contract exceeds \$5,000,000 or a lesser amount established by the agency; and
- (ii)(A) The agency has a fraud hotline poster; or
- (B) The contract is funded with disaster assistance funds.

(2) In paragraph (b)(3) of the clause, the contracting officer shall—

- (i) Identify the applicable posters; and
- (ii) Insert the website link(s) or other contact information for obtaining the agency and/or Department of Homeland Security poster.

(3) In paragraph (d) of the clause, if the agency has established policies and procedures for display of the OIG fraud hotline poster at a lesser amount, the contracting officer shall replace “\$5,000,000” with the lesser amount that the agency has established.

**Subpart 22.4—Labor Standards for Contracts Involving Construction**

**22.400 Scope of subpart.**

This subpart implements the statutes which prescribe labor standards requirements for contracts in excess of \$2,000 for construction, alteration, or repair, including painting and decorating, of public buildings and public works. (See definition of “Construction, alteration, or repair” in section [22.401](#).) Labor relations requirements prescribed in other subparts of [Part 22](#) may also apply.

**22.401 Definitions.**

As used in this subpart—

“Apprentice” means a person—

(1) Employed and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer, and Labor Services (OATELS), or with a State Apprenticeship Agency recognized by OATELS; or

(2) Who is in the first 90 days of probationary employment as an apprentice in an apprenticeship program, and is not individually registered in the program, but who has been certified by the OATELS or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice.

“Construction, alteration, or repair” means all types of work done by laborers and mechanics employed by the construction contractor or construction subcontractor on a particular building or work at the site thereof, including without limitations—

(1) Altering, remodeling, installation (if appropriate) on the site of the work of items fabricated off-site;

(2) Painting and decorating;

(3) Manufacturing or furnishing of materials, articles, supplies, or equipment on the site of the building or work;

(4) Transportation of materials and supplies between the site of the work within the meaning of paragraphs (1)(i) and (ii) of the “site of the work” definition of this section, and a facility which is dedicated to the construction of the building or work and is deemed part of the site of the work within the meaning of paragraph (2) of the “site of work” definition of this section; and

(5) Transportation of portions of the building or work between a secondary site where a significant portion of the building or work is constructed, which is part of the “site of the work” definition in paragraph (1)(ii) of this section, and the physical place or places where the building or work will

remain (paragraph (1)(i) in the “site of the work” definition of this section).

“Laborers or mechanics.”— (1) Means—

(i) Workers, utilized by a contractor or subcontractor at any tier, whose duties are manual or physical in nature (including those workers who use tools or who are performing the work of a trade), as distinguished from mental or managerial;

(ii) Apprentices, trainees, helpers, and, in the case of contracts subject to the Contract Work Hours and Safety Standards Act, watchmen and guards;

(iii) Working foremen who devote more than 20 percent of their time during a workweek performing duties of a laborer or mechanic, and who do not meet the criteria of 29 CFR part 541, for the time so spent; and

(iv) Every person performing the duties of a laborer or mechanic, regardless of any contractual relationship alleged to exist between the contractor and those individuals; and

(2) Does not include workers whose duties are primarily executive, supervisory (except as provided in paragraph (1)(iii) of this definition), administrative, or clerical, rather than manual. Persons employed in a bona fide executive, administrative, or professional capacity as defined in 29 CFR part 541 are not deemed to be laborers or mechanics.

“Public building or public work” means building or work, the construction, prosecution, completion, or repair of which, as defined in this section, is carried on directly by authority of, or with funds of, a Federal agency to serve the interest of the general public regardless of whether title thereof is in a Federal agency.

“Site of the work.”— (1) Means—

(i) *The primary site of the work.* The physical place or places where the construction called for in the contract will remain when work on it is completed; and

(ii) *The secondary site of the work, if any.* Any other site where a significant portion of the building or work is constructed, provided that such site is—

(A) Located in the United States; and

(B) Established specifically for the performance of the contract or project;

(2) Except as provided in paragraph (3) of this definition, includes fabrication plants, mobile factories, batch plants, borrow pits, job headquarters, tool yards, etc., provided—

(i) They are dedicated exclusively, or nearly so, to performance of the contract or project; and

(ii) They are adjacent or virtually adjacent to the “primary site of the work” as defined in paragraphs (1)(i) of “the secondary site of the work” as defined in paragraph (1)(ii) of this definition;

(3) Does not include permanent home offices, branch plant establishments, fabrication plants, or tool yards of a contractor or subcontractor whose locations and continuance in operation are determined wholly without regard to a particular Federal contract or project. In addition, fabrication plants, batch plants, borrow pits, job headquarters, yards, etc., of a commercial or material supplier which are established by a supplier of materials for the project before opening of bids and not on the project site, are not included in the “site of the work.” Such permanent, previously established facilities are not a part of the “site of the work”, even if the operations for a period of time may be dedicated exclusively, or nearly so, to the performance of a contract.

“Trainee” means a person registered and receiving on-the-job training in a construction occupation under a program which has been approved in advance by the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer, and Labor Services (OATELS), as meeting its standards for on-the-job training programs and which has been so certified by that Administration.

“Wages” means the basic hourly rate of pay; any contribution irrevocably made by a contractor or subcontractor to a trustee or to a third person pursuant to a bona fide fringe benefit fund, plan, or program; and the rate of costs to the contractor or subcontractor which may be reasonably anticipated in providing bonafide fringe benefits to laborers and mechanics pursuant to an enforceable commitment to carry out a financially responsible plan or program, which was communicated in writing to the laborers and mechanics affected. The fringe benefits enumerated in the Davis-Bacon Act include medical or hospital care, pensions on retirement or death, compensation for injuries or illness resulting from occupational activity, or insurance to provide any of the foregoing; unemployment benefits; life insurance, disability insurance, sickness insurance, or accident insurance; vacation or holiday pay; defraying costs of apprenticeship or other similar programs; or other bona fide fringe benefits. Fringe benefits do not include benefits required by other Federal, State, or local law.

#### 22.402 Applicability.

(a) *Contracts for construction work.* (1) The requirements of this subpart apply—

(i) Only if the construction work is, or reasonably can be foreseen to be, performed at a particular site so that wage rates can be determined for the locality, and only to construction work that is performed by laborers and mechanics at the site of the work;

(ii) To dismantling, demolition, or removal of improvements if a part of the construction contract, or if construction at that site is anticipated by another contract as provided in [Subpart 37.3](#);

(iii) To the manufacture or fabrication of construction materials and components conducted in connection with the construction and on the site of the work by the contractor or a subcontractor under a contract otherwise subject to this subpart; and

(iv) To painting of public buildings or public works, whether performed in connection with the original construction or as alteration or repair of an existing structure.

(2) The requirements of this subpart do not apply to—

(i) The manufacturing of components or materials off the site of the work or their subsequent delivery to the site by the commercial supplier or materialman;

(ii) Contracts requiring construction work that is so closely related to research, experiment, and development that it cannot be performed separately, or that is itself the subject of research, experiment, or development (see paragraph (b) of this section for applicability of this subpart to research and development contracts or portions thereof involving construction, alteration, or repair of a public building or public work);

(iii) Employees of railroads operating under collective bargaining agreements that are subject to the Railway Labor Act; or

(iv) Employees who work at contractors’ or subcontractors’ permanent home offices, fabrication shops, or tool yards not located at the site of the work. However, if the employees go to the site of the work and perform construction activities there, the requirements of this subpart are applicable for the actual time so spent, not including travel unless the employees transport materials or supplies to or from the site of the work.

(b) *Nonconstruction contracts involving some construction work.* (1) The requirements of this subpart apply to construction work to be performed as part of nonconstruction contracts (supply, service, research and development, etc.) if—

(i) The construction work is to be performed on a public building or public work;

## Subpart 23.2—Energy and Water Efficiency and Renewable Energy

### 23.200 Scope.

(a) This subpart prescribes policies and procedures for—

(1) Acquiring energy- and water-efficient products and services, and products that use renewable energy technology; and

(2) Using an energy-savings performance contract to obtain energy-efficient technologies at Government facilities without Government capital expense.

(b) This subpart applies to acquisitions in the United States and its outlying areas. Agencies conducting acquisitions outside of these areas must use their best efforts to comply with this subpart.

### 23.201 Authorities.

(a) Energy Policy and Conservation Act ([42 U.S.C. 6361\(a\)\(1\)](#)) and Resource Conservation and Recovery Act of 1976 ([42 U.S.C. 6901](#), *et seq.*).

(b) National Energy Conservation Policy Act ([42 U.S.C. 8253](#), [8259b](#), [8262g](#), and [8287](#)).

(c) Executive Order 11912 of April 13, 1976, Delegations of Authority under the Energy Policy and Conservation Act.

(d) Executive Order 13123 of June 3, 1999, Greening the Government through Efficient Energy Management.

(e) Executive Order 13221 of July 31, 2001, Energy-Efficient Standby Power Devices.

### 23.202 Policy.

The Government's policy is to acquire supplies and services that promote energy and water efficiency, advance the use of renewable energy products, and help foster markets for emerging technologies. This policy extends to all acquisitions, including those below the simplified acquisition threshold.

### 23.203 Energy-efficient products.

(a) Unless exempt as provided at [23.204](#)—

(1) When acquiring energy-consuming products listed in the ENERGY STAR® Program or Federal Energy Management Program (FEMP)—

(i) Agencies shall purchase ENERGY STAR® or FEMP-designated products; and

(ii) For products that consume power in a standby mode and are listed on FEMP's Low Standby Power Devices product listing, agencies shall—

(A) Purchase items which meet FEMP's standby power wattage recommendation or document the reason for not purchasing such items; or

(B) If FEMP has listed a product without a corresponding wattage recommendation, purchase items which use

no more than one watt in their standby power consuming mode. When it is impracticable to meet the one watt requirement, agencies shall purchase items with the lowest standby wattage practicable; and

(2) When contracting for services or construction that will include the provision of energy-consuming products, agencies shall specify products that comply with the applicable requirements in paragraph (a)(1) of this section.

(b) Information is available via the Internet about—

(1) ENERGY STAR® at <http://www.energystar.gov/products>; and

(2) FEMP at [http://www1.eere.energy.gov/femp/procurement/eep\\_requirements.html](http://www1.eere.energy.gov/femp/procurement/eep_requirements.html).

### 23.204 Procurement exemptions.

An agency is not required to procure an ENERGY STAR® or FEMP-designated product if the head of the agency determines in writing that—

(a) No ENERGY STAR® or FEMP-designated product is reasonably available that meets the functional requirements of the agency; or

(b) No ENERGY STAR® or FEMP-designated product is cost effective over the life of the product taking energy cost savings into account.

### 23.205 Energy-savings performance contracts.

(a) Section 403 of Executive Order 13123 of June 3, 1999, Greening the Government through Efficient Energy Management, requires an agency to make maximum use of the authority provided in the National Energy Conservation Policy Act ([42 U.S.C. 8287](#)) to use an energy-savings performance contract (ESPC), when life-cycle cost-effective, to reduce energy use and cost in the agency's facilities and operations.

(b)(1) Under an ESPC, an agency can contract with an energy service company for a period not to exceed 25 years to improve energy efficiency in one or more agency facilities at no direct capital cost to the United States Treasury. The energy service company finances the capital costs of implementing energy conservation measures and receives, in return, a contractually determined share of the cost savings that result.

(2) Except as provided in 10 CFR 436.34, ESPC's are subject to [Subpart 17.1](#).

(c) To solicit and award an ESPC, the contracting officer—

(1) Must use the procedures, selection method, and terms and conditions provided in 10 CFR Part 436, Subpart B; at <http://www.eren.doe.gov/femp/resources/legislation.html>; and

(2) May use the "Qualified List" of energy service companies established by the Department of Energy and other agencies.

**23.206 Contract clause.**

Unless exempt pursuant to [23.204](#), insert the clause at [52.223-15](#), Energy Efficiency in Energy-Consuming Products, in solicitations and contracts when energy-consuming products listed in the ENERGY STAR® Program or FEMP will be—

(a) Delivered;

(b) Acquired by the contractor for use in performing services at a Federally-controlled facility;

(c) Furnished by the contractor for use by the Government; or

(d) Specified in the design of a building or work, or incorporated during its construction, renovation, or maintenance.

## Subpart 36.6—Architect-Engineer Services

### 36.600 Scope of subpart.

This subpart prescribes policies and procedures applicable to the acquisition of architect-engineer services, including orders for architect-engineer services under multi-agency contracts (see [16.505\(a\)\(8\)](#)).

### 36.601 Policy.

#### 36.601-1 Public announcement.

The Government shall publicly announce all requirements for architect-engineer services and negotiate contracts for these services based on the demonstrated competence and qualifications of prospective contractors to perform the services at fair and reasonable prices. (See [40 U.S.C. 1101 et seq.](#))

#### 36.601-2 Competition.

Acquisition of architect-engineer services in accordance with the procedures in this subpart will constitute a competitive procedure. (See [6.102\(d\)\(1\)](#).)

#### 36.601-3 Applicable contracting procedures.

(a)(1) For facility design contracts, the statement of work shall require that the architect-engineer specify, in the construction design specifications, use of the maximum practicable amount of recovered materials consistent with the performance requirements, availability, price reasonableness, and cost-effectiveness. Where appropriate, the statement of work also shall require the architect-engineer to consider energy conservation, pollution prevention, and waste reduction to the maximum extent practicable in developing the construction design specifications.

(2) Facility design solicitations and contracts that include the specification of energy-consuming products must comply with the requirements at [Subpart 23.2](#).

(b) Sources for contracts for architect-engineer services shall be selected in accordance with the procedures in this subpart rather than the solicitation or source selection procedures prescribed in [Parts 13, 14, and 15](#) of this regulation.

(c) When the contract statement of work includes both architect-engineer services and other services, the contracting officer shall follow the procedures in this subpart if the statement of work, substantially or to a dominant extent, specifies performance or approval by a registered or licensed architect or engineer. If the statement of work does not specify such performance or approval, the contracting officer shall follow the procedures in [Parts 13, 14, or 15](#).

(d) Other than “incidental services” as specified in the definition of architect-engineer services in [2.101](#) and in [36.601-4\(a\)\(3\)](#), services that do not require performance by a registered or licensed architect or engineer, notwithstanding

the fact that architect-engineers also may perform those services, should be acquired pursuant to [Parts 13, 14, and 15](#).

#### 36.601-4 Implementation.

(a) Contracting officers should consider the following services to be “architect-engineer services” subject to the procedures of this subpart:

(1) Professional services of an architectural or engineering nature, as defined by applicable State law, which the State law requires to be performed or approved by a registered architect or engineer.

(2) Professional services of an architectural or engineering nature associated with design or construction of real property.

(3) Other professional services of an architectural or engineering nature or services incidental thereto (including studies, investigations, surveying and mapping, tests, evaluations, consultations, comprehensive planning, program management, conceptual designs, plans and specifications, value engineering, construction phase services, soils engineering, drawing reviews, preparation of operating and maintenance manuals and other related services) that logically or justifiably require performance by registered architects or engineers or their employees.

(4) Professional surveying and mapping services of an architectural or engineering nature. Surveying is considered to be an architectural and engineering service and shall be procured pursuant to section [36.601](#) from registered surveyors or architects and engineers. Mapping associated with the research, planning, development, design, construction, or alteration of real property is considered to be an architectural and engineering service and is to be procured pursuant to section [36.601](#). However, mapping services that are not connected to traditionally understood or accepted architectural and engineering activities, are not incidental to such architectural and engineering activities or have not in themselves traditionally been considered architectural and engineering services shall be procured pursuant to provisions in [Parts 13, 14, and 15](#).

(b) Contracting officers may award contracts for architect-engineer services to any firm permitted by law to practice the professions of architecture or engineering.

### 36.602 Selection of firms for architect-engineer contracts.

#### 36.602-1 Selection criteria.

(a) Agencies shall evaluate each potential contractor in terms of its—

(1) Professional qualifications necessary for satisfactory performance of required services;

(2) Specialized experience and technical competence in the type of work required, including, where appropriate, expe-

rience in energy conservation, pollution prevention, waste reduction, and the use of recovered materials;

(3) Capacity to accomplish the work in the required time;

(4) Past performance on contracts with Government agencies and private industry in terms of cost control, quality of work, and compliance with performance schedules;

(5) Location in the general geographical area of the project and knowledge of the locality of the project; provided, that application of this criterion leaves an appropriate number of qualified firms, given the nature and size of the project; and

(6) Acceptability under other appropriate evaluation criteria.

(b) When the use of design competition is approved by the agency head or a designee, agencies may evaluate firms on the basis of their conceptual design of the project. Design competition may be used when—

(1) Unique situations exist involving prestige projects, such as the design of memorials and structures of unusual national significance;

(2) Sufficient time is available for the production and evaluation of conceptual designs; and

(3) The design competition, with its costs, will substantially benefit the project.

(c) Hold discussions with at least three of the most highly qualified firms regarding concepts, the relative utility of alternative methods and feasible ways to prescribe the use of recovered materials and achieve waste reduction and energy-efficiency in facility design (see [Part 23](#)).

### 36.602-2 Evaluation boards.

(a) When acquiring architect-engineer services, an agency shall provide for one or more permanent or ad hoc architect-engineer evaluation boards (which may include preselection boards when authorized by agency regulations) to be composed of members who, collectively, have experience in architecture, engineering, construction, and Government and related acquisition matters. Members shall be appointed from among highly qualified professional employees of the agency or other agencies, and if authorized by agency procedure, private practitioners of architecture, engineering, or related professions. One Government member of each board shall be designated as the chairperson.

(b) No firm shall be eligible for award of an architect-engineer contract during the period in which any of its principals or associates are participating as members of the awarding agency's evaluation board.

### 36.602-3 Evaluation board functions.

Under the general direction of the head of the contracting activity, an evaluation board shall perform the following functions:

(a) Review the current data files on eligible firms and responses to a public notice concerning the particular project (see [36.604](#)).

(b) Evaluate the firms in accordance with the criteria in [36.602-1](#).

(c) Hold discussions with at least three of the most highly qualified firms regarding concepts and the relative utility of alternative methods of furnishing the required services.

(d) Prepare a selection report for the agency head or other designated selection authority recommending, in order of preference, at least three firms that are considered to be the most highly qualified to perform the required services. The report shall include a description of the discussions and evaluation conducted by the board to allow the selection authority to review the considerations upon which the recommendations are based.

### 36.602-4 Selection authority.

(a) The final selection decision shall be made by the agency head or a designated selection authority.

(b) The selection authority shall review the recommendations of the evaluation board and shall, with the advice of appropriate technical and staff representatives, make the final selection. This final selection shall be a listing, in order of preference, of the firms considered most highly qualified to perform the work. If the firm listed as the most preferred is not the firm recommended as the most highly qualified by the evaluation board, the selection authority shall provide for the contract file a written explanation of the reason for the preference. All firms on the final selection list are considered "selected firms" with which the contracting officer may negotiate in accordance with [36.606](#).

(c) The selection authority shall not add firms to the selection report. If the firms recommended in the report are not deemed to be qualified or the report is considered inadequate for any reason, the selection authority shall record the reasons and return the report through channels to the evaluation board for appropriate revision.

(d) The board shall be promptly informed of the final selection.

### 36.602-5 Short selection process for contracts not to exceed the simplified acquisition threshold.

When authorized by the agency, either or both of the short processes described in this subsection may be used to select firms for contracts not expected to exceed the simplified acquisition threshold. Otherwise, the procedures prescribed in [36.602-3](#) and [36.602-4](#) shall be followed.

(a) *Selection by the board.* The board shall review and evaluate architect-engineer firms in accordance with [36.602-3](#), except that the selection report shall serve as the final selection list and shall be provided directly to the contracting officer. The report shall serve as an authorization for the contracting officer to commence negotiations in accordance with [36.606](#).

(b) *Selection by the chairperson of the board.* When the board decides that formal action by the board is not necessary

(c) and (d) of the provision at FAR [52.203-11](#), Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions, from each person requesting or receiving a subcontract exceeding \$100,000 under this contract. The Contractor or subcontractor that awards the subcontract shall retain the declaration.

(2) A copy of each subcontractor disclosure form (but not certifications) shall be forwarded from tier to tier until received by the prime Contractor. The prime Contractor shall, at the end of the calendar quarter in which the disclosure form is submitted by the subcontractor, submit to the Contracting Officer within 30 days a copy of all disclosures. Each subcontractor certification shall be retained in the subcontract file of the awarding Contractor.

(3) The Contractor shall include the substance of this clause, including this paragraph (g), in any subcontract exceeding \$100,000.

(End of clause)

**52.203-13 Contractor Code of Business Ethics and Conduct.**

As prescribed in [3.1004](#)(a), insert the following clause:

CONTRACTOR CODE OF BUSINESS ETHICS AND CONDUCT  
(DEC 2007)

(a) *Definition.*

“United States,” as used in this clause, means the 50 States, the District of Columbia, and outlying areas.

(b) *Code of business ethics and conduct.* (1) Within 30 days after contract award, unless the Contracting Officer establishes a longer time period, the Contractor shall—

(i) Have a written code of business ethics and conduct; and

(ii) Provide a copy of the code to each employee engaged in performance of the contract.

(2) The Contractor shall promote compliance with its code of business ethics and conduct.

(c) *Awareness program and internal control system for other than small businesses.* This paragraph (c) does not apply if the Contractor has represented itself as a small business concern pursuant to the award of this contract. The Contractor shall establish within 90 days after contract award, unless the Contracting Officer establishes a longer time period—

(1) An ongoing business ethics and business conduct awareness program; and

(2) An internal control system.

(i) The Contractor’s internal control system shall—

(A) Facilitate timely discovery of improper conduct in connection with Government contracts; and

(B) Ensure corrective measures are promptly instituted and carried out.

(ii) For example, the Contractor’s internal control system should provide for—

(A) Periodic reviews of company business practices, procedures, policies, and internal controls for compliance with the Contractor’s code of business ethics and conduct and the special requirements of Government contracting;

(B) An internal reporting mechanism, such as a hotline, by which employees may report suspected instances of improper conduct, and instructions that encourage employees to make such reports;

(C) Internal and/or external audits, as appropriate; and

(D) Disciplinary action for improper conduct.

(d) *Subcontracts.* The Contractor shall include the substance of this clause, including this paragraph (d), in subcontracts that have a value in excess of \$5,000,000 and a performance period of more than 120 days, except when the subcontract—

(1) Is for the acquisition of a commercial item; or

(2) Is performed entirely outside the United States.

(End of clause)

**52.203-14 Display of Hotline Poster(s).**

As prescribed in [3.1004](#)(b), insert the following clause:

DISPLAY OF HOTLINE POSTER(S) (DEC 2007)

(a) *Definition.*

“United States,” as used in this clause, means the 50 States, the District of Columbia, and outlying areas.

(b) *Display of fraud hotline poster(s).* Except as provided in paragraph (c)—

(1) During contract performance in the United States, the Contractor shall prominently display in common work areas within business segments performing work under this contract and at contract work sites—

(i) Any agency fraud hotline poster or Department of Homeland Security (DHS) fraud hotline poster identified in paragraph (b)(3) of this clause; and

(ii) Any DHS fraud hotline poster subsequently identified by the Contracting Officer.

(2) Additionally, if the Contractor maintains a company website as a method of providing information to employees, the Contractor shall display an electronic version of the poster(s) at the website.

(3) Any required posters may be obtained as follows:

<i>Poster(s)</i>	<i>Obtain from</i>
_____	_____
_____	_____

(Contracting Officer shall insert— (i) Appropriate agency name(s) and/or title of applicable Department of Homeland Security fraud hotline poster); and

(ii) The website(s) or other contact information for obtaining the poster(s).)

(c) If the Contractor has implemented a business ethics and conduct awareness program, including a reporting mechanism, such as a hotline poster, then the Contractor need not display any agency fraud hotline posters as required in paragraph (b) of this clause, other than any required DHS posters.

(d) *Subcontracts.* The Contractor shall include the substance of this clause, including this paragraph (d), in all subcontracts that exceed \$5,000,000, except when the subcontract—

- (1) Is for the acquisition of a commercial item; or
- (2) Is performed entirely outside the United States.

(End of clause)

**52.204-1 Approval of Contract.**

As prescribed in [4.103](#), insert the following clause:

APPROVAL OF CONTRACT (DEC 1989)

This contract is subject to the written approval of [*identify title of designated agency official here*] and shall not be binding until so approved.

(End of clause)

**52.204-2 Security Requirements.**

As prescribed in [4.404\(a\)](#), insert the following clause:

SECURITY REQUIREMENTS (AUG 1996)

(a) This clause applies to the extent that this contract involves access to information classified “Confidential,” “Secret,” or “Top Secret.”

(b) The Contractor shall comply with—

(1) The Security Agreement ([DD Form 441](#)), including the *National Industrial Security Program Operating Manual* (DoD 5220.22-M); and

(2) Any revisions to that manual, notice of which has been furnished to the Contractor.

(c) If, subsequent to the date of this contract, the security classification or security requirements under this contract are changed by the Government and if the changes cause an increase or decrease in security costs or otherwise affect any other term or condition of this contract, the contract shall be subject to an equitable adjustment as if the changes were directed under the Changes clause of this contract.

(d) The Contractor agrees to insert terms that conform substantially to the language of this clause, including this paragraph (d) but excluding any reference to the Changes clause of this contract, in all subcontracts under this contract that involve access to classified information.

(End of clause)

*Alternate I (Apr 1984).* If a cost contract for research and development with an educational institution is contemplated, add the following paragraphs (e), (f), and (g) to the basic clause:

(e) If a change in security requirements, as provided in paragraphs (b) and (c), results (1) in a change in the security classification of this contract or any of its elements from an unclassified status or a lower classification to a higher classification, or (2) in more restrictive area controls than previously required, the Contractor shall exert every reasonable effort compatible with the Contractor’s established policies to continue the performance of work under the contract in compliance with the change in security classification or requirements. If, despite reasonable efforts, the Contractor determines that the continuation of work under this contract is not practicable because of the change in security classification or requirements, the Contractor shall notify the Contracting Officer in writing. Until resolution of the problem is made by the Contracting Officer, the Contractor shall continue safeguarding all classified material as required by this contract.

(f) After receiving the written notification, the Contracting Officer shall explore the circumstances surrounding the proposed change in security classification or requirements, and shall endeavor to work out a mutually satisfactory method whereby the Contractor can continue performance of the work under this contract.

(g) If, 15 days after receipt by the Contracting Officer of the notification of the Contractor’s stated inability to proceed, (1) the application to this contract of the change in security classification or requirements has not been withdrawn, or (2) a mutually satisfactory method for continuing performance of work under this contract has not been agreed upon, the Contractor may request the Contracting Officer to terminate the contract in whole or in part. The Contracting Officer shall terminate the contract in whole or in part, as may be appropriate, and the termination shall be deemed a termination under the terms of the Termination for the Convenience of the Government clause.

*Alternate II (Apr 1984).* If employee identification is required for security or other reasons in a construction contract or architect-engineer contract, add the following paragraph (e) to the basic clause:

(e) The Contractor shall be responsible for furnishing to each employee and for requiring each employee engaged on the work to display such identification as may be approved and directed by the Contracting Officer. All prescribed identification shall immediately be delivered to the Contracting Officer, for cancellation upon the release of any employee. When required by the Contracting Officer, the Contractor shall obtain

and submit fingerprints of all persons employed or to be employed on the project.

### 52.204-3 Taxpayer Identification.

As prescribed in [4.905](#), insert the following provision:

#### TAXPAYER IDENTIFICATION (OCT 1998)

##### (a) Definitions.

“Common parent,” as used in this provision, means that corporate entity that owns or controls an affiliated group of corporations that files its Federal income tax returns on a consolidated basis, and of which the offeror is a member.

“Taxpayer Identification Number (TIN),” as used in this provision, means the number required by the Internal Revenue Service (IRS) to be used by the offeror in reporting income tax and other returns. The TIN may be either a Social Security Number or an Employer Identification Number.

(b) All offerors must submit the information required in paragraphs (d) through (f) of this provision to comply with debt collection requirements of [31 U.S.C. 7701\(c\) and 3325\(d\)](#), reporting requirements of [26 U.S.C. 6041](#), 6041A, and 6050M, and implementing regulations issued by the IRS. If the resulting contract is subject to the payment reporting requirements described in Federal Acquisition Regulation (FAR) [4.904](#), the failure or refusal by the offeror to furnish the information may result in a 31 percent reduction of payments otherwise due under the contract.

(c) The TIN may be used by the Government to collect and report on any delinquent amounts arising out of the offeror’s relationship with the Government ([31 U.S.C. 7701\(c\)\(3\)](#)). If the resulting contract is subject to the payment reporting requirements described in FAR [4.904](#), the TIN provided hereunder may be matched with IRS records to verify the accuracy of the offeror’s TIN.

##### (d) Taxpayer Identification Number (TIN).

- TIN: \_\_\_\_\_.
- TIN has been applied for.
- TIN is not required because:
- Offeror is a nonresident alien, foreign corporation, or foreign partnership that does not have income effectively connected with the conduct of a trade or business in the United States and does not have an office or place of business or a fiscal paying agent in the United States;
- Offeror is an agency or instrumentality of a foreign government;
- Offeror is an agency or instrumentality of the Federal Government.

##### (e) Type of organization.

- Sole proprietorship;
- Partnership;

- Corporate entity (not tax-exempt);
- Corporate entity (tax-exempt);
- Government entity (Federal, State, or local);
- Foreign government;
- International organization per 26 CFR 1.6049-4;
- Other \_\_\_\_\_.

##### (f) Common parent.

- Offeror is not owned or controlled by a common parent as defined in paragraph (a) of this provision.
- Name and TIN of common parent:  
Name \_\_\_\_\_  
TIN \_\_\_\_\_

(End of provision)

### 52.204-4 Printed or Copied Double-Sided on Recycled Paper.

As prescribed in [4.303](#), insert the following clause:

#### PRINTED OR COPIED DOUBLE-SIDED ON RECYCLED PAPER (AUG 2000)

##### (a) Definitions. As used in this clause—

“Postconsumer material” means a material or finished product that has served its intended use and has been discarded for disposal or recovery, having completed its life as a consumer item. Postconsumer material is a part of the broader category of “recovered material.” For paper and paper products, postconsumer material means “postconsumer fiber” defined by the U.S. Environmental Protection Agency (EPA) as—

- (1) Paper, paperboard, and fibrous materials from retail stores, office buildings, homes, and so forth, after they have passed through their end-usage as a consumer item, including: used corrugated boxes; old newspapers; old magazines; mixed waste paper; tabulating cards; and used cordage; or
- (2) All paper, paperboard, and fibrous materials that enter and are collected from municipal solid waste; but not
- (3) Fiber derived from printers’ over-runs, converters’ scrap, and over-issue publications.

“Printed or copied double-sided” means printing or reproducing a document so that information is on both sides of a sheet of paper.

“Recovered material,” for paper and paper products, is defined by EPA in its Comprehensive Procurement Guideline as “recovered fiber” and means the following materials:

- (1) Postconsumer fiber; and
- (2) Manufacturing wastes such as—

(i) Dry paper and paperboard waste generated after completion of the papermaking process (that is, those manufacturing operations up to and including the cutting and trimming of the paper machine reel into smaller rolls or rough sheets) including: envelope cuttings, bindery trimmings, and other paper and paperboard waste resulting from printing, cutting, forming, and other converting operations; bag, box, and carton manufacturing wastes; and butt rolls, mill wrappers, and rejected unused stock; and

(9) *Discount.* In connection with any discount offered for early payment, time shall be computed from the date of the invoice. For the purpose of computing the discount earned, payment shall be considered to have been made on the date that appears on the payment check or the specified payment date if an electronic funds transfer payment is made.

(l) *Termination for the Government's convenience.* The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid an amount for direct labor hours (as defined in the Schedule of the contract) determined by multiplying the number of direct labor hours expended before the effective date of termination by the hourly rate(s) in the contract, less any hourly rate payments already made to the Contractor plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system that have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred that reasonably could have been avoided.

**52.212-5 Contract Terms and Conditions Required to Implement Statutes or Executive Orders— Commercial Items.**

As prescribed in [12.301\(b\)\(4\)](#), insert the following clause:

CONTRACT TERMS AND CONDITIONS REQUIRED TO IMPLEMENT STATUTES OR EXECUTIVE ORDERS— COMMERCIAL ITEMS (DEC 2007)

(a) The Contractor shall comply with the following Federal Acquisition Regulation (FAR) clauses, which are incorporated in this contract by reference, to implement provisions of law or Executive orders applicable to acquisitions of commercial items:

(1) [52.233-3](#), Protest After Award (AUG 1996) ([31 U.S.C. 3553](#)).

(2) [52.233-4](#), Applicable Law for Breach of Contract Claim (OCT 2004) (Pub. L. 108-77, 108-78)

(b) The Contractor shall comply with the FAR clauses in this paragraph (b) that the Contracting Officer has indicated as being incorporated in this contract by reference to implement provisions of law or Executive orders applicable to acquisitions of commercial items:

(d) *Comptroller General Examination of Record.* The Contractor shall comply with the provisions of this paragraph (d) if this contract was awarded using other than sealed bid, is in excess of the simplified acquisition threshold, and does not contain the clause at [52.215-2](#), Audit and Records—Negotiation.

(1) The Comptroller General of the United States, or an authorized representative of the Comptroller General, shall have access to and right to examine any of the Contractor's directly pertinent records involving transactions related to this contract.

(2) The Contractor shall make available at its offices at all reasonable times the records, materials, and other evidence for examination, audit, or reproduction, until 3 years after final payment under this contract or for any shorter period specified in FAR [Subpart 4.7](#), Contractor Records Retention, of the other clauses of this contract. If this contract is completely or partially terminated, the records relating to the work terminated shall be made available for 3 years after any resulting final termination settlement. Records relating to

appeals under the disputes clause or to litigation or the settlement of claims arising under or relating to this contract shall be made available until such appeals, litigation, or claims are finally resolved.

(3) As used in this clause, records include books, documents, accounting procedures and practices, and other data, regardless of type and regardless of form. This does not require the Contractor to create or maintain any record that the Contractor does not maintain in the ordinary course of business or pursuant to a provision of law.

(e)(1) Notwithstanding the requirements of the clauses in paragraphs (a), (b), (c), and (d) of this clause, the Contractor is not required to flow down any FAR clause, other than those in paragraphs (i) through (vii) of this paragraph in a subcontract for commercial items. Unless otherwise indicated below, the extent of the flow down shall be as required by the clause—

(i) [52.219-8](#), Utilization of Small Business Concerns (MAY 2004) ([15 U.S.C. 637\(d\)\(2\)](#) and (3)), in all subcontracts that offer further subcontracting opportunities. If the subcontract (except subcontracts to small business concerns) exceeds \$550,000 (\$1,000,000 for construction of any public facility), the subcontractor must include [52.219-8](#) in lower tier subcontracts that offer subcontracting opportunities.

(2) While not required, the contractor may include in its subcontracts for commercial items a minimal number of additional clauses necessary to satisfy its contractual obligations.

(End of clause)

*Alternate I (Feb 2000)*. As prescribed in [12.301\(b\)\(4\)](#), delete paragraph (d) from the basic clause, redesignate paragraph (e) as paragraph (d), and revise the reference to “paragraphs (a), (b), (c), or (d) of this clause” in the redesignated paragraph (d) to read “paragraphs (a), (b), and (c) of this clause.”

### 52.213-1 Fast Payment Procedure.

As prescribed in [13.404](#), insert the following clause:

#### FAST PAYMENT PROCEDURE (MAY 2006)

(a) *General*. The Government will pay invoices based on the Contractor’s delivery to a post office or common carrier (or, if shipped by other means, to the point of first receipt by the Government).

(b) *Responsibility for supplies*. (1) Title to the supplies passes to the Government upon delivery to—

(i) A post office or common carrier for shipment to the specific destination; or

(ii) The point of first receipt by the Government, if shipment is by means other than Postal Service or common carrier.

(2) Notwithstanding any other provision of the contract, order, or blanket purchase agreement, the Contractor shall—

(i) Assume all responsibility and risk of loss for supplies not received at destination, damaged in transit, or not conforming to purchase requirements; and

(ii) Replace, repair, or correct those supplies promptly at the Contractor’s expense, if instructed to do so by the Contracting Officer within 180 days from the date title to the supplies vests in the Government.

(c) *Preparation of invoice*. (1) Upon delivery to a post office or common carrier (or, if shipped by other means, the point of first receipt by the Government), the Contractor shall—

(i) Prepare an invoice as provided in this contract, order, or blanket purchase agreement; and

(ii) Display prominently on the invoice “FAST PAY.” Invoices not prominently marked “FAST PAY” via manual or electronic means may be accepted by the payment office for fast payment. If the payment office declines to make fast payment, the Contractor shall be paid in accordance with procedures applicable to invoices to which the Fast Payment clause does not apply.

(2) If the purchase price excludes the cost of transportation, the Contractor shall enter the prepaid shipping cost on the invoice as a separate item. The Contractor shall not include the cost of parcel post insurance. If transportation charges are stated separately on the invoice, the Contractor

shall retain related paid freight bills or other transportation billings paid separately for a period of 3 years and shall furnish the bills to the Government upon request.

(3) If this contract, order, or blanket purchase agreement requires the preparation of a receiving report, the Contractor shall either—

(i) Submit the receiving report on the prescribed form with the invoice; or

(ii) Include the following information on the invoice:

(A) Shipment number.

(B) Mode of shipment.

(C) At line item level—

(1) National stock number and/or manufacturer's part number;

(2) Unit of measure;

(3) Ship-To Point;

(4) Mark-For Point, if in the contract; and

(5) FEDSTRIP/MILSTRIP document number, if in the contract.

(4) If this contract, order, or blanket purchase agreement does not require preparation of a receiving report on a prescribed form, the Contractor shall include on the invoice the following information at the line item level, in addition to that required in paragraph (c)(1) of this clause:

(i) Ship-To Point.

(ii) Mark-For Point.

(iii) FEDSTRIP/MILSTRIP document number, if in the contract.

(5) Where a receiving report is not required, the Contractor shall include a copy of the invoice in each shipment.

(d) *Certification of invoice.* The Contractor certifies by submitting an invoice to the Government that the supplies being billed to the Government have been shipped or delivered in accordance with shipping instructions issued by the ordering officer, in the quantities shown on the invoice, and that the supplies are in the quantity and of the quality designated by the contract, order, or blanket purchase agreement.

(e) *FAST PAY container identification.* The Contractor shall mark all outer shipping containers "FAST PAY" When outer shipping containers are not marked "FAST PAY," the payment office may make fast payment. If the payment office declines to make fast payment, the Contractor shall be paid in accordance with procedures applicable to invoices to which the Fast Payment clause does not apply.

(End of clause)

**52.213-2 Invoices.**

As prescribed in [13.302-5\(b\)](#), insert the following clause:

INVOICES (APR 1984)

The Contractor's invoices must be submitted before payment can be made. The Contractor will be paid on the basis of the invoice, which must state—

(a) The starting and ending dates of the subscription delivery; and

(b) Either that orders have been placed in effect for the addressees required, or that the orders will be placed in effect upon receipt of payment.

(End of clause)

**52.213-3 Notice to Supplier.**

As prescribed in [13.302-5\(c\)](#), insert the following clause:

NOTICE TO SUPPLIER (APR 1984)

This is a firm order ONLY if your price does not exceed the maximum line item or total price in the Schedule. Submit invoices to the Contracting Officer. If you cannot perform in exact accordance with this order, WITHHOLD PERFORMANCE, and notify the Contracting Officer immediately, giving your quotation.

(End of clause)

**52.213-4 Terms and Conditions—Simplified Acquisitions (Other Than Commercial Items).**

As prescribed in [13.302-5\(d\)](#), insert the following clause:

TERMS AND CONDITIONS—SIMPLIFIED ACQUISITIONS  
(OTHER THAN COMMERCIAL ITEMS) (DEC 2007)

(a) The Contractor shall comply with the following Federal Acquisition Regulation (FAR) clauses that are incorporated by reference:

(1) The clauses listed below implement provisions of law or Executive order:

[Insert one or more Internet addresses]

(d) *Inspection/Acceptance*. The Contractor shall tender for acceptance only those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or reperformance of noncon-

forming services at no increase in contract price. The Government must exercise its postacceptance rights—

(1) Within a reasonable period of time after the defect was discovered or should have been discovered; and

(2) Before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

(e) *Excusable delays.* The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence, such as acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

(f) *Termination for the Government's convenience.* The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid a percentage of

the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges that the Contractor can demonstrate to the satisfaction of the Government, using its standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred that reasonably could have been avoided.

(g) *Termination for cause.* The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(h) *Warranty.* The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

(End of clause)

### 52.223-13 Certification of Toxic Chemical Release Reporting.

As prescribed in [23.906\(a\)](#), insert the following provision:

#### CERTIFICATION OF TOXIC CHEMICAL RELEASE REPORTING (AUG 2003)

(a) Executive Order 13148, of April 21, 2000, Greening the Government through Leadership in Environmental Management, requires submission of this certification as a prerequisite for contract award.

(b) By signing this offer, the offeror certifies that—

(1) As the owner or operator of facilities that will be used in the performance of this contract that are subject to the filing and reporting requirements described in section 313 of the Emergency Planning and Community Right-to-Know Act of 1986 (EPCRA) ([42 U.S.C. 11023](#)) and section 6607 of the Pollution Prevention Act of 1990 (PPA) ([42 U.S.C. 13106](#)), the offeror will file and continue to file for such facilities for the life of the contract the Toxic Chemical Release Inventory Form (Form R) as described in sections 313(a) and (g) of EPCRA and section 6607 of PPA; or

(2) None of its owned or operated facilities to be used in the performance of this contract is subject to the Form R filing and reporting requirements because each such facility is exempt for at least one of the following reasons: [*Check each block that is applicable.*]

[ ] (i) The facility does not manufacture, process, or otherwise use any toxic chemicals listed in 40 CFR 372.65;

[ ] (ii) The facility does not have 10 or more full-time employees as specified in section 313(b)(1)(A) of EPCRA, [42 U.S.C. 11023\(b\)\(1\)\(A\)](#);

[ ] (iii) The facility does not meet the reporting thresholds of toxic chemicals established under section 313(f) of EPCRA, [42 U.S.C. 11023\(f\)](#) (including the alternate thresholds at 40 CFR 372.27, provided an appropriate certification form has been filed with EPA);

[ ] (iv) The facility does not fall within the following Standard Industrial Classification (SIC) codes or their corresponding North American Industry Classification System sectors:

(A) Major group code 10 (except 1011, 1081, and 1094).

(B) Major group code 12 (except 1241).

(C) Major group codes 20 through 39.

(D) Industry code 4911, 4931, or 4939 (limited to facilities that combust coal and/or oil for the purpose of generating power for distribution in commerce).

(E) Industry code 4953 (limited to facilities regulated under the Resource Conservation and Recovery Act, Subtitle C ([42 U.S.C. 6921](#), *et seq.*), or 5169, or 5171, or 7389 (limited to facilities primarily engaged in solvent recovery services on a contract or fee basis); or

[ ] (v) The facility is not located in the United States or its outlying areas..

(End of provision)

### 52.223-14 Toxic Chemical Release Reporting.

As prescribed in [23.906\(b\)](#), insert the following clause:

#### TOXIC CHEMICAL RELEASE REPORTING (AUG 2003)

(a) Unless otherwise exempt, the Contractor, as owner or operator of a facility used in the performance of this contract, shall file by July 1 for the prior calendar year an annual Toxic Chemical Release Inventory Form (Form R) as described in sections 313(a) and (g) of the Emergency Planning and Community Right-to-Know Act of 1986 (EPCRA) ([42 U.S.C. 11023\(a\)](#) and (g)), and section 6607 of the Pollution Prevention Act of 1990 (PPA) ([42 U.S.C. 13106](#)). The Contractor shall file, for each facility subject to the Form R filing and reporting requirements, the annual Form R throughout the life of the contract.

(b) A Contractor-owned or -operated facility used in the performance of this contract is exempt from the requirement to file an annual Form R if—

(1) The facility does not manufacture, process, or otherwise use any toxic chemicals listed in 40 CFR 372.65;

(2) The facility does not have 10 or more full-time employees as specified in section 313(b)(1)(A) of EPCRA, [42 U.S.C. 11023\(b\)\(1\)\(A\)](#);

(3) The facility does not meet the reporting thresholds of toxic chemicals established under section 313(f) of EPCRA, [42 U.S.C. 11023\(f\)](#) (including the alternate thresholds at 40 CFR 372.27, provided an appropriate certification form has been filed with EPA);

(4) The facility does not fall within the following Standard Industrial Classification (SIC) codes or their corresponding North American Industry Classification System sectors:

(i) Major group code 10 (except 1011, 1081, and 1094).

(ii) Major group code 12 (except 1241).

(iii) Major group codes 20 through 39.

(iv) Industry code 4911, 4931, or 4939 (limited to facilities that combust coal and/or oil for the purpose of generating power for distribution in commerce).

(v) Industry code 4953 (limited to facilities regulated under the Resource Conservation and Recovery Act, Subtitle C ([42 U.S.C. 6921](#), *et seq.*)), or [5169](#), or [5171](#), or 7389 (limited to facilities primarily engaged in solvent recovery services on a contract or fee basis); or

(5) The facility is not located in the United States or its outlying areas.

(c) If the Contractor has certified to an exemption in accordance with one or more of the criteria in paragraph (b) of this clause, and after award of the contract circumstances change

so that any of its owned or operated facilities used in the performance of this contract is no longer exempt—

(1) The Contractor shall notify the Contracting Officer; and

(2) The Contractor, as owner or operator of a facility used in the performance of this contract that is no longer exempt, shall—

(i) Submit a Toxic Chemical Release Inventory Form (Form R) on or before July 1 for the prior calendar year during which the facility becomes eligible; and

(ii) Continue to file the annual Form R for the life of the contract for such facility.

(d) The Contracting Officer may terminate this contract or take other action as appropriate, if the Contractor fails to comply accurately and fully with the EPCRA and PPA toxic chemical release filing and reporting requirements.

(e) Except for acquisitions of commercial items as defined in FAR [Part 2](#), the Contractor shall—

(1) For competitive subcontracts expected to exceed \$100,000 (including all options), include a solicitation provision substantially the same as the provision at FAR [52.223-13](#), Certification of Toxic Chemical Release Reporting; and

(2) Include in any resultant subcontract exceeding \$100,000 (including all options), the substance of this clause, except this paragraph (e).

(End of clause)

**52.223-15 Energy Efficiency in Energy-Consuming Products.**

As prescribed in [23.206](#), insert the following clause:

ENERGY EFFICIENCY IN ENERGY-CONSUMING PRODUCTS  
(DEC 2007)

(a) *Definition.* As used in this clause—

“Energy-efficient product”— (1) Means a product that—

(i) Meets Department of Energy and Environmental Protection Agency criteria for use of the Energy Star trademark label; or

(ii) Is in the upper 25 percent of efficiency for all similar products as designated by the Department of Energy’s Federal Energy Management Program.

(2) The term “product” does not include any energy-consuming product or system designed or procured for combat or combat-related missions ([42 U.S.C. 8259b](#)).

(b) The Contractor shall ensure that energy-consuming products are energy efficient products (*i.e.*, ENERGY STAR® products or FEMP-designated products) at the time of contract award, for products that are—

(1) Delivered;

(2) Acquired by the Contractor for use in performing services at a Federally-controlled facility;

(3) Furnished by the Contractor for use by the Government; or

(4) Specified in the design of a building or work, or incorporated during its construction, renovation, or maintenance.

(c) The requirements of paragraph (b) apply to the Contractor (including any subcontractor) unless—

(1) The energy-consuming product is not listed in the ENERGY STAR® Program or FEMP; or

(2) Otherwise approved in writing by the Contracting Officer.

(d) Information about these products is available for—

(1) ENERGY STAR® at <http://www.energystar.gov/products>; and

(2) FEMP at [http://www1.eere.energy.gov/femp/procurement/eep\\_requirements.html](http://www1.eere.energy.gov/femp/procurement/eep_requirements.html).

(End of clause)

**52.224-1 Privacy Act Notification.**

As prescribed in [24.104](#), insert the following clause in solicitations and contracts, when the design, development, or operation of a system of records on individuals is required to accomplish an agency function:

PRIVACY ACT NOTIFICATION (APR 1984)

The Contractor will be required to design, develop, or operate a system of records on individuals, to accomplish an agency function subject to the Privacy Act of 1974, Public Law 93-579, December 31, 1974 ([5 U.S.C. 552a](#)) and applicable agency regulations. Violation of the Act may involve the imposition of criminal penalties.

(End of clause)

**52.224-2 Privacy Act.**

As prescribed in [24.104](#), insert the following clause in solicitations and contracts, when the design, development, or operation of a system of records on individuals is required to accomplish an agency function:

PRIVACY ACT (APR 1984)

(a) The Contractor agrees to—

(1) Comply with the Privacy Act of 1974 (the Act) and the agency rules and regulations issued under the Act in the design, development, or operation of any system of records on individuals to accomplish an agency function when the contract specifically identifies—

(i) The systems of records; and

(ii) The design, development, or operation work that the contractor is to perform;

(2) Include the Privacy Act notification contained in this contract in every solicitation and resulting subcontract and in every subcontract awarded without a solicitation, when the work statement in the proposed subcontract requires the

redesign, development, or operation of a system of records on individuals that is subject to the Act; and

(3) Include this clause, including this paragraph (3), in all subcontracts awarded under this contract which requires the design, development, or operation of such a system of records.

(b) In the event of violations of the Act, a civil action may be brought against the agency involved when the violation concerns the design, development, or operation of a system of records on individuals to accomplish an agency function, and criminal penalties may be imposed upon the officers or employees of the agency when the violation concerns the operation of a system of records on individuals to accomplish an agency function. For purposes of the Act, when the contract is for the operation of a system of records on individuals to accomplish an agency function, the Contractor is considered to be an employee of the agency.

(c)(1) “Operation of a system of records,” as used in this clause, means performance of any of the activities associated with maintaining the system of records, including the collection, use, and dissemination of records.

(2) “Record,” as used in this clause, means any item, collection, or grouping of information about an individual that is maintained by an agency, including, but not limited to, education, financial transactions, medical history, and criminal or employment history and that contains the person’s name, or the identifying number, symbol, or other identifying particular assigned to the individual, such as a fingerprint or voiceprint or a photograph.

(3) “System of records on individuals,” as used in this clause, means a group of any records under the control of any agency from which information is retrieved by the name of the individual or by some identifying number, symbol, or other identifying particular assigned to the individual.

(End of clause)

**52.225-1 Buy American Act—Supplies.**

As prescribed in [25.1101](#)(a)(1), insert the following clause:

BUY AMERICAN ACT—SUPPLIES (JUNE 2003)

(a) *Definitions.* As used in this clause—

“Component” means an article, material, or supply incorporated directly into an end product.
