“Generic DUNS number” means a DUNS number assigned to a category of vendors not specific to any individual or entity.

“Indefinite delivery vehicle (IDV)” means an indefinite delivery contract or agreement that has one or more of the following clauses:

1. 52.216-18, Ordering.
2. 52.216-19, Order Limitations.
3. 52.216-20, Definite Quantity.
4. 52.216-21, Requirements.
5. 52.216-22, Indefinite Quantity.
6. Any other clause allowing ordering.

4.602 General.
(a) The FPDS provides a comprehensive web-based tool for agencies to report contract actions. The resulting data provides—

1. A basis for recurring and special reports to the President, the Congress, the Government Accountability Office, Federal executive agencies, and the general public;
2. A means of measuring and assessing the effect of Federal contracting on the Nation’s economy and the extent to which small, veteran-owned small, service-disabled veteran-owned small, HUBZone small, small disadvantaged, women-owned small business concerns, and AbilityOne nonprofit agencies operating under 41 U.S.C. chapter 85, Committee for Purchase from People Who Are Blind or Severely Disabled, are sharing in Federal contracts;
3. A means of measuring and assessing the effect of Federal contracting for promoting sustainable technologies, materials, products, and high-performance sustainable buildings. This is accomplished by collecting and reporting agency data on sustainable acquisition, including types of products purchased, the purchase costs, and the exceptions used for other than sustainable acquisition; and
4. A means of measuring and assessing the effect of other policy and management initiatives (e.g., performance based acquisitions and competition).

(b) FPDS does not provide reports for certain acquisition information used in the award of a contract action (e.g., subcontracting data, funding data, or accounting data).

(c) The FPDS Web site, https://www.fpds.gov, provides instructions for submitting data. It also provides—

1. A complete list of departments, agencies, and other entities that submit data to the FPDS;
2. Technical and end-user guidance;
3. A computer-based tutorial; and
4. Information concerning reports not generated in FPDS.

4.603 Policy.
(a) In accordance with the Federal Funding Accountability and Transparency Act of 2006 (Pub. L. 109-282), all unclassified Federal award data must be publicly accessible.

(b) Executive agencies shall use FPDS to maintain publicly available information about all unclassified contract actions exceeding the micro-purchase threshold, and any modifications to those actions that change previously reported contract action report data, regardless of dollar value.

(c) Agencies awarding assisted acquisitions or direct acquisitions must report these actions and identify the Program/Funding Agency and Office Codes from the applicable agency codes maintained by each agency at FPDS. These codes represent the agency and office that has provided the predominant amount of funding for the contract action. For assisted acquisitions, the requesting agency will receive socioeconomic credit for meeting agency small business goals, where applicable. Requesting agencies shall provide the appropriate agency bureaus component code as part of the written interagency agreement between the requesting and servicing agencies (see 17.502-1(b)(1)).

(d) Agencies awarding contract actions with a mix of appropriated and non-appropriated funding shall only report the full appropriated portion of the contract action in FPDS.

4.604 Responsibilities.
(a) The Senior Procurement Executive in coordination with the head of the contracting activity is responsible for developing and monitoring a process to ensure timely and accurate reporting of contractual actions to FPDS.

(b)(1) The responsibility for the completion and accuracy of the individual contract action report (CAR) resides with the
contracting officer who awarded the contract action. CARs in a draft or error status in FPDS are not considered complete.

(2) The CAR must be confirmed for accuracy by the contracting officer prior to release of the contract award. The CAR must then be completed in FPDS within three business days after contract award.

(3) For any action awarded in accordance with FAR 6.302-2 or pursuant to any of the authorities listed at FAR subpart 18.2, the CAR must be completed in FPDS within 30 days after contract award.

(4) When the contracting office receives written notification that a contractor has changed its size status in accordance with the clause at 52.219-28, Post-Award Small Business Program Rerepresentation, the contracting officer shall update the size status in FPDS within 30 days after receipt of contractor’s notification of rerepresentation.

(5) If after award of a contract, the contracting officer receives written notification of SBA’s final decision on a protest concerning a size determination, the contracting officer shall update FPDS to reflect the final decision.

The chief acquisition officer of each agency required to report its contract actions must submit to the General Services Administration (GSA), in accordance with FPDS guidance, within 120 days after the end of each fiscal year, an annual certification of whether, and to what degree, agency CAR data for the preceding fiscal year is complete and accurate.

4.605 Procedures.

(a) Procurement Instrument Identifier (PIID). Agencies shall have in place a process that ensures that each PIID reported to FPDS is unique Governmentwide, for all solicitations, contracts, blanket purchase agreements, basic agreements, basic ordering agreements, or orders in accordance with 4.1601 to 4.1603, and will remain so for at least 20 years from the date of contract award. Other pertinent PIID instructions for FPDS reporting can be found at https://www.fpds.gov.

(b) Data Universal Numbering System. The contracting officer must identify and report a Data Universal Numbering System (DUNS) number (Contractor Identification Number) for the successful offeror on a contract action. The DUNS number reported must identify the successful offeror’s name and address as stated in the offer and resultant contract, and as registered in the System for Award Management database in accordance with the provision at 52.204-7, System for Award Management. The contracting officer must ask the offeror to provide its DUNS number by using either the provision at 52.204-6, Data Universal Numbering System Number, the provision at 52.204-7, System for Award Management, or the provision at 52.212-1, Instructions to Offerors—Commercial Items. (For a discussion of the Commercial and Government Entity (CAGE) Code, which is a different identification number, see subpart 4.18.)

(c) Generic DUNS number: (1) The use of a generic DUNS number should be limited, and only used in the situations described in paragraph (c)(2) of this section. Use of a generic DUNS number does not supersede the requirements of either provisions 52.204-6 or 52.204-7 (if present in the solicitation) for the contractor to have a DUNS number assigned.

(2) Authorized generic DUNS numbers, maintained by the Integrated Award Environment (IAE) program office (https://www.acquisition.gov), may be used to report contracts in lieu of the contractor’s actual DUNS number only for—

(i) Contract actions valued at or below $25,000 that are awarded to a contractor that is—

(A) A student;

(B) A dependent of either a veteran, foreign service officer, or military member assigned outside the United States and its outlying areas (as defined in 2.101); or

(C) Located outside the United States and its outlying areas for work to be performed outside the United States and its outlying areas and the contractor does not otherwise have a DUNS number;

(ii) Contracts valued above $25,000 awarded to individuals located outside the United States and its outlying areas for work to be performed outside the United States and its outlying areas; or

(iii) Contracts when specific public identification of the contracted party could endanger the mission, contractor, or recipients of the acquired goods or services. The contracting officer must include a written determination in the contract file of a decision applicable to authority under this paragraph (c)(2)(iii).

(e) Office Codes. Agencies shall by March 1, 2016—

(1) Use the Activity Address Code (AAC), as defined in 2.101, assigned to the issuing contracting office as the contracting office code, and

(2) Use the AAC assigned to the program/funding office providing the predominance of funding for the contract action as the program/funding office code.

4.606 Reporting Data.

(a) Actions required to be reported to FPDS. (1) As a minimum, agencies must report the following contract actions over the micro-purchase threshold, regardless of solicitation process used, and agencies must report any modification to these contract actions that change previously reported contract action data, regardless of dollar value:

(i) Definitive contracts, including purchase orders and imprest fund buys over the micro-purchase threshold awarded by a contracting officer.

(ii) Indefinite delivery vehicle (identified as an “IDV” in FPDS). Examples of IDVs include the following:
Subpart 8.7—Acquisition from Nonprofit Agencies Employing People Who Are Blind or Severely Disabled

8.700 Scope of subpart.
This subpart prescribes the policies and procedures for implementing—
(a) 41 U.S.C. chapter 85. Committee for Purchase from People Who Are Blind or Severely Disabled; and
(b) The rules of the Committee for Purchase from People Who Are Blind or Severely Disabled (41 CFR Chapter 51), which implements the AbilityOne program.

8.701 Definitions.
As used in this subpart—
“Allocation” means an action taken by a central nonprofit agency to designate the AbilityOne participating nonprofit agencies that will furnish definite quantities of supplies or perform specific services upon receipt of orders from ordering offices.
“Central nonprofit agency” means National Industries for the Blind (NIB), which has been designated to represent people who are blind; or NISH, which has been designated to represent AbilityOne participating nonprofit agencies serving people with severe disabilities other than blindness.
“Committee” means the Committee for Purchase from People Who Are Blind or Severely Disabled.
“Government” or “entity of the Government” means any entity of the legislative or judicial branch, any executive agency, military department, Government corporation, or independent establishment, the U.S. Postal Service, or any nonappropriated-fund instrumentality of the Armed Forces.
“Ordering office” means any activity in an entity of the Government that places orders for the purchase of supplies or services under the AbilityOne Program.
“Procurement List” means a list of supplies (including military resale commodities) and services that the Committee has determined are suitable for purchase by the Government under the 41 U.S.C. chapter 85.
“Nonprofit agency serving people who are blind” or “nonprofit agency serving people with other severe disabilities” (referred to jointly as AbilityOne participating nonprofit agencies) means a qualified nonprofit agency employing people who are blind or have other severe disabilities approved by the Committee to furnish a commodity or a service to the Government under 41 U.S.C. chapter 85.

8.702 General.
The Committee is an independent Government activity with members appointed by the President of the United States. It is responsible for—
(a) Determining those supplies and services to be purchased by all entities of the Government from AbilityOne participating nonprofit agencies;
(b) Establishing prices for the supplies and services; and
(c) Establishing rules and regulations to implement the 41 U.S.C. chapter 85.

8.703 Procurement List.
The Committee maintains a Procurement List of all supplies and services required to be purchased from AbilityOne participating nonprofit agencies. The Procurement List may be accessed at: http://www.abilityone.gov. Questions concerning whether a supply item or service is on the Procurement List may be submitted at Internet e-mail address info@abilityone.gov or referred to the Committee offices at the following address and telephone number:
Committee for Purchase From People Who Are Blind or Severely Disabled,
1401 S. Clark Street, Suite 10800,
Arlington, VA 22202-3259,
(703) 603-7740.

Many items on the Procurement List are identified in the General Services Administration (GSA) Supply Catalog and GSA’s Customer Service Center Catalogs with a black square and the words “NIB/NISH Mandatory Source,” and in similar catalogs issued by the Defense Logistics Agency (DLA) and the Department of Veterans Affairs (VA). GSA, DLA, and VA are central supply agencies from which other Federal agencies are required to purchase certain supply items on the Procurement List.

8.704 Purchase priorities.
(a) The 41 U.S.C. chapter 85 requires the Government to purchase supplies or services on the Procurement List, at prices established by the Committee, from AbilityOne participating nonprofit agencies if they are available within the period required. When identical supplies or services are on the Procurement List and the Schedule of Products issued by Federal Prison Industries, Inc., ordering offices shall purchase supplies and services in the following priorities:
(1) Supplies:
   (ii) AbilityOne participating nonprofit agencies.
   (iii) Commercial sources.
(2) Services:
   (i) AbilityOne participating nonprofit agencies.
   (ii) Federal Prison Industries, Inc., or commercial sources.
(b) No other provision of the FAR shall be construed as permitting an exception to the mandatory purchase of items on the Procurement List.
(c) The Procurement List identifies those supplies for which the ordering office must obtain a formal waiver (8.604) from Federal Prison Industries, Inc., before making any purchases from AbilityOne participating nonprofit agencies.
8.705 Procedures.

8.705-1 General.

(a) Ordering offices shall obtain supplies and services on the Procurement List from the central nonprofit agency or its designated AbilityOne participating nonprofit agencies, except that supplies identified on the Procurement List as available from DLA, GSA, or VA supply distribution facilities shall be obtained through DLA, GSA, or VA procedures. If a distribution facility cannot provide the supplies, it shall inform the ordering office, which shall then order from the AbilityOne participating nonprofit agency designated by the Committee.

(b) Supply distribution facilities in DLA and GSA shall obtain supplies on the Procurement List from the central nonprofit agency identified or its designated AbilityOne participating nonprofit agency.

8.705-2 Direct-order process.

Central nonprofit agencies may authorize ordering offices to transmit orders for specific supplies or services directly to an AbilityOne participating nonprofit agency. The written authorization remains valid until it is revoked by the central nonprofit agency or the Committee. The central nonprofit agency shall specify the normal delivery or performance lead time required by the nonprofit agency. The ordering office shall reflect this lead time in its orders.

8.705-3 Allocation process.

(a) When the direct order process has not been authorized, the ordering office shall submit a letter request for allocation (requesting the designation of the AbilityOne participating nonprofit agency to produce the supplies or perform the service) to the central nonprofit agency designated in the Procurement List. Ordering offices shall request allocations in sufficient time for a reply, for orders to be placed, and for the nonprofit agency to produce the supplies or provide the service within the required delivery or performance schedule.

(b) The ordering office’s request to the central nonprofit agency for allocation shall include the following information:

1. For supplies—Item name, stock number, latest specification, quantity, unit price, date delivery is required, and destination to which delivery is to be made.

2. For services—Type and location of service required, latest specification, work to be performed, estimated volume, and required date or dates for completion.

3. Other requirements; e.g., packing, marking, as necessary.

(c) When an allocation is received, the ordering office shall promptly issue an order to the specified AbilityOne participating nonprofit agency or to the central nonprofit agency, as instructed by the allocation. If the issuance of an order is to be delayed for more than 15 days beyond receipt of the allocation, or canceled, the ordering office shall advise the central nonprofit agency immediately.

(d) Ordering offices may issue orders without limitation as to dollar amount and shall record them upon issuance as obligations. Each order shall include, as a minimum, the information contained in the request for allocation. Ordering offices shall also include additional instructions necessary for performance under the order; e.g., on the handling of Government-furnished property, reports required, and notification of shipment.

8.705-4 Compliance with orders.

(a) The central nonprofit agency shall inform the ordering office of changes in lead time experienced by its AbilityOne participating nonprofit agencies to minimize requests for extension once the ordering office places an order.

(b) The ordering office shall grant a request by a central nonprofit agency or AbilityOne participating nonprofit agency for revision in the delivery or completion schedule, if feasible. If extension of the delivery or completion date is not feasible, the ordering office shall notify the appropriate central nonprofit agency and request that it reallocate the order, or grant a purchase exception authorizing acquisition from commercial sources.

(c) When an AbilityOne participating nonprofit agency fails to perform under the terms of an order, the ordering office shall make every effort to resolve the noncompliance with the nonprofit agency involved and to negotiate an adjustment before taking action to cancel the order. If the problem cannot be resolved with the nonprofit agency, the ordering office shall refer the matter for resolution first to the central nonprofit agency and then, if necessary, to the Committee.

(d) When, after complying with §8.705-4(c), the ordering office determines that it must cancel an order, it shall notify the central nonprofit agency and, if practical, request a reallocation of the order. When the central nonprofit agency cannot reallocate the order, it shall grant a purchase exception permitting use of commercial sources, subject to approval by the Committee when the value of the purchase exception is $25,000 or more.

8.706 Purchase exceptions.

(a) Ordering offices may acquire supplies or services on the Procurement List from commercial sources only if the acquisition is specifically authorized in a purchase exception granted by the designated central nonprofit agency.

(b) The central nonprofit agency shall promptly grant purchase exceptions when—

1. The AbilityOne participating nonprofit agencies cannot provide the supplies or services within the time required, and commercial sources can provide them significantly sooner in the quantities required; or
Subpart 29.3—State and Local Taxes

29.300 Scope of subpart.
This subpart prescribes the policies and procedures regarding the exemption or immunity of Federal Government purchases and property from State and local taxation.

29.301 [Reserved]

29.302 Application of State and local taxes to the Government.
(a) Generally, purchases and leases made by the Federal Government are immune from State and local taxation. Whether any specific purchase or lease is immune, how-ever, is a legal question requiring advice and assistance of the agency-designated counsel.
(b) When it is economically feasible to do so, executive agencies shall take maximum advantage of all exemptions from State and local taxation that may be available. If appropriate, the contracting officer shall provide a Standard Form 1094, U.S. Tax Exemption Form (see Part 53), or other evidence listed in 29.305(a) to establish that the purchase is being made by the Government.

29.303 Application of State and local taxes to Government contractors and subcontractors.
(a) Prime contractors and subcontractors shall not normally be designated as agents of the Government for the purpose of claiming immunity from State or local sales or use taxes. Before any activity contends that a contractor is an agent of the Government, the matter shall be referred to the agency head for review. The referral shall include all pertinent data on which the contention is based, together with a thorough analysis of all relevant legal precedents.
(b) When purchases are not made by the Government itself, but by a prime contractor or by a subcontractor under a prime contract, the right to an exemption of the transaction from a sales or use tax may not rest on the Government’s immunity from direct taxation by States and localities. It may rest instead on provisions of the particular State or local law involved, or, in some cases, the transaction may not in fact be expressly exempt from the tax. The Government’s interest shall be protected by using the procedures in 29.101.
(c) Frequently, property (including property acquired under the progress payments clause of fixed-price contracts or the Government property clause of cost-reimbursement contracts) owned by the Government is in the possession of a contractor or subcontractor. Situations may arise in which States or localities assert the right to tax Government property directly or to tax the contractor’s or subcontractor’s possession of, interest in, or use of that property. In such cases, the contracting officer shall seek review and advice from the agency-designated counsel on the appropriate course of action.

29.304 Matters requiring special consideration. The imposition of State and local taxes may result in special contract considerations including the following:
(a) With coordination of the agency-designated counsel, a contract may (1) state that the contract price includes or excludes a specified tax or (2) require that the contractor take certain actions with regard to payment, nonpayment, refund, protest, or other treatment of a specified tax. Such special treatment may be appropriate when there is doubt as to the applicability or allocability of the tax, or when the applicability of the tax is being litigated.
(b) The applicability of State and local taxes to purchases by the Federal Government may depend on the place and terms of delivery. When the contract price will be substantial, alternative places and terms of delivery should be considered in light of possible tax consequences.
(c) Indefinite-delivery contracts for equipment rental may require the contractor to furnish equipment in any of the States. Since leased equipment remains the contractor’s property, States and local governments impose a wide variety of property, use, or other taxes on equipment leased to the Government. The amount of these taxes can vary considerably from jurisdiction to jurisdiction. See 29.401-1 for the prescription of the contract clause to be included in contracts when delivery points are not known at time of contracting.
(d) The North Carolina State and local sales and use tax.
(1) The North Carolina Sales and Use Tax Act authorizes counties and incorporated cities and towns to obtain each year from the Commissioner of Revenue of the State of North Carolina a refund of sales and use taxes indirectly paid on building materials, supplies, fixtures, and equipment that become a part of or are annexed to any building or structure erected, altered, or repaired for such counties and incorporated cities and towns in North Carolina. In United States v. Clayton, 250 F. Supp. 827 (1965), it was held that the United States is entitled to the benefit of the refund, but must follow the refund procedure of the Act and the regulations to recover what it is due.
(2) The Act provides that, to receive the refund, claimants must file, within 6 months after the claimant’s fiscal year closes, a written request substantiated by such records, receipts, and information as the Commissioner of Revenue may require. No refund will be made on an application not filed within the time allowed and in such manner as the Commissioner may require. The requirements of the Commissioner are set forth in regulations that provide that, to substantiate a refund claim for sales or use taxes paid on purchases of building materials, supplies, fixtures, or equipment by a contractor, the Government must secure from the contractor certified statements setting forth the cost of the prop-
property purchased from each vendor and the amount of sales or use taxes paid. In the event the contractor makes several purchases from the same vendor, the certified statement must indicate the invoice numbers, the inclusive dates of the invoices, the total amount of the invoices, and the sales and use taxes paid. The statement must also include the cost of any tangible personal property withdrawn from the contractor’s warehouse stock and the amount of sales or use tax paid by the contractor. Similar certified statements by subcontractors must be obtained by the general contractor and furnished to the claimant. Any local sales or use taxes included in the contractor’s statement must be shown separately from the State sales or use taxes.

(3) The clause prescribed at 29.401-2 requires contractors to submit to contracting officers by November 30 of each year a certified statement disclosing North Carolina State and local sales and use taxes paid during the 12-month period that ended the preceding September 30. The contracting officer shall ensure that contractors comply with this requirement and shall obtain the annual refund to which the Government may be entitled. The application for refund must be filed each year before March 31 and in the manner and form required by the Commissioner of Revenue. Copies of the form may be obtained from the—

State of North Carolina Department of Revenue
PO Box 25000
Raleigh, North Carolina 27640.

29.305 State and local tax exemptions.

(a) Evidence of exemption. Evidence needed to establish exemption from State or local taxes depends on the grounds for the exemption claimed, the parties to the transaction, and the requirements of the taxing jurisdiction. Such evidence may include the following:

(1) A copy of the contract or relevant portion.

(2) Copies of purchase orders, shipping documents, credit-card-imprinted sales slips, paid or acknowledged invoices, or similar documents that identify an agency or instrumentality of the United States as the buyer.

(3) A U.S. Tax Exemption Form (SF 1094).

(4) A State or local form indicating that the supplies or services are for the exclusive use of the United States.

(5) Any other State or locally required document for establishing general or specific exemption.

(6) Shipping documents indicating that shipments are in interstate or foreign commerce.

(b) Furnishing proof of exemption. If a reasonable basis to sustain a claimed exemption exists, the seller will be furnished evidence of exemption, as follows:

(1) Under a contract containing the clause at 52.229-3, Federal, State, and Local Taxes, or at 52.229-4, Federal, State, and Local Taxes (State and Local Adjustments), in accordance with the terms of those clauses.

(2) Under a cost-reimbursement contract, if requested by the contractor and approved by the contracting officer or at the discretion of the contracting officer.

(3) Under a contract or purchase order that contains no tax provision, if—

   (i) Requested by the contractor and approved by the contracting officer or at the discretion of the contracting officer; and

   (ii) Either the contract price does not include the tax or, if the transaction or property is tax exempt, the contractor consents to a reduction in the contract price.
PRB covers all benefits, other than cash benefits and life insurance benefits paid by pension plans, provided to employees, their beneficiaries, and covered dependents during the period following the employees’ retirement. Benefits encompassed include, but are not limited to, postretirement health care; life insurance provided outside a pension plan; and other welfare benefits such as tuition assistance, day care, legal services, and housing subsidies provided after retirement.

(2) To be allowable, PRB costs shall be incurred pursuant to law, employer-employee agreement, or an established policy of the contractor, and shall comply with paragraphs (o)(2)(i), (ii), or (iii) of this subsection.

(i) Pay-as-you-go. PRB costs are not accrued during the working lives of employees. Costs are assigned to the period in which—

(A) Benefits are actually provided; or

(B) The costs are paid to an insurer, provider, or other recipient for current year benefits or premiums.

(ii) Terminal funding. PRB costs are not accrued during the working lives of the employees.

(A) Terminal funding occurs when the entire PRB liability is paid in a lump sum upon the termination of employees (or upon conversion to such a terminal-funded plan) to an insurer or trustee to establish and maintain a fund or reserve for the sole purpose of providing PRB to retirees.

(B) Terminal funded costs shall be amortized over a period of 15 years.

(iii) Accrual basis. PRB costs are accrued during the working lives of employees. Accrued PRB costs shall comply with the following:

(A) Be measured and assigned in accordance with one of the following two methods described under paragraphs (o)(2)(iii)(A)/(l) or (o)(2)(iii)(A)/(2) of this subsection:

(1) Generally accepted accounting principles.

However, transitions from the pay-as-you-go method to the accrual accounting method must be handled according to paragraphs (o)(2)(iii)(A)/(l)/i) through (iii) of this subsection.

(2) In the year of transition from the pay-as-you-go method to accrual accounting for purposes of Government contract cost accounting, the transition obligation shall be the excess of the accumulated PRB obligation over the fair value of plan assets determined in accordance with subparagraph (E) of this section; the fair value must be reduced by the prepayment credit as determined in accordance with subparagraph (o)(2)(iii)(F) of this subsection.

(ii) PRB cost attributable to the transition obligation assigned to the current year that is in excess of the amount assignable to accounting periods on the basis of a straight line amortization of the transition obligation over the average remaining working lives of active employees covered by the PRB plan or a 20-year period, whichever period is longer, is unallowable. However, if the plan is comprised of inactive participants only, the PRB cost attributable to the transition obligation assigned to the current year that is in excess of the amount assignable to accounting periods on a straight line amortization of the transition obligation over the average future life expectancy of the participants is unallowable.

(iii) For a plan that transitioned from pay-as-you-go to accrual accounting for Government contract cost accounting prior to July 22, 2013, the unallowable amount of PRB cost attributable to the transition obligation amortization shall continue to be based on the cost principle in effect at the time of the transition until the original transition obligation schedule is fully amortized.

(2) Contributions to a welfare benefit fund determined in accordance with applicable Internal Revenue Code. Allowable PRB costs based on such contributions shall—

(i) Be measured using reasonable actuarial assumptions, which shall include a health care inflation assumption unless prohibited by the Internal Revenue Code provisions governing welfare benefit funds;

(ii) Be assigned to accounting periods on the basis of the average working lives of active employees covered by the PRB plan or a 15 year period, whichever period is longer. However, if the plan is comprised of inactive participants only, the cost shall be spread over the average future life expectancy of the participants; and

(iii) Exclude Federal income taxes, whether incurred by the fund or the contractor (including any increase in PRB costs associated with such taxes), unless the fund holding the plan assets is tax-exempt under the provisions of 26 USC 501(c).

(B) Be paid to an insurer or trustee to establish and maintain a fund or reserve for the sole purpose of providing PRB to retirees. The assets shall be segregated in the trust, or otherwise effectively restricted, so that they cannot be used by the employer for other purposes.

(C) Be calculated in accordance with generally accepted actuarial principles and practices as promulgated by the Actuarial Standards Board.

(D) Eliminate from costs of current and future periods the accumulated value of any prior period costs that were unallowable in accordance with paragraph (o)(3) of this section, adjusted for interest under paragraph (o)(4) of this section.

(E) Calculate the unfunded actuarial liability (unfunded accumulated postretirement benefit obligation) using the market (fair) value of assets that have been accumulated by funding costs assigned to prior periods for contract accounting purposes.
(F) Recognize as a prepayment credit the market (fair) value of assets that were accumulated by deposits or contributions that were not used to fund costs assigned to previous periods for contract accounting purposes.

(G) Comply with the following when changing from one accrual accounting method to another: the contractor shall—

1. Treat the change in the unfunded actuarial liability (unfunded accumulated postretirement benefit obligation) as a gain or loss; and

2. Present an analysis demonstrating that all costs assigned to prior periods have been accounted for in accordance with paragraphs (o)(2)(iii)(D), (E), and (F) of this section to ensure that no duplicate recovery of costs exists. Any duplicate recovery of costs due to the change from one method to another is unallowable. The analysis and new accrual accounting method may be a subject appropriate for an advance agreement in accordance with 31.109.

3. To be allowable, PRB costs must be funded by the time set for filing the Federal income tax return or any extension thereof, or paid to an insurer, provider, or other recipient by the time set for filing the Federal income tax return or extension thereof. PRB costs assigned to the current year, but not funded, paid or otherwise liquidated by the tax return due date as extended are not allowable in any subsequent year.

4. Increased PRB costs caused by delay in funding beyond 30 days after each quarter of the year to which they are assignable are unallowable.

5. The Government shall receive an equitable share of any amount of previously funded PRB costs which revert or inure to the contractor. Such equitable share shall reflect the Government’s previous participation in PRB costs through those contracts for which certified cost or pricing data were required or which were subject to subpart 31.2.

(p) Limitation on allowability of compensation.

   (i) Applicability. This paragraph (p)(1) applies to the following:

   (A) To all executive agencies, other than DOD, NASA and the Coast Guard, for contracts awarded before June 24, 2014;

   (B) To DoD, NASA, and the Coast Guard for contracts awarded before December 31, 2011;

   (iii) Exceptions. An agency head may establish one or more narrowly targeted exceptions for scientists, engineers, or other specialists upon a determination that such exceptions are needed to ensure that the executive agency has continued access to needed skills and capabilities. In making such a determination, the agency shall consider, at a minimum, for each contractor employee in a narrowly targeted excepted position—

   (A) The amount of taxpayer funded compensation to be received by each employee; and

   (B) The duties and services performed by each employee.

   (iv) Definitions. As used in this paragraph (p)—

   (i) “Compensation” means the total amount of wages, salary, bonuses, deferred compensation (see paragraph (k) of this subsection), and employer contributions to defined contribution pension plans (see paragraphs (j)(4) and (q) of this subsection), for the fiscal year, whether paid, earned, or otherwise accruing, as recorded in the contractor’s cost accounting records for the fiscal year.

   (ii) “Senior executive” means—

   (A) Prior to January 2, 1999—

      (1) The Chief Executive Officer (CEO) or any individual acting in a similar capacity at the contractor’s headquarters;

   (B) The four most highly compensated employees in management positions at the contractor’s headquarters, other than the CEO; and

   (C) If the contractor has intermediate home offices or segments that report directly to the contractor’s headquarters, the five most highly compensated employees in
