FAC 2005-36 SUMMARY OF ITEM

Federal Acquisition Circular (FAC) 2005-36 amends the Federal Acquisition Regulation (FAR) as specified below:

Item I—Federal Technical Data Solution (FedTeDS) (FAR Case 2008-038)

This final rule amends the Federal Acquisition Regulation (FAR) subparts 5.1, 5.2, and 7.1 to remove all references to the Federal Technical Data Solution (FedTeDS) System, and refer to the enhanced capabilities of the Governmentwide Point of Entry (GPE) system. The FedTeDS system was used to post on-line technical data packages and other items associated with solicitations that required some level of access control. It was interfaced directly with the GPE system. In April 2008, the newest version of the GPE was launched. This version incorporated the capabilities of FedTeDS, allowing the FedTeDS system to be retired. This rule will only have a slight impact on government. It will inform and direct both internal and external users to the new system and website. This rule does not have a significant impact on any automated systems.

Replacement pages: 5.1-1 and 5.1-2; 5.2-3 and 5.2-4; and 7.1-5 and 7.1-6.

Item II—Fair Labor Standards Act and Service Contract Act Price Adjustment Clauses (FAR Case 2007-021)

This final rule amends the Federal Acquisition Regulation (FAR) to specifically require the incorporation of FAR clauses 52.222-43, Fair Labor Standards Act and Service Contract Act-Price Adjustment (Multiple Year and Option Contracts) and 52.222-44, Fair Labor Standards Act and Service Contract Act-Price Adjustment, in time-and-materials and labor-hour service contracts that are subject to the Service Contract Act.

Replacement pages: 22.10-5 and 22.10-6; 52.2-39 and 52.2-40; and 52.2-127 and 52.2-128.

Item III—New Designated Country—Taiwan (FAR Case 2009-014) (Interim)

This interim rule implements in FAR Parts 22, 25, and 52, as appropriate, the designation of Taiwan under the World Trade

Organization Agreement on Government Procurement, which took effect on July 15, 2009. This FAR change allows contracting officers to purchase goods and services made in Taiwan without application of the Buy American Act if the acquisition is covered by the World Trade Organization Agreement on Government Procurement.

Replacement pages: 22.15-1 and 22.15-2; 25.1-3 and 25.1-4; 52.2-39 and 52.2-40; 52.2-42.1 and 52.2-42.2; 52.2-111 and 52.2-112; 52.2-141 and 52.2-142; 52.2-147 and 52.2-148; and 52.2-152.5 and 52.2-152.6.

Item IV—Prohibition on Restricted Business Operations in Sudan and Imports from Burma (FAR Case 2008-004)

This final rule converts the interim rule published in the Federal Register at 73 FR 33636 on June 12, 2008, to a final rule with changes. This final rule implements Section 6 of the Sudan Accountability and Divestment Act of 2007, which requires certification in each contract entered into by an Executive Agency that the contractor does not conduct certain business operations in Sudan. In addition, in accordance with Executive Orders 13310 and 13448, the Councils added Burma to the list of countries from which most imports are prohibited.

Replacement pages: 25.7-1 and 25.7-2; 52.2-29 and 52.2-30; 52.2-34.1 and 52.2-34.2; and 52.2-152.1 and 52.2-152.2.

Item V—List of Approved Attorneys, Abstractors, and Title Companies (FAR Case 2006-013)

This final rule amends Federal Acquisition Regulation (FAR) 28.203-3 and 52.228-11 to update the procedures for the acceptance of a bond with a security interest in real property. The FAR has relied on the Department of Justice (DOJ) to provide a "List of Approved Attorneys, Abstractors, and Title Companies". However, DOJ has discontinued maintenance of the List. Replacing the List, DOJ published "Title Standards 2001", establishing the evidence requirements for acceptance of title to real property for individual sureties.

The rule also provides that in lieu of evidence of title that is consistent with DOJ standards, that sureties may provide a

mortgagee title insurance policy in an insurance amount equal to the amount of the lien.

Replacement pages: 28.2-3 and 28.2-4; and 52.2-181 and 52.2-182.

Item VI—Cost Accounting Standards (CAS) Administration and Associated Federal Acquisition Regulation Clauses (FAR Case 2007-002)

This final rule converts, without change, the interim rule published in the Federal Register at 73 FR 54011 September 17, 2008. No comments were received in response to the interim rule. The interim rule amended the Federal Acquisition Regulation (FAR) to revise FAR 30.201-4(b)(1) and 52.230-1 through 52.230-5 to maintain consistency between the Federal Acquisition Regulation (FAR) and Cost Accounting Standards (CAS) regarding the administration of the CAS Board's rules, regulations and standards.

Effective June 14, 2007, the CAS Board amended the contract clauses contained in its rules and regulations at 48 CFR 9903.201-4, pertaining to the administration of CAS, to adjust the CAS applicability threshold in accordance with section 822 of the 2006 National Defense Authorization Act (Pub. L. 109-163). That section amended 41 U.S.C. 422(f)(2)(A) to require that the threshold for CAS applicability be the same as the threshold for compliance with the Truth in Negotiations Act (TINA).

Replacement pages: None.

Item VIII—Technical Amendments

This document makes amendments to the Federal Acquisition Regulation in order to make editorial changes at sections 32.503-9, 52.213-4, and 52.244-6.

Replacement pages: 32.5-5 and 32.5-6; 52.2-42.1 and 52.2-42.2; and 52.2-263 thru 52.2-266.

Subpart 22.15—Prohibition of Acquisition of Products Produced by Forced or Indentured Child Labor

22.1500 Scope.

This subpart applies to acquisitions of supplies that exceed the micro-purchase threshold.

22.1501 Definitions.

As used in this subpart—

“Forced or indentured child labor” means all work or service—

(1) Exacted from any person under the age of 18 under the menace of any penalty for its nonperformance and for which the worker does not offer himself voluntarily; or

(2) Performed by any person under the age of 18 pursuant to a contract the enforcement of which can be accomplished by process or penalties.

“List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor” means the list published by the Department of Labor in accordance with E.O. 13126 of June 12, 1999, Prohibition of Acquisition of Products Produced by Forced or Indentured Child Labor. The list identifies products, by their country of origin, that the Departments of Labor, Treasury, and State have a reasonable basis to believe might have been mined, produced, or manufactured by forced or indentured child labor.

22.1502 Policy.

Agencies must take appropriate action to enforce the laws prohibiting the manufacture or importation of products that have been mined, produced, or manufactured wholly or in part by forced or indentured child labor ([19 U.S.C. 1307](#), [29 U.S.C. 201](#), *et seq.*, and [41 U.S.C. 35](#), *et seq.*). Agencies should make every effort to avoid acquiring such products.

22.1503 Procedures for acquiring end products on the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor.

(a) When issuing a solicitation for supplies expected to exceed the micro-purchase threshold, the contracting officer must check the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor (the List) (www.dol.gov/ilab/) (see [22.1505\(a\)](#)). Appearance of a product on the List is not a bar to purchase of any such product mined, produced, or manufactured in the identified country, but rather is an alert that there is a reasonable basis to believe that such product may have been mined, produced, or manufactured by forced or indentured child labor.

(b) The requirements of this subpart that result from the appearance of any end product on the List do not apply to a solicitation or contract if the identified country of origin on the List is—

(1) Canada, and the anticipated value of the acquisition is \$25,000 or more ([Subpart 25.4](#));

(2) Israel, and the anticipated value of the acquisition is \$50,000 or more (see [25.406](#));

(3) Mexico, and the anticipated value of the acquisition is \$67,826 or more (see [Subpart 25.4](#)); or

(4) Aruba, Austria, Belgium, Bulgaria, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Italy, Japan, Korea, Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan, or the United Kingdom and the anticipated value of the acquisition is \$194,000 or more (see [25.402\(b\)](#)).

(c) Except as provided in paragraph (b) of this section, before the contracting officer may make an award for an end product (regardless of country of origin) of a type identified by country of origin on the List the offeror must certify that—

(1) It will not supply any end product on the List that was mined, produced, or manufactured in a country identified on the List for that product, as specified in the solicitation by the contracting officer in the Certification Regarding Knowledge of Child Labor for Listed End Products; or

(2)(i) It has made a good faith effort to determine whether forced or indentured child labor was used to mine, produce, or manufacture any end product to be furnished under the contract that is on the List and was mined, produced, or manufactured in a country identified on the List for that product; and

(ii) On the basis of those efforts, the offeror is unaware of any such use of child labor.

(d) Absent any actual knowledge that the certification is false, the contracting officer must rely on the offerors' certifications in making award decisions.

(e) Whenever a contracting officer has reason to believe that forced or indentured child labor was used to mine, produce, or manufacture an end product furnished pursuant to a contract awarded subject to the certification required in paragraph (c) of this section, the contracting officer must refer the matter for investigation by the agency's Inspector General, the Attorney General, or the Secretary of the Treasury, whichever is determined appropriate in accordance with agency procedures, except to the extent that the end product is from the country listed in paragraph (b) of this section, under a contract exceeding the applicable threshold.

(f) Proper certification will not prevent the head of an agency from imposing remedies in accordance with section [22.1504\(a\)\(4\)](#) if it is later discovered that the contractor has furnished an end product or component that has in fact been mined, produced, or manufactured, wholly or in part, using forced or indentured child labor.

22.1504 Violations and remedies.

(a) *Violations.* The Government may impose remedies set forth in paragraph (b) of this section for the following violations (note that the violations in paragraphs (a)(3) and (a)(4) of this section go beyond violations of the requirements relating to certification of end products) (see [22.1503](#)):

(1) The contractor has submitted a false certification regarding knowledge of the use of forced or indentured child labor.

(2) The contractor has failed to cooperate as required in accordance with the clause at [52.222-19](#), Child Labor Cooperation with Authorities and Remedies, with an investigation of the use of forced or indentured child labor by an Inspector General, the Attorney General, or the Secretary of the Treasury.

(3) The contractor uses forced or indentured child labor in its mining, production, or manufacturing processes.

(4) The contractor has furnished an end product or component mined, produced, or manufactured, wholly or in part, by forced or indentured child labor. Remedies in paragraphs (b)(2) and (b)(3) of this section are inappropriate unless the contractor knew of the violation.

(b) *Remedies.* (1) The contracting officer may terminate the contract.

(2) The suspending official may suspend the contractor in accordance with the procedures in [Subpart 9.4](#).

(3) The debarring official may debar the contractor for a period not to exceed 3 years in accordance with the procedures in [Subpart 9.4](#).

22.1505 Solicitation provision and contract clause.

(a) Except as provided in paragraph (b) of [22.1503](#), insert the provision at [52.222-18](#), Certification Regarding Knowledge of Child Labor for Listed End Products, in all solicitations that are expected to exceed the micro-purchase threshold and are for the acquisition of end products (regardless of country of origin) of a type identified by country of origin on the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, except solicitations for commercial items that include the provision at [52.212-3](#), Offeror Representations and Certifications—Commercial Items. The contracting officer must identify in paragraph (b) of the provision at [52.222-18](#), Certification Regarding Knowledge of Child Labor for Listed End Products, or paragraph (i)(1) of the provision at [52.212-3](#), any applicable end products and countries of origin from the List. For solicitations estimated to equal or exceed \$25,000, the contracting officer must exclude from the List in the solicitation end products from any countries identified at [22.1503](#)(b), in accordance with the specified thresholds.

(b) Insert the clause at [52.222-19](#), Child Labor—Cooperation with Authorities and Remedies, in all solicitations and contracts for the acquisition of supplies that are expected to exceed the micro-purchase thresholds.

paragraph (a)(3) of the clause at [52.232-16](#), Progress Payments, without regard to the provisions of [32.503-6](#).

(f) *Fair value of undelivered work.* Progress payments must be commensurate with the fair value of work accomplished in accordance with contract requirements. The contracting officer must adjust progress payments when necessary to ensure that the fair value of undelivered work equals or exceeds the amount of unliquidated progress payments. On loss contracts, the application of a loss ratio as provided at paragraph (g) of this subsection constitutes this adjustment.

(g) *Loss contracts.* (1) If the sum of the total costs incurred under a contract plus the estimated costs to complete the performance are likely to exceed the contract price, the contracting officer shall compute a loss ratio factor and adjust future progress payments to exclude the element of loss. The loss ratio factor is computed as follows:

(i) Revise the current contract price used in progress payment computations (the current ceiling price under fixed-price incentive contracts) to include the not-to-exceed amount for any pending change orders and unpriced orders.

(ii) Divide the revised contract price by the sum of the total costs incurred to date plus the estimated additional costs of completing the contract performance.

(2) If the contracting officer believes a loss is probable, future progress payment requests shall be modified as follows:

(i) The contract price shall be the revised amount computed under paragraph (g)(1)(i) of this section.

(ii) The total costs eligible for progress payments shall be the product of—

(A) the sum of paid costs eligible for progress payments times;

(B) the loss ratio factor computed under paragraph (g)(1)(ii) of this section.

(iii) The costs applicable to items delivered, invoiced, and accepted shall not include costs in excess of the contract price of the items.

(3) The contracting officer may use audit assistance, technical services, management reports, and other sources of pertinent data to evaluate progress payment requests. If the contracting officer concludes that the contractor's figures in the contractor's progress payment request are not correct, the contracting officer shall—

(i) In the manner prescribed in paragraph (g)(4) of this section, prepare a supplementary analysis to be attached to the contractor's request;

(ii) Advise the contractor in writing of the differences; and

(iii) Adjust all further progress payments in accordance with paragraph (g)(1) of this section, using the contracting officer's figures, until the difference is resolved.

(4) The following is an example of the supplementary analysis required in paragraph (g)(3) of this subsection:

SECTION I:	
Contract price	\$2,850,000
Change orders and unpriced orders (to extent funds have been obligated)	\$150,000
Revised contract price	\$3,000,000
SECTION II:	
Total costs incurred to date	\$2,700,000
Estimated additional costs to complete	\$900,000
Total costs to complete	\$3,600,000

$$\text{Loss ratio factor} = \frac{\$3,000,000}{\$3,600,000} = 83.3\%$$

Total costs eligible for progress payments	\$2,700,000
Loss ratio factor	× 83.3%
Recognized costs for progress payments	\$2,249,100
Progress payment rate	× 80.0%
Alternate amount to be used	\$1,799,280

SECTION III:	
Factored costs of items delivered*	\$750,000
Recognized costs applicable to undelivered items (\$2,249,100-\$750,000)	\$1,499,100

*This amount must be the same as the contract price of the items delivered.

32.503-7 [Reserved]

32.503-8 Liquidation rates—ordinary method.

The Government recoups progress payments through the deduction of liquidations from payments that would otherwise be due to the contractor for completed contract items. To determine the amount of the liquidation, the contracting officer applies a liquidation rate to the contract price of contract items delivered and accepted. The ordinary method is that the liquidation rate is the same as the progress payment rate. At the beginning of a contract, the contracting officer must use this method.

32.503-9 Liquidation rates—alternate method.

(a) The liquidation rate determined under [32.503-8](#) shall apply throughout the period of contract performance unless the contracting officer adjusts the liquidation rate under the alternate method in this [32.503-9](#). The objective of the alternate liquidation rate method is to permit the contractor to retain the earned profit element of the contract prices for completed items in the liquidation process. The contracting officer may reduce the liquidation rate if—

(1) The contractor requests a reduction in the rate;

(2) The rate has not been reduced in the preceding 12 months;

(3) The contract delivery schedule extends at least 18 months from the contract award date;

(4) Data on actual costs are available—

(i) For the products delivered, or

(ii) If no deliveries have been made, for a performance period of at least 12 months;

(5) The reduced liquidation rate would result in the Government recouping under each invoice the full extent of the progress payments applicable to the costs allocable to that invoice;

(6) The contractor would not be paid for more than the costs of items delivered and accepted (less allocable progress payments) and the earned profit on those items;

(7) The unliquidated progress payments would not exceed the limit prescribed in paragraph (a)(5) of the Progress Payments clause;

(8) The parties agree on an appropriate rate; and

(9) The contractor agrees to certify annually, or more often if requested by the contracting officer, that the alternate rate continues to meet the conditions of subsections 5, 6, and 7 of this section. The certificate must be accompanied by adequate supporting information.

(b) The contracting officer shall change the liquidation rate in the following circumstances:

(1) The rate shall be increased for both previous and subsequent transactions, if the contractor experiences a lower profit rate than the rate anticipated at the time the liquidation rate was associated with contract items already delivered, as well as subsequent progress payments.

(2) The rate shall be increased or decreased in keeping with the successive changes to the contract price or target profit when—

(i) The target profit is changed under a fixed-price incentive contract with successive targets; or

(ii) A redetermined price involves a change in the profit element under a contract with prospective price redetermination at stated intervals.

(c) Whenever the liquidation rate is changed, the contracting officer shall issue a contract modification to specify the new rate in the Progress Payments clause. Adequate consideration for these contract modifications is provided by the consideration included in the initial contract. The parties shall promptly make the payment or liquidation required in the circumstances.

32.503-10 Establishing alternate liquidation rates.

(a) The contracting officer must ensure that the liquidation rate is—

(1) High enough to result in Government recoupment of the applicable progress payments on each billing; and

(2) Supported by documentation included in the administration office contract file.

(b) The minimum liquidation rate is the expected progress payments divided by the contract price. Each of these factors is discussed below:

(1) The contracting officer must compute the expected progress payments by multiplying the estimated cost of performing the contract by the progress payment rate.

(2) For purposes of computing the liquidation rate, the contracting officer may adjust the estimated cost and the contract price to include the estimated value of any work authorized but not yet priced and any projected economic adjustments; however, the contracting officer's adjustment must not exceed the Government's estimate of the price of all authorized work or the funds obligated for the contract.

(3) The following are examples of the computation. Assuming an estimated price of \$2,200,000 and total estimated costs eligible for progress payments of \$2,000,000:

(i) If the progress payment rate is 80 percent, the minimum liquidation rate should be 72.7 percent, computed as follows:

$$\begin{array}{rcl} \$2,000,000 \times 80\% & = & 72.7\% \\ \$2,200,000 & & \end{array}$$

(ii) If the progress payment rate is 85 percent, the minimum liquidation rate should be 77.3 percent, computed as follows:

$$\begin{array}{rcl} \$2,000,000 \times 85\% & = & 77.3\% \\ \$2,200,000 & & \end{array}$$

(4) Minimum liquidation rates will generally be expressed to tenths of a percent. Decimals between tenths will be rounded up to the next highest tenth (not necessarily the nearest tenth), since rounding down would produce a rate below the minimum rate calculated.

32.503-11 Adjustments for price reduction.

(a) If a retroactive downward price reduction occurs under a redeterminable contract that provides for progress payments, the contracting officer shall—

(1) Determine the refund due and obtain repayment from the contractor for the excess of payments made for delivered items over amounts due as recomputed at the reduced prices; and

(2) Increase the unliquidated progress payments amount for overdeductions made from the contractor's billings for items delivered.

(b) The contracting officer shall also increase the unliquidated progress payments amount if the contractor makes an

(l) *Debriefing.* If a post-award debriefing is given to requesting offerors, the Government shall disclose the following information, if applicable:

- (1) The agency’s evaluation of the significant weak or deficient factors in the debriefed offeror’s offer.
- (2) The overall evaluated cost or price and technical rating of the successful and the debriefed offeror and past performance information on the debriefed offeror.

Technical and past performance, when combined, are _____ *[Contracting Officer state, in accordance with FAR [15.304](#), the relative importance of all other evaluation factors, when combined, when compared to price.]*

(b) *Options.* The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer’s specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are

negotiations after its receipt, unless a written notice of withdrawal is received before award.

(b) *Listed end products.* The following end product(s) being acquired under this solicitation is (are) included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, identified by their country of origin. There is a reasonable basis to believe that listed end products from the listed countries of origin may have been

mined, produced, or manufactured by forced or indentured child labor.

Listed End Product	Listed Countries of Origin
_____	_____

(2) The offeror may supply an end product listed in paragraph (b) of this provision that was mined, produced, or manufactured in the corresponding country as listed for that product. The offeror certifies that it has made a good faith effort to determine whether forced or indentured child labor was used to mine, produce, or manufacture such end product. On the basis of those efforts, the offeror certifies that it is not aware of any such use of child labor.

(b) *Cooperation with Authorities.* To enforce the laws prohibiting the manufacture or importation of products mined, produced, or manufactured by forced or indentured child labor, authorized officials may need to conduct investigations to determine whether forced or indentured child labor was used to mine, produce, or manufacture any product furnished under this contract. If the solicitation includes the provision [52.222-18](#), Certification Regarding Knowledge of Child Labor for Listed End Products, or the equivalent at [52.212-3](#)(i), the Contractor agrees to cooperate fully with authorized officials of the contracting agency, the Department of the Treasury, or the Department of Justice by providing reasonable access to records, documents, persons, or premises upon reasonable request by the authorized officials.

(c) *Violations.* The Government may impose remedies set forth in paragraph (d) for the following violations:

(1) The Contractor has submitted a false certification regarding knowledge of the use of forced or indentured child labor for listed end products.

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Canada into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. 52.225-11 Buy American Act—Construction Materials under Trade Agreements.

As prescribed in [25.1102\(c\)](#), insert the following clause:

BUY AMERICAN ACT—CONSTRUCTION MATERIALS
UNDER TRADE AGREEMENTS (AUG 2009)

(a) *Definitions.* As used in this clause—

“Caribbean Basin country construction material” means a construction material that—

- (1) Is wholly the growth, product, or manufacture of a Caribbean Basin country; or
- (2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a Caribbean Basin country into a new and different construction material distinct from the materials from which it was transformed.

“Commercially available off-the-shelf (COTS) item”—

- (1) Means any item of supply (including construction material) that is—
 - (i) A commercial item (as defined in paragraph (1) of the definition at FAR [2.101](#));
 - (ii) Sold in substantial quantities in the commercial marketplace; and
 - (iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in section 3 of the Shipping Act of 1984 ([46 U.S.C. App. 1702](#)), such as agricultural products and petroleum products.

“Component” means an article, material, or supply incorporated directly into a construction material.

“Construction material” means an article, material, or supply brought to the construction site by the Contractor or subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

“Cost of components” means—

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the construction material (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

“Designated country” means any of the following countries:

(1) A World Trade Organization Government Procurement Agreement country (Aruba, Austria, Belgium, Bulgaria, Canada, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of), Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan, or United Kingdom);

(2) A Free Trade Agreement country (Australia, Bahrain, Canada, Chile, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Mexico, Morocco, Nicaragua, Oman, Peru, or Singapore);

(3) A least developed country (Afghanistan, Angola, Bangladesh, Benin, Bhutan, Burkina Faso, Burundi, Cambodia, Central African Republic, Chad, Comoros, Democratic Republic of Congo, Djibouti, East Timor, Equatorial Guinea, Eritrea, Ethiopia, Gambia, Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi, Maldives, Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe, Senegal, Sierra Leone,

Solomon Islands, Somalia, Tanzania, Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia); or

(4) A Caribbean Basin country (Antigua and Barbuda, Aruba, Bahamas, Barbados, Belize, British Virgin Islands, Dominica, Grenada, Guyana, Haiti, Jamaica, Montserrat, Netherlands Antilles, St. Kitts and Nevis, St. Lucia, St. Vincent and the Grenadines, or Trinidad and Tobago).

“Designated country construction material” means a construction material that is a WTO GPA country construction material, an FTA country construction material, a least developed country construction material, or a Caribbean Basin country construction material.

“Domestic construction material” means—

(1) An unmanufactured construction material mined or produced in the United States;

(2) A construction material manufactured in the United States, if—

(i) The cost of its components mined, produced, or manufactured in the United States exceeds 50 percent of the cost of all its components. Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic; or

(ii) The construction material is a COTS item.

“Foreign construction material” means a construction material other than a domestic construction material.

“Free Trade Agreement country construction material” means a construction material that—

(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement (FTA) country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a FTA country into a new and different construction material distinct from the materials from which it was transformed.

“Least developed country construction material” means a construction material that—

(1) Is wholly the growth, product, or manufacture of a least developed country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a least developed country into a new and different construction material distinct from the materials from which it was transformed.

“United States” means the 50 States, the District of Columbia, and outlying areas.

“WTO GPA country construction material” means a construction material that—

(1) Is wholly the growth, product, or manufacture of a WTO GPA country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a WTO GPA country into a new

and different construction material distinct from the materials from which it was transformed.

(b) *Construction materials.* (1) This clause implements the Buy American Act ([41 U.S.C. 10a-10d](#)) by providing a preference for domestic construction material. In accordance with [41 U.S.C. 431](#), the component test of the Buy American Act is waived for construction material that is a COTS item (See FAR [12.505\(a\)\(2\)](#)). In addition, the Contracting Officer has determined that the WTO GPA and Free Trade Agreements (FTAs) apply to this acquisition. Therefore, the Buy American Act restrictions are waived for designated county construction materials.

(2) The Contractor shall use only domestic or designated country construction material in performing this contract, except as provided in paragraphs (b)(3) and (b)(4) of this clause.

(3) The requirement in paragraph (b)(2) of this clause does not apply to the construction materials or components listed by the Government as follows:

[Contracting Officer to list applicable excepted materials or indicate “none”]

(4) The Contracting Officer may add other foreign construction material to the list in paragraph (b)(3) of this clause if the Government determines that—

(i) The cost of domestic construction material would be unreasonable. The cost of a particular domestic construction material subject to the restrictions of the Buy American Act is unreasonable when the cost of such material exceeds the cost of foreign material by more than 6 percent;

(ii) The application of the restriction of the Buy American Act to a particular construction material would be impracticable or inconsistent with the public interest; or

(iii) The construction material is not mined, produced, or manufactured in the United States in sufficient and reasonably available commercial quantities of a satisfactory quality.

(c) *Request for determination of inapplicability of the Buy American Act.* (1)(i) Any Contractor request to use foreign construction material in accordance with paragraph (b)(4) of this clause shall include adequate information for Government evaluation of the request, including—

(A) A description of the foreign and domestic construction materials;

(B) Unit of measure;

(C) Quantity;

(D) Price;

(E) Time of delivery or availability;

(F) Location of the construction project;

(G) Name and address of the proposed supplier;

and

(h) *Contractor personnel.* The Contracting Officer may direct the Contractor, at its own expense, to remove and replace any Contractor personnel who fail to comply with or violate applicable requirements of this contract. Such action may be taken at the Government's discretion without prejudice to its rights under any other provision of this contract, including termination for default or cause.

(i) *Weapons.* (1) If the Contracting Officer, subject to the approval of the Combatant Commander or the Chief of Mission, authorizes the carrying of weapons—

(i) The Contracting Officer may authorize an approved Contractor to issue Contractor-owned weapons and ammunition to specified employees; or

(ii) The _____ [*Contracting Officer to specify individual, e.g., Contracting Officer Representative, Regional Security Officer, etc.*] may issue Government-furnished weapons and ammunition to the Contractor for issuance to specified Contractor employees.

(2) The Contractor shall provide to the Contracting Officer a specific list of personnel for whom authorization to carry a weapon is requested.

(3) The Contractor shall ensure that its personnel who are authorized to carry weapons—

(i) Are adequately trained to carry and use them—

(A) Safely;

(B) With full understanding of, and adherence to, the rules of the use of force issued by the Combatant Commander or the Chief of Mission; and

(C) In compliance with applicable agency policies, agreements, rules, regulations, and other applicable law;

(ii) Are not barred from possession of a firearm by [18 U.S.C. 922](#); and

(iii) Adhere to all guidance and orders issued by the Combatant Commander or the Chief of Mission regarding possession, use, safety, and accountability of weapons and ammunition.

(4) Upon revocation by the Contracting Officer of the Contractor's authorization to possess weapons, the Contractor shall ensure that all Government-furnished weapons and unexpended ammunition are returned as directed by the Contracting Officer.

(5) Whether or not weapons are Government-furnished, all liability for the use of any weapon by Contractor personnel rests solely with the Contractor and the Contractor employee using such weapon.

(j) *Vehicle or equipment licenses.* Contractor personnel shall possess the required licenses to operate all vehicles or equipment necessary to perform the contract in the area of performance.

(k) *Military clothing and protective equipment.* (1) Contractor personnel are prohibited from wearing military cloth-

ing unless specifically authorized by the Combatant Commander. If authorized to wear military clothing, Contractor personnel must wear distinctive patches, armbands, nametags, or headgear, in order to be distinguishable from military personnel, consistent with force protection measures.

(2) Contractor personnel may wear specific items required for safety and security, such as ballistic, nuclear, biological, or chemical protective equipment.

(l) *Evacuation.* (1) If the Chief of Mission or Combatant Commander orders a mandatory evacuation of some or all personnel, the Government will provide to United States and third country national Contractor personnel the level of assistance provided to private United States citizens.

(m) *Personnel recovery.* (1) In the case of isolated, missing, detained, captured or abducted Contractor personnel, the Government will assist in personnel recovery actions.

(2) Personnel recovery may occur through military action, action by non-governmental organizations, other Government-approved action, diplomatic initiatives, or through any combination of these options.

(n) *Notification and return of personal effects.* (1) The Contractor shall be responsible for notification of the employee-designated next of kin, and notification as soon as possible to the U.S. Consul responsible for the area in which the event occurred, if the employee—

(iii) Is isolated, missing, detained, captured, or abducted.

(2) The Contractor shall also be responsible for the return of all personal effects of deceased or missing Contractor personnel, if appropriate, to next of kin.

(o) *Mortuary affairs.* Mortuary affairs for Contractor personnel who die in the area of performance will be handled as follows:

(1) If this contract was awarded by DoD, the remains of Contractor personnel will be handled in accordance with DoD Directive 1300.22, Mortuary Affairs Policy.

(2)(i) If this contract was awarded by an agency other than DoD, the Contractor is responsible for the return of the remains of Contractor personnel from the point of identification of the remains to the location specified by the employee

or next of kin, as applicable, except as provided in paragraph (o)(2)(ii) of this clause.

(ii) In accordance with [10 U.S.C. 1486](#), the Department of Defense may provide, on a reimbursable basis, mortuary support for the disposition of remains and personal effects of all U.S. citizens upon the request of the Department of State.

(p) *Changes.* In addition to the changes otherwise authorized by the Changes clause of this contract, the Contracting Officer may, at any time, by written order identified as a change order, make changes in place of performance or Government-furnished facilities, equipment, material, services, or site. “Restricted business operations” means business operations in Sudan that include power production activities, mineral extraction activities, oil-related activities, or the production of military equipment, as those terms are defined in the Sudan Accountability and Divestment Act of 2007 (Pub. L. 110-174). Restricted business operations do not include business operations that the person (as that term is defined in Section 2 of the Sudan Accountability and Divestment Act of 2007) conducting the business can demonstrate—

(1) Are conducted under contract directly and exclusively with the regional government of southern Sudan;

(2) Are conducted pursuant to specific authorization from the Office of Foreign Assets Control in the Department of the Treasury, or are expressly exempted under Federal law from the requirement to be conducted under such authorization;

52.225-21 Required Use of American Iron, Steel, and Other Manufactured Goods—Buy American Act—Construction Materials.

As prescribed in [25.1102](#)(e), insert the following clause:

REQUIRED USE OF AMERICAN IRON, STEEL, AND MANUFACTURED GOODS-BUY AMERICAN ACT-CONSTRUCTION MATERIALS (MAR 2009)

(a) *Definitions.* As used in this clause—

“Construction material” means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. (b) *Requests for determinations of inapplicability.* An offeror requesting a determination regarding the inapplicability of section 1605 of the American Recovery and Reinvestment Act of 2009 (Pub. L. 111-5) (Recovery Act) or the Buy American Act shall submit the request with its offer, including the information and applicable supporting data required by paragraphs (c) and (d) of the clause at FAR [52.225-21](#).

52.225-23 Required Use of American Iron, Steel, and Other Manufactured Goods—Buy American Act—Construction Materials Under Trade Agreements.

As prescribed in [25.1102\(e\)](#), insert the following clause:

REQUIRED USE OF AMERICAN IRON, STEEL, AND OTHER
MANUFACTURED GOODS—BUY AMERICAN ACT—
CONSTRUCTION MATERIALS UNDER TRADE AGREEMENTS
(AUG 2009)

(a) *Definitions.* As used in this clause—

“Construction material” means an article, material, or supply brought to the construction site by the Contractor or subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

“Domestic construction material” means— (1) An unmanufactured construction material mined or produced in the United States; or

(2) A construction material manufactured in the United States.

“Foreign construction material” means a construction material other than a domestic construction material.

“Free trade agreement (FTA) country construction material” means a construction material that—

(1) Is wholly the growth, product, or manufacture of an FTA country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in an FTA country into a new and different construction material distinct from the materials from which it was transformed.

“Least developed country construction material” means a construction material that—

(1) Is wholly the growth, product, or manufacture of a least developed country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a least developed country into a new and different construction material distinct from the materials from which it was transformed.

“Manufactured construction material” means any construction material that is not unmanufactured construction material.

“Recovery Act designated country” means any of the following countries:

(1) A World Trade Organization Government Procurement Agreement (WTO GPA) country (Aruba, Austria, Belgium, Bulgaria, Canada, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of), Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan, or United Kingdom);

(2) A Free Trade Agreement country (FTA) (Australia, Bahrain, Canada, Chile, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Israel, Mexico, Morocco, Nicaragua, Oman, Peru, or Singapore); or

(3) A least developed country (Afghanistan, Angola, Bangladesh, Benin, Bhutan, Burkina Faso, Burundi, Cambodia, Central African Republic, Chad, Comoros, Democratic Republic of Congo, Djibouti, East Timor, Equatorial Guinea, Eritrea, Ethiopia, Gambia, Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi, Maldives, Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe, Senegal, Sierra Leone, Solomon Islands, Somalia, Tanzania, Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia).

“Recovery Act designated country construction material” means a construction material that is a WTO GPA country construction material, an FTA country construction material, or a least developed country construction material.

“Steel” means an alloy that includes at least 50 percent iron, between .02 and 2 percent carbon, and may include other elements.

“United States” means the 50 States, the District of Columbia, and outlying areas.

“Unmanufactured construction material” means raw material brought to the construction site for incorporation into the building or work that has not been—

(1) Processed into a specific form and shape; or

(2) Combined with other raw material to create a material that has different properties than the properties of the individual raw materials.

“WTO GPA country construction material” means a construction material that—

(1) Is wholly the growth, product, or manufacture of a WTO GPA country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a WTO GPA country into a new and different construction material distinct from the materials from which it was transformed.

(b) *Construction materials.* (1) The restrictions of section 1605 of the American Recovery and Reinvestment Act of 2009 (Pub. L. 111-5) (Recovery Act) and the Buy American Act (41 U.S.C. 10a–10d) do not apply to Recovery Act designated country construction material. Consistent with U.S. obligations under international agreements, this clause implements—

(i) Section 1605 of the Recovery Act by requiring, unless an exception applies, that all iron, steel, and other manufactured goods used as construction material in the project are produced in the United States; and

(ii) The Buy American Act by providing a preference for unmanufactured domestic construction material.

(2) The Contractor shall use only domestic or Recovery Act designated country construction material in performing this contract, except as provided in paragraphs (b)(3) and (b)(4) of this clause.

(3) The requirement in paragraph (b)(2) of this clause does not apply to the construction materials or components listed by the Government as follows:

[Contracting Officer to list applicable excepted materials or indicate “none”.]

(4) The Contracting Officer may add other construction material to the list in paragraph (b)(3) of this clause if the Government determines that—

(i) The cost of domestic construction material would be unreasonable.

(A) The cost of domestic iron, steel, or other manufactured goods used as construction material is unreasonable when the cumulative cost of such material will increase the overall cost of the contract by more than 25 percent;

(B) The cost of unmanufactured construction material is unreasonable when the cost of such material exceeds the cost of foreign material by more than 6 percent;

(ii) The construction material is not mined, produced, or manufactured in the United States in sufficient and reasonably available commercial quantities of a satisfactory quality; or

(iii) The application of the restriction of section 1605 of the Recovery Act or the Buy American Act to a particular construction material would be inconsistent with the public interest.

(c) *Request for determination of inapplicability of section 1605 of the Recovery Act or the Buy American Act.*

(1)(i) Any Contractor request to use foreign construction material in accordance with paragraph (b)(4) of this clause shall include adequate information for Government evaluation of the request, including—

(A) A description of the foreign and domestic construction materials;

(B) Unit of measure;

(C) Quantity;

(D) Cost;

(E) Time of delivery or availability;

(F) Location of the construction project;

(G) Name and address of the proposed supplier; and

(H) A detailed justification of the reason for use of foreign construction materials cited in accordance with paragraph (b)(4) of this clause.

(ii) A request based on unreasonable cost shall include a reasonable survey of the market and a completed cost comparison table in the format in paragraph (d) of this clause.

(iii) The cost of construction material shall include all delivery costs to the construction site and any applicable duty.

(iv) Any Contractor request for a determination submitted after contract award shall explain why the Contractor could not reasonably foresee the need for such determination and could not have requested the determination before contract award. If the Contractor does not submit a satisfactory explanation, the Contracting Officer need not make a determination.

(2) If the Government determines after contract award that an exception to section 1605 of the Recovery Act or the Buy American Act applies and the Contracting Officer and the Contractor negotiate adequate consideration, the Contracting Officer will modify the contract to allow use of the foreign construction material. However, when the basis for the exception is the unreasonable cost of a domestic construction material, adequate consideration is not less than the differential established in paragraph (b)(4)(i) of this clause.

(3) Unless the Government determines that an exception to the section 1605 of the Recovery Act or the Buy American Act applies, use of foreign construction material other than that covered by trade agreements is noncompliant with the applicable Act.

(d) *Data.* To permit evaluation of requests under paragraph (c) of this clause based on unreasonable cost, the Contractor shall include the following information and any applicable supporting data based on the survey of suppliers:

52.244-1 [Reserved]

52.244-2 Subcontracts.

As prescribed in [44.204\(a\)\(1\)](#), insert the following clause:

SUBCONTRACTS (JUNE 2007)

(a) *Definitions.* As used in this clause—

“Approved purchasing system” means a Contractor’s purchasing system that has been reviewed and approved in accordance with [Part 44](#) of the Federal Acquisition Regulation (FAR).

“Consent to subcontract” means the Contracting Officer’s written consent for the Contractor to enter into a particular subcontract.

“Subcontract” means any contract, as defined in FAR [Subpart 2.1](#), entered into by a subcontractor to furnish supplies or services for performance of the prime contract or a subcontract. It includes, but is not limited to, purchase orders, and changes and modifications to purchase orders.

(b) When this clause is included in a fixed-price type contract, consent to subcontract is required only on unpriced contract actions (including unpriced modifications or unpriced delivery orders), and only if required in accordance with paragraph (c) or (d) of this clause.

(c) If the Contractor does not have an approved purchasing system, consent to subcontract is required for any subcontract that—

(1) Is of the cost-reimbursement, time-and-materials, or labor-hour type; or

(2) Is fixed-price and exceeds—

(i) For a contract awarded by the Department of Defense, the Coast Guard, or the National Aeronautics and Space Administration, the greater of the simplified acquisition threshold or 5 percent of the total estimated cost of the contract; or

(ii) For a contract awarded by a civilian agency other than the Coast Guard and the National Aeronautics and Space Administration, either the simplified acquisition threshold or 5 percent of the total estimated cost of the contract.

(d) If the Contractor has an approved purchasing system, the Contractor nevertheless shall obtain the Contracting Officer’s written consent before placing the following subcontracts:

(e)(1) The Contractor shall notify the Contracting Officer reasonably in advance of placing any subcontract or modification thereof for which consent is required under paragraph (b), (c), or (d) of this clause, including the following information:

(i) A description of the supplies or services to be subcontracted.

(ii) Identification of the type of subcontract to be used.

(iii) Identification of the proposed subcontractor.

(iv) The proposed subcontract price.

(v) The subcontractor’s current, complete, and accurate cost or pricing data and Certificate of Current Cost or Pricing Data, if required by other contract provisions.

(vi) The subcontractor’s Disclosure Statement or Certificate relating to Cost Accounting Standards when such data are required by other provisions of this contract.

(vii) A negotiation memorandum reflecting—

(A) The principal elements of the subcontract price negotiations;

(B) The most significant considerations controlling establishment of initial or revised prices;

(C) The reason cost or pricing data were or were not required;

(D) The extent, if any, to which the Contractor did not rely on the subcontractor’s cost or pricing data in determining the price objective and in negotiating the final price;

(E) The extent to which it was recognized in the negotiation that the subcontractor’s cost or pricing data were not accurate, complete, or current; the action taken by the Contractor and the subcontractor; and the effect of any such defective data on the total price negotiated;

(F) The reasons for any significant difference between the Contractor’s price objective and the price negotiated; and

(G) A complete explanation of the incentive fee or profit plan when incentives are used. The explanation shall identify each critical performance element, management decisions used to quantify each incentive element, reasons for the incentives, and a summary of all trade-off possibilities considered.

(2) The Contractor is not required to notify the Contracting Officer in advance of entering into any subcontract for which consent is not required under paragraph (b), (c), or (d) of this clause.

(f) Unless the consent or approval specifically provides otherwise, neither consent by the Contracting Officer to any subcontract nor approval of the Contractor’s purchasing system shall constitute a determination—

(1) Of the acceptability of any subcontract terms or conditions;

(2) Of the allowability of any cost under this contract; or

(3) To relieve the Contractor of any responsibility for performing this contract.

(g) No subcontract or modification thereof placed under this contract shall provide for payment on a cost-plus-a-percentage-of-cost basis, and any fee payable under cost-reimbursement type subcontracts shall not exceed the fee limitations in FAR [15.404-4\(c\)\(4\)\(i\)](#).

(h) The Contractor shall give the Contracting Officer immediate written notice of any action or suit filed and prompt notice of any claim made against the Contractor by any subcontractor or vendor that, in the opinion of the Contractor, may result in litigation related in any way to this contract, with respect to which the Contractor may be entitled to reimbursement from the Government.

(i) The Government reserves the right to review the Contractor's purchasing system as set forth in FAR [Subpart 44.3](#).

(j) Paragraphs (c) and (e) of this clause do not apply to the following subcontracts, which were evaluated during negotiations:

(End of clause)

Alternate I (June 2007). As prescribed in [44.204\(a\)\(2\)](#), substitute the following paragraph (e)(2) for paragraph (e)(2) of the basic clause:

(e)(2) If the Contractor has an approved purchasing system and consent is not required under paragraph (c), or (d) of this clause, the Contractor nevertheless shall notify the Contracting Officer reasonably in advance of entering into any (i) cost-plus-fixed-fee subcontract, or (ii) fixed-price subcontract that exceeds either the simplified acquisition threshold or 5 percent of the total estimated cost of this contract. The notification shall include the information required by paragraphs (e)(1)(i) through (e)(1)(iv) of this clause.

52.244-3 [Reserved]

52.244-4 Subcontractors and Outside Associates and Consultants (Architect-Engineer Services).

As prescribed in [44.204\(b\)](#), insert the following clause:

SUBCONTRACTORS AND OUTSIDE ASSOCIATES AND
CONSULTANTS (ARCHITECT-ENGINEER SERVICES)
(AUG 1998)

Any subcontractors and outside associates or consultants required by the Contractor in connection with the services covered by the contract will be limited to individuals or firms that were specifically identified and agreed to during negotiations. The Contractor shall obtain the Contracting Officer's written consent before making any substitution for these subcontractors, associates, or consultants.

(End of clause)

52.244-5 Competition in Subcontracting.

As prescribed in [44.204\(c\)](#), insert the following clause:

COMPETITION IN SUBCONTRACTING (DEC 1996)

(a) The Contractor shall select subcontractors (including suppliers) on a competitive basis to the maximum practical

extent consistent with the objectives and requirements of the contract.

(b) If the Contractor is an approved mentor under the Department of Defense Pilot Mentor-Protégé Program (Pub. L. 101-510, section 831 as amended), the Contractor may award subcontracts under this contract on a noncompetitive basis to its protégés.

(End of clause)

As prescribed in [44.403](#), insert the following clause:

(b) To the maximum extent practicable, the Contractor shall incorporate, and require its subcontractors at all tiers to incorporate, commercial items or nondevelopmental items as components of items to be supplied under this contract.

(c)(1) The Contractor shall insert the following clauses in subcontracts for commercial items:

(i) [52.203-13](#), Contractor Code of Business Ethics and Conduct (DEC 2008) (Pub. In altering this clause to identify the appropriate parties, all disclosures of violation of the civil False Claims Act or of Federal criminal law shall be directed to the agency Office of the Inspector General, with a copy to the Contracting Officer.

(2) The contracting officer is encouraged, when practicable and cost-effective, to make accessible through the GPE additional information related to a solicitation.

(3) The contracting officer must ensure that solicitations transmitted using electronic commerce are forwarded to the GPE to satisfy the requirements of paragraph (a)(1) of this section.

(4) When an agency determines that a solicitation contains information that requires additional controls to monitor access and distribution (*e.g.*, technical data, specifications, maps, building designs, schedules, etc.), the information shall be made available through the enhanced controls of the GPE, unless an exception in paragraph (a)(5) of this section applies. The GPE meets the synopsis and advertising requirements of this part.

(5) The contracting officer need not make a solicitation available through the GPE as required in paragraph (a)(4) of this section, when—

(i) Disclosure would compromise the national security (*e.g.*, would result in disclosure of classified information, or information subject to export controls) or create other security risks. The fact that access to classified matter may be necessary to submit a proposal or perform the contract does not, in itself, justify use of this exception;

(ii) The nature of the file (*e.g.*, size, format) does not make it cost-effective or practicable for contracting officers to provide access to the solicitation through the GPE;

(iii) The agency's senior procurement executive makes a written determination that access through the GPE is not in the Government's interest.

(6) When an acquisition contains brand name specifications, the contracting officer shall include with the solicitation the justification or documentation required by [6.302-1\(c\)](#), [13.106-1\(b\)](#), or [13.501](#), redacted as necessary (see [6.305](#)).

(b) When the contracting officer does not make a solicitation available through the GPE pursuant to paragraph (a)(5) of this section, the contracting officer—

(1) Should employ other electronic means (*e.g.*, CD-ROM or electronic mail) whenever practicable and cost-effective. When solicitations are provided electronically on physical media (*e.g.*, disks) or in paper form, the contracting officer must—

(i) Maintain a reasonable number of copies of solicitations, including specifications and other pertinent information determined necessary by the contracting officer (upon request, potential sources not initially solicited should be mailed or provided copies of solicitations, if available);

(ii) Provide copies on a “first-come-first-served” basis, for pickup at the contracting office, to publishers, trade associations, information services, and other members of the public having a legitimate interest (for construction, see [36.211](#)); and

(iii) Retain a copy of the solicitation and other documents for review by and duplication for those requesting copies after the initial number of copies is exhausted; and

(2) May require payment of a fee, not exceeding the actual cost of duplication, for a copy of the solicitation document.

(c) In addition to the methods of disseminating proposed contract information in [5.101\(a\)](#) and (b), provide, upon request to small business concerns, as required by [15 U.S.C. 637\(b\)](#)—

(1) A copy of the solicitation and specifications. In the case of solicitations disseminated by electronic data interchange, solicitations may be furnished directly to the electronic address of the small business concern;

(2) The name and telephone number of an employee of the contracting office who will answer questions on the solicitation; and

(3) Adequate citations to each applicable major Federal law or agency rule with which small business concerns must comply in performing the contract.

(d) When electronic commerce (see [Subpart 4.5](#)) is used in the solicitation process, availability of the solicitation may be limited to the electronic medium.

(e) Provide copies of a solicitation issued under other than full and open competition to firms requesting copies that were not initially solicited, but only after advising the requester of the determination to limit the solicitation to a specified firm or firms as authorized under [Part 6](#).

(f) This section [5.102](#) applies to classified contracts to the extent consistent with agency security requirements (see [5.202\(a\)\(1\)](#)).

must synopsise (see [5.201](#)) all subsequent solicitations for R&D contracts, including those resulting from a previously synopsized advance notice, unless one of the exceptions in [5.202](#) applies.

(b) *Federally Funded Research and Development Centers.* Before establishing a Federally Funded Research and Development Center (FFRDC) (see [Part 35](#)) or before changing its basic purpose and mission, the sponsor must transmit at least three notices over a 90-day period to the GPE and the *Federal Register*, indicating the agency’s intention to sponsor an FFRDC or change the basic purpose and mission of an FFRDC. The notice must indicate the scope and nature of the effort to be performed and request comments. Notice is not required where the action is required by law.

(c) *Special notices.* Contracting officers may transmit to the GPE special notices of procurement matters such as business fairs, long-range procurement estimates, prebid or pre-proposal conferences, meetings, and the availability of draft solicitations or draft specifications for review.

(d) *Architect-engineering services.* Contracting officers must publish notices of intent to contract for architect-engineering services as follows:

(1) Except when exempted by [5.202](#), contracting officers must transmit to the GPE a synopsis of each proposed contract action for which the total fee (including phases and options) is expected to exceed \$25,000.

(2) When the total fee is expected to exceed \$10,000 but not exceed \$25,000, the contracting officer must comply with [5.101](#)(a)(2). When the proposed contract action is not required to be synopsized under paragraph (d)(1) of this section, the contracting officer must display a notice of the solicitation or a copy of the solicitation in a public place at the contracting office. Other optional publicizing methods are authorized in accordance with [5.101](#)(b).

(e) *Public-private competitions under OMB Circular A-76.* (1) The contracting officer shall make a formal public announcement for each streamlined or standard competition. The public announcement shall include, at a minimum, the agency, agency component, location, type of competition (streamlined or standard), activity being competed, incumbent service providers, number of Government personnel performing the activity, name of the Competitive Sourcing Official, name of the contracting officer, name of the Agency Tender Official, and projected end date of the competition.

(2) The contracting officer shall announce the end of the streamlined or standard competition by making a formal public announcement of the performance decision. (See OMB Circular A-76.)

(f) *Section 8(a) competitive acquisition.* When a national buy requirement is being considered for competitive acquisition limited to eligible 8(a) concerns under [Subpart 19.8](#), the contracting officer must transmit a synopsis of the proposed contract action to the GPE. The synopsis may be transmitted

to the GPE concurrent with submission of the agency offering (see [19.804-2](#)) to the Small Business Administration (SBA). The synopsis should also include information—

(1) Advising that the acquisition is being offered for competition limited to eligible 8(a) concerns;

(2) Specifying the North American Industry Classification System (NAICS) code;

(3) Advising that eligibility to participate may be restricted to firms in either the developmental stage or the developmental and transitional stages; and

(4) Encouraging interested 8(a) firms to request a copy of the solicitation as expeditiously as possible since the solicitation will be issued without further notice upon SBA acceptance of the requirement for the section 8(a) program.

5.206 Notices of subcontracting opportunities.

(a) The following entities may transmit a notice to the GPE to seek competition for subcontracts, to increase participation by qualified HUBZone small business, small, small disadvantaged, women-owned small business, veteran-owned small business and service-disabled veteran-owned small business concerns, and to meet established subcontracting plan goals:

(1) A contractor awarded a contract exceeding \$100,000 that is likely to result in the award of any subcontracts.

(2) A subcontractor or supplier, at any tier, under a contract exceeding \$100,000, that has a subcontracting opportunity exceeding \$10,000.

(b) The notices must describe—

(1) The business opportunity;

(2) Any prequalification requirements; and

(3) Where to obtain technical data needed to respond to the requirement.

5.207 Preparation and transmittal of synopses.

(a) *Content.* Each synopsis transmitted to the GPE must address the following data elements, as applicable:

(c) *General format for “Description.”* Prepare a clear and concise description of the supplies or services that is not unnecessarily restrictive of competition and will allow a prospective offeror to make an informed business judgment as to whether a copy of the solicitation should be requested including the following, as appropriate:

(1) National Stock Number (NSN) if assigned.

(2) Specification and whether an offeror, its product, or service must meet a qualification requirement in order to be eligible for award, and identification of the office from which additional information about the qualification requirement may be obtained (see [Subpart 9.2](#)).

(14) In the case of noncompetitive contract actions (including those that do not exceed the simplified acquisition threshold), identify the intended source and insert a statement of the reason justifying the lack of competition.

(15)(i) Except when using the sole source authority at [6.302-1](#), insert a statement that all responsible sources may submit a bid, proposal, or quotation which shall be considered by the agency.

(ii) When using the sole source authority at [6.302-1](#), insert a statement that all responsible sources may submit a capability statement, proposal, or quotation, which shall be considered by the agency.

(16) If solicitations synopsized through the GPE will not be made available through the GPE, provide information on how to obtain the solicitation.

(17) If the solicitation will be made available to interested parties through electronic data interchange, provide any information necessary to obtain and respond to the solicitation electronically.

(18) If the technical data required to respond to the solicitation will not be furnished as part of such solicitation, identify the source in the Government, such as <http://www.fedbizopps.gov/>, from which the technical data may be obtained.

(d) *Set-asides.* When the proposed acquisition provides for a total or partial small business program set-aside, or when the proposed acquisition provides for a local area set-aside (see [Subpart 26.2](#)), the contracting officer shall identify the type of set-aside in the synopsis and in the solicitation.

(e) *Codes to be used in Synopses to identify services or supplies.* Contracting officers must use one of the classification codes identified at <http://www.fedbizopps.gov/> to identify services or supplies in synopses.

(f) *Notice of solicitation cancellation.* Contracting officers may publish notices of solicitation cancellations (or indefinite suspensions) of proposed contract actions in the GPE.

nance and servicing (see [Subpart 7.3](#)), support for contracts to be performed in a designated operational area or supporting a diplomatic or consular mission (see [25.301-3](#)); and distribution of commercial items;

(15) *Government-furnished information.* Discuss any Government information, such as manuals, drawings, and test data, to be provided to prospective offerors and contractors. Indicate which information that requires additional controls to monitor access and distribution (*e.g.*, technical specifications, maps, building designs, schedules, etc.), as determined by the agency, is to be posted via the enhanced controls of the GPE at <http://www.fedbizopps.gov> (see [5.102\(a\)](#)).

(16) *Environmental and energy conservation objectives.* Discuss all applicable environmental and energy conservation objectives associated with the acquisition (see [Part 23](#)), the applicability of an environmental assessment or environmental impact statement (see 40 CFR 1502), the proposed resolution of environmental issues, and any environmentally-related requirements to be included in solicitations and contracts.

- Issuance of synopsis.
- Issuance of solicitation.
- Evaluation of proposals, audits, and field reports.
- Beginning and completion of negotiations.
- Contract preparation, review, and clearance.
- Contract award.

(21) *Identification of participants in acquisition plan preparation.* List the individuals who participated in preparing the acquisition plan, giving contact information for each.

7.106 Additional requirements for major systems.

(a) In planning for the solicitation of a major system (see [Part 34](#)) development contract, planners shall consider requiring offerors to include, in their offers, proposals to incorporate in the design of a major system—

(1) Items which are currently available within the supply system of the agency responsible for the major system, available elsewhere in the national supply system, or commercially available from more than one source; and

(2) Items which the Government will be able to acquire competitively in the future if they are likely to be needed in substantial quantities during the system’s service life.

(b) In planning for the solicitation of a major system (see [Part 34](#)) production contract, planners shall consider requiring offerors to include, in their offers, proposals identifying opportunities to assure that the Government will be able to obtain, on a competitive basis, items acquired in connection with the system that are likely to be acquired in substantial quantities during the service life of the system. Proposals submitted in response to such requirements may include the following:

(1) Proposals to provide the Government the right to use technical data to be provided under the contract for competitive future acquisitions, together with the cost to the Govern-

ment, if any, of acquiring such technical data and the right to use such data.

(2) Proposals for the qualification or development of multiple sources of supply for competitive future acquisitions.

(c) In determining whether to apply paragraphs (a) and (b) of this section, planners shall consider the purposes for which the system is being acquired and the technology necessary to meet the system's required capabilities. If such proposals are required, the contracting officer shall consider them in evaluating competing offers. In noncompetitive awards, the factors in paragraphs (a) and (b) of this section, may be considered by the contracting officer as objectives in negotiating the contract.

7.107 Additional requirements for acquisitions involving bundling.

(a) Bundling may provide substantial benefits to the Government. However, because of the potential impact on small business participation, the head of the agency must conduct market research to determine whether bundling is necessary and justified ([15 U.S.C. 644\(e\)\(2\)](#)). Market research may indicate that bundling is necessary and justified if an agency or the Government would derive measurably substantial benefits (see [10.001\(a\)\(2\)\(iv\)](#) and [\(a\)\(3\)\(vi\)](#)).

(b) Measurably substantial benefits may include, individually or in any combination or aggregate, cost savings or price reduction, quality improvements that will save time or improve or enhance performance or efficiency, reduction in acquisition cycle times, better terms and conditions, and any other benefits. The agency must quantify the identified benefits and explain how their impact would be measurably substantial. Except as provided in paragraph (d) of this section, the agency may determine bundling to be necessary and justified if, as compared to the benefits that it would derive from contracting to meet those requirements if not bundled, it would derive measurably substantial benefits equivalent to—

(1) Ten percent of the estimated contract or order value (including options) if the value is \$86 million or less; or

(2) Five percent of the estimated contract or order value (including options) or \$8.6 million, whichever is greater, if the value exceeds \$86 million.

(c) Without power of delegation, the service acquisition executive for the military departments, the Under Secretary of Defense for Acquisition, Technology and Logistics for the defense agencies, or the Deputy Secretary or equivalent for the civilian agencies may determine that bundling is necessary and justified when—

(1) The expected benefits do not meet the thresholds in paragraphs (b)(1) and (b)(2) of this section but are critical to the agency's mission success; and

(2) The acquisition strategy provides for maximum practicable participation by small business concerns.

(d) Reduction of administrative or personnel costs alone is not sufficient justification for bundling unless the cost savings are expected to be at least 10 percent of the estimated contract

or order value (including options) of the bundled requirements.

(e) Substantial bundling is any bundling that results in a contract or order that meets the dollar amounts specified in [7.104\(d\)\(2\)](#). When the proposed acquisition strategy involves substantial bundling, the acquisition strategy must additionally—

(1) Identify the specific benefits anticipated to be derived from bundling;

(2) Include an assessment of the specific impediments to participation by small business concerns as contractors that result from bundling;

(3) Specify actions designed to maximize small business participation as contractors, including provisions that encourage small business teaming;

(4) Specify actions designed to maximize small business participation as subcontractors (including suppliers) at any tier under the contract, or order, that may be awarded to meet the requirements;

(5) Include a specific determination that the anticipated benefits of the proposed bundled contract or order justify its use; and

(6) Identify alternative strategies that would reduce or minimize the scope of the bundling, and the rationale for not choosing those alternatives.

(f) The contracting officer must justify bundling in acquisition strategy documentation.

(g) In assessing whether cost savings would be achieved through bundling, the contracting officer must consider the cost that has been charged or, where data is available, could be charged by small business concerns for the same or similar work.

(h) The requirements of this section, except for paragraph (e), do not apply if a cost comparison analysis will be performed in accordance with OMB Circular A-76.

7.108 Additional requirements for telecommuting.

In accordance with section 1428 of Public Law 108-136, an agency shall generally not discourage a contractor from allowing its employees to telecommute in the performance of Government contracts. Therefore, agencies shall not—

(a) Include in a solicitation a requirement that prohibits an offeror from permitting its employees to telecommute unless the contracting officer first determines that the requirements of the agency, including security requirements, cannot be met if telecommuting is permitted. The contracting officer shall document the basis for the determination in writing and specify the prohibition in the solicitation; or

(b) When telecommuting is not prohibited, unfavorably evaluate an offer because it includes telecommuting, unless the contracting officer first determines that the requirements of the agency, including security requirements, would be adversely impacted if telecommuting is permitted. The contracting officer shall document the basis for the determination in writing and address the evaluation procedures in the solicitation.

(ii) For the operation of a Government facility, or part of a Government facility (but may be applicable to sub-contracts for services); or

(iii) Subject to Section 4(c) of the Service Contract Act (see [22.1002-3](#)).

22.1003-5 Some examples of contracts covered.

The following examples, while not definitive or exclusive, illustrate some of the types of services that have been found to be covered by the Act (see 29 CFR 4.130 for additional examples):

- (a) Motor pool operation, parking, taxicab, and ambulance services.
- (b) Packing, crating, and storage.
- (c) Custodial, janitorial, housekeeping, and guard services.
- (d) Food service and lodging.
- (e) Laundry, dry-cleaning, linen-supply, and clothing alteration and repair services.
- (f) Snow, trash, and garbage removal.
- (g) Aerial spraying and aerial reconnaissance for fire detection.
- (h) Some support services at installations, including grounds maintenance and landscaping.
- (i) Certain specialized services requiring specific skills, such as drafting, illustrating, graphic arts, stenographic reporting, or mortuary services.
- (j) Electronic equipment maintenance and operation and engineering support services.
- (k) Maintenance and repair of all types of equipment, for example, aircraft, engines, electrical motors, vehicles, and electronic, office and related business and construction equipment. (But see [22.1003-4](#)(c)(1) and (d)(1)(iv).)
- (l) Operation, maintenance, or logistics support of a Federal facility.
- (m) Data collection, processing and analysis services.

22.1003-6 Repair distinguished from remanufacturing of equipment.

(a) Contracts principally for remanufacturing of equipment which is so extensive as to be equivalent to manufacturing are subject to the Walsh-Healey Public Contracts Act, rather than to the Service Contract Act. Remanufacturing shall be deemed to be manufacturing when the criteria in either subparagraphs (a)(1) or (a)(2) of this subsection are met.

(1) Major overhaul of an item, piece of equipment, or material which is degraded or inoperable, and under which all of the following conditions exist:

- (i) The item or equipment is required to be completely or substantially torn down into individual component parts.
- (ii) Substantially all of the parts are reworked, rehabilitated, altered and/or replaced.
- (iii) The parts are reassembled so as to furnish a totally rebuilt item or piece of equipment.

(iv) Manufacturing processes similar to those which were used in the manufacturing of the item or piece of equipment are utilized.

(v) The disassembled components, if usable (except for situations where the number of items or pieces of equipment involved are too few to make it practicable) are commingled with existing inventory and, as such, lose their identification with respect to a particular piece of equipment.

(vi) The items or equipment overhauled are restored to original life expectancy, or nearly so.

(vii) Such work is performed in a facility owned or operated by the contractor.

(2) Major modification of an item, piece of equipment, or material which is wholly or partially obsolete, and under which all of the following conditions exist:

- (i) The item or equipment is required to be completely or substantially torn down.
- (ii) Outmoded parts are replaced.

22.1005 [Reserved]**22.1006 Solicitation provisions and contract clauses.**

(a)(1) The contracting officer shall insert the clause at [52.222-41](#), Service Contract Act of 1965, in solicitations and contracts (except as provided in paragraph (a)(2) of this section) if the contract is subject to the Act and is—

- (i) Over \$2,500; or

(2) The contracting officer shall not insert the clause at [52.222-41](#) (or any of the associated Service Contract Act clauses as prescribed in this section for possible use when [52.222-41](#) applies) in the resultant contract if—

(i) The solicitation includes the provision at—

(A) [52.222-48](#), Exemption from Application of the Service Contract Act to Contracts for Maintenance, Calibration, or Repair of Certain Equipment—Certification;

(B) [52.222-52](#), Exemption from Application of the Service Contract Act to Contracts for Certain Services—Certification; or

(C) Either of the comparable certifications is checked as applicable in the provision at [52.204-8\(c\)\(2\)\(v\)](#) or (vi) or [52.212-3\(k\)](#); and

(ii) The contracting officer has made the determination, in accordance with paragraphs (c)(3) or (d)(3) of subsection [22.1003-4](#), that the Service Contract Act does not apply to the contract. (In such case, insert the clause at [52.222-51](#), Exemption from Application of the Service Contract Act to Contracts for Maintenance, Calibration, or Repair of Certain Equipment—Requirements, or [52.222-53](#), Exemption from

(b) The contracting officer shall insert the clause at [52.222-42](#), Statement of Equivalent Rates for Federal Hires, in solicitations and contracts if the contract amount is expected to be over \$2,500 and the Act is applicable. (See [22.1016](#).)

(c)(1) The contracting officer shall insert the clause at [52.222-43](#), Fair Labor Standards Act and Service Contract Act—Price Adjustment (Multiple Year and Option Contracts), or another clause which accomplishes the same purpose, in solicitations and contracts if the contract is expected to be a fixed-price, time-and-materials, or labor-hour service contract containing the clause at [52.222-41](#), Service Contract Act of 1965, and is a multiple year contract or is a contract with options to renew which exceeds the simplified acquisition threshold. Contracting officers shall ensure that contract prices or contract unit price labor rates are adjusted only to the extent that a contractor's increases or decreases in applicable wages and fringe benefits are made to comply with the requirements set forth in the clauses at [52.222-43](#) (subparagraphs (d)(1), (2) and (3)), or [52.222-44](#) (subparagraphs (b)(1) and (2)). (For example, the prior year wage determination required a minimum wage rate of \$4.00 per hour. The contractor actually paid \$4.10. The new wage determination increases the minimum rate to \$4.50. The contractor increases the rate actually paid to \$4.75 per hour. The allowable price adjustment is \$.40 per hour.)

MY COMMISSION EXPIRES:

28.203-4 Substitution of assets.

An individual surety may request the Government to accept a substitute asset for that currently pledged by submitting a written request to the responsible contracting officer. The contracting officer may agree to the substitution of assets upon determining, after consultation with legal counsel, that the substitute assets to be pledged are adequate to protect the outstanding bond or guarantee obligations. If acceptable, the substitute assets shall be pledged as provided for in [Subpart 28.2](#).

28.203-5 Release of lien.

(a) After consultation with legal counsel, the contracting officer shall release the security interest on the individual surety's assets using the [Optional Form 90](#), Release of Lien on Real Property, or [Optional Form 91](#), Release of Personal Property from Escrow, or a similar release as soon as possible consistent with the conditions in paragraphs (a)(1) and (2) of this subsection. A surety's assets pledged in support of a payment bond may be released to a subcontractor or supplier upon Government receipt of a Federal district court judgment, or a sworn statement by the subcontractor or supplier that the claim is correct along with a notarized authorization of the release by the surety stating that it approves of such release.

(1) *Contracts subject to the Miller Act.* The security interest shall be maintained for the later of—

(i) 1 year following final payment;

(ii) Until completion of any warranty period (applicable only to performance bonds); or

(iii) Pending resolution of all claims filed against the payment bond during the 1-year period following final payment.

(2) *Contracts subject to alternative payment protection (28.102-1(b)(1)).* The security interest shall be maintained for the full contract performance period plus one year.

(3) *Other contracts not subject to the Miller Act.* The security interest shall be maintained for 90 days following final payment or until completion of any warranty period (applicable only to performance bonds), whichever is later.

(b) Upon written request, the contracting officer may release the security interest on the individual surety's assets in

support of a bid guarantee based upon evidence that the offer supported by the individual surety will not result in contract award.

(c) Upon written request by the individual surety, the contracting officer may release a portion of the security interest on the individual surety's assets based upon substantial performance of the contractor's obligations under its performance bond. Release of the security interest in support of a payment bond must comply with the paragraphs (a)(1) through (3) of this subsection. In making this determination, the contracting officer will give consideration as to whether the unreleased portion of the lien is sufficient to cover the remaining contract obligations, including payments to subcontractors and other potential liabilities. The individual surety shall, as a condition of the partial release, furnish an affidavit agreeing that the release of such assets does not relieve the individual surety of its obligations under the bond(s).

28.203-6 Contract clause.

Insert the clause at [52.228-11](#) in solicitations and contracts which require the submission of bid guarantees, performance, or payment bonds.

(a) An individual may be excluded from acting as a surety on bonds submitted by offerors on procurement by the executive branch of the Federal Government, by the acquiring agency's head or designee utilizing the procedures in [Subpart 9.4](#). The exclusion shall be for the purpose of protecting the Government.

(b) An individual may be excluded for any of the following causes:

(c) An individual surety excluded pursuant to this subsection shall be included in the Excluded Parties List System. (See [9.404](#).)

(d) Contracting officers shall not accept the bonds of individual sureties whose names appear in the Excluded Parties List System (see [9.404](#)) unless the acquiring agency's head or a designee states in writing the compelling reasons justifying acceptance.

The Contracting Officer shall turn over such list to the successor Contractor at the commencement of the succeeding contract.

(o) *Rulings and interpretations.* Rulings and interpretations of the Act are contained in Regulations, 29 CFR Part 4.

(p) *Contractor's certification.* (1) By entering into this contract, the Contractor (and officials thereof) certifies that neither it (nor he or she) nor any person or firm who has a substantial interest in the Contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of the sanctions imposed under section 5 of the Act.

L. 92-473, found to be necessary and proper in the public interest or to avoid serious impairment of the conduct of Government business:

(1) Apprentices, student-learners, and workers whose earning capacity is impaired by age, physical or mental deficiency, or injury may be employed at wages lower than the

minimum wages otherwise required by section 2(a)(1) or 2(b)(1) of the Act without diminishing any fringe benefits or cash payments in lieu thereof required under section 2(a)(2) of the Act, in accordance with the conditions and procedures prescribed for the employment of apprentices, student-learners, handicapped persons, and handicapped clients of sheltered workshops under section 14 of the Fair Labor Standards Act of 1938, in the regulations issued by the Administrator (29 CFR parts 520, 521, 524, and 525).

(2) The Administrator will issue certificates under the Act for the employment of apprentices, student-learners, handicapped persons, or handicapped clients of sheltered workshops not subject to the Fair Labor Standards Act of 1938, or subject to different minimum rates of pay under the two acts, authorizing appropriate rates of minimum wages (but without changing requirements concerning fringe benefits or supplementary cash payments in lieu thereof), applying procedures prescribed by the applicable regulations issued under the Fair Labor Standards Act of 1938 (29 CFR parts 520, 521, 524, and 525).

(t) *Disputes concerning labor standards.* The U.S. Department of Labor has set forth in 29 CFR parts 4, 6, and 8 procedures for resolving disputes concerning labor standards requirements. 52.222-43 Fair Labor Standards Act and Service Contract Act—Price Adjustment (Multiple Year and Option Contracts).

As prescribed in [22.1006](#)(c)(1), insert the following clause:

FAIR LABOR STANDARDS ACT AND SERVICE CONTRACT ACT—PRICE ADJUSTMENT (MULTIPLE YEAR AND OPTION CONTRACTS) (SEP 2009)

(a) This clause applies to both contracts subject to area prevailing wage determinations and contracts subject to collective bargaining agreements.

(b) The Contractor warrants that the prices in this contract do not include any allowance for any contingency to cover increased costs for which adjustment is provided under this clause.

(c) The wage determination, issued under the Service Contract Act of 1965, as amended, ([41 U.S.C. 351](#), *et seq.*), by the Administrator, Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, current on the anniversary date of a multiple year contract or the beginning of each renewal option period, shall apply to this contract. If no such determination has been made applicable to this contract, then the Federal minimum wage as established by section 6(a)(1) of the Fair Labor Standards Act of 1938, as amended, ([29 U.S.C. 206](#)) current on the anniversary date of a multiple year contract or the beginning of each renewal option period, shall apply to this contract.

(d) The contract price, contract unit price labor rates, or fixed hourly labor rates will be adjusted to reflect the Contractor's actual increase or decrease in applicable wages and fringe benefits to the extent that the increase is made to comply with or the decrease is voluntarily made by the Contractor as a result of:

(1) The Department of Labor wage determination applicable on the anniversary date of the multiple year contract, or at the beginning of the renewal option period. For example, the prior year wage determination required a minimum wage rate of \$4.00 per hour. The Contractor chose to pay \$4.10. The new wage determination increases the minimum rate to \$4.50 per hour. Even if the Contractor voluntarily increases the rate to \$4.75 per hour, the allowable price adjustment is \$.40 per hour;

(2) An increased or decreased wage determination otherwise applied to the contract by operation of law; or

(3) An amendment to the Fair Labor Standards Act of 1938 that is enacted after award of this contract, affects the minimum wage, and becomes applicable to this contract under law.

(e) Any adjustment will be limited to increases or decreases in wages and fringe benefits as described in paragraph (d) of this clause, and the accompanying increases or decreases in social security and unemployment taxes and workers' compensation insurance, but shall not otherwise include any amount for general and administrative costs, overhead, or profit.

(f) The Contractor shall notify the Contracting Officer of any increase claimed under this clause within 30 days after receiving a new wage determination unless this notification

period is extended in writing by the Contracting Officer. The Contractor shall promptly notify the Contracting Officer of any decrease under this clause, but nothing in the clause shall preclude the Government from asserting a claim within the period permitted by law. The notice shall contain a statement of the amount claimed and the change in fixed hourly rates (if this is a time-and-materials or labor-hour contract), and any relevant supporting data, including payroll records, that the Contracting Officer may reasonably require. Upon agreement of the parties, the contract price, contract unit price labor rates, or fixed hourly rates shall be modified in writing. The Contractor shall continue performance pending agreement on or determination of any such adjustment and its effective date.

(g) The Contracting Officer or an authorized representative shall have access to and the right to examine any directly pertinent books, documents, papers and records of the Contractor until the expiration of 3 years after final payment under the contract.

(End of clause)

52.222-44 Fair Labor Standards Act and Service Contract Act—Price Adjustment.

As prescribed in [22.1006\(c\)\(2\)](#), insert the following clause:

FAIR LABOR STANDARDS ACT AND SERVICE CONTRACT ACT—PRICE ADJUSTMENT (SEP 2009)

(a) This clause applies to both contracts subject to area prevailing wage determinations and contracts subject to Contractor collective bargaining agreements.

(b) The Contractor warrants that the prices in this contract do not include any allowance for any contingency to cover increased costs for which adjustment is provided under this clause.

(c) The contract price, contract unit price labor rates, or fixed hourly labor rates will be adjusted to reflect increases or decreases by the Contractor in wages and fringe benefits to the extent that these increases or decreases are made to comply with—

(1) An increased or decreased wage determination applied to this contract by operation of law; or

(2) An amendment to the Fair Labor Standards Act of 1938 that is enacted subsequent to award of this contract, affects the minimum wage, and becomes applicable to this contract under law.

(d) Any such adjustment will be limited to increases or decreases in wages and fringe benefits as described in paragraph (c) of this clause, and to the accompanying increases or decreases in social security and unemployment taxes and workers' compensation insurance; it shall not otherwise include any amount for general and administrative costs, overhead, or profit.

(e) The Contractor shall notify the Contracting Officer of any increase claimed under this clause within 30 days after the effective date of the wage change, unless this period is extended by the Contracting Officer in writing. The Contractor

shall promptly notify the Contracting Officer of any decrease under this clause, but nothing in the clause shall preclude the Government from asserting a claim within the period permitted by law. The notice shall contain a statement of the amount and the change in fixed hourly rates (if this is a time-and-materials or labor-hour contract) claimed and any relevant supporting data that the Contracting Officer may reasonably require. Upon agreement of the parties, the contract price, contract unit price labor rates, or fixed hourly rates shall be modified in writing. The Contractor shall continue performance pending agreement on or determination of any such adjustment and its effective date.

(f) The Contracting Officer or an authorized representative shall, until the expiration of 3 years after final payment under the contract, have access to and the right to examine any directly pertinent books, documents, papers, and records of the Contractor.

(End of clause)

52.222-45 [Reserved]

52.222-46 Evaluation of Compensation for Professional Employees.

As prescribed in [22.1103](#), insert the following provision:

EVALUATION OF COMPENSATION FOR PROFESSIONAL EMPLOYEES (FEB 1993)

(a) Recompetition of service contracts may in some cases result in lowering the compensation (salaries and fringe benefits) paid or furnished professional employees. This lowering can be detrimental in obtaining the quality of professional services needed for adequate contract performance. It is therefore in the Government's best interest that professional employees, as defined in 29 CFR 541, be properly and fairly compensated. As part of their proposals, offerors will submit a total compensation plan setting forth salaries and fringe benefits proposed for the professional employees who will work under the contract. The Government will evaluate the plan to assure that it reflects a sound management approach and understanding of the contract requirements. This evaluation will include an assessment of the offeror's ability to provide uninterrupted high-quality work. The professional compensation proposed will be considered in terms of its impact upon recruiting and retention, its realism, and its consistency with a total plan for compensation. Supporting information will include data, such as recognized national and regional compensation surveys and studies of professional, public and private organizations, used in establishing the total compensation structure.

(b) The compensation levels proposed should reflect a clear understanding of work to be performed and should indicate the capability of the proposed compensation structure to obtain and keep suitably qualified personnel to meet mission objectives. The salary rates or ranges must take into account differences in skills, the complexity of various disciplines, and professional job difficulty. Additionally, proposals envi-

sioning compensation levels lower than those of predecessor contractors for the same work will be evaluated on the basis of maintaining program continuity, uninterrupted high-quality work, and availability of required competent professional service employees. Offerors are cautioned that lowered compensation for essentially the same professional work may indicate lack of sound management judgment and lack of understanding of the requirement.

(c) The Government is concerned with the quality and stability of the work force to be employed on this contract. Professional compensation that is unrealistically low or not in reasonable relationship to the various job categories, since it may impair the Contractor’s ability to attract and retain competent professional service employees, may be viewed as evidence of failure to comprehend the complexity of the contract requirements.

(d) Failure to comply with these provisions may constitute sufficient cause to justify rejection of a proposal.

(End of provision)

52.222-47 [Reserved]

52.222-48 Exemption from Application of the Service Contract Act to Contracts for Maintenance, Calibration, or Repair of Certain Equipment Certification.

As prescribed in [22.1006](#)(e)(1), insert the following provision:

(2) The services will be furnished at prices which are, or are based on, established catalog or market prices for the maintenance, calibration, or repair of equipment.

(i) An “established catalog price” is a price included in a catalog, price list, schedule, or other form that is regularly maintained by the manufacturer or the offeror, is either published or otherwise available for inspection by customers, and states prices at which sales currently, or were last, made to a significant number of buyers constituting the general public.

(ii) An “established market price” is a current price, established in the usual course of trade between buyers and sellers free to bargain, which can be substantiated from sources independent of the manufacturer or offeror; and

(3) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract are the same as that used for these employees and equivalent employees servicing the same equipment of commercial customers.

(b) Certification by the offeror as to its compliance with respect to the contract also constitutes its certification as to compliance by its subcontractor if it subcontracts out the exempt services. If the offeror certifies to the conditions in paragraph (a) of this provision, and the Contracting Officer determines in accordance with FAR [22.1003-4](#)(c)(3) that the Service Contract Act—

(1) Will not apply to this offeror, then the Service Contract Act of 1965 clause in this solicitation will not be included in any resultant contract to this offeror; or

(2) Will apply to this offeror, then the clause at [52.222-51](#), Exemption from Application of the Service Contract Act to Contracts for Maintenance, Calibration, or Repair of Certain Equipment-Requirements, in this solicitation will not be included in any resultant contract awarded to this offeror, and the offeror may be provided an opportunity to submit a new offer on that basis.

(1) The clause in this solicitation at [52.222-51](#), Exemption from Application of the Service Contract Act to Contracts for Maintenance, Calibration, or Repair of Certain Equipment—Requirements, will not be included in any resultant contract awarded to this offeror; and

(2) The offeror shall notify the Contracting Officer as soon as possible, if the Contracting Officer did not attach a Service Contract Act wage determination to the solicitation.

(d) The Contracting Officer may not make an award to the offeror, if the offeror fails to execute the certification in paragraph (a) of this provision or to contact the Contracting Officer as required in paragraph (c) of this provision.

(End of provision)

(g) If any suit or action is filed or any claim is made against the Contractor, the cost and expense of which may be reimbursable to the Contractor under this contract, and the risk of which is then uninsured or is insured for less than the amount claimed, the Contractor shall—

(1) Immediately notify the Contracting Officer and promptly furnish copies of all pertinent papers received;

(2) Authorize Government representatives to collaborate with counsel for the insurance carrier in settling or defending the claim when the amount of the liability claimed exceeds the amount of coverage; and

(3) Authorize Government representatives to settle or defend the claim and to represent the Contractor in or to take charge of any litigation, if required by the Government, when the liability is not insured or covered by bond. The Contractor may, at its own expense, be associated with the Government representatives in any such claim or litigation.

(d) Before commencing work under this contract, the Contractor shall notify the Contracting Officer in writing that the required insurance has been obtained. The policies evidencing required insurance shall contain an endorsement to the effect that any cancellation or any material change adversely affecting the interests of the Government shall not be effective (1) for such period as the laws of the State in which this contract is to be performed prescribe or (2) until 30 days after written notice to the Contracting Officer, whichever period is longer. The policies shall exclude any claim by the insurer for subrogation against the Government by reason of any payment under the policies.
