FAC 2001-16 SUMMARY of ITEMS

Federal Acquisition Circular (FAC) 2001-16 amends the Federal Acquisition Regulation (FAR) as specified below:

Item I—Central Contractor Registration (FAR Case 2002-018)

This final rule amends FAR parts 1, 2, 4, 13, 32, and 52 to require contractor registration in the Central Contractor Registration (CCR) database prior to award of any contract, basic agreement, basic ordering agreement, or blanket purchase agreement on or after October 1, 2003. In addition, the rule requires contracting officers to modify existing contracts whose period of performance extends beyond December 31, 2003, to require contractors to register in the CCR database by December 31, 2003.

Replacement pages: General Structure and Subparts pp. i and ii; 1.1-3 thru 1.1-8; 2.1-1 thru 2.1-14; Part 4 TOC, 4-1 and 4-2; 4.2-1 and 4.2-2; 4.6-1 and 4.6-2; 4.9-1 and 4.9-2; 4.11-1 and 4.11-2 (added); 13.1-3 and 13.1-4; 13.2-1 and 13.2-2; 32.8-1 and 32.8-2; 32.11-1 thru 32.11-4; Part 52 TOC, 52-1 and 52-2; 52.2-9 thru 52.2-9 and 52.2-10 (52.2-10.1 and 52.2-10.2 added); 52.2-25 thru 52.2-38 (52.2-38.1 and 52.2-38.2 added); 52.2-225 and 52.2-226; and Matrix 3 and Matrix 4.

Item II—Electronic Commerce in Federal Procurement (FAR Case 1997-304)

This final rule implements section 850 of the National Defense Authorization Act for Fiscal Year 1998, Public Law 105-85, and section 810 of the Floyd D. Spence National Defense Authorization Act for Fiscal Year 2001, Public Law 106-398. Section 850 amends titles 10, 15, 40, and 41 of the United States Code to eliminate the preference for electronic commerce within Federal agencies to be conducted on the Federal Acquisition Computer Network (FACNET) computer architecture. Section 810 amends 41 U.S.C. 416 and 15 U.S.C. 637 to allow solicitation notices to be published via a single Governmentwide point of entry on the Internet designated in the FAR or via the Commerce Business Daily (CBD). The objectives of the rule are (1) to designate a single Governmentwide point of entry on the Internet, http://www.fedbizopps.gov, where agencies are required to provide convenient and universal public access to information on their procurement opportunities, and (2) to require electronic access to notices of solicitation through the single Governmentwide point of entry as a replacement for paper (or electronic) publication in the CBD.

Replacement pages: 2.1-3 and 2.1-4; 5.1-1 and 5.1-2; 5.2-1 thru 5.2-4 (5.2-5 thru 5.2-8 removed); 5.3-1 and 5.3-2; 9.2-1 thru
Item III—Unique Contract and Order Identifier Numbers (FAR Case 2002-025)

This interim rule amends the FAR to require each reporting agency to assign a unique procurement instrument identifier (PIID) for every contract, purchase order, BOA, Basic Agreement, and BPA reported to the Federal Procurement Data System; and to have in place, no later than October 1, 2003, a process that will ensure that each PIID reported to FPDS is unique, Governmentwide, and will remain so for at least 20 years from the date of contract award.

Replacement pages: 4.6-1 and 4.6-2.

Item IV—Procurements for Defense Against or Recovery From Terrorism or Nuclear, Biological, Chemical or Radiological Attack; and Temporary Emergency Procurement Authority (FAR Case 2002-026 and 2002-003)

This rule finalizes interim rules 2002-026 and 2002-003, which increased the amount of the micro-purchase threshold and the simplified acquisition threshold and provide expanded access to streamlined procedures for procurements of supplies or services by or for an executive agency that are to be used to facilitate defense against or recovery from terrorism or nuclear, biological, chemical, or radiological attack.

This final rule also amends the FAR to add the querying of commercial databases that provide information relevant to the agency acquisition as a technique for conducting market research.

Replacement pages: 10.0-1 and 10.0-2.

Item V—Notification of Overpayment, Contract Financing Payments (FAR Case 2001-005)

This final rule amends FAR parts 12, 32, and 52 to require the contractor to notify the contracting officer if the Government overpays when making an invoice payment or a contract financing payment under either a commercial item or a noncommercial item contract.

Replacement pages: Part 12 TOC, 12-1 and 12-2; 12.2-1 and 12.2-2; Part 32 TOC, 32-1 and 32-2; 32.1-3 thru 32.1-8; 52.2-31
Item VI—Caribbean Basin Country—Dominican Republic
(FAR Case 2003-006)

This final rule amends FAR 25.003, 25.400, and the clauses at FAR 52.212-5, Contract Terms and Conditions Required to Implement Statutes or Executive Orders—Commercial Items, and FAR 52.225-5, Trade Agreements, to implement the direction of the USTR to reinstate the treatment of certain products of the Dominican Republic as eligible products under acquisitions subject to the Trade Agreements Act, as published by the USTR in the Federal Register at 68 FR 27883, May 21, 2003. This change will allow Government purchase of products originating in the Dominican Republic that are not excluded from duty-free treatment under 19 U.S.C. 2703(b), unless otherwise restricted by law.

Replacement pages: 25.1-1 and 25.1-2; 25.4-1 and 25.4-2; 52.2-33 and 52.2-34; and 52.2-133 and 52.2-134.

Item VII—Prohibited Sources (FAR Case 2001-015)

This final rule removes Serbia, the Taliban-controlled regions of Afghanistan, and Iraq from the list of prohibited sources and points the contracting officer to lists of entities and individuals subject to economic sanctions that are available at http://www.epis.gov/TerList1.html. The contracting officer is no longer authorized in unusual circumstances to acquire for use outside the United States supplies or services restricted by this section, unless specifically authorized by the OFAC. However, OFAC has granted authority to Department of Defense personnel to make emergency acquisitions in direct support of U.S. or allied forces deployed in military contingency, humanitarian, or peacekeeping operations in a country or region subject to economic sanctions administered by OFAC.

Replacement pages: 25.7-1 and 25.7-2; 52.2-33 and 52.2-34; 52.2-37 and 52.2-38; and 52.2-141 thru 52.2-144.

Item VIII—Economic Planning, Employee Morale, and Travel Cost Principles (FAR Case 2002-001)

This final rule amends the FAR to revise three cost principles: (1) FAR 31.205-12, Economic planning costs; (2) FAR 31.205-13, Employee morale, health, welfare, food service, and dormitory costs and credits; and (3) FAR 31.205-46, Travel costs. The changes restructure the paragraphs and remove unnecessary and duplicative language to increase clarity and readability. The rule does not change the allowability of costs. The case was
initiated to consider suggestions made at a series of public meetings. This rule is of particular interest to contractors and contracting officers who use cost analysis to price contracts and modifications, and who determine or negotiate reasonable costs in accordance with a clause of a contract, e.g., price revision of fixed-price incentive contracts, terminated contracts, or indirect cost rates.

Replacement pages: 31.2-9 and 31.2-10; 31.2-13 and 31.2-14; and 31.2-29 and 31.2-30.

Item IX—Technical Amendments

These amendments update references and make editorial changes at FAR 8.404 and 24.202.

Replacement pages: 8.4-1 and 8.4-2; and 24.2-1 and 24.2-2.

LOOSELEAF ONLY CORRECTION

1.104 Applicability.
The FAR applies to all acquisitions as defined in Part 2 of the FAR, except where expressly excluded.

1.105 Issuance.

1.105-1 Publication and code arrangement.
(a) The FAR is published in—
(1) The daily issue of the Federal Register;
(2) Cumulated form in the Code of Federal Regulations (CFR); and
(b) The FAR is issued as Chapter 1 of Title 48, CFR. Subsequent chapters are reserved for agency acquisition regulations that implement or supplement the FAR (see Subpart 1.3). The CFR Staff will assign chapter numbers to requesting agencies.
(c) Each numbered unit or segment (e.g., part, subpart, section, etc.) of an agency acquisition regulation that is codified in the CFR shall begin with the chapter number. However, the chapter number assigned to the FAR will not be included in the numbered units or segments of the FAR.

1.105-2 Arrangement of regulations.
(a) General. The FAR is divided into subchapters, parts (each of which covers a separate aspect of acquisition), subparts, sections, and subsections.
(b) Numbering. (1) The numbering system permits the discrete identification of every FAR paragraph. The digits to the left of the decimal point represent the part number. The numbers to the right of the decimal point and to the left of the dash represent, in order, the subpart (one or two digits), and the section (two digits). The number to the right of the dash represents the subsection. Subdivisions may be used at the section and subsection level to identify individual paragraphs. The following example illustrates the make-up of a FAR number citation (note that subchapters are not used with citations):

```
Part
Subpart
Section
Subsection
```

(2) Subdivisions below the section or subsection level consist of parenthetical alpha numerics using the following sequence:

```
(a)(1)(i)(A)(1)(i)
```

(c) References and citations. (1) Unless otherwise stated, cross-references indicate parts, subparts, sections, subsections, paragraphs, subparagraphs, or subdivisions of this regulation.
(2) This regulation may be referred to as the Federal Acquisition Regulation or the FAR.
(3) Using the FAR coverage at 9.106-4(d) as a typical illustration, reference to the—
(i) Part would be “FAR Part 9” outside the FAR and “Part 9” within the FAR.
(ii) Subpart would be “FAR Subpart 9.1” outside the FAR and “Subpart 9.1” within the FAR.
(iii) Section would be “FAR 9.106” outside the FAR and “9.106” within the FAR.
(iv) Subsection would be “FAR 9.106-4” outside the FAR and “9.106-4” within the FAR.
(v) Paragraph would be “FAR 9.106-4(d)” outside the FAR and “9.106-4(d)” within the FAR.
(4) Citations of authority (e.g., statutes or Executive orders) in the FAR shall follow the Federal Register form guides.

1.105-3 Copies.
Copies of the FAR in Federal Register, loose-leaf, CD-ROM, and CFR form may be purchased from the—
Superintendent of Documents
Government Printing Office (GPO)
Washington, DC 20402.

1.106 OMB approval under the Paperwork Reduction Act.
The Paperwork Reduction Act of 1980 (Pub. L. 96-511) imposes a requirement on Federal agencies to obtain approval from the Office of Management and Budget (OMB) before collecting information from 10 or more members of the public. The information collection and recordkeeping requirements contained in this regulation have been approved by the OMB. The following OMB control numbers apply:

```

1.107 Certifications.
In accordance with Section 29 of the Office of Federal Procurement Policy Act (41 U.S.C. 425), as amended by Section 4301 of the Clinger-Cohen Act of 1996 (Public Law 104-106), a new requirement for a certification by a contractor or offeror may not be included in this chapter unless—

(a) The certification requirement is specifically imposed by statute; or

(b) Written justification for such certification is provided to the Administrator for Federal Procurement Policy by the Federal Acquisition Regulatory Council, and the Administrator approves in writing the inclusion of such certification requirement.

1.108 FAR conventions.
The following conventions provide guidance for interpreting the FAR:

(a) **Words and terms.** Definitions in Part 2 apply to the entire regulation unless specifically defined in another part, subpart, section, provision, or clause. Words or terms defined in a specific part, subpart, section, provision, or clause have that meaning when used in that part, subpart, section, provision, or clause. Undefined words retain their common dictionary meaning.

(b) **Delegation of authority.** Each authority is delegable unless specifically stated otherwise (see 1.102-4(b)).

(c) **Dollar thresholds.** Unless otherwise specified, a specific dollar threshold for the purpose of applicability is the final anticipated dollar value of the action, including the dollar value of all options. If the action establishes a maximum quantity of supplies or services to be acquired or establishes a ceiling price or establishes the final price to be based on future events, the final anticipated dollar value must be the highest final priced alternative to the Government, including the dollar value of all options.

(d) **Application of FAR changes to solicitations and contracts.** Unless otherwise specified—

1. FAR changes apply to solicitations issued on or after the effective date of the change;
(2) Contracting officers may, at their discretion, include the FAR changes in solicitations issued before the effective date, provided award of the resulting contract(s) occurs on or after the effective date; and

(3) Contracting officers may, at their discretion, include the changes in any existing contract with appropriate consideration.

(e) Citations. When the FAR cites a statute, Executive order, Office of Management and Budget circular, Office of Federal Procurement Policy policy letter, or relevant portion of the Code of Federal Regulations, the citation includes all applicable amendments, unless otherwise stated.

(f) Imperative sentences. When an imperative sentence directs action, the contracting officer is responsible for the action, unless another party is expressly cited.
2.000 Scope of part.
(a) This part—
   (1) Defines words and terms that are frequently used in
   the FAR;
   (2) Provides cross-references to other definitions in the
   FAR of the same word or term; and
   (3) Provides for the incorporation of these definitions
   in solicitations and contracts by reference.
(b) Other parts, subparts, and sections of this regulation
(48 CFR Chapter 1) may define other words or terms and
those definitions only apply to the part, subpart, or section
where the word or term is defined (see the Index for
locations).

Subpart 2.1—Definitions

2.101 Definitions.
(a) A word or a term, defined in this section, has the same
meaning throughout this regulation (48 CFR Chapter 1),
unless—
   (1) The context in which the word or term is used
clearly requires a different meaning; or
   (2) Another FAR part, subpart, or section provides a
different definition for the particular part or portion of the
part.
(b) If a word or term that is defined in this section is
defined differently in another part, subpart, or section of this
regulation (48 CFR Chapter 1), the definition in—
   (1) This section includes a cross-reference to the other
definitions; and
   (2) That part, subpart, or section applies to the word or
term when used in that part, subpart, or section.

“Acquisition” means the acquiring by contract with
appropriated funds of supplies or services (including con-
struction) by and for the use of the Federal Government
through purchase or lease, whether the supplies or services
are already in existence or must be created, developed, dem-
onstrated, and evaluated. Acquisition begins at the point
when agency needs are satisfied and includes the descrip-
tion of requirements to satisfy agency needs, solicitation and
selection of sources, award of contracts, contract financing,
contract performance, contract administration, and those
technical and management functions directly related to the
process of fulfilling agency needs by contract.

“Acquisition planning” means the process by which the
efforts of all personnel responsible for an acquisition are
coordinated and integrated through a comprehensive plan for
fulfilling the agency need in a timely manner and at a reason-
able cost. It includes developing the overall strategy for
managing the acquisition.

“Adequate evidence” means information sufficient to
support the reasonable belief that a particular act or omission
has occurred.

“Advisory and assistance services” means those services
provided under contract by nongovernmental sources to sup-
port or improve: organizational policy development; deci-
sion-making; management and administration; program and/
or project management and administration; or R&D activi-
ties. It can also mean the furnishing of professional advice
or assistance rendered to improve the effectiveness of Fed-
eral management processes or procedures (including those of
an engineering and technical nature). In rendering the fore-
gone services, outputs may take the form of information,
advise, opinions, alternatives, analyses, evaluations, recom-
mandations, training and the day-to-day aid of support per-
sonnel needed for the successful performance of ongoing
Federal operations. All advisory and assistance services are
classified in one of the following definitional subdivisions:
   (1) Management and professional support services,
   i.e., contractual services that provide assistance, advice or
   training for the efficient and effective management and oper-
ation of organizations, activities (including management and
support services for R&D activities), or systems. These ser-
vice are normally closely related to the basic responsibili-
ties and mission of the agency originating the requirement
for the acquisition of services by contract. Included are ef-
forts that support or contribute to improved organization of
program management, logistics management, project moni-
toring and reporting, data collection, budgeting, accounting,
performance auditing, and administrative technical support
for conferences and training programs.
   (2) Studies, analyses and evaluations, i.e., contractual
services that provide organized, analytical assessments/eval-
uations in support of policy development, decision-making,
management, or administration. Included are studies in sup-
port of R&D activities. Also included are acquisitions of
models, methodologies, and related software supporting
studies, analyses or evaluations.
   (3) Engineering and technical services, i.e., contractual
services used to support the program office during the acqui-
sition cycle by providing such services as systems engineer-
ing and technical direction (see 9.505-1(b)) to ensure the
effective operation and maintenance of a weapon system or
major system as defined in OMB Circular No. A-109 or to
provide direct support of a weapon system that is essential to
research, development, production, operation or mainte-
nance of the system.

“Affiliates” means associated business concerns or indi-
viduals if, directly or indirectly—
   (1) Either one controls or can control the other; or
   (2) A third party controls or can control both.
“Agency head” or “head of the agency” means the Secre-
tary, Attorney General, Administrator, Governor, Chairper-
on, or other chief official of an executive agency, unless
otherwise indicated, including any deputy or assistant chief
official of an executive agency.

“Alternate” means a substantive variation of a basic pro-
vision or clause prescribed for use in a defined circumstance.
It adds wording to, deletes wording from, or substitutes spec-
ified wording for a portion of the basic provision or clause.
The alternate version of a provision or clause is the basic provision or clause as changed by the addition, deletion, or substitution (see 52.105(a)).

“Architect-engineer services,” as defined in 40 U.S.C. 541, means—

(1) Professional services of an architectural or engineering nature, as defined by State law, if applicable, that are required to be performed or approved by a person licensed, registered, or certified to provide those services; and

A voucher, invoice, or other routine request for payment that is not in dispute when submitted is not a claim. 4.203 Taxpayer identification information.

(a) If the contractor has furnished a Taxpayer Identification Number (TIN) when completing the solicitation provision at 52.204-3, Taxpayer Identification, or paragraph (b) of the solicitation provision at 52.212-3, Offeror Representations and Certifications—Commercial Items, the contracting officer shall, unless otherwise provided in agency procedures, attach a copy of the completed solicitation provision as the last page of the copy of the contract sent to the payment office.

(b) If the TIN or type of organization is derived from a source other than the provision at 52.204-3 or 52.212-3(b), the contracting officer shall annotate the last page of the contract or order forwarded to the payment office to state the contractor’s TIN and type of organization, unless this information is otherwise provided to the payment office in accordance with agency procedures.

(c) If the contractor provides its TIN or type of organization to the contracting officer after award, the contracting officer shall forward the information to the payment office within 7 days of its receipt.

(d) Federal Supply Schedule contracts. Each contracting officer that places an order under a Federal Supply Schedule contract (see Subpart 8.4) shall provide the TIN and type of organization information to the payment office in accordance with paragraph (b) of this section.

(e) Basic ordering agreements and indefinite-delivery contracts (other than Federal Supply Schedule contracts).

(1) Each contracting officer that issues a basic ordering agreement or indefinite-delivery contract (other than a Federal Supply Schedule contract) shall provide to contracting officers placing orders under the agreement or contract (if the contractor is not required to provide this information to a central contractor registration database)—

(i) A copy of the agreement or contract with a copy of the completed solicitation provision at 52.204-3 or 52.212-3(b) as the last page of the agreement or contract; or

(ii) The contractor’s TIN and type of organization information.

(2) Each contracting officer that places an order under a basic ordering agreement or indefinite-delivery contract (other than a Federal Supply Schedule contract) shall provide the TIN and type of organization information to the payment office in accordance with paragraph (a) or (b) of this section.
Subpart 4.6—Contract Reporting

4.600  Scope of subpart.

This subpart prescribes uniform reporting requirements for the Federal Procurement Data System (FPDS).

4.601  Record requirements.

(a) Each executive agency shall establish and maintain for a period of 5 years a computer file, by fiscal year, containing unclassified records of all procurements exceeding $25,000.

(b) With respect to each procurement carried out using competitive procedures, agencies shall be able to access from the computer file, as a minimum, the following information:
   (1) The date of contract award.
   (2) Information identifying the source to whom the contract was awarded.
   (3) The property or services obtained by the Government under the procurement.
   (4) The total cost of the procurement.
   (5) Those procurements which result in the submission of a single bid or proposal so that they can be separately categorized and designated noncompetitive procurements using competitive procedures.

(c) In addition to paragraph (b) of this section with respect to each procurement carried out using procedures other than competitive procedures, agencies shall be able to access from the computer file—
   (1) The reason under Subpart 6.3 for the use of such procedures; and
   (2) The identity of the organization or activity which conducted the procurement.

(d) In addition to the information described in paragraphs (b) and (c) of this section, for procurements in excess of $25,000, agencies shall be able to access information on the following from the computer file:
   (1) Awards to small disadvantaged businesses using either set-asides or full and open competition.
   (2) Awards to business concerns owned and controlled by women.
   (3) The number of offers received in response to a solicitation.
   (4) Task or delivery order contracts.
   (5) Contracts for the acquisition of commercial items.
   (e) In addition to the information described in paragraphs (b), (c), and (d) of this section, agencies must be able to access information from the computer file to identify bundled contracts with a total contract value, including all options, exceeding $5,000,000.
   (f) Agencies must transmit this information to the Federal Procurement Data System in accordance with its procedures.

4.602  Federal Procurement Data System.

(a) The FPDS provides a comprehensive mechanism for assembling, organizing, and presenting contract placement data for the Federal Government. Federal agencies report data to the Federal Procurement Data Center (FPDC), which collects, processes, and disseminates official statistical data on Federal contracting. The data provide—
   (1) A basis for recurring and special reports to the President, the Congress, the General Accounting Office, Federal executive agencies, and the general public;
   (2) A means of measuring and assessing the impact of Federal contracting on the Nation’s economy and the extent to which small, veteran-owned small, service-disabled veteran-owned small, HUBZone small, small disadvantaged, and women-owned small business concerns are sharing in Federal contracts; and
   (3) Data for other policy and management control purposes.

(b) The FPDS Reporting Manual provides a complete list of reporting and nonreporting agencies and organizations. This manual (available at no charge from the—

General Services Administration
Federal Procurement Data Center
7th & D Streets, SW
Room 5652
Washington, DC 20407
Telephone (202) 401-1529
FAX (202) 401-1546)

provides the necessary instruction to the data collection point in each agency as to what data are required and how often to provide the data.

(c) Data collection points in each agency report data on SF 279, Federal Procurement Data System (FPDS)—Individual Contract Action Report, and SF 281, Federal Procurement Data System (FPDS)—Summary Contract Action Report ($25,000 or Less), or computer-generated equivalent. Although the SF 279 and SF 281 are not mandatory for use by the agencies, they do provide the mandatory format for submitting data to the FPDS.

(d) The contracting officer must report a Contractor Identification Number for each successful offeror. A Data Universal Numbering System (DUNS) number, which is a nine-digit number assigned by Dun and Bradstreet Information Services to an establishment, is the Contractor Identification Number for Federal contractors. The DUNS number reported must identify the successful offeror’s name and address exactly as stated in the offer and resultant contract. The contracting officer must ask the offeror to provide its DUNS number by using the provision prescribed at 4.603(a). If the successful offeror does not provide its number, the contracting officer must contact the offeror and obtain the DUNS number.
(e) **Unique Procurement Instrument Identifier (PIID).**

1. The FPDS requires that each reporting agency assign a unique identifier for every contract, purchase order, BOA, Basic Agreement, and BPA reported to FPDS. Such identifiers shall comply with the contract numbering guidelines established by the Joint Financial Management Improvement Project. The PIID shall consist of alpha characters in the first positions to indicate the agency, followed by alphanumeric characters identifying bureau, offices, or other administrative subdivisions. The last portion of the PIID shall be numbered sequentially. The PIID may include other elements, as appropriate, such as fiscal year. Delivery orders, task orders, and call numbers must be unique in combination with the basic reference contract vehicle identifier. When the basic reference contract is available for multi-agency use (GWAC, Federal Supply Schedule contract, etc.), an ordering agency shall use the same agency identification prefix for its delivery orders, task orders, and call numbers as it uses for its contractual instruments.

2. Agencies are required to have in place, no later than October 1, 2003, a process that will ensure that each PIID reported to FPDS is unique, Governmentwide, and will remain so for at least 20 years from the date of contract award. To eliminate the possibility of duplication between agencies, agencies must submit their proposed identifier to the Federal Procurement Data Center, which will maintain a registry of the identifiers on the FPDC website and validate their use in all transactions.

4.603 **Solicitation provisions.**

(a) Insert the provision at 52.204-6, Data Universal Numbering System (DUNS) Number, in solicitations that—

1. Are expected to result in a requirement for the generation of an SF 279, Federal Procurement Data System (FPDS)—Individual Contract Action Report (see 4.602(c)), or a similar agency form; and

2. Do not contain the clause at 52.204-7, Central Contractor Registration.

(b) Insert the provision at 52.204-5, Women-Owned Business (Other Than Small Business), in solicitations that—

1. Are not set aside for small business concerns;

2. Exceed the simplified acquisition threshold; and

3. Are for contracts that will be performed in the United States or its outlying areas.
Subpart 4.9—Taxpayer Identification Number Information

4.900 Scope of subpart.

This subpart provides policies and procedures for obtaining—

(a) Taxpayer Identification Number (TIN) information that may be used for debt collection purposes; and

(b) Contract information and payment information for submittal to the payment office for Internal Revenue Service (IRS) reporting purposes.

4.901 Definition.

“Common parent,” as used in this subpart, means that corporate entity that owns or controls an affiliated group of corporations that files its Federal income tax returns on a consolidated basis, and of which the offeror is a member.

4.902 General.

(a) Debt collection. 31 U.S.C. 7701(c) requires each contractor doing business with a Government agency to furnish its TIN to that agency. 31 U.S.C. 3325(d) requires the Government to include, with each certified voucher prepared by the Government payment office and submitted to a disbursing official, the TIN of the contractor receiving payment under the voucher. The TIN may be used by the Government to collect and report on any delinquent amounts arising out of the contractor’s relationship with the Government.

(b) Information reporting to the IRS. The TIN is also required for Government reporting of certain contract information (see 4.903) and payment information (see 4.904) to the IRS.

4.903 Reporting contract information to the IRS.

(a) 26 U.S.C. 6050M, as implemented in 26 CFR, requires heads of Federal executive agencies to report certain information to the IRS.

(b)(1) The required information applies to contract modifications—

(i) Increasing the amount of a contract awarded before January 1, 1989, by $50,000 or more; and

(ii) Entered into on or after April 1, 1990.

(2) The reporting requirement also applies to certain contracts and modifications thereto in excess of $25,000 entered into on or after January 1, 1989.

(c) The information to report is—

(1) Name, address, and TIN of the contractor;

(2) Name and TIN of the common parent (if any);

(3) Date of the contract action;

(4) Amount obligated on the contract action; and

(5) Estimated contract completion date.

(d) Transmit the information to the IRS through the Federal Procurement Data System (see Subpart 4.6 and implementing instructions).

4.904 Reporting payment information to the IRS.

26 U.S.C. 6041 and 6041A, as implemented in 26 CFR, in part, require payors, including Government agencies, to report to the IRS, on Form 1099, payments made to certain contractors. 26 U.S.C. 6109 requires a contractor to provide its TIN if a Form 1099 is required. The payment office is responsible for submitting reports to the IRS.

4.905 Solicitation provision.

The contracting officer shall insert the provision at 52.204-3, Taxpayer Identification, in solicitations that—

(a) Do not include the clause at 52.204-7, Central Contractor Registration; and

(b) Are not conducted under the procedures of Part 12.
Subpart 4.11—Central Contractor Registration

4.1100 Scope.
This subpart prescribes policies and procedures for requiring contractor registration in the Central Contractor Registration (CCR) database, a part of the Business Partner Network (BPN) to—

(a) Increase visibility of vendor sources (including their geographical locations) for specific supplies and services; and

(b) Establish a common source of vendor data for the Government.

4.1101 Definitions.
As used in this subpart—

“Agreement” means basic agreement, basic ordering agreement, or blanket purchase agreement.

“Business Partner Network” means an integrated electronic infrastructure the Government uses to manage (i.e., collect, validate, access and maintain) the information it needs to transact business with its contractors.

4.1102 Policy.
(a) Prospective contractors shall be registered in the CCR database prior to award of a contract or agreement, except for—

(1) Purchases that use a Governmentwide commercial purchase card as both the purchasing and payment mechanism, as opposed to using the purchase card only as a payment method;

(2) Classified contracts (see 2.101) when registration in the CCR database, or use of CCR data, could compromise the safeguarding of classified information or national security;

(3) Contracts awarded by—

(i) Deployed contracting officers in the course of military operations, including, but not limited to, contingency operations as defined in 10 U.S.C. 101(a)(13) or humanitarian or peacekeeping operations as defined in 10 U.S.C. 2302(7); or

(ii) Contracting officers in the conduct of emergency operations, such as responses to natural or environmental disasters or national or civil emergencies, e.g., Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121);

(4) Contracts to support unusual or compelling needs (see 6.302-2);

(5) Awards made to foreign vendors for work performed outside the United States, if it is impractical to obtain CCR registration; and

(6) Micro-purchases that do not use the electronic funds transfer (EFT) method for payment and are not required to be reported (see Subpart 4.6).

(b) If practical, the contracting officer shall modify the contract or agreement awarded under paragraph (a)(3) or (a)(4) of this section to require CCR registration.

(c) (1) (i) If a contractor has legally changed its business name, “doing business as” name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in Subpart 42.12, the contractor shall provide the responsible contracting officer a minimum of one business day’s written notification of its intention to change the name in the CCR database; comply with the requirements of Subpart 42.12; and agree in writing to the timeline and procedures specified by the responsible contracting officer. The contractor must provide with the notification sufficient documentation to support the legally changed name.

(ii) If the contractor fails to comply with the requirements of paragraph (g)(1)(i) of the clause at 52.204-7, Central Contractor Registration, or fails to perform the agreement at 52.204-7(g)(1)(i)(3), and, in the absence of a properly executed novation or change-of-name agreement, the CCR information that shows the contractor to be other than the contractor indicated in the contract will be considered to be incorrect information within the meaning of the “Suspension of Payment” paragraph of the EFT clause of the contract.

(2) The contractor shall not change the name or address for electronic funds transfer payments (EFT) or manual payments, as appropriate, in the CCR record to reflect an assignee for the purpose of assignment of claims (see Subpart 32.8, Assignment of Claims).

(3) Assignees shall be separately registered in the CCR database. Information provided to the contractor’s CCR record that indicates payments, including those made by EFT, to an ultimate recipient other than that contractor will be considered to be incorrect information within the meaning of the “Suspension of payment” paragraph of the EFT clause of the contract.

4.1103 Procedures.
(a) Unless the acquisition is exempt under 4.1102, the contracting officer—

(1) Shall verify that the prospective contractor is registered in the CCR database (see paragraph (b) of this section) before awarding a contract or agreement;

(2) Should use the DUNS number or, if applicable, the DUNS+4 number, to verify registration—

(i) Via the Internet at http://www.ccr.gov;

(ii) By calling toll-free: 1-888-227-2423, commercial: (269) 961-5757, or Defense Switched Network (DSN) (used at certain Department of Defense locations): 932-5757; or
(iii) As otherwise provided by agency procedures; and

(3) Shall modify a contract or agreement that does not already include the requirement to be registered in the CCR database and maintain registration until final payment, and whose period of performance extends beyond December 31, 2003—

(i) To incorporate, as appropriate, the clause at 52.204-7, Central Contractor Registration, and its Alternate I, or, for a contract for commercial items, an addendum to 52.212-4, Contract Terms and Conditions—Commercial Items, that requires the contractor to be registered in the CCR database by December 31, 2003, and maintain registration until final payment; and

(ii) In sufficient time to permit CCR registration by December 31, 2003.

(b) Need not verify registration before placing an order or call if the contract or agreement includes the clause at 52.204-7, or 52.212-4(t), or a similar agency clause.

(c) If the contracting officer, when awarding a contract or agreement, determines that a prospective contractor is not registered in the CCR database and an exception to the registration requirements for the award does not apply (see 4.1102), the contracting officer shall—

(1) If the needs of the requiring activity allow for a delay, make award after the apparently successful offeror has registered in the CCR database. The contracting officer shall advise the offeror of the number of days it will be allowed to become registered. If the offeror does not become registered by the required date, the contracting officer shall award to the next otherwise successful registered offeror following the same procedures (i.e., if the next apparently successful offeror is not registered, the contracting officer shall advise the offeror of the number of days it will be allowed to become registered, etc.); or

(2) If the needs of the requiring activity do not allow for a delay, proceed to award to the next otherwise successful registered offeror, provided that written approval is obtained at one level above the contracting officer.

(d) Agencies shall protect against improper disclosure of contractor CCR information.

(e) The contracting officer shall, on contractual documents transmitted to the payment office, provide the DUNS number, or, if applicable, the DUNS+4, in accordance with agency procedures.

4.1104 Solicitation provision and contract clauses.

Except as provided in 4.1102(a), use the clause at 52.204-7, Central Contractor Registration, in solicitations and contracts. If modifying a contract or an agreement to require registration, use the clause with its Alternate I.
5.000 Scope of part.
This part prescribes policies and procedures for publicizing contract opportunities and award information.

5.001 Definition.
“Contract action,” as used in this part, means an action resulting in a contract, as defined in Subpart 2.1, including actions for additional supplies or services outside the existing contract scope, but not including actions that are within the scope and under the terms of the existing contract, such as contract modifications issued pursuant to the Changes clause, or funding and other administrative changes.

5.002 Policy.
Contracting officers must publicize contract actions in order to—
(a) Increase competition;
(b) Broaden industry participation in meeting Government requirements; and
(c) Assist small business concerns, veteran-owned small business concerns, service-disabled veteran-owned small business concerns, HUBZone small business concerns, small disadvantaged business concerns, and women-owned small business concerns in obtaining contracts and subcontracts.

5.003 Governmentwide point of entry.
For any requirement in the FAR to publish a notice, the contracting officer must transmit the notices to the GPE.

Subpart 5.1—Dissemination of Information

5.101 Methods of disseminating information.
(a) As required by the Small Business Act (15 U.S.C. 637(e)) and the Office of Federal Procurement Policy Act (41 U.S.C. 416), contracting officers must disseminate information on proposed contract actions as follows:
(1) For proposed contract actions expected to exceed $25,000, by synopsizing in the GPE (see 5.201).
(2) For proposed contract actions expected to exceed $10,000, but not expected to exceed $25,000, by displaying in a public place, or by any appropriate electronic means, an unclassified notice of the solicitation or a copy of the solicitation satisfying the requirements of 5.207(c). The notice must include a statement that all responsible sources may submit a response which, if timely received, must be considered by the agency. The information must be posted not later than the date the solicitation is issued, and must remain posted for at least 10 days or until after quotations have been opened, whichever is later.
(i) If solicitations are posted instead of a notice, the contracting officer may employ various methods of satisfying the requirements of 5.207(c). For example, the contracting officer may meet the requirements of 5.207(c) by stamping the solicitation, by a cover sheet to the solicitation, or by placing a general statement in the display room.
(ii) The contracting officer need not comply with the display requirements of this section when the exemptions at 5.202(a)(1), (a)(4) through (a)(9), or (a)(11) apply, when oral or Federal Acquisition Computer Network (FACNET) solicitations are used, or when providing access to a notice of proposed contract action and solicitation through the GPE and the notice permits the public to respond to the solicitation electronically.
(iii) Contracting officers may use electronic posting of requirements in a place accessible by the general public at the Government installation to satisfy the public display requirement. Contracting offices using electronic systems for public posting that are not accessible outside the installation must periodically publicize the methods for accessing the information.
(b) In addition, one or more of the following methods may be used:
(1) Preparing periodic handouts listing proposed contracts, and displaying them as in 5.101(a)(2).
(2) Assisting local trade associations in disseminating information to their members.
(3) Making brief announcements of proposed contracts to newspapers, trade journals, magazines, or other mass communication media for publication without cost to the Government.
(4) Placing paid advertisements in newspapers or other communications media, subject to the following limitations:
(i) Contracting officers shall place paid advertisements of proposed contracts only when it is anticipated that effective competition cannot be obtained otherwise (see 5.205(d)).
(ii) Contracting officers shall not place advertisements of proposed contracts in a newspaper published and printed in the District of Columbia unless the supplies or services will be furnished, or the labor performed, in the District of Columbia or adjoining counties in Maryland or Virginia (44 U.S.C. 3701).
(iii) Advertisements published in newspapers must be under proper written authority in accordance with 44 U.S.C. 3702 (see 5.502(a)).

5.102 Availability of solicitations.
(a)(1) Except as provided in paragraph (a)(4) of this section, the contracting officer must make available through the GPE solicitations synopsized through the GPE, including specifications and other pertinent information determined necessary by the contracting officer. Transmissions to the GPE must be in accordance with the interface description available via the Internet at http://www.fedbizopps.gov.
(2) The contracting officer is encouraged, when practicable and cost-effective, to make accessible through the GPE additional information related to a solicitation.

(3) The contracting officer must ensure that solicitations transmitted to FACNET are forwarded to the GPE to satisfy the requirements of paragraph (a)(1) of this section.

(4) The contracting officer need not make a solicitation available through the GPE when—

(i) Disclosure would compromise the national security (e.g., would result in disclosure of classified information) or create other security risks. The fact that access to classified matter may be necessary to submit a proposal or perform the contract does not, in itself, justify use of this exception;

(ii) The nature of the file (e.g., size, format) does not make it cost-effective or practicable for contracting officers to provide access through the GPE;

(iii) The agency’s senior procurement executive makes a written determination that access through the GPE is not in the Government’s interest; or

(iv) The contracting office lacks the capability to access the GPE and the synopsis is issued prior to October 1, 2001.

(b) When the contracting officer does not make a solicitation available through the GPE pursuant to paragraph (a)(4) of this section, the contracting officer—

(1) Should employ other electronic means (e.g., CD-ROM or electronic mail) whenever practicable and cost-effective. When solicitations are provided electronically on physical media (e.g., disks) or in paper form, the contracting officer must—

(i) Maintain a reasonable number of copies of solicitations, including specifications and other pertinent information determined necessary by the contracting officer (upon request, potential sources not initially solicited should be mailed or provided copies of solicitations, if available);

(ii) Provide copies on a “first-come-first-served” basis, for pickup at the contracting office, to publishers, trade associations, information services, and other members of the public having a legitimate interest (for construction, see 36.211); and

(iii) Retain a copy of the solicitation and other documents for review by and duplication for those requesting copies after the initial number of copies is exhausted; and

(2) May require payment of a fee, not exceeding the actual cost of duplication, for a copy of the solicitation document.

(c) In addition to the methods of disseminating proposed contract information in 5.101(a) and (b), provide, upon request to small business concerns, as required by 15 U.S.C. 637(b)—

(1) A copy of the solicitation and specifications. In the case of solicitations disseminated by electronic data interchange, solicitations may be furnished directly to the electronic address of the small business concern;

(2) The name and telephone number of an employee of the contracting office who will answer questions on the solicitation; and

(3) Adequate citations to each applicable major Federal law or agency rule with which small business concerns must comply in performing the contract.

(d) When electronic commerce (see Subpart 4.5) is used in the solicitation process, availability of the solicitation may be limited to the electronic medium.

(e) Provide copies of a solicitation issued under other than full and open competition to firms requesting copies that were not initially solicited, but only after advising the requester of the determination to limit the solicitation to a specified firm or firms as authorized under Part 6.

(f) This section 5.102 applies to classified contracts to the extent consistent with agency security requirements (see 5.202(a)(1)).
Subpart 5.2—Synopses of Proposed Contract Actions

5.201 General.
(a) As required by the Small Business Act (15 U.S.C. 637(e)) and the Office of Federal Procurement Policy Act (41 U.S.C. 416), agencies must make notices of proposed contract actions available as specified in paragraph (b) of this section.

(b)(1) For acquisitions of supplies and services, other than those covered by the exceptions in 5.202 and the special situations in 5.205, the contracting officer must transmit a notice to the GPE, for each proposed—
(i) Contract action meeting the threshold in 5.101(a)(1);
(ii) Modification to an existing contract for additional supplies or services that meets the threshold in 5.101(a)(1); or
(iii) Contract action in any amount advantageous to the Government.
(2) When transmitting notices to FACNET, contracting officers must ensure the notice is forwarded to the GPE.
(c) The primary purposes of the notice are to improve small business access to acquisition information and enhance competition by identifying contracting and subcontracting opportunities.
(d) The GPE may be accessed via the Internet at http://www.fedbizopps.gov.

5.202 Exceptions.
The contracting officer need not submit the notice required by 5.201 when—
(a) The contracting officer determines that—
(1) The synopsis cannot be worded to preclude disclosure of an agency’s needs and such disclosure would compromise the national security (e.g., would result in disclosure of classified information). The fact that a proposed solicitation or contract action contains classified information, or that access to classified matter may be necessary to submit a proposal or perform the contract does not, in itself, justify use of this exception to synopsis;
(2) The proposed contract action is made under the conditions described in 6.302-2 (or, for purchases conducted using simplified acquisition procedures, if unusual and compelling urgency precludes competition to the maximum extent practicable) and the Government would be seriously injured if the agency complies with the time periods specified in 5.203;
(3) The proposed contract action is one for which either the written direction of a foreign government reimbursing the agency for the cost of the acquisition of the supplies or services for such government, or the terms of an international agreement or treaty between the United States and a foreign government, or international organizations, has the effect of requiring that the acquisition shall be from specified sources;
(4) The proposed contract action is expressly authorized or required by a statute to be made through another Government agency, including acquisitions from the Small Business Administration (SBA) using the authority of section 8(a) of the Small Business Act (but see 5.205(f)), or from a specific source such as a workshop for the blind under the rules of the Committee for the Purchase from the Blind and Other Severely Handicapped;
(5) The proposed contract action is for utility services other than telecommunications services and only one source is available;
(6) The proposed contract action is an order placed under Subpart 16.5;
(7) The proposed contract action results from acceptance of a proposal under the Small Business Innovation Development Act of 1982 (Pub. L. 97-219);
(8) The proposed contract action results from the acceptance of an unsolicited research proposal that demonstrates a unique and innovative concept (see 2.101) and publication of any notice complying with 5.207 would improperly disclose the originality of thought or innovativeness of the proposed research, or would disclose proprietary information associated with the proposal. This exception does not apply if the proposed contract action results from an unsolicited research proposal and acceptance is based solely upon the unique capability of the source to perform the particular research services proposed (see 6.302-1(a)(2)(i));
(9) The proposed contract action is made for perishable subsistence supplies, and advance notice is not appropriate or reasonable;
(10) The proposed contract action is made under conditions described in 6.302-3, or 6.302-5 with regard to brand name commercial items for authorized resale, or 6.302-7, and advance notice is not appropriate or reasonable;
(11) The proposed contract action is made under the terms of an existing contract that was previously synopsized in sufficient detail to comply with the requirements of 5.207 with respect to the current proposed contract action;
(12) The proposed contract action is by a Defense agency and the proposed contract action will be made and performed outside the United States and its outlying areas, and only local sources will be solicited. This exception does not apply to proposed contract actions subject to the Trade Agreements Act (see Subpart 25.4). This exception also does not apply to North American Free Trade Agreement proposed contract actions, which will be synopsized in accordance with agency regulations;
(13) The proposed contract action—
contract for architect-engineer services or before issuance of an order under a basic ordering agreement or similar arrangement if the proposed contract action is expected to exceed the simplified acquisition threshold.

5.203 Publicizing and response time.

Whenever agencies are required to publicize notice of proposed contract actions under 5.201, they must proceed as follows:

(a) An agency must transmit a notice of proposed contract action to the GPE (see 5.201). All publicizing and response times are calculated based on the date of publication. The publication date is the date the notice appears on the GPE. The notice must be published at least 15 days before issuance of a solicitation except that, for acquisitions of commercial items, the contracting officer may—

(1) Establish a shorter period for issuance of the solicitation; or

(2) Use the combined synopsis and solicitation procedure (see 12.603).

(b) The contracting officer must establish a solicitation response time that will afford potential offerors a reasonable opportunity to respond to each proposed contract action, (including actions via FACNET or for which the notice of proposed contract action and solicitation information is accessible through the GPE), in an amount estimated to be greater than $25,000, but not greater than the simplified acquisition threshold; or each contract action for the acquisition of commercial items in an amount estimated to be greater than $25,000. The contracting officer should consider the circumstances of the individual acquisition, such as the complexity, commerciality, availability, and urgency, when establishing the solicitation response time.

(c) Except for the acquisition of commercial items (see 5.203(b)), agencies shall allow at least a 30-day response time for receipt of bids or proposals from the date of issuance of a solicitation, if the proposed contract action is expected to exceed the simplified acquisition threshold.

(d) Agencies shall allow at least a 30 day response time from the date of publication of a proper notice of intent to contract for architect-engineer services or before issuance of an order under a basic ordering agreement or similar arrangement if the proposed contract action is expected to exceed the simplified acquisition threshold.

5.204 Presolicitation notices.

Contracting officers must provide access to presolicitation notices through the GPE (see 15.201 and 36.213-2). The contracting officer must synopsize a proposed contract action before issuing any resulting solicitation (see 5.201 and 5.203).

5.205 Special situations.

(a) Research and development (R&D) advance notices. Contracting officers may transmit to the GPE advance notices of their interest in potential R&D programs whenever market research does not produce a sufficient number of concerns to obtain adequate competition. Advance notices must not be used where security considerations prohibit such publication. Advance notices will enable potential sources to learn of R&D programs and provide these sources with an opportunity to submit information which will permit evaluation of their capabilities. Contracting officers must consider potential sources which respond to advance notices for a subsequent solicitation. Advance notices must be entitled "Research and Development Sources Sought," cite the appropriate Numbered Note, and include the name and tele-

5.207 Preparation and transmittal of synopses. Each synopsis transmitted to the GPE must address the following data elements, as applicable:

(a) Content. Each synopsis transmitted to the GPE must address the following data elements, as applicable:

2. Date.
3. Year.
7. Contracting Office Address.
8. Subject.
10. Opening and Closing Response Date.
11. Contact Point or Contracting Officer.

(c) General format for “Description.” Prepare a clear and concise description of the supplies or services that is not unnecessarily restrictive of competition and will allow a prospective offeror to make an informed business judgment as to whether a copy of the solicitation should be requested including the following, as appropriate:

1. National Stock Number (NSN) if assigned.
2. Specification and whether an offeror, its product, or service must meet a qualification requirement in order to be eligible for award, and identification of the office from which additional information about the qualification requirement may be obtained (see Subpart 9.2).
3. Manufacturer, including part number, drawing number, etc.
4. Size, dimensions, or other form, fit or functional description.
5. Predominant material of manufacture.
6. Quantity, including any options for additional quantities.
7. Unit of issue.
8. Destination information.
9. Delivery schedule.
10. Duration of the contract period.
11. For a proposed contract action in an amount estimated to be greater than $25,000 but not greater than the simplified acquisition threshold, enter—
   (i) A description of the procedures to be used in awarding the contract (e.g., request for oral or written quotation or solicitation); and
   (ii) The anticipated award date.
12. For Architect-Engineer projects and other projects for which the supply or service codes are insufficient, provide brief details with respect to: location, scope of services required, cost range and limitations, type of contract, estimated starting and completion dates, and any significant evaluation factors.
13. Numbered notes (see paragraph (e) of this section), including instructions for set-asides for small businesses.
14. In the case of noncompetitive contract actions (including those that do not exceed the simplified acquisition threshold), identify the intended source (see paragraph (e) of this section) and insert a statement of the reason justifying the lack of competition.
15. Insert a statement that all responsible sources may submit a bid, proposal, or quotation which shall be considered by the agency.
16. If solicitations synopsized through the GPE will not be made available through the GPE, provide information on how to obtain the solicitation.
17. If the solicitation will be made available to interested parties through electronic data interchange, provide any information necessary to obtain and respond to the solicitation electronically.
18. In the case of a very small business set-aside, identify the Designated Region (see Subpart 19.9).
19. If the technical data required to respond to the solicitation will not be furnished as part of such solicitation, identify the source in the Government, if any, from which the technical data may be obtained.

(d) Set-asides. When the proposed acquisition provides for a total, partial, or very small business set-aside or a HUB-Zone small business set-aside, the appropriate Numbered Note will be cited.

(e) Numbered notes. Numbered Notes are footnotes to be used by contracting officers to eliminate the unnecessary duplication of information that appears in various announcements. An explanation of the numbered notes appears at http://www.fedbizopps.gov.

(f) Codes to be used in Synopses to identify services or supplies. Contracting officers must use one of the classification codes identified at http://www.fedbizopps.gov to identify services or supplies in synopses.

(g) Cancellation of synopsis. Contracting officers should not publish notices of solicitation cancellations (or indefinite suspensions) of proposed contract actions in the GPE. Cancellations of solicitations must be made in accordance with 14.209 and 14.404-1.
Subpart 5.3—Synopses of Contract Awards

5.301 General.
(a) Except for contract actions described in paragraph (b) of this section and as provided in 5.003, contracting officers must synopsize through the GPE awards exceeding $25,000 that are—

(1) Subject to the Trade Agreements Act (see Subpart 25.4); or

(2) Likely to result in the award of any subcontracts. However, the dollar threshold is not a prohibition against publicizing an award of a smaller amount when publicizing would be advantageous to industry or to the Government.

(b) A notice is not required under paragraph (a) of this section if—

(1) The notice would disclose the executive agency’s needs and the disclosure of such needs would compromise the national security;

(2) The award results from acceptance of an unsolicited research proposal that demonstrates a unique and innovative research concept and publication of any notice would disclose the originality of thought or innovativeness of the proposed research or would disclose proprietary information associated with the proposal;

(3) The award results from a proposal submitted under the Small Business Innovation Development Act of 1982 (Pub. L. 97-219);

(4) The contract action is an order placed under Subpart 16.5;

(5) The award is made for perishable subsistence supplies;

(6) The award is for utility services, other than telecommunications services, and only one source is available;

(7) The contract action—

(i) Is for an amount not greater than the simplified acquisition threshold;

(ii) Was made through a means where access to the notice of proposed contract action was provided through the GPE; and

(iii) Permitted the public to respond to the solicitation electronically; or

(8) The award is for the services of an expert to support the Federal Government in any current or anticipated litigation or dispute pursuant to the exception to full and open competition authorized at 6.302-3.

(c) With respect to acquisitions subject to the Trade Agreements Act, contracting officers must submit synopses in sufficient time to permit their publication in the GPE not later than 60 days after award.

5.302 Preparation and transmittal of synopses of awards.
Contracting officers shall transmit synopses of contract awards in the same manner as prescribed in 5.207.

5.303 Announcement of contract awards.
(a) Public announcement. Contracting officers shall make information available on awards over $3 million (unless another dollar amount is specified in agency acquisition regulations) in sufficient time for the agency concerned to announce it by 5:00 p.m. Washington, DC time on the day of award. Contracts excluded from this reporting requirement include (1) those placed with the Small Business Administration under Section 8(a) of the Small Business Act, (2) those placed with foreign firms when the place of delivery or performance is outside the United States and its outlying areas, and (3) those for which synopsis was exempted under 5.202(a)(1). Agencies shall not release information on awards before the public release time of 5:00 p.m. Washington, DC time.

(b) Local announcement. Agencies may also release information on contract awards to the local press or other media. When local announcements are made for contract awards in excess of the simplified acquisition threshold, they shall include—

(1) For awards after sealed bidding, a statement that the contract was awarded after competition by sealed bidding, the number of offers solicited and received, and the basis for selection (e.g., the lowest responsible bidder); or

(2) For awards after negotiation, the information prescribed by 15.503(b), and after competitive negotiation (either price or design competition), a statement to this effect, and in general terms the basis for selection.
Subpart 8.4—Federal Supply Schedules

8.401 General.

(a) The Federal Supply Schedule program, directed and managed by the General Services Administration (GSA), provides Federal agencies with a simplified process for obtaining commonly used commercial supplies and services at prices associated with volume buying (also see 8.002). Indefinite delivery contracts (including requirements contracts) are established with commercial firms to provide supplies and services at stated prices for given periods of time. Similar systems of schedule-type contracting are used for military items managed by the Department of Defense. These systems are not included in the Federal Supply Schedule program covered by this subpart.

(b) The GSA schedule contracting office issues publications, entitled Federal Supply Schedules, containing the information necessary for placing delivery orders with schedule contractors. Ordering offices issue delivery orders directly to the schedule contractors for the required supplies and services. Ordering offices may request copies of schedules by completing GSA Form 457, FSS Publications Mailing List Application, and mailing it to the—

GSA Centralized Mailing List Service (7CAFL)
P.O. Box 6477
Fort Worth, TX 76115.

Copies of GSA Form 457 also may be obtained from this address.

(c) GSA offers an on-line shopping service called “GSA Advantage!” that enables ordering offices to search product specific information (i.e., national stock number, part number, common name), review delivery options, place orders directly with contractors (or ask GSA to place orders on the agency’s behalf), and pay contractors for orders using the Governmentwide commercial purchase card (or pay GSA). Ordering offices may access the “GSA Advantage!” shopping service by connecting to the Internet and using a web browser to connect to the Acquisition Reform Network (http://www.arnet.gov) or the GSA, Federal Supply Service (FSS) Home Page (http://www.fss.gsa.gov). For more information or assistance, contact GSA at Internet e-mail address: gsa.advantage@gsa.gov.

(d) For administrative convenience, an ordering office contracting officer may add items not on the Federal Supply Schedule (also referred to as open market items) to a Federal Supply Schedule blanket purchase agreement (BPA) or an individual task or delivery order only if—

(1) All applicable acquisition regulations pertaining to the purchase of the items not on the Federal Supply Schedule have been followed (e.g., publicizing (Part 5), competition requirements (Part 6), acquisition of commercial items (Part 12), contracting methods (Parts 13, 14, and 15), and small business programs (Part 19));

(2) The ordering office contracting officer has determined the price for the items not on the Federal Supply Schedule is fair and reasonable;

(3) The items are clearly labeled on the order as items not on the Federal Supply Schedule; and

(4) All clauses applicable to items not on the Federal Supply Schedule are included in the order.

8.402 Applicability.

Procedures in this subpart apply to orders placed against Federal Supply Schedules. Occasionally, GSA may establish special ordering procedures. The affected Federal Supply Schedules will outline these procedures.

8.403 [Reserved]

8.404 Using schedules.

(a) General. (1) Parts 13 and 19 do not apply to orders placed against Federal Supply Schedules, except for the provision at 13.303-2(c)(3). Orders placed against a Multiple Award Schedule (MAS), using the procedures in this subpart, are considered to be issued using full and open competition (see 6.102(d)(3)).

(i) Ordering offices need not seek further competition, synopsize the requirement, make a separate determination of fair and reasonable pricing, or consider small business programs.

(ii) GSA has already determined the prices of items under schedule contracts to be fair and reasonable. By placing an order against a schedule using the procedures in this section, the ordering office has concluded that the order represents the best value and results in the lowest overall cost alternative (considering price, special features, administrative costs, etc.) to meet the Government's needs.

(2) Orders placed under a Federal Supply Schedule contract are not exempt from the development of acquisition plans (see Subpart 7.1), and an information technology acquisition strategy (see Part 39).

(b) Ordering procedures for optional use schedules—

(1) Orders at or below the micro-purchase threshold. Place orders at or below the micro-purchase threshold with any Federal Supply Schedule contractor.

(2) Orders exceeding the micro-purchase threshold but not exceeding the maximum order threshold. Place orders with the schedule contractor that can provide the supply or service that represents the best value. Before placing an order, consider reasonably available information about the
8.4-2

FEDERAL ACQUISITION REGULATION

supply or service offered under MAS contracts by using the
GSA Advantage! on-line shopping service, or by reviewing
the catalogs or pricelists of at least three schedule contractors
(see 8.404(b)(6)). Select the delivery and other options avail-
able under the schedule that meet the agency’s needs. When
selecting the supply or service representing the best value,
the ordering office may consider—

(i) Special features of the supply or service required
for effective program performance;
(ii) Trade-in considerations;
(iii) Probable life of the item selected as compared
with that of a comparable item;
(iv) Warranty considerations;
(v) Maintenance availability;
(vi) Past performance; and
(vii) Environmental and energy efficiency consider-
ations.

(3) Orders exceeding the maximum order threshold.
Each schedule contract has an established maximum order
threshold. This threshold represents the point where it is
advantageous for the ordering office to seek a price reduc-
tion. In addition to following the procedures in paragraph
(b)(2) of this section and before placing an order that
exceeds the maximum order threshold—

(i) Review additional schedule contractors’ catalogs or
pricelists, or use the GSA Advantage! on-line shopping
service;

(ii) Based upon the initial evaluation, generally seek
price reductions from the schedule contractor(s) appearing to
provide the best value (considering price and other factors); and

(iii) After seeking price reductions, place the order
with the schedule contractor that provides the best value and
results in the lowest overall cost alternative (see 8.404(a)). If
further price reductions are not offered, an order may still be
placed, if the ordering office determines that it is appropriate.

(4) Blanket purchase agreements (BPAs). Agencies
may establish BPAs (see 13.303-2(c)(3)) when following the
ordering procedures in this subpart. All schedule contracts
contain BPA provisions. Ordering offices may use BPAs to
establish accounts with contractors to fill recurring require-
ments. BPAs should address ordering frequency, invoicing,
discounts, and delivery locations and times.

(5) Price reductions. In addition to the circumstances
in paragraph (b)(3) of this section, there may be other rea-
sons to request a price reduction. For example, seek a price
reduction when the supply or service is available elsewhere
at a lower price or when establishing a BPA to fill recurring
requirements. The potential volume of orders under BPAs,
regardless of the size of the individual order, offer the oppor-
tunity to secure greater discounts. Schedule contractors are
not required to pass on to all schedule users a price reduction
extended only to an individual agency for a specific order.

(6) Small business. When conducting evaluations and
before placing an order, consider including, if available, one
or more small business, veteran-owned small business, ser-
vice-disabled veteran-owned small business, HUBZone small
business, woman-owned small business, and/or small disad-
antaged business schedule contractor(s). Orders placed
against the schedules may be credited toward the ordering
agency’s small business goals. For orders exceeding the
micro-purchase threshold, ordering offices should give prefer-
eence to the items of small business concerns when two or
more items at the same delivered price will satisfy the require-
ment.

(7) Documentation. Orders should be documented, at a
minimum, by identifying the contractor the item was pur-
chased from, the item purchased, and the amount paid. If an
agency requirement in excess of the micro-purchase thresh-
old is defined so as to require a particular brand name, prod-
uct, or a feature of a product peculiar to one manufacturer,
thereby precluding consideration of a product manufactured
by another company, the ordering office shall include an
explanation in the file as to why the particular brand name,
product, or feature is essential to satisfy the agency’s needs.

(c) Ordering procedures for mandatory use schedules.
(1) This paragraph (c) applies only to orders against schedule
contracts with mandatory users. When ordering from multi-
ple-award schedules, mandatory users shall also follow the
procedures in paragraphs (a) and (b) of this section.

(2) In the case of mandatory schedules, ordering
offices shall not solicit bids, proposals, quotations, or other-
wise test the market solely for the purpose of seeking alter-
native sources to Federal Supply Schedules.

(3) Schedules identify executive agencies required to
use them as mandatory sources of supply. The single-award
schedule shall be used as a primary source and the multiple-
award schedule as a secondary source. Mandatory use of
schedules is not a requirement if—

(i) The schedule contractor is unable to satisfy the
ordering office’s urgent delivery requirement;

(ii) The order is below the minimum order thresh-
holds;

(iii) The order is above the maximum order limita-

(iv) The consignee is located outside the area of
geographical coverage stated in the schedule; and

(v) A lower price for an identical item (i.e., same
make and model) is available from another source.

(4) Absence of follow-on award. Ordering offices, after
any consultation required by the schedule, are not required to
forego or postpone their legitimate needs pending the award
or renewal of any schedule contract.

Subpart 9.2—Qualifications Requirements

9.200 Scope of subpart.
This subpart implements 10 U.S.C. 2319 and 41 U.S.C.253c and prescribes policies and procedures regarding qualification requirements and the acquisitions that are subject to such requirements.

9.201 Definitions.
As used in this subpart—
“Qualified bidders list (QBL)” means a list of bidders who have had their products examined and tested and who have satisfied all applicable qualification requirements for that product or have otherwise satisfied all applicable qualification requirements.
“Qualified manufacturers list (QML)” means a list of manufacturers who have had their products examined and tested and who have satisfied all applicable qualification requirements for that product.

9.202 Policy.
(a)(1) The head of the agency or designee shall, before establishing a qualification requirement, prepare a written justification—
(i) Stating the necessity for establishing the qualification requirement and specifying why the qualification requirement must be demonstrated before contract award;
(ii) Estimating the likely costs for testing and evaluation which will be incurred by the potential offeror to become qualified; and
(iii) Specifying all requirements that a potential offeror (or its product) must satisfy in order to become qualified. Only those requirements which are the least restrictive to meet the purposes necessitating the establishment of the qualification requirements shall be specified.
(2) Upon request to the contracting activity, potential offerors shall be provided—
(i) All requirements that they or their products must satisfy to become qualified; and
(ii) At their expense (but see 9.204(a)(2) with regard to small businesses), a prompt opportunity to demonstrate their abilities to meet the standards specified for qualification using qualified personnel and facilities of the agency concerned, or of another agency obtained through inter-agency agreements or under contract, or other methods approved by the agency (including use of approved testing and evaluation services not provided under contract to the agency).
(3) If the services in (a)(2)(ii) of this section are provided by contract, the contractors selected to provide testing and evaluation services shall be—
(i) Those that are not expected to benefit from an absence of additional qualified sources; and
(ii) Required by their contracts to adhere to any restriction on technical data asserted by the potential offeror seeking qualification.
(4) A potential offeror seeking qualification shall be promptly informed as to whether qualification is attained and, in the event it is not, promptly furnished specific reasons why qualification was not attained.
(b) When justified under the circumstances, the agency activity responsible for establishing a qualification requirement shall submit to the competition advocate for the procuring activity responsible for purchasing the item subject to the qualification requirement, a determination that it is unreasonable to specify the standards for qualification which a prospective offeror (or its product) must satisfy. After considering any comments of the competition advocate reviewing the determination, the head of the procuring activity may waive the requirements of 9.202(a)(1)(ii) through (4) for up to 2 years with respect to the item subject to the qualification requirement. A copy of the waiver shall be furnished to the head of the agency or other official responsible for actions under 9.202(a)(1). The waiver authority provided in this paragraph does not apply with respect to qualification requirements contained in a QPL, QML, or QBL.
(c) If a potential offeror can demonstrate to the satisfaction of the contracting officer that the potential offeror (or its product) meets the standards established for qualification or can meet them before the date specified for award of the contract, a potential offeror may not be denied the opportunity to submit and have considered an offer for a contract solely because the potential offeror—
(1) Is not on a QPL, QML, or QBL maintained by the Department of Defense (DOD) or the National Aeronautics and Space Administration (NASA); or
(2) Has not been identified as meeting a qualification requirement established after October 19, 1984, by DOD or NASA; or
(3) Has not been identified as meeting a qualification requirement established by a civilian agency (not including NASA).
(d) The procedures in Subpart 19.6 for referring matters to the Small Business Administration are not mandatory on the contracting officer when the basis for a referral would involve a challenge by the offeror to either the validity of the qualification requirement or the offeror’s compliance with such requirement.
(e) The contracting officer need not delay a proposed award in order to provide a potential offeror with an opportunity to demonstrate its ability to meet the standards specified for qualification. In addition, when approved by the head of an agency or designee, a procurement need not be delayed in order to comply with 9.202(a).
(f) Within 7 years following enforcement of a QPL, QML, or QBL by DOD or NASA, or within 7 years after any
9.203 QPL’s, QML’s, and QBL’s.

(a) Qualification and listing in a QPL, QML, or QBL is the process by which products are obtained from manufacturers or distributors, examined and tested for compliance with specification requirements, or manufacturers or potential offerors, are provided an opportunity to demonstrate their abilities to meet the standards specified for qualification. The names of successful products, manufacturers, or potential offerors are included on lists evidencing their status. Generally, qualification is performed in advance and independently of any specific acquisition action. After qualification, the products, manufacturers, or potential offerors are included in a Federal or Military QPL, QML, or QBL. (See 9.202(a)(2) with regard to any product, manufacturer, or potential offeror not yet included on an applicable list.)

(b) Specifications requiring a qualified product are included in the following publications:

1. GSA Index of Federal Specifications, Standards and Commercial Item Descriptions, FPMR 101-29.1.
2. Department of Defense Index of Specifications and Standards.

(c) Instructions concerning qualification procedures are included in the following publications:

(d) The publications listed in paragraphs (b) and (c) of this section are sold to the public. The publications in paragraphs (b)(1) and (c)(1) of this section may be obtained from the addressee in 11.201(d)(1). The publications in paragraphs (b)(2) and (c)(2) of this section may be obtained from the addressee in 11.201(d)(2).

9.204 Responsibilities for establishment of a qualification requirement.

The responsibilities of agency activities that establish qualification requirements include the following:

(a) Arranging publicity for the qualification requirements. If active competition on anticipated future qualification requirements is likely to be fewer than two manufacturers or the products of two manufacturers, the activity responsible for establishment of the qualification requirements must—

1. Periodically furnish through the Governmentwide point of entry (GPE) a notice seeking additional sources or products for qualification unless the contracting officer determines that such publication would compromise the national security.
2. Bear the cost of conducting the specified testing and evaluation (excluding the costs associated with producing the item or establishing the production, quality control, or other system to be tested and evaluated) for a small business concern or a product manufactured by a small business concern which has met the standards specified for qualification and which could reasonably be expected to compete for a contract for that requirement. However, such costs may be borne only if it is determined in accordance with agency procedures that such additional qualified sources or products are likely to result in cost savings from increased competition for future requirements sufficient to amortize the costs incurred by the agency within a reasonable period of time, considering the duration and dollar value of anticipated future requirements. A prospective contractor requesting the United States to bear testing and evaluation costs must certify as to its status as a small business concern under Section 3 of the Small Business Act in order to receive further consideration.

(b) Qualifying products that meet specification requirements.

c. Listing manufacturers and suppliers whose products are qualified in accordance with agency procedures.

d. Furnishing QPL’s, QML’s, or QBL’s or the qualification requirements themselves to prospective offerors and the public upon request (see 9.202(a)(2)).

e. Clarifying, as necessary, qualification requirements.

(f) In appropriate cases, when requested by the contracting officer, providing concurrence in a decision not to enforce a qualification requirement for a solicitation.

g. Withdrawing or omitting qualification of a listed product, manufacturer or offeror, as necessary.

(h) Advising persons furnished any list of products, manufacturers or offerors meeting a qualification requirement and suppliers whose products are on any such list that—

1. The list does not constitute endorsement of the product, manufacturer, or other source by the Government;
2. The products or sources listed have been qualified under the latest applicable specification;
3. The list may be amended without notice;
4. The listing of a product or source does not release the supplier from compliance with the specification; and
5. Use of the list for advertising or publicity is permitted. However, it must not be stated or implied that a particular product or source is the only product or source of that type qualified, or that the Government in any way recommends or endorses the products or the sources listed.
(i) Reexamining a qualified product or manufacturer when—
   (1) The manufacturer has modified its product, or changed the material or the processing sufficiently so that the validity of previous qualification is questionable;
   (2) The requirements in the specification have been amended or revised sufficiently to affect the character of the product; or
   (3) It is otherwise necessary to determine that the quality of the product is maintained in conformance with the specification.

9.205 Opportunity for qualification before award.
   (a) If an agency determines that a qualification requirement is necessary, the agency activity responsible for establishing the requirement must urge manufacturers and other potential sources to demonstrate their ability to meet the standards specified for qualification and, when possible, give sufficient time to arrange for qualification before award. The responsible agency activity must, before establishing any qualification requirement, furnish notice through the GPE.

   The notice must include—
   (1) Intent to establish a qualification requirement;
   (2) The specification number and name of the product;
   (3) The name and address of the activity to which a request for the information and opportunity described in 9.202(a)(2) should be submitted;
   (4) The anticipated date that the agency will begin awarding contracts subject to the qualification requirement;
   (5) A precautionary notice that when a product is submitted for qualification testing, the applicant must furnish any specific information that may be requested of the manufacturer before testing will begin; and
   (6) The approximate time period following submission of a product for qualification testing within which the applicant will be notified whether the product passed or failed the qualification testing (see 9.202(a)(4)).

   (b) The activity responsible for establishing a qualification requirement must keep any list maintained of those already qualified open for inclusion of additional products, manufacturers, or other potential sources, including eligible products from designated countries under the terms of the Trade Agreements Act (see Subpart 25.4).

9.206 Acquisitions subject to qualification requirements.

9.206-1 General.
   (a) Agencies may not enforce any QPL, QML, or QBL without first complying with the requirements of 9.202(a). However, qualification requirements themselves, whether or not previously embodied in a in a QPL, QML, or QBL, may be enforced without regard to 9.202(a) if they are in either of the following categories:

   (1) Any qualification requirement established by statute prior to October 30, 1984, for civilian agencies (not including NASA); or
   (2) Any qualification requirement established by statute or administrative action prior to October 19, 1984, for DOD or NASA. Qualification requirements established after the above dates must comply with 9.202(a) to be enforceable.

   (b) Except when the agency head or designee determines that an emergency exists, whenever an agency elects, whether before or after award, not to enforce a qualification requirement which it established, the requirement may not thereafter be enforced unless the agency complies with 9.202(a).

   (c) If a qualification requirement applies, the contracting officer need consider only those offers identified as meeting the requirement or included on the applicable QPL, QML, or QBL, unless an offeror can satisfactorily demonstrate to the contracting officer that it or its product or its subcontractor or its product can meet the standards established for qualification before the date specified for award.

   (d) If a product subject to a qualification requirement is to be acquired as a component of an end item, the contracting officer must ensure that all such components and their qualification requirements are properly identified in the solicitation since the product or source must meet the standards specified for qualification before award.

   (e) In acquisitions subject to qualification requirements, the contracting officer shall take the following steps:

   (1) Use presolicitation notices in appropriate cases to advise potential suppliers before issuing solicitations involving qualification requirements. The notices shall identify the specification containing the qualification requirement and establish an allowable time period, consistent with delivery requirements, for prospective offerors to demonstrate their abilities to meet the standards specified for qualification. The notice shall be publicized in accordance with 5.204. Whether or not a presolicitation notice is used, the general synopsizing requirements of Subpart 5.2 apply.

   (2) Distribute solicitations to prospective contractors whether or not they have been identified as meeting applicable qualification requirements.

   (3) When appropriate, request in accordance with agency procedures that a qualification requirement not be enforced in a particular acquisition and, if granted, so specify in the solicitation (see 9.206-1(b)).

   (4) Forward requests from potential suppliers for information on a qualification requirement to the agency activity responsible for establishing the requirement.

   (5) Allow the maximum time, consistent with delivery requirements, between issuing the solicitation and the contract award. As a minimum, contracting officers shall comply with the time frames specified in 5.203 when applicable.

The contracting officer shall insert the clause at 52.209–1, Qualification Requirements, in solicitations and contracts when the acquisition is subject to a qualification requirement.

9.206-3 Competition.

(a) Presolicitation. If a qualification requirement applies to an acquisition, the contracting officer shall review the applicable QPL, QML, or QBL or other identification of those sources which have met the requirement before issuing a solicitation to ascertain whether the number of sources is adequate for competition. (See 9.204(a) for duties of the agency activity responsible for establishment of the qualification requirement.) If the number of sources is inadequate, the contracting officer shall request the agency activity which established the requirement to—

(1) Indicate the anticipated date on which any sources presently undergoing evaluation will have demonstrated their abilities to meet the qualification requirement so that the solicitation could be rescheduled to allow as many additional sources as possible to qualify; or

(2) Indicate whether a means other than the qualification requirement is feasible for testing or demonstrating quality assurance.

(b) Post solicitation. The contracting officer shall submit to the agency activity which established the qualification requirement the names and addresses of concerns which expressed interest in the acquisition but are not included on the applicable QPL, QML, or QBL or identified as meeting the qualification requirement. The activity will then assist interested concerns in meeting the standards specified for qualification (see 9.202(a)(2) and (4)).

9.207 Changes in status regarding qualification requirements.

(a) The contracting officer shall promptly report to the agency activity which established the qualification requirement any conditions which may merit removal or omission from a QPL, QML, or QBL or affect whether a source should continue to be otherwise identified as meeting the requirement. These conditions exist when—

(1) Products or services are submitted for inspection or acceptance that do not meet the qualification requirement;

(2) Products or services were previously rejected and the defects were not corrected when submitted for inspection or acceptance;

(3) A supplier fails to request reevaluation following change of location or ownership of the plant where the product which met the qualification requirement was manufactured (see the clause at 52.209-1, Qualification Requirements);

(4) A manufacturer of a product which met the qualification requirement has discontinued manufacture of the product;

(5) A source requests removal from a QPL, QML, or QBL;

(6) A condition of meeting the qualification requirement was violated; e.g., advertising or publicity contrary to 9.204(h)(5);

(7) A revised specification imposes a new qualification requirement;

(8) Manufacturing or design changes have been incorporated in the qualification requirement;

(9) The source is on the List of Parties Excluded from Federal Procurement and Nonprocurement Programs (see Subpart 9.4); or

(10) Performance of a contract subject to a qualification requirement is otherwise unsatisfactory.

(b) After considering any of the above or other conditions reasonably related to whether a product or source continues to meet the standards specified for qualification, an agency may take appropriate action without advance notification. The agency shall, however, promptly notify the affected parties if a product or source is removed from a QPL, QML, or QBL, or will no longer be identified as meeting the standards specified for qualification. This notice shall contain specific information why the product or source no longer meets the qualification requirement.
10.000 Scope of part.
This part prescribes policies and procedures for conducting market research to arrive at the most suitable approach to acquiring, distributing, and supporting supplies and services. This part implements requirements of 41 U.S.C. 253a(a)(1), 41 U.S.C 264b, and 10 U.S.C. 2377.

10.001 Policy.
(a) Agencies must—
(1) Ensure that legitimate needs are identified and trade-offs evaluated to acquire items that meet those needs;
(2) Conduct market research appropriate to the circumstances—
(i) Before developing new requirements documents for an acquisition by that agency;
(ii) Before soliciting offers for acquisitions with an estimated value in excess of the simplified acquisition threshold;
(iii) Before soliciting offers for acquisitions with an estimated value less than the simplified acquisition threshold when adequate information is not available and the circumstances justify its cost;
(iv) Before soliciting offers for acquisitions that could lead to a bundled contract (15 U.S.C. 644(e)(2)(A)); and
(v) Ensure maximum practicable use of recovered materials (see Subpart 23.4) and promote energy conservation and efficiency; and
(vi) Determine whether bundling is necessary and justified (see 7.107) (15 U.S.C. 644(e)(2)(A)).
(vii) Assess the availability of electronic and information technology that meets all or part of the applicable accessibility standards issued by the Architectural and Transportation Barriers Compliance Board at 36 CFR part 1194 (see Subpart 39.2).
(b) When conducting market research, agencies should not request potential sources to submit more than the minimum information necessary.
(c) If an agency contemplates awarding a bundled contract, the agency—
(1) When performing market research, should consult with the local Small Business Administration procurement center representative (PCR) or, if a PCR is not assigned to the procuring activity, the SBA Office of Government Contracting Area Office serving the area in which the procuring activity is located; and
(2) At least 30 days before release of the solicitation—
(i) Must notify any affected incumbent small business concerns of the Government’s intention to bundle the requirement; and
(ii) Should notify any affected incumbent small business concerns of how the concerns may contact the appropriate Small Business Administration representative.

(a) Acquisitions begin with a description of the Government's needs stated in terms sufficient to allow conduct of market research.
(b) Market research is then conducted to determine if commercial items or nondevelopmental items are available to meet the Government's needs or could be modified to meet the Government's needs.
(1) The extent of market research will vary, depending on such factors as urgency, estimated dollar value, complexity, and past experience. Market research involves obtaining information specific to the item being acquired and should include—
(i) Whether the Government's needs can be met by—
(A) Items of a type customarily available in the commercial marketplace;
(B) Items of a type customarily available in the commercial marketplace with modifications; or
(C) Items used exclusively for governmental purposes;
(ii) Customary practices regarding customizing, modifying or tailoring of items to meet customer needs and associated costs;
(iii) Customary practices, including warranty, buyer financing, discounts, etc., under which commercial sales of the products are made;

(iv) The requirements of any laws and regulations unique to the item being acquired;

(v) The availability of items that contain recovered materials and items that are energy efficient;

(vi) The distribution and support capabilities of potential suppliers, including alternative arrangements and cost estimates; and

(vii) Size and status of potential sources (see Part 19).

(2) Techniques for conducting market research may include any or all of the following:

(i) Contacting knowledgeable individuals in Government and industry regarding market capabilities to meet requirements.

(ii) Reviewing the results of recent market research undertaken to meet similar or identical requirements.

(iii) Publishing formal requests for information in appropriate technical or scientific journals or business publications.

(iv) Querying the Governmentwide database of contracts and other procurement instruments intended for use by multiple agencies available at www.contractdirectory.gov and other Government and commercial databases that provide information relevant to agency acquisitions.

(v) Participating in interactive, on-line communication among industry, acquisition personnel, and customers.

(vi) Obtaining source lists of similar items from other contracting activities or agencies, trade associations or other sources.

(vii) Reviewing catalogs and other generally available product literature published by manufacturers, distributors, and dealers or available on-line.

(viii) Conducting interchange meetings or holding presolicitation conferences to involve potential offerors early in the acquisition process.

(c) If market research indicates commercial or nondevelopmental items might not be available to satisfy agency needs, agencies shall reevaluate the need in accordance with 10.001(a)(3)(ii) and determine whether the need can be restated to permit commercial or nondevelopmental items to satisfy the agency’s needs.

(d)(1) If market research establishes that the Government’s need may be met by a type of item or service customarily available in the commercial marketplace that would meet the definition of a commercial item at Subpart 2.1, the contracting officer shall solicit and award any resultant contract using the policies and procedures in Part 12.

(2) If market research establishes that the Government’s need cannot be met by a type of item or service customarily available in the marketplace, Part 12 shall not be used. When publication of the notice at 5.201 is required, the contracting officer shall include a notice to prospective offerors that the Government does not intend to use Part 12 for the acquisition (see 5.207(e)).

(e) Agencies should document the results of market research in a manner appropriate to the size and complexity of the acquisition.

Subpart 12.6—Streamlined Procedures for Evaluation and Solicitation for Commercial Items

12.601 General.

This subpart provides optional procedures for (a) streamlined evaluation of offers for commercial items; and (b) streamlined solicitation of offers for commercial items for use where appropriate. These procedures are intended to simplify the process of preparing and issuing solicitations, and evaluating offers for commercial items consistent with customary commercial practices.

12.602 Streamlined evaluation of offers.

(a) When evaluation factors are used, the contracting officer may insert a provision substantially the same as the provision at 52.212-2, Evaluation—Commercial Items, in solicitations for commercial items or comply with the procedures in 13.106 if the acquisition is being made using simplified acquisition procedures. When the provision at 52.212-2 is used, paragraph (a) of the provision shall be tailored to the specific acquisition to describe the evaluation factors and relative importance of those factors. However, when using the simplified acquisition procedures in Part 13, contracting officers are not required to describe the relative importance of evaluation factors.

(b) Offers shall be evaluated in accordance with the criteria contained in the solicitation. For many commercial items, the criteria need not be more detailed than technical (capability of the item offered to meet the agency need), price and past performance. Technical capability may be evaluated by how well the proposed products meet the Government requirement instead of predetermined subfactors. Solicitations for commercial items do not have to contain subfactors for technical capability when the solicitation adequately describes the item’s intended use. A technical evaluation would normally include examination of such things as product literature, product samples (if requested), technical features and warranty provisions. Past performance shall be evaluated in accordance with the procedures in 13.106 or Subpart 15.3, as applicable. The contracting officer shall ensure the instructions provided in the provision at 52.212-1, Instructions to Offerors—Commercial Items, and the evaluation criteria provided in the provision at 52.212-2, Evaluation—Commercial Items, are in agreement.

(c) Select the offer that is most advantageous to the Government based on the factors contained in the solicitation. Fully document the rationale for selection of the successful offeror including discussion of any trade-offs considered.

12.603 Streamlined solicitation for commercial items.

(a) When a written solicitation will be issued, the contracting officer may use the following procedure to reduce the time required to solicit and award contracts for the acquisition of commercial items. This procedure combines the synopsis required by 5.203 and the issuance of the solicitation into a single document.

(b) When using the combined synopsis/solicitation procedure, the SF 1449 is not used for issuing the solicitation.

(c) To use these procedures, the contracting officer shall—

(i) Prepare the synopsis as described at 5.207.

(ii) In the Description, include the following additional information:

(a) When a written solicitation will be issued, the contracting officer may use the following procedure to reduce the time required to solicit and award contracts for the acquisition of commercial items. This procedure combines the synopsis required by 5.203 and the issuance of the solicitation into a single document.

(b) When using the combined synopsis/solicitation procedure, the SF 1449 is not used for issuing the solicitation.

(c) To use these procedures, the contracting officer shall—

(1) Prepare the synopsis as described at 5.207.

(2) In the Description, include the following additional information:

(a) The following statement:

(ii) The solicitation number and a statement that the solicitation is issued as an invitation to bid (IFB), request for quotation (RFQ) or request for proposal (RFP).

(iii) A statement that the solicitation document and incorporated provisions and clauses are those in effect through Federal Acquisition Circular ______.

(iv) A notice regarding any set-aside and the associated NAICS code and small business size standard. Also include a statement regarding the Small Business Competitiveness Demonstration Program, if applicable.

(v) A list of contract line item number(s) and items, quantities and units of measure, (including option(s), if applicable).

(vi) Description of requirements for the items to be acquired.

(vii) Date(s) and place(s) of delivery and acceptance and FOB point.

(viii) A statement that the provision at 52.212-1, Instructions to Offerors—Commercial, applies to this acquisition and a statement regarding any addenda to the provision.

(ix) A statement regarding the applicability of the provision at 52.212-2, Evaluation—Commercial Items, if used, and the specific evaluation criteria to be included in paragraph (a) of that provision. If this provision is not used, describe the evaluation procedures to be used.

(x) A statement advising offerors to include a completed copy of the provision at 52.212-3, Offeror Representations and Certifications—Commercial Items, with its offer.

(xi) A statement that the clause at 52.212-4, Contract Terms and Conditions—Commercial Items, applies to this acquisition and a statement regarding any addenda to the clause.
(xii) A statement that the clause at 52.212-5, Contract Terms and Conditions Required To Implement Statutes or Executive Orders—Commercial Items, applies to this acquisition and a statement regarding which, if any, of the additional FAR clauses cited in the clause are applicable to the acquisition.

(xiii) A statement regarding any additional contract requirement(s) or terms and conditions (such as contract financing arrangements or warranty requirements) determined by the contracting officer to be necessary for this acquisition and consistent with customary commercial practices.

(xiv) A statement regarding the Defense Priorities and Allocations System (DPAS) and assigned rating, if applicable.

(xv) A statement regarding any applicable Numbered Notes.

(xvi) The date, time and place offers are due.

(xvii) The name and telephone number of the individual to contact for information regarding the solicitation.

(3) Allow response time for receipt of offers as follows:

(i) Because the synopsis and solicitation are contained in a single document, it is not necessary to publicize a separate synopsis 15 days before the issuance of the solicitation.

(ii) When using the combined synopsis and solicitation, contracting officers must establish a response time in accordance with 5.203(b) (but see 5.203(h)).

(4) Publicize amendments to solicitations in the same manner as the initial synopsis and solicitation.
determination that it is applicable within 60 days of receiving the petition.

**13.006 Inapplicable provisions and clauses.**

While certain statutes still apply, pursuant to Public Law 103-355, the following provisions and clauses are inapplicable to contracts and subcontracts at or below the simplified acquisition threshold:

(a) 52.203-5, Covenant Against Contingent Fees.
(b) 52.203-6, Restrictions on Subcontractor Sales to the Government.
(c) 52.203-7, Anti-Kickback Procedures.
(d) 52.215-2, Audits and Records—Negotiation.
(e) 52.222-4, Contract Work Hours and Safety Standards Act—Overtime Compensation.
(f) 52.223-6, Drug-Free Workplace, except for individuals.
(g) 52.223-9, Estimate of Percentage of Recovered Material Content for EPA-Designated Products.

**Subpart 13.1—Procedures**

**13.101 General.**

(a) In making purchases, contracting officers shall—

(1) Comply with the policy in 7.202 relating to economic purchase quantities, when practicable;
(2) Satisfy the procedures described in Subpart 19.6 with respect to Certificates of Competency before rejecting a quotation, oral or written, from a small business concern determined to be nonresponsible (see Subpart 9.1); and
(3) Provide for the inspection of supplies or services as prescribed in 46.404.

(b) In making purchases, contracting officers should—

(1) Include related items (such as small hardware items or spare parts for vehicles) in one solicitation and make award on an “all-or-none” or “multiple award” basis provided suppliers are so advised when quotations or offers are requested;
(2) Incorporate provisions and clauses by reference in solicitations and in awards under requests for quotations, provided the requirements in 52.102 are satisfied;
(3) Make maximum effort to obtain trade and prompt payment discounts (see 14.408-3). Prompt payment discounts shall not be considered in the evaluation of quotations; and
(4) Use bulk funding to the maximum extent practicable. Bulk funding is a system whereby the contracting officer receives authorization from a fiscal and accounting officer to obligate funds on purchase documents against a specified lump sum of funds reserved for the purpose for a specified period of time rather than obtaining individual obligational authority on each purchase document. Bulk funding is particularly appropriate if numerous purchases using the same type of funds are to be made during a given period.

13.102 Source list.

(a) Contracting officers should use the Central Contractor Registration database (see Subpart 4.11) at http://www.ccr.gov as their primary sources of vendor information. Offices maintaining additional vendor source files or listings should identify the status of each source (when the status is made known to the contracting office) in the following categories:

(1) Small business.
(2) Small disadvantaged business.
(3) Women-owned small business.
(4) HUBZone small business.
(5) Service-disabled veteran-owned small business.
(6) Veteran-owned small business.

(b) The status information may be used as the basis to ensure that small business concerns are provided the maximum practicable opportunities to respond to solicitations issued using simplified acquisition procedures.

13.103 Use of standing price quotations.

Authorized individuals do not have to obtain individual quotations for each purchase. Standing price quotations may be used if—

(a) The pricing information is current; and
(b) The Government obtains the benefit of maximum discounts before award.

13.104 Promoting competition.

The contracting officer must promote competition to the maximum extent practicable to obtain supplies and services from the source whose offer is the most advantageous to the Government, considering the administrative cost of the purchase.

(a) The contracting officer must not—

(1) Solicit quotations based on personal preference; or
(2) Restrict solicitation to suppliers of well-known and widely distributed makes or brands.

(b) If using simplified acquisition procedures and not using either FACNET or providing access to the notice of proposed contract action and solicitation information through the Governmentwide point of entry (GPE), maximum practicable competition ordinarily can be obtained by soliciting quotations or offers from sources within the local trade area. Unless the contract action requires synopsis pursuant to 5.101 and an exception under 5.202 is not applicable, consider solicitation of at least three sources to promote competition to the maximum extent practicable. Whenever practicable, request quotations or offers from two sources not included in the previous solicitation.
13.105 Synopsis and posting requirements.

(a) The contracting officer must comply with the public display and synopsis requirements of 5.101 and 5.203 unless—

(1)(i) FACNET is used for an acquisition at or below the simplified acquisition threshold; or

(ii) The GPE is used at or below the simplified acquisition threshold for providing widespread public notice of acquisition opportunities and offerors are provided a means of responding to the solicitation electronically; or

(2) An exception in 5.202 applies.

(b) When acquiring commercial items or supplies or services procured in accordance with 12.102(f)(1) and (f)(2), the contracting officer may use a combined synopsis and solicitation. In these cases, a separate solicitation is not required. The contracting officer must include enough information to permit suppliers to develop quotations or offers.

13.106 Soliciting competition, evaluation of quotations or offers, award and documentation.

13.106-1 Soliciting competition.

(a) Considerations. In soliciting competition, the contracting officer shall consider the guidance in 13.104 and the following before requesting quotations or offers:

(1)(i) The nature of the article or service to be purchased and whether it is highly competitive and readily available in several makes or brands, or is relatively noncompetitive.

(ii) An electronic commerce method that employs widespread electronic public notice is not available; and

(iii) The urgency of the proposed purchase.

(iv) The dollar value of the proposed purchase.

(v) Past experience concerning specific dealers’ prices.

(2) When soliciting quotations or offers, the contracting officer shall notify potential quoters or offerors of the basis on which award will be made (price alone or price and other factors, e.g., past performance and quality). Contracting officers are encouraged to use best value. Solicitations are not required to state the relative importance assigned to each evaluation factor and subfactor, nor are they required to include subfactors.

(b) Soliciting from a single source. (1) For purchases not exceeding the simplified acquisition threshold, contracting officers may solicit from one source if the contracting officer determines that the circumstances of the contract action deem only one source reasonably available (e.g., urgency, exclusive licensing agreements, or industrial mobilization).

(2) For sole source acquisitions of commercial items in excess of the simplified acquisition threshold conducted pursuant to Subpart 13.5, the requirements at 13.501(a) apply.

(c) Soliciting orally. (1) The contracting officer shall solicit quotations orally to the maximum extent practicable, if—

(i) The acquisition does not exceed the simplified acquisition threshold;

(ii) Oral solicitation is more efficient than soliciting through available electronic commerce alternatives; and

(iii) Notice is not required under 5.101.

(2) However, an oral solicitation may not be practicable for contract actions exceeding $25,000 unless covered by an exception in 5.202.

(d) Written solicitations. If obtaining electronic or oral quotations is uneconomical or impracticable, the contracting officer should issue paper solicitations for contract actions likely to exceed $25,000. The contracting officer shall issue a written solicitation for construction requirements exceeding $2,000.

(e) Use of options. Options may be included in solicitations, provided the requirements of Subpart 17.2 are met and the aggregate value of the acquisition and all options does not exceed the dollar threshold for use of simplified acquisition procedures.

(f) Inquiries. An agency should respond to inquiries received through any medium (including FACNET) if doing so would not interfere with the efficient conduct of the acquisition. For an acquisition conducted through FACNET, an agency must respond to telephonic or facsimile inquiries only if it is unable to receive inquiries through FACNET.

13.106-2 Evaluation of quotations or offers.

(a) General. (1) The contracting officer shall evaluate quotations or offers—

(i) In an impartial manner; and

(ii) Inclusive of transportation charges from the shipping point of the supplier to the delivery destination.

(2) Quotations or offers shall be evaluated on the basis established in the solicitation.

(3) All quotations or offers shall be considered (see paragraph (b) of this subsection).

(b) Evaluation procedures. (1) The contracting officer has broad discretion in fashioning suitable evaluation procedures. The procedures prescribed in Parts 14 and 15 are not mandatory. At the contracting officer’s discretion, one or more, but not necessarily all, of the evaluation procedures in Part 14 or 15 may be used.

(2) If using price and other factors, ensure that quotations or offers can be evaluated in an efficient and minimally burdensome fashion. Formal evaluation plans and establishing a competitive range, conducting discussions, and scoring quotations or offers are not required. Contracting offices may conduct comparative evaluations of offers. Evaluation of other factors, such as past performance—
(i) Does not require the creation or existence of a formal data base; and

(ii) May be based on information such as the contracting officer's knowledge of and previous experience with the supply or service being acquired, customer surveys, or other reasonable basis.

(3) For acquisitions conducted using FACNET or a method that permits electronic response to the solicitation, the contracting officer may—

(i) After preliminary consideration of all quotations or offers, identify from all quotations or offers received one that is suitable to the user, such as the lowest priced brand name product, and quickly screen all lower priced quotations or offers based on readily discernible value indicators, such as past performance, warranty conditions, and maintenance availability; or

(ii) Where an evaluation is based only on price and past performance, make an award based on whether the lowest priced of the quotations or offers having the highest past performance rating possible represents the best value when compared to any lower priced quotation or offer.

13.106-3 Award and documentation.

(a) Basis for award. Before making award, the contracting officer must determine that the proposed price is fair and reasonable.

(1) Whenever possible, base price reasonableness on competitive quotations or offers.

(2) If only one response is received, include a statement of price reasonableness in the contract file. The contracting officer may base the statement on—

(i) Market research;

(ii) Comparison of the proposed price with prices found reasonable on previous purchases;

(iii) Current price lists, catalogs, or advertisements. However, inclusion of a price in a price list, catalog, or advertisement does not, in and of itself, establish fairness and reasonableness of the price;

(iv) A comparison with similar items in a related industry;

(v) The contracting officer’s personal knowledge of the item being purchased;

(vi) Comparison to an independent Government estimate; or

(vii) Any other reasonable basis.

(3) Occasionally an item can be obtained only from a supplier that quotes a minimum order price or quantity that either unreasonably exceeds stated quantity requirements or results in an unreasonable price for the quantity required. In these instances, the contracting officer should inform the requiring activity of all facts regarding the quotation or offer and ask it to confirm or alter its requirement. The file shall be documented to support the final action taken.

(b) File documentation and retention. Keep documentation to a minimum. Purchasing offices shall retain data supporting purchases (paper or electronic) to the minimum extent and duration necessary for management review purposes (see Subpart 4.8). The following illustrate the extent to which quotation or offer information should be recorded:

(1) Oral solicitations. The contracting office should establish and maintain records of oral price quotations in order to reflect clearly the propriety of placing the order at the price paid with the supplier concerned. In most cases, this will consist merely of showing the names of the suppliers contacted and the prices and other terms and conditions quoted by each.

(2) Written solicitations (see 2.101). For acquisitions not exceeding the simplified acquisition threshold, limit written records of solicitations or offers to notes or abstracts to show prices, delivery, references to printed price lists used, the supplier or suppliers contacted, and other pertinent data.

(3) Special situations. Include additional statements—

(i) Explaining the absence of competition if only one source is solicited and the acquisition does not exceed the simplified acquisition threshold (does not apply to an acquisition of utility services available from only one source); or

(ii) Supporting the award decision if other than price-related factors were considered in selecting the supplier.

(c) Notification. For acquisitions that do not exceed the simplified acquisition threshold and for which automatic notification is not provided through FACNET or an electronic commerce method that employs widespread electronic public notice, notification to unsuccessful suppliers shall be given only if requested or required by 5.301.

(d) Request for information. If a supplier requests information on an award that was based on factors other than price alone, a brief explanation of the basis for the contract award decision shall be provided (see 15.503(b)(2)).

(e) Taxpayer Identification Number. If an oral solicitation is used, the contracting officer shall ensure that the copy of the award document sent to the payment office is annotated with the contractor’s Taxpayer Identification Number (TIN) and type of organization (see 4.203), unless this information will be obtained from some other source (e.g., centralized database). The contracting officer shall disclose to the contractor that the TIN may be used by the Government to collect and report on any delinquent amounts arising out of the contractor’s relationship with the Government (31 U.S.C. 7701(c)(3)).
Subpart 13.2—Actions At or Below the Micro-Purchase Threshold

13.201 General.
(a) Agency heads are encouraged to delegate micro-purchase authority (see 1.603-3).
(b) The Governmentwide commercial purchase card shall be the preferred method to purchase and to pay for micro-purchases (see 2.101).
(c) Purchases at or below the micro-purchase threshold may be conducted using any of the methods described in Subpart 13.3, provided the purchaser is authorized and trained, pursuant to agency procedures, to use those methods.
(d) Micro-purchases do not require provisions or clauses, except as provided at 4.1104 and 32.1110. This paragraph takes precedence over any other FAR requirement to the contrary, but does not prohibit the use of any clause.
(e) The requirements in Part 8 apply to purchases at or below the micro-purchase threshold.
(f) The procurement requirements in the Resource Conservation and Recovery Act (42 U.S.C. 6962) and Executive Order 13101 of September 14, 1998, Greening the Government through Waste Prevention, Recycling, and Federal Acquisition, apply to purchases at or below the micro-purchase threshold (see Subpart 23.4).
(g)(1) For acquisitions of supplies or services that, as determined by the head of the agency, are to be used to facilitate defense against or recovery from terrorism or nuclear, biological, chemical, or radiological attack, the temporary micro-purchase thresholds are—
(i) $7,500 for acquisitions by or for any agency if the award is made from January 24, 2003, through November 24, 2003; and
(ii) $15,000 for acquisitions by or for the Department of Defense if award is made and funds are obligated on or before September 30, 2003.
(2) Purchases using this authority must have a clear and direct relationship to defense against or recovery from terrorism or nuclear, biological, chemical, or radiological attack.

13.202 Purchase guidelines.
(a) Solicitation, evaluation of quotations, and award.
(1) To the extent practicable, micro-purchases shall be distributed equitably among qualified suppliers.
(2) Micro-purchases may be awarded without soliciting competitive quotations if the contracting officer or individual appointed in accordance with 1.603-3(b) considers the price to be reasonable.
(3) The administrative cost of verifying the reasonableness of the price for purchases may more than offset potential savings from detecting instances of overpricing. Therefore, action to verify price reasonableness need only be taken if—
(i) The contracting officer or individual appointed in accordance with 1.603-3(b) suspects or has information to indicate that the price may not be reasonable (e.g., comparison to the previous price paid or personal knowledge of the supply or service); or
(ii) Purchasing a supply or service for which no comparable pricing information is readily available (e.g., a supply or service that is not the same as, or is not similar to, other supplies or services that have recently been purchased on a competitive basis).
(b) Documentation. If competitive quotations were solicited and award was made to other than the low quoter, documentation to support the purchase may be limited to identification of the solicited concerns and an explanation for the award decision.
Subpart 14.5—Two-Step Sealed Bidding

Two-step sealed bidding is a combination of competitive procedures designed to obtain the benefits of sealed bidding when adequate specifications are not available. An objective is to permit the development of a sufficiently descriptive and not unduly restrictive statement of the Government’s requirements, including an adequate technical data package, so that subsequent acquisitions may be made by conventional sealed bidding. This method is especially useful in acquisitions requiring technical proposals, particularly those for complex items. It is conducted in two steps:

(a) Step one consists of the request for, submission, evaluation, and (if necessary) discussion of a technical proposal. No pricing is involved. The objective is to determine the acceptability of the supplies or services offered. As used in this context, the word “technical” has a broad connotation and includes, among other things, the engineering approach, special manufacturing processes, and special testing techniques. It is the proper step for clarification of questions relating to technical requirements. Conformity to the technical requirements is resolved in this step, but not responsibility as defined in 9.1.

(b) Step two involves the submission of sealed priced bids by those who submitted acceptable technical proposals in step one. Bids submitted in step two are evaluated and the awards made in accordance with Subparts 14.3 and 14.4.

(a) Unless other factors require the use of sealed bidding, two-step sealed bidding may be used in preference to negotiation when all of the following conditions are present:

1. Available specifications or purchase descriptions are not definite or complete or may be too restrictive without technical evaluation, and any necessary discussion, of the technical aspects of the requirement to ensure mutual understanding between each source and the Government.

2. Define criteria exist for evaluating technical proposals.

3. More than one technically qualified source is expected to be available.

4. Sufficient time will be available for use of the two-step method.

5. A firm-fixed-price contract or a fixed-price contract with economic price adjustment will be used.

(b) None of the following precludes the use of two-step sealed bidding:

1. Multi-year contracting.

2. Government-owned facilities or special tooling to be made available to the successful bidder.

3. A total small business set-aside (see 19.502-2).

4. The use of the price evaluation adjustment for small disadvantaged business concerns (see Subpart 19.11).

5. The use of a set-aside or price evaluation preference for HUBZone small business concerns (see Subpart 19.13).

6. A first or subsequent production quantity is being acquired under a performance specification.

14.503 Procedures.

14.503-1 Step one.

(a) Requests for technical proposals shall be synopsized in accordance with Part 5. The request must include, as a minimum, the following:

1. A description of the supplies or services required.

2. A statement of intent to use the two-step method.

3. The requirements of the technical proposal.

4. The evaluation criteria, to include all factors and any significant subfactors.

5. A statement that the technical proposals shall not include prices or pricing information.

6. The date, or date and hour, by which the proposal must be received (see 14.201-6(r)).

7. A statement that—

(i) The offerors are to submit technical proposals that are acceptable without additional information.

(ii) Each bid in the second step must be based on the offeror’s own technical proposals.

8. A statement that—

(i) Offerors should submit technical proposals that are acceptable without additional information.

(ii) The Government may make a final determination regarding a proposal’s acceptability solely on the basis of the proposal as submitted; and

(iii) The Government may proceed with the second step without requesting further information from any offeror; however, the Government may request additional information from offerors of proposals that it considers reasonably susceptible of being made acceptable, and may discuss proposals with their offerors.

9. A statement that a notice of unacceptability will be forwarded to the offeror upon completion of the proposal evaluation and final determination of unacceptability.

10. A statement either that only one technical proposal may be submitted by each offeror or that multiple technical proposals may be submitted. When specifications permit different technical approaches, it is generally in the Government’s interest to authorize multiple proposals. If multiple proposals are authorized, see 14.201-6(s).

(b) Information on delivery or performance requirements may be of assistance to bidders in determining whether or not to submit a proposal and may be included in the request. The request shall also indicate that the information is not binding
on the Government and that the actual delivery or performance requirements will be contained in the invitation issued under step two.

(c) Upon receipt, the contracting officer shall—

(1) Safeguard proposals against disclosure to unauthorized persons;

(2) Accept and handle data marked in accordance with 15.609 as provided in that section; and

(3) Remove any reference to price or cost.

(d) The contracting officer shall establish a time period for evaluating technical proposals. The period may vary with the complexity and number of proposals involved. However, the evaluation should be completed quickly.

(e)(1) Evaluations shall be based on the criteria in the request for proposals but not consideration of responsibility as defined in 9.1, Proposals, shall be categorized as—

(i) Acceptable;

(ii) Reasonably susceptible of being made acceptable; or

(iii) Unacceptable.

(2) Any proposal which modifies, or fails to conform to the essential requirements or specifications of, the request for technical proposals shall be considered nonresponsive and categorized as unacceptable.

(f)(1) The contracting officer may proceed directly with step two if there are sufficient acceptable proposals to ensure adequate price competition under step two, and if further time, effort and delay to make additional proposals acceptable and thereby increase competition would not be in the Government’s interest. If this is not the case, the contracting officer shall request bidders whose proposals may be made acceptable to submit additional clarifying or supplementing information. The contracting officer shall identify the nature of the deficiencies in the proposal or the nature of the additional information required. The contracting officer may also arrange discussions for this purpose. No proposal shall be discussed with any offeror other than the submitter.

(2) In initiating requests for additional information, the contracting officer shall fix an appropriate time for bidders to conclude discussions, if any, submit all additional information, and incorporate such additional information as part of their proposals submitted. Such time may be extended in the discretion of the contracting officer. If the additional information incorporated as part of a proposal within the final time fixed by the contracting officer establishes that the proposal is acceptable, it shall be so categorized. Otherwise, it shall be categorized as unacceptable.

(g) When a technical proposal is found unacceptable (either initially or after clarification), the contracting officer shall promptly notify the offeror of the basis of the determination and that a revision of the proposal will not be considered. Upon written request, the contracting officer shall debrief unsuccessful offerors (see 15.505 and 15.506).

(b) Late technical proposals are governed by 15.208 (b), (c), and (f).

(i) If it is necessary to discontinue two-step sealed bidding, the contracting officer shall include a statement of the facts and circumstances in the contract file. Each offeror shall be notified in writing. When step one results in no acceptable technical proposal or only one acceptable technical proposal, the acquisition may be continued by negotiation.

14.503-2 Step two.

(a) Sealed bidding procedures shall be followed except that invitations for bids shall—

(1) Be issued only to those offerors submitting acceptable technical proposals in step one;

(2) Include the provision prescribed in 14.201-6(t);

(3) Prominently state that the bidder shall comply with the specifications and the bidder’s technical proposal; and

(4) Not be synopsized through the Governmentwide point of entry (GPE) as an acquisition opportunity nor publicly posted (see 5.101(a)).

(b) The names of firms that submitted acceptable proposals in step one will be listed through the GPE for the benefit of prospective subcontractors (see 5.207).
gaining agreement are substantially at variance with those which prevail for services of a similar character in the locality, or (2) that the wages and fringe benefits in the predecessor contractor’s collective bargaining agreement are not the result of arm’s length negotiations (see 22.1013 and 22.1021). The Department of Labor (DOL) has concluded that contingent collective bargaining agreement provisions that attempt to limit a contractor’s obligations by means such as requiring issuance of a wage determination by the DOL, requiring inclusion of the wage determination in the contract, or requiring the Government to adequately reimburse the contractor, generally reflect a lack of arm’s length negotiations.

(f) If the services are being furnished at more than one location and the collectively bargained wage rates and fringe benefits are different at different locations or do not apply to one or more locations, the contracting officer shall identify the locations to which the agreements apply.

(g) If the collective bargaining agreement does not apply to all service employees under the contract, the contracting officer shall separately list on the SF 98a the service employee classifications—

(1) Subject to the collective bargaining agreement; and

(2) Not subject to any collective bargaining agreement.

22.1008-4 Procedures when place of performance is unknown.

(See 22.1009.)

22.1008-5 Multiple-year contracts.

If the proposed contract is multiple year and is not subject to annual appropriations, the contracting officer shall furnish with the Notice a statement in writing describing the type of funding and giving the length of the performance period. Unless otherwise advised by the wage and hour division that a Notice must be filed on the annual anniversary date, the contracting officer shall submit a new Notice on each biennial anniversary date of the multiple year contract if its term is for a period in excess of 2 years.

22.1008-6 Contract modifications (options, extensions, changes in scope) and anniversary dates.

If the purpose of the Notice is to obtain a wage determination for an exercise of an option, an extension to the contract term, a change in scope (see 22.1007(b)(2)), or the anniversary date of a multiple year contract, the contracting officer shall fill in Box 2 of the SF 98 as follows:

(a) In the “Estimated solicitation date” subbox, indicate, as appropriate:

“Mod-Exercise of Option;” “Mod-Extension;” “Mod-Change in Scope;” “Annual Anniversary;” or “Biennial Anniversary;” and

(b) In the “month/day/year” subbox, indicate the date the wage determination is required.

22.1008-7 Required time of submission of Notice.

(a) If the contract action is for a recurring or known requirement, the contracting officer shall submit the Notice not less than 60 days (nor more than 120 days, except with the approval of the Wage and Hour Division) before the earlier of—

(1) Issuance of any invitation for bids;

(2) Issuance of any request for proposals;

(3) Commencement of negotiations;

(4) Issuance of modification for exercise of option, contract extension, or change in scope;

(5) Annual anniversary date of a contract for more than 1 year subject to annual appropriations; or

(6) Each biennial anniversary date of a contract for more than 2 years not subject to annual appropriations unless otherwise advised by the Wage and Hour Division (see 22.1008-5).

(b) If the contract action is for a nonrecurring or unknown requirement for which the advance planning described in paragraph (a) of this subsection is not feasible, the contracting officer shall submit the Notice as soon as possible, but not later than 30 days before the contracting actions in paragraph (a) of this subsection. The contracting officer should indicate on the Notice that the requirement is nonrecurring or unknown and advance planning was not feasible.

(c) If exceptional circumstances prevent timely submission, as required by paragraphs (a) and (b) of this subsection, the contracting officer shall submit the Notice and the required supplemental information with a written statement of the reason for delay as soon as practicable.

(d) In an emergency situation requiring an immediate wage determination response, the contracting officer shall, in accordance with contracting agency procedures, contact the Wage and Hour Division by telephone for guidance before submitting the Notice.

22.1009 Place of performance unknown.

22.1009-1 General.

If the place of performance is unknown, the contracting officer may use the procedures in this section. The contracting officer should first attempt to identify the specific places or geographical areas where the services might be performed (see 22.1009-2) and then may follow the procedures either in 22.1009-3 or in 22.1009-4.

22.1009-2 Attempt to identify possible places of performance.

The contracting officer should attempt to identify the specific places or geographical areas where the services might be performed. The following may indicate possible places of performance:
(a) Locations of previous contractors and their competitors.
(b) Databases available via the Internet for lists of prospective offerors and contractors.
(c) Responses to a presolicitation notice (see 5.204).

22.1009-3 All possible places of performance identified.
(a) If the contracting officer can identify all the possible places or areas of performance (even though the actual place of performance will not be known until the successful offeror is chosen), the contracting officer, as required in 22.1008, shall submit the Notice to the Wage and Hour Division. If the number of places of performance exceeds the space available on the Notice, the contracting officer shall provide a listing by state-county-city/town in an attachment to the Notice.

(b) The Wage and Hour Division may issue a wage determination for each different geographical area of performance identified by the contracting officer, or in unusual situations it may issue a wage determination for one or more composite areas of performance. If there is a substantial number of places or areas of performance indicating the need for a wage determination for one or more composite areas of performance, the contracting officer should, before submitting the Notice, contact the Wage and Hour Division concerning the issuance of such a wage determination.

(c) If the contracting officer subsequently learns of any potential offerors in previously unidentified places before the closing date for submission of offers, the contracting officer shall follow one of the following procedures:

(1) Continue to follow the procedures in this subsection and:

(i) Submit Notices for the additional places of performance to the Wage and Hour Division, and

(ii) Amend the solicitation to include all wage determinations and, if necessary, extend the time for submission of final offers.

(2) Follow the procedures in 22.1009-4.

22.1009-4 All possible places of performance not identified.
If the contracting officer believes that there may be offerors interested in performing in unidentified places or areas, the contracting officer may use the following procedures:

(a) If the contracting officer has identified possible places or areas where services might be performed, the contracting officer must submit the Notice to the Wage and Hour Division (see 22.1009-3(a) and (b)).

(b) Include the following information in the notice of contract action:

(1) That the place of performance is unknown.

(2) The possible places or areas of performance for which the contracting officer has requested wage determinations.

(3) That the contracting officer will request wage determinations for additional possible places of performance if asked to do so in writing.

(4) The time and date by which requests for wage determinations for additional places must be received by the contracting officer.

(c) Insert the clause at 52.222-49, Service Contract—Place of Performance Unknown, in solicitations and contracts. Include the information required in the clause by subparagraphs (b)(2) and (b)(4) of this subsection. The closing date for receipt of offerors’ requests for wage determinations for additional possible places of performance should allow reasonable time for potential offerors to review the solicitation and determine their interest in competing. Generally, 10 to 15 days from the date of issuance of the solicitation may be considered a reasonable period of time.

(d) The procedures in 14.304 shall apply to late receipt of offerors’ requests for wage determinations for additional places of performance. However, late receipt of an offeror’s request for a wage determination for additional places of performance does not preclude the offeror’s competing for the proposed acquisition.

(e) If the contracting officer receives any timely requests for wage determinations for additional places of performance, the contracting officer shall—

(1) Submit Notices for the additional places of performance to the Wage and Hour Division; and

(2) Amend the solicitation to include all wage determinations and, if necessary, extend the time for submission of final offers.

(f) If the successful offeror did not make a timely request for a wage determination and will perform in a place of performance for which the contracting officer therefore did not request a wage determination, the contracting officer shall—

(1) Award the contract;

(2) Request a wage determination; and

(3) Incorporate the wage determination in the contract, retroactive to the date of contract award and with no adjustment in contract price, pursuant to the clause at 52.222-49, Service Contract—Place of Performance Unknown.

22.1010 Notification to interested parties under collective bargaining agreements.
(a) The contracting officer should determine whether the incumbent prime contractor’s or its subcontractors’ service employees performing on the current contract are represented by a collective bargaining agent. If there is a collective bargaining agent, the contracting officer shall give both the incumbent contractor and its employees’ collective bargaining agent written notification of—

22.10-8
Subpart 24.2—Freedom of Information Act

24.201 Authority.

The Freedom of Information Act (5 U.S.C. 552, as amended) provides that information is to be made available to the public either by—

(a) Publication in the Federal Register;
(b) Providing an opportunity to read and copy records at convenient locations; or
(c) Upon request, providing a copy of a reasonably described record.

24.202 Prohibitions.

(a) A proposal in the possession or control of the Government, submitted in response to a competitive solicitation, shall not be made available to any person under the Freedom of Information Act. This prohibition does not apply to a proposal, or any part of a proposal, that is set forth or incorporated by reference in a contract between the Government and the contractor that submitted the proposal. (See 10 U.S.C. 2305(g) and 41 U.S.C. 253b(m).)

(b) No agency shall disclose any information obtained pursuant to 15.403-3(b) that is exempt from disclosure under the Freedom of Information Act. (See 10 U.S.C. 2306a(d)(2)(C) and 41 U.S.C. 254b(d)(2)(C).)

(c) A dispute resolution communication that is between a neutral person and a party to alternative dispute resolution proceedings, and that may not be disclosed under 5 U.S.C. 574, is exempt from disclosure under the Freedom of Information Act (5 U.S.C. 552(b)(3)).

24.203 Policy.

(a) The Act specifies, among other things, how agencies shall make their records available upon public request, imposes strict time standards for agency responses, and exempts certain records from public disclosure. Each agency’s implementation of these requirements is located in its respective title of the Code of Federal Regulations and referenced in Subpart 24.2 of its implementing acquisition regulations.

(b) Contracting officers may receive requests for records that may be exempted from mandatory public disclosure. The exemptions most often applicable are those relating to classified information, to trade secrets and confidential commercial or financial information, to interagency or intra-agency memoranda, or to personal and medical information pertaining to an individual. Since these requests often involve complex issues requiring an in-depth knowledge of a large and increasing body of court rulings and policy guidance, contracting officers are cautioned to comply with the implementing regulations of their agency and to obtain necessary guidance from the agency officials having Freedom of Information Act responsibility. If additional assistance is needed, authorized agency officials may contact the Department of Justice, Office of Information and Privacy.

25.408 Procedures.

(a) If the Trade Agreements Act or NAFTA applies (see 25.401), the contracting officer must—

(1) Comply with the requirements of 5.203, Publicizing and response time;

(2) Comply with the requirements of 5.207, Preparation and Transmittal of Synopses, including the appropriate “Numbered Note” (5.207(e)) for contracts that are subject to the Trade Agreements Act;

(3) Not include technical requirements in solicitations solely to preclude the acquisition of eligible products;

(4) Specify in solicitations that offerors must submit offers in the English language and in U.S. dollars (see 52.214-34, Submission of Offers in the English Language, and 52.214-35, Submission of Offers in U.S. Currency, or paragraph (c)(5) of 52.215-1, Instruction to Offerors—Competitive Acquisitions); and

(5) Provide unsuccessful offerors from designated or NAFTA countries notice in accordance with 14.409-1 or 15.503.

(b) See Subpart 25.5 for evaluation procedures and examples.
(b) Indirect costs shall be accumulated by logical cost groupings with due consideration of the reasons for incurring such costs. Each grouping should be determined so as to permit distribution of the grouping on the basis of the benefits accruing to the several cost objectives. Commonly, manufacturing overhead, selling expenses, and general and administrative (G&A) expenses are separately grouped. Similarly, the particular case may require subdivision of these groupings, e.g., building occupancy costs might be separable from those of personnel administration within the manufacturing overhead group. This necessitates selecting a distribution base common to all cost objectives to which the grouping is to be allocated. The base should be selected so as to permit allocation of the grouping on the basis of the benefits accruing to the several cost objectives. When substantially the same results can be achieved through less precise methods, the number and composition of cost groupings should be governed by practical considerations and should not unduly complicate the allocation.

(c) Once an appropriate base for distributing indirect costs has been accepted, it shall not be fragmented by removing individual elements. All items properly includable in an indirect cost base should bear a pro rata share of indirect costs irrespective of their acceptance as Government contract costs. For example, when a cost input base is used for the distribution of G&A costs, all items that would properly be part of the cost input base, whether allowable or unallowable, shall be included in the base and bear their pro rata share of G&A costs.

(d) The contractor’s method of allocating indirect costs shall be in accordance with standards promulgated by the CAS Board, if applicable to the contract; otherwise, the method shall be in accordance with generally accepted accounting principles which are consistently applied. The method may require examination when—

(1) Substantial differences occur between the cost patterns of work under the contract and the contractor’s other work;

(2) Significant changes occur in the nature of the business, the extent of subcontracting, fixed-asset improvement programs, inventories, the volume of sales and production, manufacturing processes, the contractor’s products, or other relevant circumstances; or

(3) Indirect cost groupings developed for a contractor’s primary location are applied to offsite locations. Separate cost groupings for costs allocable to offsite locations may be necessary to permit equitable distribution of costs on the basis of the benefits accruing to the several cost objectives.

(e) A base period for allocating indirect costs is the cost accounting period during which such costs are incurred and accumulated for distribution to work performed in that period. The criteria and guidance in 48 CFR 9904.406 for selecting the cost accounting periods to be used in allocating indirect costs are incorporated herein for application to contracts subject to full CAS coverage. For contracts subject to modified CAS coverage and for non-CAS-covered contracts, the base period for allocating indirect costs will normally be the contractor’s fiscal year. But a shorter period may be appropriate (1) for contracts in which performance involves only a minor portion of the fiscal year, or (2) when it is general practice in the industry to use a shorter period. When a contract is performed over an extended period, as many base periods shall be used as are required to represent the period of contract performance.

(f) Special care should be exercised in applying the principles of paragraphs (b), (c), and (d) of this section when Government-owned contractor-operated (GOCO) plants are involved. The distribution of corporate, division, or branch office G&A expenses to such plants operating with little or no dependence on corporate administrative activities may require more precise cost groupings, detailed accounts screening, and carefully developed distribution bases.

31.204 Application of principles and procedures.

(a) Costs shall be allowable to the extent they are reasonable, allocable, and determined to be allowable under 31.201, 31.202, 31.203, and 31.205. These criteria apply to all of the selected items that follow, even if particular guidance is provided for certain items for emphasis or clarity.

(b) Costs incurred as reimbursements or payments to a subcontractor under a cost-reimbursement, fixed-price incentive, or price redeterminable type subcontract of any tier above the first firm-fixed-price subcontract or fixed-price subcontract with economic price adjustment provisions are allowable to the extent that allowance is consistent with the appropriate subpart of this Part 31 applicable to the subcontract involved. Costs incurred as payments under firm-fixed-price subcontracts or fixed-price subcontracts with economic price adjustment provisions or modifications thereto, when cost analysis was performed under 15.404-1(c), shall be allowable only to the extent that the price was negotiated in accordance with 31.102.

(c) Section 31.205 does not cover every element of cost. Failure to include any item of cost does not imply that it is either allowable or unallowable. The determination of allowability shall be based on the principles and standards in this subpart and the treatment of similar or related selected items. When more than one subsection in 31.205 is relevant to a contractor cost, the cost shall be apportioned among the applicable subsections, and the determination of allowability of each portion shall be based on the guidance contained in the applicable subsection. When a cost, to which more than one subsection in 31.205 is relevant, cannot be apportioned, the determination of allowability shall be based on the guidance contained in the subsection that most specifically deals
31.205 Selected costs.

31.205-1 Public relations and advertising costs.

(a) “Public relations” means all functions and activities dedicated to—

(1) Maintaining, protecting, and enhancing the image of a concern or its products; or

(2) Maintaining or promoting reciprocal understanding and favorable relations with the public at large, or any segment of the public. The term public relations includes activities associated with areas such as advertising, customer relations, etc.

(b) “Advertising” means the use of media to promote the sale of products or services and to accomplish the activities referred to in paragraph (d) of this subsection, regardless of the medium employed, when the advertiser has control over the form and content of what will appear, the media in which it will appear, and when it will appear. Advertising media include but are not limited to conventions, exhibits, free goods, samples, magazines, newspapers, trade papers, direct mail, dealer cards, window displays, outdoor advertising, radio, and television.

(c) Public relations and advertising costs include the costs of media time and space, purchased services performed by outside organizations, as well as the applicable portion of salaries, travel, and fringe benefits of employees engaged in the functions and activities identified in paragraphs (a) and (b) of this subsection.

(d) The only allowable advertising costs are those that are—

(1) Specifically required by contract, or that arise from requirements of Government contracts, and that are exclusively for—

(i) Acquiring scarce items for contract performance; or

(ii) Disposing of scrap or surplus materials acquired for contract performance;

(2) Costs of activities to promote sales of products normally sold to the U.S. Government, including trade shows, which contain a significant effort to promote exports from the United States. Such costs are allowable, notwithstanding paragraphs (f)(1), (f)(3), (f)(4)(ii), and (f)(5) of this subsection. However, such costs do not include the costs of memorabilia (e.g., models, gifts, and souvenirs), alcoholic beverages, entertainment, and physical facilities that are used primarily for entertainment rather than product promotion; or

(3) Allowable in accordance with 31.205-34.

(e) Allowable public relations costs include the following:

(1) Costs specifically required by contract.

(2) Costs of—

(i) Responding to inquiries on company policies and activities;

(ii) Communicating with the public, press, stockholders, creditors, and customers; and

(iii) Conducting general liaison with news media and Government public relations officers, to the extent that such activities are limited to communication and liaison necessary to keep the public informed on matters of public concern such as notice of contract awards, plant closings or openings, employee layoffs or rehires, financial information, etc.

(3) Costs of participation in community service activities (e.g., blood bank drives, charity drives, savings bond drives, disaster assistance, etc.).

(4) Costs of plant tours and open houses (but see paragraph (f)(5) of this subsection).

(5) Costs of keel laying, ship launching, commissioning, and roll-out ceremonies, to the extent specifically provided for by contract.

(f) Unallowable public relations and advertising costs include the following:

(1) All public relations and advertising costs, other than those specified in paragraphs (d) and (e) of this subsection, whose primary purpose is to promote the sale of products or services by stimulating interest in a product or product line (except for those costs made allowable under 31.205-38(b)(5)), or by disseminating messages calling favorable attention to the contractor for purposes of enhancing the company image to sell the company’s products or services.

(2) All costs of trade shows and other special events which do not contain a significant effort to promote the export sales of products normally sold to the U.S. Government.

(3) Costs of sponsoring meetings, conventions, symposia, seminars, and other special events when the principal purpose of the event is other than dissemination of technical information or stimulation of production.

(4) Costs of ceremonies such as—

(i) Corporate celebrations and

(ii) New product announcements.

(5) Costs of promotional material, motion pictures, videotapes, brochures, handouts, magazines, and other media that are designed to call favorable attention to the contractor and its activities.

(6) Costs of souvenirs, models, imprinted clothing, buttons, and other mementos provided to customers or the public.

(7) Costs of memberships in civic and community organizations.
Subpart 32.8—Assignment of Claims

32.800 Scope of subpart.
This subpart prescribes policies and procedures for the assignment of claims under the Assignment of Claims Act of 1940, as amended, 31 U.S.C. 3727, 41 U.S.C. 15 (hereafter referred to as “the Act”).

32.801 Definitions.
“Designated agency,” as used in this subpart, means any department or agency of the executive branch of the United States Government (see 32.803(d)).

“No-setoff commitment,” as used in this subpart, means a contractual undertaking that, to the extent permitted by the Act, payments by the designated agency to the assignee under an assignment of claims will not be reduced to liquidate the indebtedness of the contractor to the Government.

32.802 Conditions.
Under the Assignment of Claims Act, a contractor may assign moneys due or to become due under a contract if all the following conditions are met:
(a) The contract specifies payments aggregating $1,000 or more.
(b) The assignment is made to a bank, trust company, or other financing institution, including any Federal lending agency.
(c) The contract does not prohibit the assignment.
(d) Unless otherwise expressly permitted in the contract,
   (1) Covers all unpaid amounts payable under the contract;
   (2) Is made only to one party, except that any assignment may be made to one party as agent or trustee for two or more parties participating in the financing of the contract; and
   (3) Is not subject to further assignment.
(e) The assignee sends a written notice of assignment together with a true copy of the assignment instrument to the—
   (1) Contracting officer or the agency head;  
   (2) Surety on any bond applicable to the contract; and
   (3) Disbursing officer designated in the contract to make payment.

32.803 Policies.
(a) Any assignment of claims that has been made under the Act to any type of financing institution listed in 32.802(b) may thereafter be further assigned and reassigned to any such institution if the conditions in 32.802(d) and (e) continue to be met.
(b) A contract may prohibit the assignment of claims if the agency determines the prohibition to be in the Government’s interest.

(c) Under a requirements or indefinite quantity type contract that authorizes ordering and payment by multiple Government activities, amounts due for individual orders for $1,000 or more may be assigned.
(d) Any contract of a designated agency (see FAR 32.801), except a contract under which full payment has been made, may include a no-setoff commitment only when a determination of need is made by the head of the agency, in accordance with the Presidential delegation of authority dated October 3, 1995, and after such determination has been published in the Federal Register.

32.804 Extent of assignee’s protection.
(a) No payments made by the Government to the assignee under any contract assigned in accordance with the Act may be recovered on account of any liability of the contractor to the Government. This immunity of the assignee is effective whether the contractor’s liability arises from or independently of the assigned contract.
(b) Except as provided in paragraph (c) of this section, the inclusion of a no-setoff commitment in an assigned contract entitles the assignee to receive contract payments free of reduction or setoff for—
   (1) Any liability of the contractor to the Government arising independently of the contract; and
   (2) Any of the following liabilities of the contractor to the Government arising independently of the assigned contract:
      (i) Renegotiation under any statute or contract clause.
      (ii) Fines.
      (iii) Penalties, exclusive of amounts that may be collected or withheld from the contractor under, or for failure to comply with, the terms of the contract.

Use of the no-setoff provision may be appropriate to facilitate the national defense; in the event of a national emergency or natural disaster; or when the use of the no-setoff provision may facilitate private financing of contract performance. However, in the event an offeror is significantly indebted to the United States, the contracting officer should consider whether the inclusion of the no-setoff commitment in a particular contract is in the best interests of the United States. In such an event, the contracting officer should consult with the Government officer(s) responsible for collecting the debt(s).

(e) When an assigned contract does not include a no-setoff commitment, the Government may apply against payments to the assignee any liability of the contractor to the Government arising independently of the assigned contract if the liability existed at the time notice of the assignment was received even though that liability had not yet matured so as to be due and payable.
32.805 Procedure.

(a) Assignments. (1) Assignments by corporations shall be—

(i) Executed by an authorized representative;

(ii) Attested by the secretary or the assistant secretary of the corporation; and

(iii) Impressed with the corporate seal or accompanied by a true copy of the resolution of the corporation’s board of directors authorizing the signing representative to execute the assignment.

(2) Assignments by a partnership may be signed by one partner, if the assignment is accompanied by adequate evidence that the signer is a general partner of the partnership and is authorized to execute assignments on behalf of the partnership.

(3) Assignments by an individual shall be signed by that individual and the signature acknowledged before a notary public or other person authorized to administer oaths.

(d) Examination by the Government. In examining and processing notices of assignment and before acknowledging their receipt, contracting officers should assure that the following conditions and any additional conditions specified in agency regulations, have been met:

(1) The contract has been properly approved and executed.

(2) The contract is one under which claims may be assigned.

(3) The assignment covers only money due or to become due under the contract.

(4) The assignee is registered separately in the Central Contractor Registration unless one of the exceptions in 4.1102 applies.

(i) There has been a further assignment or reassignment under the Act; or
Subpart 32.11—Electronic Funds Transfer

32.1100 Scope of subpart.
This subpart provides policy and procedures for contract financing and delivery payments to contractors by electronic funds transfer (EFT).

32.1101 Statutory requirements.
31 U.S.C. 3332 requires, subject to implementing regulations of the Secretary of the Treasury at 31 CFR part 208, that EFT be used to make all contract payments.

32.1102 Definitions.
As used in this subpart—
“Electronic Funds Transfer information (EFT)” means information necessary for making a payment by EFT through specified EFT mechanisms.
“Governmentwide commercial purchase card” means a card that is similar in nature to a commercial credit card that is used to make financing and delivery payments for supplies and services. The purchase card is an EFT method and it may be used as a means to meet the requirement to pay by EFT, to the extent that purchase card limits do not preclude such payments.
“Payment information” means the payment advice provided by the Government to the contractor that identifies what the payment is for, any computations or adjustments made by the Government, and any information required by the Prompt Payment Act.

32.1103 Applicability.
The Government shall provide all contract payments through EFT except if—
(a) The office making payment under a contract that requires payment by EFT, loses the ability to release payment by EFT. To the extent authorized by 31 CFR part 208, the payment office shall make necessary payments pursuant to paragraph (a)(2) of the clause at either 52.232-33 or 52.232-34 until such time as it can make EFT payments;
(b) The payment is to be received by or on behalf of the contractor outside the United States and Puerto Rico (but see 32.1106(b));
(c) A contract is paid in other than United States currency (but see 32.1106(b));
(d) Payment by EFT under a classified contract could compromise the safeguarding of classified information or national security, or arrangements for appropriate EFT payments would be impractical due to security considerations;
(e) A contract is awarded by a deployed contracting officer in the course of military operations, including, but not limited to, contingency operations as defined in 2.101, or a contract is awarded by any contracting officer in the conduct of emergency operations, such as responses to natural disasters or national or civil emergencies, if—
(1) EFT is not known to be possible; or
(2) EFT payment would not support the objectives of the operation;
(f) The agency does not expect to make more than one payment to the same recipient within a one-year period;
(g) An agency’s need for supplies and services is of such unusual and compelling urgency that the Government would be seriously injured unless payment is made by a method other than EFT;
(h) There is only one source for supplies and services and the Government would be seriously injured unless payment is made by a method other than EFT; or
(i) Otherwise authorized by Department of the Treasury Regulations at 31 CFR part 208.

32.1104 Protection of EFT information.
The Government shall protect against improper disclosure of contractors’ EFT information.

32.1105 Assignment of claims.
The use of EFT payment methods is not a substitute for a properly executed assignment of claims in accordance with Subpart 32.8. EFT information that shows the ultimate recipient of the transfer to be other than the contractor, in the absence of a proper assignment of claims, is considered to be incorrect EFT information within the meaning of the “Suspension of Payment” paragraphs of the EFT clauses at 52.232-33 and 52.232-34.

32.1106 EFT mechanisms.
(a) Domestic EFT mechanisms. The EFT clauses at 52.232-33 and 52.232-34 are designed for use with the domestic United States banking system, using United States currency, and only the specified mechanisms (U.S. Automated Clearing House, and Fedwire Transfer System) of EFT. However, the head of an agency may authorize the use of any other EFT mechanism for domestic EFT with the concurrence of the office or agency responsible for making payments.

(b) Nondomestic EFT mechanisms and other than United States currency. The Government shall provide payment by other than EFT for payments received by or on behalf of the contractor outside the United States and Puerto Rico or for contracts paid in other than United States currency. However, the head of an agency may authorize appropriate use of EFT with the concurrence of the office or agency responsible for making payments if—
(1) The political, financial, and communications infrastructure in a foreign country supports payment by EFT; or
(2) Payments of other than United States currency may be made safely.

32.1107 Payment information.

The payment or disbursing office shall forward to the contractor available payment information that is suitable for transmission as of the date of release of the EFT instruction to the Federal Reserve System.

32.1108 Payment by Governmentwide commercial purchase card.

A Governmentwide commercial purchase card charge authorizes the third party (e.g., financial institution) that issued the purchase card to make immediate payment to the contractor. The Government reimburses the third party at a later date for the third party’s payment to the contractor.

(a) The clause at 52.232-36, Payment by Third Party, governs when a contractor submits a charge against the purchase card for contract payment. The clause provides that the contractor shall make such payment requests by a charge to a Government account with the third party at the time the payment clause(s) of the contract authorizes the contractor to submit a request for payment, and for the amount due in accordance with the terms of the contract. To the extent that such a payment would otherwise be approved, the charge against the purchase card should not be disputed when the charge is reported to the Government by the third party. To the extent that such payment would otherwise not have been approved, an authorized individual (see 1.603-3) shall take action to remove the charge, such as by disputing the charge with the third party or by requesting that the contractor credit the charge back to the Government under the contract.

(b) Written contracts to be paid by purchase card should include the clause at 52.232-36, Payment by Third Party, as prescribed by 32.1110(d). However, payment by a purchase card also may be made under a contract that does not contain the clause to the extent the contractor agrees to accept that method of payment.

(c) The clause at 52.232-36, Payment by Third Party, requires that the contract—

(1) Identify the third party and the particular purchase card to be used; and

(2) Not include the purchase card account number. The purchase card account number should be provided separately to the contractor.

32.1109 EFT information submitted by offerors.

If offerors are required to submit EFT information prior to award, the successful offeror is not responsible for resubmitting this information after award of the contract except to make changes, or to place the information on invoices if required by agency procedures. Therefore, contracting officers shall forward EFT information provided by the successful offeror to the appropriate office.

32.1110 Solicitation provision and contract clauses.

(a) The contracting officer shall insert the clause at—

(1) 52.232-33, Payment by Electronic Funds Transfer—Central Contractor Registration, in solicitations and contracts that include the clause at 52.204-7 or an agency clause that requires a contractor to be registered in the CCR database and maintain registration until final payment, unless—

(i) Payment will be made through a third party arrangement (see 13.301 and paragraph (d) of this section); or

(ii) An exception listed in 32.1103(a) through (i) applies.

(2)(i) 52.232-34, Payment by Electronic Funds Transfer—Other than Central Contractor Registration, in solicitations and contracts that require EFT as the method for payment but do not include the clause at 52.204-7, Central Contractor Registration, or a similar agency clause that requires the contractor to be registered in the CCR database.

(ii)(A) If permitted by agency procedures, the contracting officer may insert in paragraph (b)(1) of the clause, a particular time after award, such as a fixed number of days, or event such as the submission of the first request for payment.

(B) If no agency procedures are prescribed, the time period inserted in paragraph (b)(1) of the clause shall be “no later than 15 days prior to submission of the first request for payment.”

(b) If the head of the agency has authorized, in accordance with 32.1106, to use a nondomestic EFT mechanism, the contracting officer shall insert in solicitations and contracts a clause substantially the same as 52.232-33 or 52.232-34 that clearly addresses the nondomestic EFT mechanism.

(c) If EFT information is to be submitted to other than the payment office in accordance with agency procedures, the contracting officer shall insert in solicitations and contracts the clause at 52.232-35, Designation of Office for Government Receipt of Electronic Funds Transfer Information, or a clause substantially the same as 52.232-35 that clearly informs the contractor where to send the EFT information.

(d) If payment under a written contract will be made by a charge to a Government account with a third party such as a Governmentwide commercial purchase card, then the contracting officer shall insert the clause at 52.232-36, Payment by Third Party, in solicitations and contracts. Payment by a purchase card may also be made under a contract that does not contain the clause at 52.232-36, to the extent the contractor agrees to accept that method of payment.
(e) If the contract or agreement provides for the use of delivery orders, and provides that the ordering office designate the method of payment for individual orders, the contracting officer shall insert, in the solicitation and contract or agreement, the clause at 52.232-37, Multiple Payment Arrangements, and, to the extent they are applicable, the clauses at—

(1) 52.232-33, Payment by Electronic Funds Transfer—Central Contractor Registration;
(2) 52.232-34, Payment by Electronic Funds Transfer—Other than Central Contractor Registration; and
(3) 52.232-36, Payment by Third Party.

(f) If more than one disbursing office will make payment under a contract or agreement, the contracting officer, or ordering office (if the contract provides for choices between EFT clauses on individual orders or classes of orders), shall include or identify the EFT clause appropriate for each office and shall identify the applicability by disbursing office and contract line item.

(g) If the solicitation contains the clause at 52.232-34, Payment by Electronic Funds Transfer—Other than Central Contractor Registration, and an offeror is required to submit EFT information prior to award—

(1) The contracting officer shall insert in the solicitation the provision at 52.232-38, Submission of Electronic Funds Transfer Information with Offer, or a provision substantially the same; and
(2) For sealed bid solicitations, the contracting officer shall amend 52.232-38 to ensure that a bidder’s EFT information—

   (i) Is not a part of the bid to be opened at the public opening; and
   (ii) May not be released to members of the general public who request a copy of the bid.
35.016 Broad agency announcement.

(a) General. This paragraph prescribes procedures for the use of the broad agency announcement (BAA) with Peer or Scientific Review (see 6.102(d)(2)) for the acquisition of basic and applied research and that part of development not related to the development of a specific system or hardware procurement. BAA's may be used by agencies to fulfill their requirements for scientific study and experimentation directed toward advancing the state-of-the-art or increasing knowledge or understanding rather than focusing on a specific system or hardware solution. The BAA technique shall only be used when meaningful proposals with varying technical/scientific approaches can be reasonably anticipated.

(b) The BAA, together with any supporting documents, shall—

(1) Describe the agency’s research interest, either for an individual program requirement or for broadly defined areas of interest covering the full range of the agency's requirements;

(2) Describe the criteria for selecting the proposals, their relative importance, and the method of evaluation;

(3) Specify the period of time during which proposals submitted in response to the BAA will be accepted; and

(4) Contain instructions for the preparation and submission of proposals.

(c) The availability of the BAA must be publicized through the Governmentwide point of entry (GPE) and, if authorized pursuant to Subpart 5.5, may also be published in noted scientific, technical, or engineering periodicals. The notice must be published no less frequently than annually.

(d) Proposals received as a result of the BAA shall be evaluated in accordance with evaluation criteria specified therein through a peer or scientific review process. Written evaluation reports on individual proposals will be necessary but proposals need not be evaluated against each other since they are not submitted in accordance with a common work statement.

(e) The primary basis for selecting proposals for acceptance shall be technical, importance to agency programs, and fund availability. Cost realism and reasonableness shall also be considered to the extent appropriate.

(f) Synopsis under Subpart 5.2, Synopses of Proposed Contract Actions, of individual contract actions based upon proposals received under the BAA is not required. The notice published pursuant to paragraph (c) of this section fulfills the synopsis requirement.
35.017 Federally Funded Research and Development Centers.

(a) Policy. (1) This section sets forth Federal policy regarding the establishment, use, review, and termination of Federally Funded Research and Development Centers (FFRDCs) and related sponsoring agreements.

(2) An FFRDC meets some special long-term research or development need which cannot be met as effectively by existing in-house or contractor resources. FFRDC’s enable agencies to use private sector resources to accomplish tasks that are integral to the mission and operation of the sponsoring agency. An FFRDC, in order to discharge its responsibilities to the sponsoring agency, has access, beyond that which is common to the normal contractual relationship, to Government and supplier data, including sensitive and proprietary data, and to employees and facilities. The FFRDC is required to conduct its business in a manner befitting its special relationship with the Government, to operate in the public interest with objectivity and independence, to be free from organizational conflicts of interest, and to have full disclosure of its affairs to the sponsoring agency. It is not the Government’s intent that an FFRDC use its privileged information or access to facilities to compete with the private sector. However, an FFRDC may perform work for other than the sponsoring agency under the Economy Act, or other applicable legislation, when the work is not otherwise available from the private sector.

(3) FFRDC’s are operated, managed, and/or administered by either a university or consortium of universities, other not-for-profit or nonprofit organization, or an industrial firm, as an autonomous organization or as an identifiable separate operating unit of a parent organization.

(4) Long-term relationships between the Government and FFRDC’s are encouraged in order to provide the continuity that will attract high-quality personnel to the FFRDC. This relationship should be of a type to encourage the FFRDC to maintain currency in its field(s) of expertise, maintain its objectivity and independence, preserve its familiarity with the needs of its sponsor(s), and provide a quick response capability.

(b) Definitions. As used in this section—

“Nonsponsor” means any other organization, in or outside of the Federal Government, which funds specific work to be performed by the FFRDC and is not a party to the sponsoring agreement.

“Primary sponsor” means the lead agency responsible for managing, administering, or monitoring overall use of the FFRDC under a multiple sponsorship agreement.

“Sponsor” means the executive agency which manages, administers, monitors, funds, and is responsible for the overall use of an FFRDC. Multiple agency sponsorship is possible as long as one agency agrees to act as the “primary sponsor.” In the event of multiple sponsors, “sponsor” refers to the primary sponsor.

35.017-1 Sponsoring agreements.

(a) In order to facilitate a long-term relationship between the Government and an FFRDC, establish the FFRDC’s mission, and ensure a periodic reevaluation of the FFRDC, a written agreement of sponsorship between the Government and the FFRDC shall be prepared when the FFRDC is established. The sponsoring agreement may take various forms; it may be included in a contract between the Government and the FFRDC, or in another legal instrument under which an FFRDC accomplishes effort, or it may be in a separate written agreement. Notwithstanding its form, the sponsoring agreement shall be clearly designated as such by the sponsor.

(b) While the specific content of any sponsoring agreement will vary depending on the situation, the agreement shall contain, as a minimum, the requirements of paragraph (c) of this subsection. The requirements for, and the contents of, sponsoring agreements may be as further specified in sponsoring agencies’ policies and procedures.

(c) As a minimum, the following requirements must be addressed in either a sponsoring agreement or sponsoring agencies’ policies and procedures:

(1) A statement of the purpose and mission of the FFRDC.

(2) Provisions for the orderly termination or nonrenewal of the agreement, disposal of assets, and settlement of liabilities. The responsibility for capitalization of an FFRDC must be defined in such a manner that ownership of assets may be readily and equitably determined upon termination of the FFRDC’s relationship with its sponsor(s).

(3) A provision for the identification of retained earnings (reserves) and the development of a plan for their use and disposition.

(4) A prohibition against the FFRDC competing with any non-FFRDC concern in response to a Federal agency request for proposal for other than the operation of an FFRDC. This prohibition is not required to be applied to any parent organization or other subsidiary of the parent organization in its non-FFRDC operations. Requests for information, qualifications or capabilities can be answered unless otherwise restricted by the sponsor.

(5) A delineation of whether or not the FFRDC may accept work from other than the sponsor(s). If nonsponsor work can be accepted, a delineation of the procedures to be followed, along with any limitations as to the nonsponsors from which work can be accepted (other Federal agencies, State or local governments, nonprofit or profit organizations, etc.).

(e) The Contractor shall be responsible for furnishing to each employee and for requiring each employee engaged on the work to display such identification as may be approved and directed by the Contracting Officer. All prescribed identification shall immediately be delivered to the Contracting Officer, for cancellation upon the release of any employee. When required by the Contracting Officer, the Contractor shall obtain and submit fingerprints of all persons employed or to be employed on the project.

52.204-3 Taxpayer Identification.

As prescribed in 4.905, insert the following provision:

TAXPAYER IDENTIFICATION (OCT 1998)

(a) Definitions.

“Common parent,” as used in this provision, means that corporate entity that owns or controls an affiliated group of corporations that files its Federal income tax returns on a consolidated basis, and of which the offeror is a member.

“Taxpayer Identification Number (TIN),” as used in this provision, means the number required by the Internal Revenue Service (IRS) to be used by the offeror in reporting income tax and other returns. The TIN may be either a Social Security Number or an Employer Identification Number.

(b) All offerors must submit the information required in paragraphs (d) through (f) of this provision to comply with debt collection requirements of 31 U.S.C. 7701(c) and 3325(d), reporting requirements of 26 U.S.C. 6041, 6041A, and 6050M, and implementing regulations issued by the IRS. If the resulting contract is subject to the payment reporting requirements described in Federal Acquisition Regulation (FAR) 4.904, the failure or refusal by the offeror to furnish the information may result in a 31 percent reduction of payments otherwise due under the contract.

(c) The TIN may be used by the Government to collect and report on any delinquent amounts arising out of the offeror’s relationship with the Government (31 U.S.C. 7701(c)(3)). If the resulting contract is subject to the payment reporting requirements described in FAR 4.904, the TIN provided hereunder may be matched with IRS records to verify the accuracy of the offeror’s TIN.

(d) Taxpayer Identification Number (TIN).

TIN: _______________________.

52.204-4 Printed or Copied Double-Sided on Recycled Paper.

As prescribed in 4.303, insert the following clause:

PRINTED OR COPIED DOUBLE-SIDED ON RECYCLED PAPER (AUG 2000)

(a) Definitions. As used in this clause—

“Postconsumer material” means a material or finished product that has served its intended use and has been discarded for disposal or recovery, having completed its life as a consumer item. Postconsumer material is a part of the broader category of “recovered material.” For paper and paper products, postconsumer material means “postconsumer fiber” defined by the U.S. Environmental Protection Agency (EPA) as—

1. Paper, paperboard, and fibrous materials from retail stores, office buildings, homes, and so forth, after they have passed through their end-use as a consumer item, including: used corrugated boxes; old newspapers; old magazines; mixed waste paper; tabulating cards; and used cordage; or

2. All paper, paperboard, and fibrous materials that enter and are collected from municipal solid waste; but not

3. Fiber derived from printers’ over-runs, converters’ scrap, and over-issue publications.
“Printed or copied double-sided” means printing or reproducing a document so that information is on both sides of a sheet of paper.

“Recovered material,” for paper and paper products, is defined by EPA in its Comprehensive Procurement Guideline as “recovered fiber” and means the following materials:

1. Postconsumer fiber; and
2. Manufacturing wastes such as—

52.204-7 Central Contractor Registration.

As prescribed in 4.1104, use the following clause:

CENTRAL CONTRACTOR REGISTRATION (OCT 2003)

(a) Definitions. As used in this clause—

“Central Contractor Registration (CCR) database” means the primary Government repository for Contractor information required for the conduct of business with the Government.

“Data Universal Numbering System (DUNS) number” means the 9-digit number assigned by Dun and Bradstreet, Inc. (D&B) to identify unique business entities.

“Data Universal Numbering System +4 (DUNS+4) number” means the DUNS number assigned by D&B plus a 4-character suffix that may be assigned by a business concern. (D&B has no affiliation with this 4-character suffix.) This 4-character suffix may be assigned at the discretion of the business concern to establish additional CCR records for identifying alternative Electronic Funds Transfer (EFT) accounts (see the FAR at Subpart 32.11) for the same parent concern.

“Registered in the CCR database” means that—

(1) The Contractor has entered all mandatory information, including the DUNS number or the DUNS+4 number, into the CCR database; and

(2) The Government has validated all mandatory data fields and has marked the record “Active”.

(b) (1) By submission of an offer, the offeror acknowledges the requirement that a prospective awardee shall be registered in the CCR database prior to award, during performance, and through final payment of any contract, basic agreement, basic ordering agreement, or blanket purchasing agreement resulting from this solicitation.

(2) The offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation “DUNS” or “DUNS +4” followed by the DUNS or DUNS +4 number that identifies the offeror’s name and address exactly as stated in the offer. The DUNS number will be used by the Contracting Officer to verify that the offeror is registered in the CCR database.

(c) If the offeror does not have a DUNS number, it should contact Dun and Bradstreet directly to obtain one.

(1) An offeror may obtain a DUNS number—

(i) If located within the United States, by calling Dun and Bradstreet at 1-866-705-5711 or via the Internet at http://www.dnb.com; or

(ii) If located outside the United States, by contacting the local Dun and Bradstreet office.

(2) The offeror should be prepared to provide the following information:

(i) Company legal business.

(ii) Tradestyle, doing business, or other name by which your entity is commonly recognized.

(iii) Company Physical Street Address, City, State, and Zip Code.

(iv) Company Mailing Address, City, State and Zip Code (if separate from physical).

(v) Company Telephone Number.

(vi) Date the company was started.

(vii) Number of employees at your location.

(viii) Chief executive officer/key manager.

(ix) Line of business (industry).

(x) Company Headquarters name and address (reporting relationship within your entity).

(d) If the Offeror does not become registered in the CCR database in the time prescribed by the Contracting Officer, the Contracting Officer will proceed to award to the next otherwise successful registered Offeror.

(e) Processing time, which normally takes 48 hours, should be taken into consideration when registering. Offerors who are not registered should consider applying for registration immediately upon receipt of this solicitation.

(f) The Contractor is responsible for the accuracy and completeness of the data within the CCR database, and for any liability resulting from the Government’s reliance on inaccurate or incomplete data. To remain registered in the CCR database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the CCR database to ensure it is current, accurate and complete. Updating information in the CCR does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(g) (1) (i) If a Contractor has legally changed its business name, “doing business as” name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in Subpart 42.12, the Contractor shall provide the responsible Contracting Officer a minimum of one business day’s written notification of its intention to (A) change the name in the CCR database; (B) comply with the requirements of Subpart 42.12 of the FAR; and (C) agree in writing to the timeline and procedures specified by the responsible Contracting Officer. The Contractor must provide with the notification sufficient documentation to support the legally changed name.

(ii) If the Contractor fails to comply with the requirements of paragraph (g)(1)(i) of this clause, or fails to perform the agreement at paragraph (g)(1)(i)(C) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the CCR information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the...
meaning of the “Suspension of Payment” paragraph of the electronic funds transfer (EFT) clause of this contract.

(2) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the CCR record to reflect an assignee for the purpose of assignment of claims (see FAR Subpart 32.8, Assignment of Claims). Assignees shall be separately registered in the CCR database. Information provided to the Contractor’s CCR record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the “Suspension of payment” paragraph of the EFT clause of this contract.

(h) Offerors and Contractors may obtain information on registration and annual confirmation requirements via the internet at http://www.ccr.gov or by calling 1-888-227-2423, or 269-961-5757.

(End of clause)

52.205 [Reserved]

52.206 [Reserved]
52.212-1 Instructions to Offerors—Commercial Items.

As prescribed in 12.301(b)(1), insert the following provision:

INSTRUCTIONS TO OFFERORS—COMMERCIAL ITEMS

(Oct 2003)

(a) North American Industry Classification System (NAICS) code and small business size standard. The NAICS code and small business size standard for this acquisition appear in Block 10 of the solicitation cover sheet (SF 1449). However, the small business size standard for a concern which submits an offer in its own name, but which proposes to furnish an item which it did not itself manufacture, is 500 employees.

(b) Submission of offers. Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show—

(1) The solicitation number;
(2) The time specified in the solicitation for receipt of offers;
(3) The name, address, and telephone number of the offeror;
(4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;
(5) Terms of any express warranty;
(6) Price and any discount terms;
(7) “Remit to” address, if different than mailing address;
(8) A completed copy of the representations and certifications at FAR 52.212-3;
(9) Acknowledgment of Solicitation Amendments;
(10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and
(11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(c) Period for acceptance of offers. The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(d) Product samples. When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender’s request and expense, unless they are destroyed during preaward testing.

(e) Multiple offers. Offerors are encouraged to submit multiple offers presenting alternative terms and conditions or commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(f) Late submissions, modifications, revisions, and withdrawals of offers. (1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is “late” and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and—

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government’s control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.
(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) Contract award (not applicable to Invitation for Bids). The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror’s initial offer should contain the offeror’s best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) Multiple awards. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

(i) Availability of requirements documents cited in the solicitation. (1)(i) The GSA Index of Federal Specifications, Standards and Commercial Item Descriptions, FPMR Part 101-29, and copies of specifications, standards, and commercial item descriptions cited in this solicitation may be obtained for a fee by submitting a request to—

The offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation “DUNS” or “DUNS+4” followed by the DUNS or DUNS+4 number that identifies the offeror’s name and address. The DUNS+4 is the DUNS number plus a 4-character suffix that may be assigned at the discretion of the offeror to establish additional CCR records for identifying alternative Electronic Funds Transfer (EFT) accounts (see FAR Subpart 32.11) for the same parent concern. An offeror located outside the United States must contact the local Dun and Bradstreet office for a DUNS number.

(k) Central Contractor Registration. Unless exempted by an addendum to this solicitation, by submission of an offer, the offeror acknowledges the requirement that a prospective awardee shall be registered in the CCR database prior to award, during performance and through final payment of any contract resulting from this solicitation. If the Offeror does not become registered in the CCR database in the time prescribed by the Contracting Officer, the Contracting Officer will proceed to award to the next otherwise successful registered Offeror. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

(k) Taxes. The contract price includes all applicable Federal, State, and local taxes and duties.

(l) Termination for the Government's convenience. The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.

(m) Termination for cause. The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. (q) Other compliances. The Contractor shall comply with all applicable Federal, State and local laws, executive orders, rules and regulations applicable to its performance under this contract.

(s) Order of precedence. Any inconsistencies in this solicitation or contract shall be resolved by giving precedence in the following order:

(1) The schedule of supplies/services.
(2)(i) If a Contractor has legally changed its business name, “doing business as” name, or division name (which ever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in FAR Subpart 42.12, the Contractor shall provide the responsible Contracting Officer a minimum of one business day’s written notification of its intention to (A) change the name in the CCR database; (B) comply with the requirements of Subpart 42.12; and (C) agree in writing to the timeline and procedures specified by the responsible Contracting Officer. The Contractor must provide with the notification sufficient documentation to support the legally changed name.

(ii) If the Contractor fails to comply with the requirements of paragraph (t)(2)(i) of this clause, or fails to perform the agreement at paragraph (t)(2)(i)(C) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the CCR information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the meaning of the “Suspension of Payment” paragraph of the EFT clause of this contract.

(3) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the CCR record to reflect an assignee for the purpose of assignment of claims (see Subpart 32.8, Assignment of Claims). Assignees shall be separately registered in the CCR database.

Information provided to the Contractor’s CCR record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the “Suspension of payment” paragraph of the EFT clause of this contract.

(d) Inspection/Acceptance. The Contractor shall tender for acceptance only those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. The Government must exercise its postacceptance rights—

(1) Within a reasonable period of time after the defect was discovered or should have been discovered; and

(2) Before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

(e) Excusable delays. The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence, such as acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after the

(f) **Termination for the Government's convenience.** The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges that the Contractor can demonstrate to the satisfaction of the Government, using its standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred that reasonably could have been avoided.

(g) **Termination for cause.** The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. (End of clause)
have been paid, or will be paid, currently, when due in the ordinary course of business;

(3) There are no encumbrances (except as reported in writing on ____________ ) against the property acquired or produced for, and allocated or properly chargeable to, the contract which would affect or impair the Government’s title;

(4) There has been no materially adverse change in the financial condition of the Contractor since the submission by the Contractor to the Government of the most recent written information dated ____________ ; and

(5) After the making of this requested performance-based payment, the amount of all payments for each deliverable item for which performance-based payments have been requested will not exceed any limitation in the contract, and the amount of all payments under the contract will not exceed any limitation in the contract.

(End of clause)

52.232-33 Payment by Electronic Funds Transfer—Central Contractor Registration.

As prescribed in 32.1110(a)(1), insert the following clause:

PAYMENT BY ELECTRONIC FUNDS TRANSFER—CENTRAL CONTRACTOR REGISTRATION (OCT 2003)

(a) Method of payment. (1) All payments by the Government under this contract shall be made by electronic funds transfer (EFT), except as provided in paragraph (a)(2) of this clause. As used in this clause, the term “EFT” refers to the funds transfer and may also include the payment information transfer.

(2) In the event the Government is unable to release one or more payments by EFT, the Contractor agrees to either—

   (i) Accept payment by check or some other mutually agreeable method of payment; or
   (ii) Request the Government to extend the payment due date until such time as the Government can make payment by EFT (but see paragraph (d) of this clause).

(b) Contractor’s EFT information. The Government shall make payment to the Contractor using the EFT information contained in the Central Contractor Registration (CCR) database. In the event that the EFT information changes, the Contractor shall be responsible for providing the updated information to the CCR database.

(c) Mechanisms for EFT payment. The Government may make payment by EFT through either the Automated Clearing House (ACH) network, subject to the rules of the National Automated Clearing House Association, or the Fedwire Transfer System. The rules governing Federal payments through the ACH are contained in 31 CFR part 210.

(d) Suspension of payment. If the Contractor’s EFT information in the CCR database is incorrect, then the Government need not make payment to the Contractor under this contract until correct EFT information is entered into the CCR database; and any invoice or contract financing request shall be deemed not to be a proper invoice for the purpose of prompt payment under this contract. The prompt payment terms of the contract regarding notice of an improper invoice and delays in accrual of interest penalties apply.

(e) Liability for uncompleted or erroneous transfers. If an uncompleted or erroneous transfer occurs because the Government used the Contractor’s EFT information incorrectly, the Government remains responsible for—

   (i) Making a correct payment;
   (ii) Paying any prompt payment penalty due; and
   (iii) Recovering any erroneously directed funds.

(f) EFT and assignment of claims. If the Contractor assigns the proceeds of this contract as provided for in the assignment of claims terms of this contract, the Contractor shall require as a condition of any such assignment, that the assignee shall register separately in the CCR database and shall be paid by EFT in accordance with the terms of this clause. Notwithstanding any other requirement of this contract, payment to an ultimate recipient other than the Contractor, or a financial institution properly recognized under an assignment of claims pursuant to Subpart 32.8, is not permitted. In all respects, the requirements of this clause shall apply to the assignee as if it were the Contractor. EFT information that shows the ultimate recipient of the transfer to be other than the Contractor, in the absence of a proper assignment of claims acceptable to the Government, is incorrect EFT information within the meaning of paragraph (d) of this clause.

(g) Liability for change of EFT information by financial agent. The Government is not liable for errors resulting from changes to EFT information made by the Contractor’s financial agent.
(i) **Payment information.** The payment or disbursing office shall forward to the Contractor available payment information that is suitable for transmission as of the date of release of the EFT instruction to the Federal Reserve System. The Government may require the Contractor to designate a desired format and method(s) for delivery of payment information from a list of formats and methods the payment office is capable of executing. However, the Government does not guarantee that any particular format or method of delivery is available at any particular payment office and retains the latitude to use the format and delivery method most convenient to the Government. If the Government makes payment by check in accordance with paragraph (a) of this clause, the Government shall mail the payment information to the remittance address contained in the CCR database.

(End of clause)

**52.232-34 Payment by Electronic Funds Transfer—Other than Central Contractor Registration.**

As prescribed in 32.1110(a)(2), insert the following clause:

**PAYMENT BY ELECTRONIC FUNDS TRANSFER—OTHER THAN CENTRAL CONTRACTOR REGISTRATION**

(MAY 1999)

(a) **Method of payment.** (1) All payments by the Government under this contract shall be made by electronic funds transfer (EFT) except as provided in paragraph (a)(2) of this clause. As used in this clause, the term “EFT” refers to the funds transfer and may also include the payment information transfer.

(2) In the event the Government is unable to release one or more payments by EFT, the Contractor agrees to either—

(i) Accept payment by check or some other mutually agreeable method of payment; or

(ii) Request the Government to extend payment due dates until such time as the Government makes payment by EFT (but see paragraph (d) of this clause).

(b) **Mandatory submission of Contractor’s EFT information.** (1) The Contractor is required to provide the Government with the information required to make payment by EFT (see paragraph (j) of this clause). The Contractor shall provide this information directly to the office designated in this contract to receive that information (hereafter: “designated office”) by ______________ [the Contracting Officer shall insert date, days after award, days before first request, the date specified for receipt of offers if the provision at 52.232-38 is utilized, or “concurrent with first request” as prescribed by the head of the agency; if not prescribed, insert “no later than 15 days prior to submission of the first request for payment”]. If not otherwise specified in this contract, the payment office is the designated office for receipt of the Contractor’s EFT information. If more than one designated office is named for the contract, the Contractor shall provide a separate notice to each office. In the event that the EFT information changes, the Contractor shall be responsible for providing the updated information to the designated office(s).

(2) If the Contractor provides EFT information applicable to multiple contracts, the Contractor shall specifically state the applicability of this EFT information in terms acceptable to the designated office. However, EFT information supplied to a designated office shall be applicable only to contracts that identify that designated office as the office to receive EFT information for that contract.

(c) **Mechanisms for EFT payment.** The Government may make payment by EFT through either the Automated Clearing House (ACH) network, subject to the rules of the National Automated Clearing House Association, or the Fedwire Transfer System. The rules governing Federal payments through the ACH are contained in 31 CFR part 210.

(d) **Suspension of payment.** (1) The Government is not required to make any payment under this contract until after receipt, by the designated office, of the correct EFT payment information from the Contractor. Until receipt of the correct EFT information, any invoice or contract financing request shall be deemed not to be a proper invoice for the purpose of prompt payment under this contract. The prompt payment terms of the contract regarding notice of an improper invoice and delays in accrual of interest penalties apply.

(2) If the EFT information changes after submission of correct EFT information, the Government shall begin using the changed EFT information no later than 30 days after its receipt by the designated office to the extent payment is made by EFT. However, the Contractor may request that no further payments be made until the updated EFT information is implemented by the payment office. If such suspension would result in a late payment under the prompt payment terms of this contract, the Contractor’s request for suspension shall extend the due date for payment by the number of days of the suspension.

(e) **Liability for uncompleted or erroneous transfers.**

(1) If an uncompleted or erroneous transfer occurs because the Government used the Contractor’s EFT information incorrectly, the Government remains responsible for—

(i) Making a correct payment;

(ii) Paying any prompt payment penalty due; and

(iii) Recovering any erroneously directed funds.

(2) If an uncompleted or erroneous transfer occurs because the Contractor’s EFT information was incorrect, or was revised within 30 days of Government release of the EFT payment transaction instruction to the Federal Reserve System, and—

(i) If the funds are no longer under the control of the payment office, the Government is deemed to have made pay-

Subpart 12.2—Special Requirements for the Acquisition of Commercial Items

12.201 General.

Public Law 103-355 establishes special requirements for the acquisition of commercial items intended to more closely resemble those customarily used in the commercial marketplace. This subpart identifies those special requirements as well as other considerations necessary for proper planning, solicitation, evaluation and award of contracts for commercial items.

12.202 Market research and description of agency need.

(a) Market research (see 10.001) is an essential element of building an effective strategy for the acquisition of commercial items and establishes the foundation for the agency description of need (see Part 11), the solicitation, and resulting contract.

(b) The description of agency need must contain sufficient detail for potential offerors of commercial items to know which commercial products or services may be suitable. Generally, for acquisitions in excess of the simplified acquisition threshold, an agency's statement of need for a commercial item will describe the type of product or service to be acquired and explain how the agency intends to use the product or service in terms of function to be performed, performance requirement or essential physical characteristics. Describing the agency's needs in these terms allows offerors to propose methods that will best meet the needs of the Government.

(c) Follow the procedures in Subpart 11.2 regarding the identification and availability of specifications, standards and commercial item descriptions.

(d) Requirements documents for electronic and information technology must comply with the applicable accessibility standards issued by the Architectural and Transportation Barriers Compliance Board at 36 CFR part 1194 (see Subpart 39.2).

12.203 Procedures for solicitation, evaluation, and award.

Contracting officers shall use the policies unique to the acquisition of commercial items prescribed in this part in conjunction with the policies and procedures for solicitation, evaluation and award prescribed in Part 13, Simplified Acquisition Procedures; Part 14, Sealed Bidding; or Part 15, Contracting by Negotiation, as appropriate for the particular acquisition. The contracting officer may use the streamlined procedure for soliciting offers for commercial items prescribed in 12.603. For acquisitions of commercial items exceeding the simplified acquisition threshold but not exceeding $5,000,000, including options, contracting activities shall employ the simplified procedures authorized by Subpart 13.5 to the maximum extent practicable.

12.204 Solicitation/contract form.

(a) The contracting officer shall use the Standard Form 1449, Solicitation/Contract/Order for Commercial Items, if (1) the acquisition is expected to exceed the simplified acquisition threshold; (2) a paper solicitation or contract is being issued; and (3) procedures at 12.603 are not being used. Use of the SF 1449 is nonmandatory but encouraged for commercial acquisitions not exceeding the simplified acquisition threshold.

(b) Consistent with the requirements at 5.203(a) and (h), the contracting officer may allow fewer than 15 days before issuance of the solicitation.

12.205 Offers.

(a) Where technical information is necessary for evaluation of offers, agencies should, as part of market research, review existing product literature generally available in the industry to determine its adequacy for purposes of evaluation. If adequate, contracting officers shall request existing product literature from offerors of commercial items in lieu of unique technical proposals.

(b) Contracting officers should allow offerors to propose more than one product that will meet a Government need in response to solicitations for commercial items. The contracting officer shall evaluate each product as a separate offer.

(c) Consistent with the requirements at 5.203(b), the contracting officer may allow fewer than 30 days response time for receipt of offers for commercial items, unless the acquisition is subject to NAFTA or the Trade Agreements Act (see 5.203(h)).

12.206 Use of past performance.

Past performance should be an important element of every evaluation and contract award for commercial items. Contracting officers should consider past performance data from a wide variety of sources both inside and outside the Federal Government in accordance with the policies and procedures contained in Subpart 9.1, 13.106, or Subpart 15.3, as applicable.

12.207 Contract type.

Agencies shall use firm-fixed-price contracts or fixed-price contracts with economic price adjustment for the acquisition of commercial items. Indefinite-delivery contracts (see Subpart 16.5) may be used where the prices are established based on a firm-fixed-price or fixed-price with economic price adjustment. Use of any other contract type to acquire commercial items is prohibited. These contract types may be used in conjunction with an award fee and performance or delivery incentives when the award fee
or incentive is based solely on factors other than cost (see 16.202-1 and 16.203-1).

12.208 Contract quality assurance.

Contracts for commercial items shall rely on contractors' existing quality assurance systems as a substitute for Government inspection and testing before tender for acceptance unless customary market practices for the commercial item being acquired include in-process inspection. Any in-process inspection by the Government shall be conducted in a manner consistent with commercial practice.

12.209 Determination of price reasonableness.

While the contracting officer must establish price reasonableness in accordance with 13.106-3, 14.408-2, or Subpart 15.4, as applicable, the contracting officer should be aware of customary commercial terms and conditions when pricing commercial items. Commercial item prices are affected by factors that include, but are not limited to, speed of delivery, length and extent of warranty, limitations of seller's liability, quantities ordered, length of the performance period, and specific performance requirements. The contracting officer must ensure that contract terms, conditions, and prices are commensurate with the Government's need.

12.210 Contract financing.

Customary market practice for some commercial items may include buyer contract financing. The contracting officer may offer Government financing in accordance with the policies and procedures in Part 32.

12.211 Technical data.

Except as provided by agency-specific statutes, the Government shall acquire only the technical data and the rights in that data customarily provided to the public with a commercial item or process. The contracting officer shall presume that data delivered under a contract for commercial items was developed exclusively at private expense. When a contract for commercial items requires the delivery of technical data, the contracting officer shall include appropriate provisions and clauses delineating the rights in the technical data in addenda to the solicitation and contract (see Part 27 or agency FAR supplements).

12.212 Computer software.

(a) Commercial computer software or commercial computer software documentation shall be acquired under licenses customarily provided to the public to the extent such licenses are consistent with Federal law and otherwise satisfy the Government's needs. Generally, offerors and contractors shall not be required to—

(1) Furnish technical information related to commercial computer software or commercial computer software documentation that is not customarily provided to the public; or

(2) Relinquish to, or otherwise provide, the Government rights to use, modify, reproduce, release, perform, display, or disclose commercial computer software or commercial computer software documentation except as mutually agreed to by the parties.

(b) With regard to commercial computer software and commercial computer software documentation, the Government shall have only those rights specified in the license contained in any addendum to the contract.

12.213 Other commercial practices.

It is a common practice in the commercial marketplace for both the buyer and seller to propose terms and conditions written from their particular perspectives. The terms and conditions prescribed in this part seek to balance the interests of both the buyer and seller. These terms and conditions are generally appropriate for use in a wide range of acquisitions. However, market research may indicate other commercial practices that are appropriate for the acquisition of the particular item. These practices should be considered for incorporation into the solicitation and contract if the contracting officer determines them appropriate in concluding a business arrangement satisfactory to both parties and not otherwise precluded by law or Executive order.

12.214 Cost Accounting Standards.

Cost Accounting Standards (CAS) do not apply to contracts and subcontracts for the acquisition of commercial items when these contracts and subcontracts are firm-fixed-price or fixed-price with economic price adjustment (provided that the price adjustment is not based on actual costs incurred). See 30.201-1 for CAS applicability to fixed-price with economic price adjustment contracts and subcontracts for commercial items when the price adjustment is based on actual costs incurred. When CAS applies, the contracting officer shall insert the appropriate provisions and clauses as prescribed in 30.201.

12.215 Notification of overpayment.

If the contractor notifies the contracting officer of a duplicate contract financing or invoice payment or that the Government has otherwise overpaid on a contract financing or invoice payment, the contracting officer must promptly provide instructions to the contractor, in coordination with the cognizant payment office, regarding timely disposition of the overpayment.
25.000 Scope of part.

This part provides policies and procedures for acquiring foreign supplies, services, and construction materials. It implements the Buy American Act, trade agreements, and other laws and regulations.

25.001 General.

(a) The Buy American Act—

(1) Restricts the purchase of supplies, that are not domestic end products, for use within the United States. A foreign end product may be purchased if the contracting officer determines that the price of the lowest domestic offer is unreasonable or if another exception applies (see Subpart 25.1); and

(2) Requires, with some exceptions, the use of only domestic construction materials in contracts for construction in the United States (see Subpart 25.2).

(b) The restrictions in the Buy American Act are not applicable in acquisitions subject to certain trade agreements (see Subpart 25.4). In these acquisitions, end products and construction materials from certain countries receive nondiscriminatory treatment in evaluation with domestic offers. Generally, the dollar value of the acquisition determines which of the trade agreements applies. Exceptions to the applicability of the trade agreements are described in Subpart 25.4.

(c) The test to determine the country of origin for an end product under the trade agreements is different from the test to determine the country of origin for an end product under the Buy American Act (see the various country “end product” definitions in 25.003). The Buy American Act uses a two-part test to define a “domestic end product” (manufacture in the United States and a formula based on cost of domestic components). Under the trade agreements, the test to determine country of origin is “substantial transformation” (i.e., transforming an article into a new and different article of commerce, with a name, character, or use distinct from the original article).

(d) On April 22, 1992, the President made a determination under section 305 of the Trade Agreements Act to impose sanctions against some European Union countries for discriminating against U.S. products and services (see Subpart 25.6).

25.002 Applicability of subparts.

25.003 Definitions.

As used in this part—

“Canadian end product” means an article that—

(1) Is wholly the growth, product, or manufacture of Canada; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Canada into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to the article, provided that the value of those incidental services does not exceed that of the article itself.

“Caribbean Basin country” means any of the following countries: Antigua and Barbuda, Aruba, Bahamas, Barbados, Belize, British Virgin Islands, Costa Rica, Dominica, Dominican Republic, El Salvador, Grenada, Guatemala, Guyana, Haiti, Honduras, Jamaica, Montserrat, Netherlands Antilles, Nicaragua, St. Kitts and Nevis, St. Lucia, St. Vincent and the Grenadines, Trinidad and Tobago.

“Caribbean Basin country end product”—

(1) Means an article that—

(i) Is wholly the growth, product, or manufacture of a Caribbean Basin country; or

(ii) Is not excluded from duty-free treatment for Caribbean countries under 19 U.S.C. 2703(b).

(A) For this reason, the following articles are not Caribbean Basin country end products:

(1) Tuna, prepared or preserved in any manner in airtight containers.

(2) Petroleum, or any product derived from petroleum.

(3) Watches and watch parts (including cases, bracelets, and straps) of whatever type including, but not limited to, mechanical, quartz digital, or quartz analog, if such watches or watch parts contain any material that is the product of any country to which the Harmonized Tariff Schedule of the United States (HTSUS) column 2 rates of duty apply (i.e., Afghanistan, Cuba, Laos, North Korea, and Vietnam).

(4) Certain of the following: textiles and apparel articles; footwear, handbags, luggage, flat goods, work gloves, and leather wearing apparel; or handloomed, handmade, and folklore articles.

(B) Access to the HTSUS to determine duty-free status of articles of the types listed in paragraph (1)(ii)(A)(4) of this definition is available via the Internet at http://www.customs.ustreas.gov/impoexpo/impoexpo.htm. In particular, see the following:

(1) General Note 3(c), Products Eligible for Special Tariff treatment.

(2) General Note 17, Products of Countries Designated as Beneficiary Countries under the United States-Caribbean Basin Trade Partnership Act of 2000.

(3) Section XXII, Chapter 98, Subchapter II, Articles Exported and Returned, Advanced or Improved Abroad, U.S. Note 7(b).

(4) Section XXII, Chapter 98, Subchapter XX, Goods Eligible for Special Tariff Benefits under the United States-Caribbean Basin Trade Partnership Act; and

(2) Refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the acquisition, includes services (except transportation services) incidental to the article, provided that the value of those incidental services does not exceed that of the article itself.

“Civil aircraft and related articles” means—

(1) All aircraft other than aircraft to be purchased for use by the Department of Defense or the U.S. Coast Guard;

(2) The engines (and parts and components for incorporation into the engines) of these aircraft;

(3) Any other parts, components, and subassemblies for incorporation into the aircraft; and

(4) Any ground flight simulators, and parts and components of these simulators, for use with respect to the aircraft, whether to be used as original or replacement equipment in the manufacture, repair, maintenance, rebuilding, modification, or conversion of the aircraft and without regard to whether the aircraft or articles receive duty-free treatment under section 601(a)(2) of the Trade Agreements Act.

“Component” means an article, material, or supply incorporated directly into an end product or construction material.

“Construction material” means an article, material, or supply brought to the construction site by a contractor or subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

“Cost of components” means—
Subpart 25.4—Trade Agreements

25.400 Scope of subpart.
(a) This subpart provides policies and procedures applicable to acquisitions that are subject to—
   (1) The Trade Agreements Act (the Agreement on Government Procurement, as approved by Congress in the Trade Agreements Act of 1979 (19 U.S.C. 2501, et seq.), and as amended by the Uruguay Round Agreements Act (Pub. L. 103-465));
   (2) The Caribbean Basin Trade Initiative (the determination of the U.S. Trade Representative that end products granted duty-free entry from countries designated by the President as beneficiaries under the Caribbean Basin Economic Recovery Act (19 U.S.C. 2701, et seq.), with the exception of Panama, must be treated as eligible products under the Trade Agreements Act);
   (3) NAFTA (the North American Free Trade Agreement, as approved by Congress in the North American Free Trade Agreement Implementation Act of 1993 (19 U.S.C. 3301 note));
   (4) The Israeli Trade Act (the U.S.-Israel Free Trade Area Agreement, as approved by Congress in the United States-Israel Free Trade Area Implementation Act of 1985 (19 U.S.C. 2112 note)); or
   (5) The Agreement on Trade in Civil Aircraft (U.S. Trade Representative waiver of the Buy American Act for signatories of the Agreement on Trade in Civil Aircraft, as implemented in the Trade Agreements Act of 1979 (19 U.S.C. 2513)).

(b) For application of the trade agreements that are unique to individual agencies, see agency regulations.

25.401 Exceptions.
(a) This subpart does not apply to—
   (1) Acquisitions set aside for small businesses;
   (2) Acquisitions of arms, ammunition, or war materials, or purchases indispensable for national security or for national defense purposes, including all services purchased in support of military forces located overseas;
   (3) Acquisitions of end products for resale;
   (4) Acquisitions under Subpart 8.6, Acquisition from Federal Prison Industries, Inc., and Subpart 8.7, Acquisition from Nonprofit Agencies Employing People Who Are Blind or Severely Disabled;
   (5) Other acquisitions not using full and open competition, if authorized by Subpart 6.2 or 6.3, when the limitation of competition would preclude use of the procedures of this subpart (but see 6.303-1(d)); or sole source acquisitions justified in accordance with 13.501(a); and
   (6) Acquisitions of the following excluded services:
      (i) Automatic data processing (ADP) telecommunications and transmission services, except enhanced (i.e., value-added) telecommunications services.
      (ii) Research and development.
      (iii) Transportation services (including launching services, but not including travel agent services).
      (iv) Utility services.

(b)(1) Other services not covered by the Trade Agreements Act are—
      (i) Dredging; and
      (ii) Management and operation contracts to certain Government or privately owned facilities used for Government purposes, including Federally Funded Research and Development Centers (FFRDCs).

   (2) Other services not covered by NAFTA are—
      (i) ADP teleprocessing and timesharing services (D305), telecommunications network management services (D316), automated news services, data services or other information services (D317), and other ADP and telecommunications services (D399) (Federal Service Code from the Federal Procurement Data System Product/Service Code Manual indicated in parentheses);
      (ii) Operation of all facilities by the Department of Defense, Department of Energy, or the National Aeronautics and Space Administration; and all Government-owned research and development facilities or Government-owned environmental laboratories;
      (iii) Maintenance, repair, modification, rebuilding and installation of equipment related to ships; and
      (iv) Nonnuclear ship repair.

25.402 General.
The trade agreements waive the applicability of the Buy American Act for some foreign supplies and construction materials from certain countries. The Trade Agreements Act and NAFTA specify procurement procedures designed to ensure fairness. The value of the acquisition is a determining factor in the applicability of the trade agreements. When the restrictions of the Buy American Act are waived for eligible products, offers of those products (eligible offers) receive equal consideration with domestic offers. Under the Trade Agreements Act, only U.S.-made end products or eligible products may be acquired (also see 25.403(c)). See Subpart 25.5 for evaluation procedures for supply contracts subject to trade agreements.

25.403 Trade Agreements Act.
(a) General. The Agreement on Government Procurement of the Trade Agreements Act—
   (1) Waives application of the Buy American Act to the end products and construction materials of designated countries;
(2) Prohibits discriminatory practices based on foreign ownership;
(3) Restricts purchases to end products identified in 25.403(c);
(4) Requires certain procurement procedures designed to ensure fairness (see 25.408).

(b) Thresholds. (1) Except as provided in 25.401, the Trade Agreements Act applies to an acquisition for supplies or services if the estimated value of the acquisition is $169,000 or more; the Trade Agreements Act applies to an acquisition for construction if the estimated value of the acquisition is $6,481,000 or more. These dollar thresholds are subject to revision by the U.S. Trade Representative approximately every 2 years (see Executive Order 12260).

(2) To determine whether the Trade Agreements Act applies to the acquisition of products by lease, rental, or lease-purchase contract (including lease-to-ownership, or lease-with-option-to-purchase), calculate the estimated acquisition value as follows:

(i) If a fixed-term contract of 12 months or less is contemplated, use the total estimated value of the acquisition.

(ii) If a fixed-term contract of more than 12 months is contemplated, use the total estimated value of the acquisition plus the estimated residual value of the leased equipment at the conclusion of the contemplated term of the contract.

(iii) If an indefinite-term contract is contemplated, use the estimated monthly payment multiplied by the total number of months that ordering would be possible under the proposed contract, i.e., the initial ordering period plus any optional ordering periods.

(iv) If there is any doubt as to the contemplated term of the contract, use the estimated monthly payment multiplied by 48.

(3) The estimated value includes the value of all options.

(4) If, in any 12-month period, recurring or multiple awards for the same type of product or products are anticipated, use the total estimated value of these projected awards to determine whether the Trade Agreements Act applies. Do not divide any acquisition with the intent of reducing the estimated value of the acquisition below the dollar threshold of the Trade Agreements Act.

(c) Purchase restriction. (1) In acquisitions subject to the Trade Agreements Act, acquire only U.S.-made end products or eligible products (designated, Caribbean Basin, or NAFTA country end products) unless offers for such end products are either not received or are insufficient to fulfill the requirements.

(2) This restriction does not apply to purchases by the Department of Defense from a country with which it has entered into a reciprocal agreement, as provided in departmental regulations.

25.404 Caribbean Basin Trade Initiative.
Under the Caribbean Basin Trade Initiative, the United States Trade Representative has determined that, for acquisitions subject to the Trade Agreements Act, Caribbean Basin country end products must be treated as eligible products.

(a) An acquisition of supplies is not subject to NAFTA if the estimated value of the acquisition is less than $25,000. For acquisitions subject to NAFTA, evaluate offers of NAFTA country end products without regard to the restrictions of the Buy American Act, except that for acquisitions with an estimated value of less than $56,190, only Canadian end products are eligible products. Eligible products from NAFTA countries are entitled to the nondiscriminatory treatment of the Trade Agreements Act. NAFTA does not prohibit the purchase of other foreign end products.

(b) NAFTA applies to construction materials if the estimated value of the construction contract is $7,304,733 or more.

(c) The procedures in 25.408 apply to the acquisition of NAFTA country services, other than services identified in 25.401. NAFTA country services are services provided by a firm established in a NAFTA country under service contracts with an estimated acquisition value of $56,190 or more ($7,304,733 or more for construction).

Acquisitions of supplies by most agencies are subject to the Israeli Trade Act, if the estimated value of the acquisition is $50,000 or more but does not exceed the Trade Agreements Act threshold for supplies (see 25.403(b)(1)). Agencies other than the Department of Defense, the Department of Energy, the Department of Transportation, the Bureau of Reclamation of the Department of the Interior, the Federal Housing Finance Board, and the Office of Thrift Supervision must evaluate offers of Israeli end products without regard to the restrictions of the Buy American Act. The Israeli Trade Act does not prohibit the purchase of other foreign end products.

25.407 Agreement on Trade in Civil Aircraft.
Under the authority of Section 303 of the Trade Agreements Act, the U.S. Trade Representative has waived the Buy American Act for civil aircraft and related articles, that meet the substantial transformation test of the Trade Agreements Act, from countries that are parties to the Agreement on Trade in Civil Aircraft. Those countries are Austria, Belgium, Bulgaria, Canada, Denmark, Egypt, Finland, France, Germany, Greece, Ireland, Italy, Japan, Luxembourg, Macao, the Netherlands, Norway, Portugal, Romania, Spain, Sweden, Switzerland, and the United Kingdom.
Subpart 25.7—Prohibited Sources

25.701 Restrictions.

(a) Except as authorized by the Office of Foreign Assets Control (OFAC) in the Department of the Treasury, agencies and their contractors and subcontractors must not acquire any supplies or services if any proclamation, Executive order, or statute administered by OFAC, or if OFAC’s implementing regulations at 31 CFR chapter V, would prohibit such a transaction by a person subject to the jurisdiction of the United States.

(b) Except as authorized by OFAC, most transactions involving Cuba, Iran, Libya, and Sudan are prohibited, as are most imports from North Korea into the United States or its outlying areas. In addition, lists of entities and individuals subject to economic sanctions are included in OFAC’s List of Specially Designated Nationals and Blocked Persons at http://www.epis.gov/Terlist1.html. (i) The solicitation is restricted to domestic end products in accordance with Subpart 6.3;
(ii) The acquisition is for supplies for use within the United States and an exception to the Buy American Act applies (e.g., nonavailability or public interest); or
(iii) The acquisition is for supplies for use outside the United States.

(b) (1) Insert the provision at 52.225-2, Buy American Act Certificate, in solicitations containing the clause at 52.225-1.

(A) The acquisition is for supplies, or for services involving the furnishing of supplies, for use within the United States, and the acquisition value is $25,000 or more, but is less than $169,000; and
(B) No exception in 25.401 applies. For acquisitions of agencies not subject to the Israeli Trade Act (see 25.406), see agency regulations.

(ii) If the acquisition value is $25,000 or more but is less than $50,000, use the provision with its Alternate I.

(iii) If the acquisition value is $50,000 or more but is less than $56,190, use the provision with its Alternate II.

(c) (1) Insert the clause at 52.225-5, Trade Agreements, in solicitations and contracts valued at $169,000 or more, if the Trade Agreements Act applies (see 25.401 and 25.403) and the agency has determined that the restrictions of the Buy American Act are not applicable to U.S.-made end products. If the agency has not made such a determination, the contracting officer must follow agency procedures.

(2) Insert the provision at 52.225-6, Trade Agreements Certificate, in solicitations containing the clause at 52.225-5.

(d) Insert the provision at 52.225-7, Waiver of Buy American Act for Civil Aircraft and Related Articles, in solicitations for civil aircraft and related articles (see 25.407), if the acquisition value is less than $169,000.

(1) Exceeds $100,000; or
(2) Is $100,000 or less, but the savings from waiving the duty is anticipated to be more than the administrative cost of waiving the duty. When used for acquisitions valued at $100,000 or less, the contracting officer may modify paragraphs (b)(1) and (i)(2) of the clause to reduce the dollar figure.

25.1102 Acquisition of construction.

(a) Insert the clause at 52.225-9, Buy American Act—Construction Materials, in solicitations and contracts for construction that is performed in the United States valued at less than $6,481,000.

(1) List in paragraph (b)(2) of the clause all foreign construction material excepted from the requirements of the Buy American Act.

(2) If the head of the agency determines that a higher percentage is appropriate, substitute the higher evaluation percentage in paragraph (b)(3)(i) of the clause.

(b)(1) Insert the provision at 52.225-10, Notice of Buy American Act Requirement—Construction Materials, in solicitations containing the clause at 52.225-9.

(2) If insufficient time is available to process a determination regarding the inapplicability of the Buy American Act before receipt of offers, use the provision with its Alternate I.

(c) Insert the clause at 52.225-11, Buy American Act—Construction Materials under Trade Agreements, in solicitations and contracts for construction that is performed in the United States valued at $6,481,000 or more.

(1) List in paragraph (b)(3) of the clause all foreign construction material excepted from the requirements of the Buy American Act, other than designated country or NAFTA country construction material.

(2) If the head of the agency determines that a higher percentage is appropriate, substitute the higher evaluation percentage in paragraph (b)(4)(i) of the clause.

(3) For acquisitions valued at $6,481,000 or more, but less than $7,304,733, use the clause with its Alternate I.

(d)(1) Insert the provision at 52.225-12, Notice of Buy American Act Requirement—Construction Materials under Trade Agreements, in solicitations containing the clause at 52.225-11.
(2) If insufficient time is available to process a determination regarding the inapplicability of the Buy American Act before receipt of offers, use the provision with its Alternate I.

(3) For acquisitions valued at $6,481,000 or more, but less than $7,304,733, use the clause with its Alternate II.

25.1103 Other provisions and clauses.

(a) Restrictions on certain foreign purchases. Insert the clause at 52.225-13, Restrictions on Certain Foreign Purchases, in solicitations and contracts with a value exceeding $2,500, $7,500 for acquisitions as described in 13.201(g)(1)(i), or $15,000 for acquisitions as described in 13.201(g)(1)(ii), unless an exception applies.

(b) Translations. Insert the clause at 52.225-14, Inconsistency Between English Version and Translation of Contract, in solicitations and contracts if anticipating translation into another language.

(c) Sanctions. (1) Except as provided in paragraph (c)(2) of this section, insert the clause at—

   (i) 52.225-15, Sanctioned European Union Country End Products, in solicitations and contracts for supplies valued at less than $169,000; or
   
   (ii) 52.225-16, Sanctioned European Union Country Services, in solicitations and contracts for services—

(A) Listed in 25.601(a)(3)(i); or
    (B) Valued at less than $169,000.

(2) Do not insert the clauses in paragraph (c)(1) of this section in—

   (i) Solicitations issued and contracts awarded by—

   (A) A contracting activity located outside of the United States, provided the supplies will be used or the services will be performed outside of the United States; or
   
   (B) The Department of Defense;

   (ii) Purchases at or below the simplified acquisition threshold awarded using simplified acquisition procedures;

   (iii) Total small business set-asides;

   (iv) Contracts in support of U.S. national security interests;

   (v) Contracts for essential spare, repair, or replacement parts available only from sanctioned EU member states;

   (vi) Contracts for which the head of the agency has made a determination in accordance with 25.602(b).

(d) Foreign currency offers. Insert the provision at 52.225-17, Evaluation of Foreign Currency Offers, in solicitations that permit the use of other than a specified currency. Insert in the provision the source of the rate to be used in the evaluation of offers.
(i) The costs are accounted for and allocated in accordance with the contractor’s system of accounting for pension costs;
(ii) The payments are made in accordance with the terms and conditions of the contractor’s plan;
(iii) The plan is applied only to active employees. The cost of extending the plan to employees who retired or were terminated before the adoption of the plan is unallowable; and
(iv) The total of the incentive payments to any employee may not exceed the amount of the employee’s annual salary for the previous fiscal year before the employee’s retirement.

(8) Employee stock ownership plans (ESOP). (i) An ESOP is an individual stock bonus plan designed specifically to invest in the stock of the employer corporation. The contractor’s contributions to an Employee Stock Ownership Trust (ESOT) may be in the form of cash, stock, or property. Costs of ESOP’s are allowable subject to the following conditions:

(A) Contributions by the contractor in any one year may not exceed 15 percent (25 percent when a money purchase plan is included) of salaries and wages of employees participating in the plan in any particular year.
(B) The contribution rate (ratio of contribution to salaries and wages of participating employees) may not exceed the last approved contribution rate except when approved by the contracting officer based upon justification provided by the contractor. When no contribution was made in the previous year for an existing ESOP, or when a new ESOP is first established, and the contractor proposes to make a contribution in the current year, the contribution rate shall be subject to the contracting officer’s approval.
(C) When a plan or agreement exists wherein the liability for the contribution can be compelled for a specific year, the expense associated with that liability is assignable only to that period. Any portion of the contribution not funded by the time set for filing of the Federal income tax return for that year or any extension thereof shall not be allowable in subsequent years.
(D) When a plan or agreement exists wherein the liability for the contribution cannot be compelled, the amount contributed for any year is assignable to that year provided the amount is funded by the time set for filing of the Federal income tax return for that year.
(E) When the contribution is in the form of stock, the value of the stock contribution shall be limited to the fair market value of the stock on the date that title is effectively transferred to the trust. Cash contributions shall be allowable only when the contractor furnishes evidence satisfactory to the contracting officer demonstrating that stock purchases by the ESOT are or will be at a fair market price; e.g., makes arrangements with the trust permitting the contracting officer to examine purchases of stock by the trust to determine that prices paid are at fair market value. When excessive prices are paid, the amount of the excess will be credited to the same indirect cost pools that were charged for the ESOP contributions in the year in which the stock purchase occurs. However, when the trust purchases the stock with borrowed funds which will be repaid over a period of years by cash contributions from the contractor to the trust, the excess price over fair market value shall be credited to the indirect cost pools pro rata over the period of years during which the contractor contributes the cash used by the trust to repay the loan. When the fair market value of unissued stock or stock of a closely held corporation is not readily determinable, the valuation will be made on a case-by-case basis taking into consideration the guidelines for valuation used by the IRS.

(ii) Amounts contributed to an ESOP arising from either—

(A) An additional investment tax credit (see 1975 Tax Reduction Act—TRASOP’s); or
(B) A payroll-based tax credit (see Economic Recovery Tax Act of 1981) are unallowable.

(iii) The requirements of paragraph (j)(3)(ii) of this subsection are applicable to Employee Stock Ownership Plans.

(k) Deferred compensation other than pensions. (1) Deferred compensation is an award given by an employer to compensate an employee in a future cost accounting period or periods for services rendered in one or more cost accounting periods before the date of receipt of compensation by the employee. Deferred compensation does not include the amount of year-end accruals for salaries, wages, or bonuses that are paid within a reasonable period of time after the end of a cost accounting period. Subject to 31.205-6(a), deferred awards are allowable when they are based on current or future services. Awards made in periods subsequent to the period when the work being remunerated was performed are not allowable.

(2) The costs of deferred awards shall be measured, allocated, and accounted for in compliance with the provisions of 48 CFR 9904.415, Accounting for the Cost of Deferred Compensation.

(3) Deferred compensation payments to employees under awards made before the effective date of 48 CFR 9904.415 are allowable to the extent they would have been allowable under prior acquisition regulations.

(l) Compensation incidental to business acquisitions. The following costs are unallowable: (1) Payments to employees under agreements in which they receive special compensation, in excess of the contractor’s normal severance pay practice, if their employment terminates following a change in the management control over, or ownership of, the contractor or a substantial portion of its assets.
(2) Payments to employees under plans introduced in connection with a change (whether actual or prospective) in the management control over, or ownership of, the contractor or a substantial portion of its assets in which those employees receive special compensation, which is contingent upon the employee remaining with the contractor for a specified period of time.

(m) Fringe benefits. (1) Fringe benefits are allowances and services provided by the contractor to its employees as compensation in addition to regular wages and salaries. Fringe benefits include, but are not limited to, the cost of vacations, sick leave, holidays, military leave, employee insurance, and supplemental unemployment benefit plans. Except as provided otherwise in Subpart 31.2, the costs of fringe benefits are allowable to the extent that they are reasonable and are required by law, employer-employee agreement, or an established policy of the contractor.

(2) That portion of the cost of company-furnished automobiles that relates to personal use by employees (including transportation to and from work) is unallowable regardless of whether the cost is reported as taxable income to the employees (see 31.205-46(d)).

(n) Employee rebate and purchase discount plans. Rebates and purchase discounts, in whatever form, granted to employees on products or services produced by the contractor or affiliates are unallowable.

(o) Postretirement benefits other than pensions (PRB). (1) PRB covers all benefits, other than cash benefits and life insurance benefits paid by pension plans, provided to employees, their beneficiaries, and covered dependents during the period following the employees' retirement. Benefits encompassed include, but are not limited to, postretirement health care; life insurance provided outside a pension plan; and other welfare benefits such as tuition assistance, day care, legal services, and housing subsidies provided after retirement.

(2) To be allowable, PRB costs must be reasonable and incurred pursuant to law, employer-employee agreement, or an established policy of the contractor. In addition, to be allowable, PRB costs must also be calculated in accordance with paragraphs (o)(2)(i), (ii), or (iii) of this subsection.

(i) Cash basis. Cost recognized as benefits when they are actually provided, must be paid to an insurer, provider, or other recipient for current year benefits or premiums.

(ii) Terminal funding. If a contractor elects a terminal-funded plan, it does not accrue PRB costs during the working lives of employees. Instead, it accrues and pays the entire PRB liability to an insurer or trustee in a lump sum upon the termination of employees (or upon conversion to such a terminal-funded plan) to establish and maintain a fund or reserve for the sole purpose of providing PRB to retirees. The lump sum is allowable if amortized over a period of 15 years.

(iii) Actuarial basis. Accrued costs other than terminal funding must be measured and assigned according to Generally Accepted Accounting Principles and be paid to an insurer or trustee to establish and maintain a fund or reserve for the sole purpose of providing PRB to retirees. The accrual must also be calculated in accordance with generally accepted actuarial principles and practices as promulgated by the Actuarial Standards Board.

(3) To be allowable, costs must be funded by the time set for filing the Federal income tax return or any extension thereof. PRB costs assigned to the current year, but not funded or otherwise liquidated by the tax return time, shall not be allowable in any subsequent year.

(4) Increased PRB costs caused by delay in funding beyond 30 days after each quarter of the year to which they are assignable are unallowable.

(5) Costs of postretirement benefits in paragraph (o)(2)(iii) of this subsection attributable to past service (“transition obligation”) as defined in Financial Accounting Standards Board Statement 106, paragraph 110, are allowable subject to the following limitation: The allowable amount of such costs assignable to a contractor fiscal year cannot exceed the amount of such costs which would be assigned to that contractor fiscal year under the delayed recognition methodology described in paragraphs 112 and 113 of Statement 106.

(6) The Government shall receive an equitable share of any amount of previously funded PRB costs which revert or inure to the contractor. Such equitable share shall reflect the Government's previous participation in PRB costs through those contracts for which cost or pricing data were required or which were subject to Subpart 31.2.

(p) Limitation on allowability of compensation for certain contractor personnel. (1) Costs incurred after January 1, 1998, for compensation of a senior executive in excess of the benchmark compensation amount determined applicable for the contractor fiscal year by the Administrator, Office of Federal Procurement Policy (OFPP), under Section 39 of the OFPP Act (41 U.S.C. 435) are unallowable (10 U.S.C. 2324(e)(1)(P) and 41 U.S.C. 256(e)(1)(P)). This limitation is the sole statutory limitation on allowable senior executive compensation costs incurred after January 1, 1998, under new or previously existing contracts. This limitation applies whether or not the affected contracts were previously subject to a statutory limitation on such costs. (Note that pursuant to Section 804 of Pub. L. 105-261, the definition of “senior executive” in (p)(2)(ii) has been changed for compensation costs incurred after January 1, 1999.)

(2) As used in this paragraph—

(i) “Compensation” means the total amount of wages, salary, bonuses, deferred compensation (see para-
assets (capital leases) be treated as purchased assets; i.e., be capitalized and the capitalized value of such assets be distributed over their useful lives as depreciation charges, or over the leased life as amortization charges as appropriate. Assets whose leases are classified as capital leases under FAS-13 are subject to the requirements of 31.205-11 while assets acquired under leases classified as operating leases are subject to the requirements on rental costs in 31.205-36. The standards of financial accounting and reporting prescribed by FAS-13 are incorporated into this principle and shall govern its application, except as provided in paragraphs (1), (2), and (3) of this paragraph.

(1) Rental costs under a sale and leaseback arrangement shall be allowable up to the amount that would have been allowed had the contractor retained title to the property.

(2) Capital leases, as defined in FAS-13, for all real and personal property, between any related parties are subject to the requirements of this paragraph 31.205-11(m). If it is determined that the terms of the lease have been significantly affected by the fact that the lessee and lessor are related, depreciation charges shall not be allowed in excess of those which would have occurred if the lease contained terms consistent with those found in a lease between unrelated parties.

(3) Assets acquired under leases that the contractor must capitalize under FAS-13 shall not be treated as purchased assets for contract purposes if the leases are covered by 31.205-36(b)(4).

(n) Whether or not the contract is otherwise subject to CAS, the requirements of 31.205-52, which limit the allowability of depreciation, shall be observed.

(o) In the event of a write-down from carrying value to fair value as a result of impairments caused by events or changes in circumstances, allowable depreciation of the impaired assets shall be limited to the amounts that would have been allowed had the assets not been written down (see 31.205-16(g)). However, this does not preclude a change in depreciation resulting from other causes such as permissible changes in estimates of service life, consumption of services, or residual value.

31.205-12 Economic planning costs.

Economic planning costs are the costs of general long-range management planning that is concerned with the future overall development of the contractor’s business and that may take into account the eventual possibility of economic dislocations or fundamental alterations in those markets in which the contractor currently does business. Economic planning costs are allowable. Economic planning costs do not include organization or reorganization costs covered by 31.205-27. See 31.205-38 for market planning costs other than economic planning costs.

31.205-13 Employee morale, health, welfare, food service, and dormitory costs and credits.

(a) Aggregate costs incurred on activities designed to improve working conditions, employer-employee relations, employee morale, and employee performance (less income generated by these activities) are allowable, subject to the limitations contained in this subsection. Some examples of allowable activities are—

(1) House publications;
(2) Health clinics;
(3) Wellness/fitness centers;
(4) Employee counseling services; and
(5) Food and dormitory services for the contractor’s employees at or near the contractor’s facilities. These services include—

(i) Operating or furnishing facilities for cafeterias, dining rooms, canteens, lunch wagons, vending machines, living accommodations; and
(ii) Similar types of services.

(b) Costs of gifts are unallowable. (Gifts do not include awards for performance made pursuant to 31.205-6(f) or awards made in recognition of employee achievements pursuant to an established contractor plan or policy.)

(c) Costs of recreation are unallowable, except for the costs of employees' participation in company sponsored sports teams or employee organizations designed to improve company loyalty, team work, or physical fitness.

(d)(1) The allowability of food and dormitory losses are determined by the following factors:

(i) Losses from operating food and dormitory services are allowable only if the contractor’s objective is to operate such services on a break-even basis.

(ii) Losses sustained because food services or lodging accommodations are furnished without charge or at prices or rates which obviously would not be conducive to the accomplishment of the objective in paragraph (d)(1)(i) of this subsection are not allowable, except as described in paragraph (d)(1)(iii) of this subsection.

(iii) A loss may be allowed to the extent that the contractor can demonstrate that unusual circumstances exist such that even with efficient management, operating the services on a break-even basis would require charging inordinately high prices, or prices or rates higher than those charged by commercial establishments offering the same services in the same geographical areas. The following are examples of unusual circumstances:

(A) The contractor must provide food or dormitory services at remote locations where adequate commercial facilities are not reasonably available.

(B) The contractor’s charged (but unproductive) labor costs would be excessive if the services were not available.

(C) If cessation or reduction of food or dormitory operations will not otherwise yield net cost savings.
(2) Costs of food and dormitory services shall include an allocable share of indirect expenses pertaining to these activities.

(e) When the contractor has an arrangement authorizing an employee association to provide or operate a service, such as vending machines in the contractor’s plant, and retain the profits, such profits shall be treated in the same manner as if the contractor were providing the service (but see paragraph (f) of this subsection).

(f) Contributions by the contractor to an employee organization, including funds from vending machine receipts or similar sources, are allowable only to the extent that the contractor demonstrates that an equivalent amount of the costs incurred by the employee organization would be allowable if directly incurred by the contractor.

31.205-14 Entertainment costs.

Costs of amusement, diversions, social activities, and any directly associated costs such as tickets to shows or sports events, meals, lodging, rentals, transportation, and gratuities are unallowable. Costs made specifically unallowable under this cost principle are not allowable under any other cost principle. Costs of membership in social, dining, or country clubs or other organizations having the same purposes are also unallowable, regardless of whether the cost is reported as taxable income to the employees.

31.205-15 Fines, penalties, and mischarging costs.

(a) Costs of fines and penalties resulting from violations of, or failure of the contractor to comply with, Federal, State, local, or foreign laws and regulations, are unallowable except when incurred as a result of compliance with specific terms and conditions of the contract or written instructions from the contracting officer.

(b) Costs incurred in connection with, or related to, the mischarging of costs on Government contracts are unallowable when the costs are caused by, or result from, alteration or destruction of records, or other false or improper charging or recording of costs. Such costs include those incurred to measure or otherwise determine the magnitude of the improper charging, and costs incurred to remedy or correct the mischarging, such as costs to rescreen and reconstruct records.

31.205-16 Gains and losses on disposition or impairment of depreciable property or other capital assets.

(a) Gains and losses from the sale, retirement, or other disposition (but see 31.205-19) of depreciable property shall be included in the year in which they occur as credits or charges to the cost grouping(s) in which the depreciation or amortization applicable to those assets was included (but see paragraph (d) of this subsection). However, no gain or loss shall be recognized as a result of the transfer of assets in a business combination (see 31.205-52).

(b) Gains and losses on disposition of tangible capital assets, including those acquired under capital leases (see 31.205-11(m)), shall be considered as adjustments of depreciation costs previously recognized. The gain or loss for each asset disposed of is the difference between the net amount realized, including insurance proceeds from involuntary conversions, and its undepreciated balance. The gain recognized for contract costing purposes shall be limited to the difference between the acquisition cost (or for assets acquired under a capital lease, the value at which the leased asset is capitalized) of the asset and its undepreciated balance (except see subdivisions (c)(2)(i) or (ii) of this section).

(c) Special considerations apply to an involuntary con-version which occurs when a contractor’s property is destroyed by events over which the owner has no control, such as fire, windstorm, flood, accident, theft, etc., and an insurance award is recovered. The following govern involuntary conversions:

(1) When there is a cash award and the converted asset is not replaced, gain or loss shall be recognized in the period of disposition. The gain recognized for contract costing purposes shall be limited to the difference between the acquisition cost of the asset and its undepreciated balance.

(2) When the converted asset is replaced, the contractor shall either—

   (i) Adjust the depreciable basis of the new asset by the amount of the total realized gain or loss; or

   (ii) Recognize the gain or loss in the period of disposition, in which case the Government shall participate to the same extent as outlined in paragraph (c)(1) of this subsection.

(d) Gains and losses on the disposition of depreciable property shall not be recognized as a separate charge or credit when—

   (1) Gains and losses are processed through the depreciation reserve account and reflected in the depreciation allowable under 31.205-11; or

   (2) The property is exchanged as part of the purchase price of a similar item, and the gain or loss is taken into consideration in the depreciation cost basis of the new item.

(e) Gains and losses arising from mass or extraordinary sales, retirements, or other disposition other than through business combinations shall be considered on a case-by-case basis.

(f) Gains and losses of any nature arising from the sale or exchange of capital assets other than depreciable property shall be excluded in computing contract costs.

(g) With respect to long-lived tangible and identifiable intangible assets held for use, no loss shall be allowed for a write-down from carrying value to fair value as a result of impairments caused by events or changes in circumstances (e.g., environmental damage, idle facilities arising from a declining business base, etc.). If depreciable property or other capital assets have been written down from carrying value to fair value due to impairments, gains or losses upon disposition shall be the amounts that would have been allowed had the assets not been written down.
(b) Airfare costs in excess of the lowest customary standard, coach, or equivalent airfare offered during normal business hours are unallowable except when such accommodations require circuitous routing, require travel during unreasonable hours, excessively prolong travel, result in increased cost that would offset transportation savings, are not reasonably adequate for the physical or medical needs of the traveler, or are not reasonably available to meet mission requirements. However, in order for airfare costs in excess of the above standard airfare to be allowable, the applicable condition(s) set forth above must be documented and justified.

(c)(1) “Cost of travel by contractor-owned, -leased, or -chartered aircraft,” as used in this paragraph, includes the cost of lease, charter, operation (including personnel), maintenance, depreciation, insurance, and other related costs.

(2) The costs of travel by contractor-owned, -leased, or -chartered aircraft are limited to the standard airfare described in paragraph (b) of this subsection for the flight destination unless travel by such aircraft is specifically required by contract specification, term, or condition, or a higher amount is approved by the contracting officer. A higher amount may be agreed to when one or more of the circumstances for justifying higher than standard airfare listed in paragraph (b) of this subsection are applicable, or when an advance agreement is proposed (see paragraph (c)(3) of this subsection has been executed. In all cases, travel by contractor-owned, -leased, or -chartered aircraft must be fully documented and justified. For each contractor-owned, -leased, or -chartered aircraft used for any business purpose which is charged or allocated, directly or indirectly, to a Government contract, the contractor must maintain and make available manifest/logs for all flights on such company aircraft. As a minimum, the manifest/log shall indicate—

(i) Date, time, and points of departure;
(ii) Destination, date, and time of arrival;
(iii) Name of each passenger and relationship to the contractor;
(iv) Authorization for trip; and
(v) Purpose of trip.

(3) Where an advance agreement is proposed (see 31.109), consideration may be given to the following:

(i) Whether scheduled commercial airlines or other suitable, less costly, travel facilities are available at reasonable times, with reasonable frequency, and serve the required destinations conveniently.

(ii) Whether increased flexibility in scheduling results in time savings and more effective use of personnel that would outweigh additional travel costs.

(d) Costs of contractor-owned or -leased automobiles, as used in this paragraph, include the costs of lease, operation (including personnel), maintenance, depreciation, insurance, etc. These costs are allowable, if reasonable, to the extent that the automobiles are used for company business. That portion of the cost of company-furnished automobiles that relates to personal use by employees (including transportation to and from work) is compensation for personal services and is unallowable as stated in 31.205-6(m)(2).

31.205-47 Costs related to legal and other proceedings.

(a) Definitions. As used in this subpart—

“Costs” include, but are not limited to, administrative and clerical expenses; the costs of legal services, whether performed by in-house or private counsel; the costs of the services of accountants, consultants, or others retained by the contractor to assist it; costs of employees, officers, and directors; and any similar costs incurred before, during, and after commencement of a judicial or administrative proceeding which bears a direct relationship to the proceeding.

“Fraud,” as used in this subsection, means—

(1) Acts of fraud or corruption or attempts to defraud the Government or to corrupt its agents;
(2) Acts which constitute a cause for debarment or suspension under 9.406-2(a) and 9.407-2(a); and

“Penalty,” does not include restitution, reimbursement, or compensatory damages.

“Proceeding,” includes an investigation.

(b) Costs incurred in connection with any proceeding brought by a Federal, State, local, or foreign government for violation of, or a failure to comply with, law or regulation by the contractor (including its agents or employees), or costs incurred in connection with any proceeding brought by a third party in the name of the United States under the False Claims Act, 31 U.S.C. 3730, are unallowable if the result is—

(1) In a criminal proceeding, a conviction;
(2) In a civil or administrative proceeding, either a finding of contractor liability where the proceeding involves an allegation of fraud or similar misconduct or imposition of a monetary penalty where the proceeding does not involve an allegation of fraud or similar misconduct;
(3) A final decision by an appropriate official of an executive agency to—

(i) Debar or suspend the contractor;
(ii) Rescind or void a contract; or
(iii) Terminate a contract for default by reason of a violation or failure to comply with a law or regulation.
(4) Disposition of the matter by consent or compromise if the proceeding could have led to any of the outcomes listed in paragraphs (b)(1) through (3) of this subsection (but see paragraphs (c) and (d) of this subsection); or

(5) Not covered by paragraphs (b)(1) through (4) of this subsection, but where the underlying alleged contractor misconduct was the same as that which led to a different proceeding whose costs are unallowable by reason of paragraphs (b)(1) through (4) of this subsection.

(c)(1) To the extent they are not otherwise unallowable, costs incurred in connection with any proceeding under paragraph (b) of this subsection commenced by the United States that is resolved by consent or compromise pursuant to an agreement entered into between the contractor and the United States, and which are unallowable solely because of paragraph (b) of this subsection, may be allowed to the extent specifically provided in such agreement.

(2) In the event of a settlement of any proceeding brought by a third party under the False Claims Act in which the United States did not intervene, reasonable costs incurred by the contractor in connection with such a proceeding, that are not otherwise unallowable by regulation or by separate agreement with the United States, may be allowed if the contracting officer, in consultation with his or her legal advisor, determines that there was very little likelihood that the third party would have been successful on the merits.

(d) To the extent that they are not otherwise unallowable, costs incurred in connection with any proceeding under paragraph (b) of this subsection commenced by a State, local, or foreign government may be allowable when the contracting officer, in consultation with his or her legal advisor, determines that there was very little likelihood that the third party would have been successful on the merits.

(e) Costs incurred in connection with proceedings described in paragraph (b) of this subsection, but which are not made unallowable by that paragraph, may be allowable to the extent that:

(1) The costs are reasonable in relation to the activities required to deal with the proceeding and the underlying cause of action;

(2) The costs are not otherwise recovered from the Federal Government or a third party, either directly as a result of the proceeding or otherwise; and

(3) The percentage of costs allowed does not exceed the percentage determined to be appropriate considering the complexity of procurement litigation, generally accepted principles governing the award of legal fees in civil actions involving the United States as a party, and such other factors as may be appropriate. Such percentage shall not exceed 80 percent. Agreements reached under paragraph (c) of this subsection shall be subject to this limitation. If, however, an agreement described in paragraph (c)(1) of this subsection explicitly states the amount of otherwise allowable incurred legal fees and limits the allowable recovery to 80 percent or less of the stated legal fees, no additional limitation need be applied. The amount of reimbursement allowed for legal costs in connection with any proceeding described in paragraph (c)(2) of this subsection shall be determined by the cognizant contracting officer, but shall not exceed 80 percent of otherwise allowable legal costs incurred.

(f) Costs not covered elsewhere in this subsection are unallowable if incurred in connection with:

(1) Defense against Federal Government claims or appeals or the prosecution of claims or appeals against the Federal Government (see 2.101).

(2) Organization, reorganization, (including mergers and acquisitions) or resisting mergers and acquisitions (see also 31.205-27).

(3) Defense of antitrust suits.

(4) Defense of suits brought by employees or ex-employees of the contractor under section 2 of the Major Fraud Act of 1988 where the contractor was found liable or settled.

(5) Costs of legal, accounting, and consultant services and directly associated costs incurred in connection with the defense or prosecution of lawsuits or appeals between contractors arising from either—

(i) An agreement or contract concerning a teaming arrangement, a joint venture, or similar arrangement of shared interest; or

(ii) Dual sourcing, coproduction, or similar programs, are unallowable, except when—

(A) Incurred as a result of compliance with specific terms and conditions of the contract or written instructions from the contracting officer, or

(B) When agreed to in writing by the contracting officer.

(6) Patent infringement litigation, unless otherwise provided for in the contract.

(7) Representation of, or assistance to, individuals, groups, or legal entities which the contractor is not legally bound to provide, arising from an action where the participant was convicted of violation of a law or regulation or was found liable in a civil or administrative proceeding.

(8) Protests of Federal Government solicitations or contract awards, or the defense against protests of such solicitations or contract awards, unless the costs of defending against a protest are incurred pursuant to a written request from the cognizant contracting officer.

(g) Costs which may be unallowable under 31.205-47, including directly associated costs, shall be segregated and

32.006-2 Definition.
“Remedy coordination official,” as used in this section, means the person or entity in the agency who coordinates within that agency the administration of criminal, civil, administrative, and contractual remedies resulting from investigations of fraud or corruption related to procurement activities. (See 10 U.S.C. 2307(h)(10) and 41 U.S.C. 255(g)(9).)

32.006-3 Responsibilities.
(a) Agencies shall establish appropriate procedures to implement the policies and procedures of this section.

(b) Government personnel shall report suspected fraud related to advance, partial, or progress payments in accordance with agency regulations.

32.006-4 Procedures.
(a) In any case in which an agency's remedy coordination official finds substantial evidence that a contractor's request for advance, partial, or progress payments under a contract awarded by that agency is based on fraud, the remedy coordination official shall recommend that the agency head reduce or suspend further payments to the contractor. The remedy coordination official shall submit to the agency head a written report setting forth the remedy coordination official's findings that support each recommendation.

(b) Upon receiving a recommendation from the remedy coordination official under paragraph (a) of this subsection, the agency head shall determine whether substantial evidence exists that the request for payment under a contract is based on fraud.

(c) If the agency head determines that substantial evidence exists, the agency head may reduce or suspend further payments to the contractor under the affected contract(s). Such reduction or suspension shall be reasonably commensurate with the anticipated loss to the Government resulting from the fraud.

(d) In determining whether to reduce or suspend further payment(s), as a minimum, the agency head shall consider—

(1) A recommendation from investigating officers that disclosure of the allegations of fraud to the contractor may compromise an ongoing investigation;

(2) The anticipated loss to the Government as a result of the fraud;

(3) The contractor's overall financial condition and ability to continue performance if payments are reduced or suspended;

(4) The contractor's essentiality to the national defense, or to the execution of the agency's official business; and

(5) Assessment of all documentation concerning the alleged fraud, including documentation submitted by the contractor in its response to the notice required by paragraph (e) of this subsection.

(e) Before making a decision to reduce or suspend further payments, the agency head shall, in accordance with agency procedures—

(1) Notify the contractor in writing of the action proposed by the remedy coordination official and the reasons therefor (such notice must be sufficiently specific to permit the contractor to collect and present evidence addressing the aforesaid reasons); and

(2) Provide the contractor an opportunity to submit information within a reasonable time, in response to the action proposed by the remedy coordination official.

(f) When more than one agency has contracts affected by the fraud, the agencies shall consider designating one agency as the lead agency for making the determination and decision.

(g) The agency shall retain in its files the written justification for each—

(1) Decision of the agency head whether to reduce or suspend further payments; and

(2) Recommendation received by an agency head in connection with such decision.

(h) Not later than 180 calendar days after the date of the reduction or suspension action, the remedy coordination official shall—

(1) Review the agency head's determination on which the reduction or suspension decision is based; and

(2) Transmit a recommendation to the agency head as to whether the reduction or suspension should continue.

32.006-5 Reporting.
(a) In accordance with 41 U.S.C. 255, the head of an agency, other than the Department of Defense, shall prepare a report for each fiscal year in which a recommendation has been received pursuant to 32.006-4(a). Reports within the Department of Defense shall be prepared in accordance with 10 U.S.C. 2307.

(b) In accordance with 41 U.S.C. 255 and 10 U.S.C. 2307, each report shall contain—

(1) Each recommendation made by the remedy coordination official;

(2) The actions taken on the recommendation(s), with reasons for such actions; and

(3) An assessment of the effects of each action on the Government.

32.007 Contract financing payments.
(a)(1) Unless otherwise prescribed in agency policies and procedures or otherwise specified in paragraph (b) of this section, the due date for making contract financing payments
by the designated payment office is the 30th day after the designated billing office receives a proper contract financing request.

(2) If an audit or other review of a specific financing request is required to ensure compliance with the terms and conditions of the contract, the designated payment office is not compelled to make payment by the specified due date.

(3) Agency heads may prescribe shorter periods for payment based on contract pricing or administrative considerations. For example, a shorter period may be justified by an agency if the nature and extent of contract financing arrangements are integrated with agency contract pricing policies.

(4) Agency heads must not prescribe a period shorter than 7 days or longer than 30 days.

(b) For advance payments, loans, or other arrangements that do not involve recurrent submission of contract financing requests, the designated payment office will make payment in accordance with the applicable contract financing terms or as directed by the contracting officer.

(c) A proper contract financing request must comply with the terms and conditions specified by the contract. The contractor must correct any defects in requests submitted in the manner specified in the contract or as directed by the contracting officer.

(d) The designated billing office and designated payment office must annotate each contract financing request with the date their respective offices received the request.

(e) The Government will not pay an interest penalty to the contractor as a result of delayed contract financing payments.

32.008 Notification of overpayment.

If the contractor notifies the contracting officer of a duplicate contract financing or invoice payment or that the Government has otherwise overpaid on a contract financing or invoice payment, the contracting officer must promptly provide instructions to the contractor, in coordination with the cognizant payment office, regarding timely disposition of the overpayment.

Subpart 32.1—Non-Commercial Item Purchase Financing

32.100 Scope of subpart.

This subpart provides policies and procedures applicable to contract financing and payment for any purchases other than purchases of commercial items in accordance with Part 12.
32.104 Providing contract financing.

(a) Prudent contract financing can be a useful working tool in Government acquisition by expediting the performance of essential contracts. Contracting officers must consider the criteria in this part in determining whether to include contract financing in solicitations and contracts. Resolve reasonable doubts by including contract financing in the solicitation. The contracting officer must—

1. Provide Government financing only to the extent actually needed for prompt and efficient performance, considering the availability of private financing and the probable impact on working capital of the predelivery expenditures and production lead-times associated with the contract, or groups of contracts or orders (e.g., issued under indefinite-delivery contracts, basic ordering agreements, or their equivalent);

2. Administer contract financing so as to aid, not impede, the acquisition;

3. Avoid any undue risk of monetary loss to the Government through the financing;

4. Include the form of contract financing deemed to be in the Government’s best interest in the solicitation (see 32.106 and 32.113); and

5. Monitor the contractor’s use of the contract financing provided and the contractor’s financial status.

(b) If the contractor is a small business concern, the contracting officer must give special attention to meeting the contractor’s contract financing need. However, a contractor’s receipt of a certificate of competency from the Small Business Administration has no bearing on the contractor’s need for or entitlement to contract financing.

(c) Subject to specific agency regulations and paragraph (d) of this section, the contracting officer—

1. May provide customary contract financing in accordance with 32.113; and

2. Must not provide unusual contract financing except as authorized in 32.114.

(d) Unless otherwise authorized by agency procedures, the contracting officer may provide contract financing in the form of performance-based payments (see Subpart 32.10) or customary progress payments (see Subpart 32.5) if the following conditions are met:

1. The contractor—

   i. Will not be able to bill for the first delivery of products for a substantial time after work must begin (normally 4 months or more for small business concerns, and 6 months or more for others), and will make expenditures for contract performance during the predelivery period that have a significant impact on the contractor’s working capital; or

   ii. Demonstrates actual financial need or the unavailability of private financing.

2. If the contractor is not a small business concern—

   i. For an individual contract, the contract price is $2 million or more; or

   ii. For an indefinite-delivery contract, a basic ordering agreement or a similar ordering instrument, the contracting officer expects the aggregate value of orders or contracts that individually exceed the simplified acquisition threshold to have a total value of $2 million or more. The contracting officer must limit financing to those orders or contracts that exceed the simplified acquisition threshold.

3. If the contractor is a small business concern—

   i. For an individual contract, the contract price exceeds the simplified acquisition threshold; or

   ii. For an indefinite-delivery contract, a basic ordering agreement or a similar ordering instrument, the contracting officer expects the aggregate value of orders or contracts to exceed the simplified acquisition threshold.

(FAC 2001–16) 32.1-5
32.105 Uses of contract financing.
   (a) Contract financing methods covered in this part are intended to be self-liquidating through contract performance. Consequently, agencies shall only use the methods for financing of contractor working capital, not for the expansion of contractor-owned facilities or the acquisition of fixed assets. However, under loan guarantees, exceptions may be made for—
      (1) Facilities expansion of a minor or incidental nature, if a relatively small part of the guaranteed loan is used for the expansion and the contractor’s repayment would not be delayed or impaired; or
      (2) Other instances of facilities expansion for which contract financing is appropriate under agency procedures.
   (b) The limitations in this section do not apply to contracts under which facilities are being acquired for Government ownership.

32.106 Order of preference.
   The contracting officer must consider the following order of preference when a contractor requests contract financing, unless an exception would be in the Government’s best interest in a specific case:
   (a) Private financing without Government guarantee. It is not intended, however, that the contracting officer require the contractor to obtain private financing—
      (1) At unreasonable terms; or
      (2) From other agencies.
   (b) Customary contract financing other than loan guarantees and certain advance payments (see 32.113).
   (c) Loan guarantees.
   (d) Unusual contract financing (see 32.114).
   (e) Advance payments (see exceptions in 32.402(b)).

32.107 Need for contract financing not a deterrent.
   (a) If the contractor or offeror meets the standards prescribed for responsible prospective contractors at 9.104, the contracting officer shall not treat the contractor’s need for contract financing as a handicap for a contract award; e.g., as a responsibility factor or evaluation criterion.
   (b) The contractor should not be disqualified from contract financing solely because the contractor failed to indicate a need for contract financing before the contract was awarded.

32.108 Financial consultation.
   Each contracting office should have available and use the services of contract financing personnel competent to evaluate credit and financial problems. In resolving any questions concerning—
   (a) The financial capability of an offeror or contractor to perform a contract, or
   (b) What form of contract financing is appropriate in a given case, the contracting officer should consult the appropriate contract financing office.

32.109 Termination financing.
   To encourage contractors to invest their own funds in performance despite the susceptibility of the contract to termination for the convenience of the Government, the contract financing procedures under this part may be applied to the financing of terminations either in connection with or independently of financing for contract performance (see 49.112-1).

32.110 Payment of subcontractors under cost-reimbursement prime contracts.
   If the contractor makes financing payments to a subcontractor under a cost-reimbursement prime contract, the contracting officer should accept the financing payments as reimbursable costs of the prime contract only under the following conditions:
   (a) The payments are made under the criteria in Subpart 32.5 for customary progress payments based on costs, 32.202-1 for commercial item purchase financing, or 32.1003 for performance-based payments, as applicable.
   (b) If customary progress payments are made, the payments do not exceed the progress payment rate in 32.501-1, unless unusual progress payments to the subcontractor have been approved in accordance with 32.501-2.
   (c) If customary progress payments are made, the subcontractor complies with the liquidation principles of 32.503-8, 32.503-9, and 32.503-10.
   (d) If performance-based payments are made, the subcontractor complies with the liquidation principles of 32.1004(d).
   (e) The subcontract contains financing payments terms as prescribed in this part.

32.111 Contract clauses for non-commercial purchases.
   (a) The contracting officer shall insert the following clauses, appropriately modified with respect to payment due dates, in accordance with agency regulations—
      (1) The clause at 52.232-1, Payments, in solicitations and contracts when a fixed-price supply contract, a fixed-price service contract, or a contract for nonregulated communication services is contemplated;
      (2) The clause at 52.232-2, Payment under Fixed-Price Research and Development Contracts, in solicitations and contracts when a fixed-price research and development contract is contemplated;
      (3) The clause at 52.232-3, Payments under Personal Services Contracts, in solicitations and contracts for personal services;
(4) The clause at 52.232-4, Payments under Transportation Contracts and Transportation-Related Services Contracts, in solicitations and contracts for transportation or transportation-related services;

(5) The clause at 52.232-5, Payments under Fixed-Price Construction Contracts, in solicitations and contracts for construction when a fixed-price contract is contemplated; and

(6) The clause at 52.232-6, Payments under Communication Service Contracts with Common Carriers, in solicitations and contracts for regulated communication services by common carriers.

(b) The contracting officer shall insert the clause at 52.232-7, Payments under Time-and-Materials and Labor-Hour Contracts, appropriately modified with respect to payment due dates in accordance with agency regulations, in solicitations and contracts when a time-and-materials or labor-hour contract is contemplated. If (i) the nature of the work to be performed requires the contractor to furnish material that is regularly sold to the general public in the normal course of business by the contractor and (ii) the price is under the limitations prescribed in 16.601(b)(3), the contracting officer shall use the clause with its Alternate I. If a labor-hour contract is contemplated, and if no specific reimbursement for materials furnished is intended, the contracting officer may use the clause with its Alternate II.

(c) The contracting officer shall insert the following clauses, appropriately modified with respect to payment due dates in accordance with agency regulations:

(1) The clause at 52.232-8, Discounts for Prompt Payment, in solicitations and contracts when a fixed-price supply contract or fixed-price service contract is contemplated.

(2) A clause, substantially the same as the clause at 52.232-9, Limitation on Withholding of Payments, in solicitations and contracts when a supply contract, research and development contract, service contract, time-and-materials contract, or labor-hour contract is contemplated that includes two or more terms authorizing the temporary withholding of amounts otherwise payable to the contractor for supplies delivered or services performed.

(d) The contracting officer shall insert the following clauses, appropriately modified with respect to payments due dates in accordance with agency regulations:

(1) The clause at 52.232-10, Payments under Fixed-Price Architect-Engineer Contracts, in fixed-price architect-engineer contracts.

(2) The clause at 52.232-11, Extras, in solicitations and contracts when a fixed-price supply contract, fixed-price service contract, or a transportation contract is contemplated.

32.112 Nonpayment of subcontractors under contracts for noncommercial items.

32.112-1 Subcontractor assertions of nonpayment.

(a) In accordance with Section 806(a)(4) of Pub. L. 102-190, as amended by Sections 2091 and 8105 of Pub. L. 103-355, upon the assertion by a subcontractor or supplier of a Federal contractor that the subcontractor or supplier has not been paid in accordance with the terms of the subcontract, purchase order, or other agreement with the prime contractor, the contracting officer may determine—

(1) For a construction contract, whether the contractor has made—

(i) Progress payments to the subcontractor or supplier in compliance with Chapter 39 of Title 31, United States Code (Prompt Payment Act); or

(ii) Final payment to the subcontractor or supplier in compliance with the terms of the subcontract, purchase order, or other agreement with the prime contractor;

(2) For a contract other than construction, whether the contractor has made progress payments, final payments, or other payments to the subcontractor or supplier in compliance with the terms of the subcontract, purchase order, or other agreement with the prime contractor; or

(3) For any contract, whether the contractor’s certification of payment of a subcontractor or supplier accompanying its payment request to the Government is accurate.

(b) If, in making the determination in paragraphs (a)(1) and (2) of this subsection, the contracting officer finds the prime contractor is not in compliance, the contracting officer may—

(1) Encourage the contractor to make timely payment to the subcontractor or supplier; or

(2) If authorized by the applicable payment clauses, reduce or suspend progress payments to the contractor.

(c) If the contracting officer determines that a certification referred to in paragraph (a)(3) of this subsection is inaccurate in any material respect, the contracting officer shall initiate administrative or other remedial action.

32.112-2 Subcontractor requests for information.

(a) In accordance with Section 806(a)(1) of Pub. L. 102-190, as amended by Sections 2091 and 8105 of Pub. L. 103-355, upon the request of a subcontractor or supplier under a Federal contract for a non-commercial item, the contracting officer shall promptly advise the subcontractor or supplier as to—

(1) Whether the prime contractor has submitted requests for progress payments or other payments to the Federal Government under the contract; and

(2) Whether final payment under the contract has been made by the Federal Government to the prime contractor.
(b) In accordance with 5 U.S.C. 552(b)(1), this subsection does not apply to matters that are—

(1) Specifically authorized under criteria established by an Executive order to be kept classified in the interest of national defense or foreign policy; and

(2) Properly classified pursuant to such Executive order.

32.113 Customary contract financing.

The solicitation must specify the customary contract financing offerors may propose. The following are customary contract financing when provided in accordance with this part and agency regulations:

(a) Financing of shipbuilding, or ship conversion, alteration, or repair, when agency regulations provide for progress payments based on a percentage or stage of completion.

(b) Financing of construction or architect-engineer services purchased under the authority of Part 36.

(c) Financing of contracts for supplies or services awarded under the sealed bid method of procurement in accordance with Part 14 through progress payments based on costs in accordance with Subpart 32.5.

(d) Financing of contracts for supplies or services awarded under the competitive negotiation method of procurement in accordance with Part 15, through either progress payments based on costs in accordance with Subpart 32.5, or performance-based payments in accordance with Subpart 32.10 (but not both).

(e) Financing of contracts for supplies or services awarded under a sole-source acquisition as defined in 2.101 and using the procedures of Part 15, through either progress payments based on costs in accordance with Subpart 32.5, or performance-based payments in accordance with Subpart 32.10 (but not both).

(f) Financing of contracts for supplies or services through advance payments in accordance with Subpart 32.4.

(g) Financing of contracts for supplies or services through guaranteed loans in accordance with Subpart 32.3.

(h) Financing of contracts for supplies or services through any appropriate combination of advance payments, guaranteed loans, and either performance-based payments or progress payments (but not both) in accordance with their respective subparts.

32.114 Unusual contract financing.

Any contract financing arrangement that deviates from this part is unusual contract financing. Unusual contract financing shall be authorized only after approval by the head of the agency or as provided for in agency regulations.
(4) Trade Agreements Certificate. (Applies only if the clause at FAR 52.225-5, Trade Agreements, is included in this solicitation.)

(i) The offeror certifies that each end product, except those listed in paragraph (g)(4)(ii) of this provision, is a U.S.-made, designated country, Caribbean Basin country, or NAFTA country end product, as defined in the clause of this solicitation entitled “Trade Agreements.”

(ii) The offeror shall list as other end products those end products that are not U.S.-made, designated country, Caribbean Basin country, or NAFTA country end products.

(iii) The Government will evaluate offers in accordance with the policies and procedures of FAR Part 25. For line items subject to the Trade Agreements Act, the Government will evaluate offers of U.S.-made, designated country, Caribbean Basin country, or NAFTA country end products without regard to the restrictions of the Buy American Act. The Government will consider for award only offers of U.S.-made, designated country, Caribbean Basin country, or NAFTA country end products unless the Contracting Officer determines that there are no offers for such products or that the offers for such products are insufficient to fulfill the requirements of the solicitation.

(h) Certification Regarding Debarment, Suspension or Ineligibility for Award (Executive Order 12549). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

L. 98-181, including any edible fresh or frozen poultry meat, any perishable poultry meat food product, fresh eggs, and any perishable egg product, as close as possible to, but not later than, the 7th day after product delivery.

(B) For fresh or frozen fish, as defined in section 204(3) of the Fish and Seafood Promotion Act of 1986 (16 U.S.C. 4003(3)), as close as possible to, but not later than, the 7th day after product delivery.

(C) For perishable agricultural commodities, as defined in section 1(4) of the Perishable Agricultural Commodities Act of 1930 (7 U.S.C. 499a(4)), as close as possible to, but not later than, the 10th day after product delivery, unless another date is specified in the contract.

Liquid milk, cheese, certain processed cheese products, butter, yogurt, ice cream, mayonnaise, salad dressings, and other similar products, fall within this classification. Nothing in the Act limits this classification to refrigerated products. When questions arise regarding the proper classification of a specific product, prevailing industry practices will be followed in specifying a contract payment due date. The burden of proof that a classification of a specific product is, in fact, prevailing industry practice is upon the Contractor making the representation.

(ii) If the contract does not require submission of an invoice for payment (e.g., periodic lease payments), the due date will be as specified in the contract.

(3) Contractor's invoice. The Contractor shall prepare and submit invoices to the designated billing office specified in the contract. A proper invoice must include the items listed in paragraphs (a)(3)(i) through (a)(3)(x) of this clause. If the invoice does not comply with these requirements, the designated billing office will return it within 7 days after receipt (3 days for meat, meat food products, or fish; 5 days for perishable agricultural commodities, dairy products, edible fats or oils, and food products prepared from edible fats or oils), with the reasons why it is not a proper invoice. The Government will take into account untimely notification when computing any interest penalty owed the Contractor.

(i) Name and address of the Contractor.

(ii) Invoice date and invoice number. (The Contractor should date invoices as close as possible to the date of the mailing or transmission.)

(iii) Contract number or other authorization for supplies delivered or services performed (including order number and contract line item number).

(iv) Description, quantity, unit of measure, unit price, and extended price of supplies delivered or services performed.

(v) Shipping and payment terms (e.g., shipment number and date of shipment, discount for prompt payment terms). Bill of lading number and weight of shipment will be shown for shipments on Government bills of lading.

(vi) Name and address of Contractor official to whom payment is to be sent (must be the same as that in the contract or in a proper notice of assignment).

(vii) Name (where practicable), title, phone number, and mailing address of person to notify in the event of a defective invoice.

(viii) Taxpayer Identification Number (TIN). The Contractor shall include its TIN on the invoice only if required elsewhere in this contract.

(ix) Electronic funds transfer (EFT) banking information.

(A) The Contractor shall include EFT banking information on the invoice only if required elsewhere in this contract.

(B) If EFT banking information is not required to be on the invoice, in order for the invoice to be a proper invoice, the Contractor shall have submitted correct EFT banking information in accordance with the applicable solicitation provision (e.g., 52.232-38, Submission of Electronic Funds Transfer Information with Offer), contract clause (e.g., 52.232-33, Payment by Electronic Funds Transfer—Central Contractor Registration, or 52.232-34, Payment by Electronic Funds Transfer—Other Than Central Contractor Registration), or applicable agency procedures.

(C) EFT banking information is not required if the Government waived the requirement to pay by EFT.

(x) Any other information or documentation required by the contract (e.g., evidence of shipment).

(4) Interest penalty. The designated payment office will pay an interest penalty automatically, without request from the Contractor, if payment is not made by the due date and the conditions listed in paragraphs (a)(4)(i) through (a)(4)(iii) of
this clause are met, if applicable. However, when the due date falls on a Saturday, Sunday, or legal holiday, the designated payment office may make payment on the following working day without incurring a late payment interest penalty.

(i) The designated billing office received a proper invoice.

(ii) The Government processed a receiving report or other Government documentation authorizing payment, and there was no disagreement over quantity, quality, or Contractor compliance with any contract term or condition.

(iii) In the case of a final invoice for any balance of funds due the Contractor for supplies delivered or services performed, the amount was not subject to further contract settlement actions between the Government and the Contractor.

(5) Computing penalty amount. The Government will compute the interest penalty in accordance with the Office of Management and Budget prompt payment regulations at 5 CFR part 1315.

(i) For the sole purpose of computing an interest penalty that might be due the Contractor, Government acceptance is deemed to occur constructively on the 7th day (unless otherwise specified in this contract) after the Contractor delivers the supplies or performs the services in accordance with the terms and conditions of the contract, unless there is a disagreement over quantity, quality, or Contractor compliance with a contract provision. If actual acceptance occurs within the constructive acceptance period, the Government will base the determination of an interest penalty on the actual date of acceptance. The constructive acceptance requirement does not, however, compel Government officials to accept supplies or services, perform contract administration functions, or make payment prior to fulfilling their responsibilities.

(ii) The prompt payment regulations at 5 CFR 1315.10(c) do not require the Government to pay interest penalties if payment delays are due to disagreement between the Government and the Contractor over the payment amount or other issues involving contract compliance, or on amounts temporarily withheld or retained in accordance with the terms of the contract. The Government and the Contractor shall resolve claims involving disputes and any interest that may be payable in accordance with the clause at FAR 52.233-1, Disputes.

(6) Discounts for prompt payment. The designated payment office will pay an interest penalty automatically, without request from the Contractor, if the Government takes a discount for prompt payment improperly. The Government will calculate the interest penalty in accordance with the prompt payment regulations at 5 CFR part 1315.

(7) Additional interest penalty. (i) The designated payment office will pay a penalty amount, calculated in accordance with the prompt payment regulations at 5 CFR part 1315 in addition to the interest penalty amount only if—

(A) The Government owes an interest penalty of $1 or more;

(B) The designated payment office does not pay the interest penalty within 10 days after the date the invoice amount is paid; and

(C) The Contractor makes a written demand to the designated payment office for additional penalty payment, in accordance with paragraph (a)(7)(ii) of this clause, postmarked not later than 40 days after the invoice amount is paid.

(ii)(A) The Contractor shall support written demands for additional penalty payments with the following data. The Government will not request any additional data. The Contractor shall—

(1) Specifically assert that late payment interest is due under a specific invoice, and request payment of all overdue late payment interest penalty and such additional penalty as may be required;

(2) Attach a copy of the invoice on which the unpaid late payment interest is due; and

(3) State that payment of the principal has been received, including the date of receipt.

(b) Contract financing payment. If this contract provides for contract financing, the Government will make contract financing payments in accordance with the applicable contract financing clause.

(c) Fast payment procedure due dates. If this contract contains the clause at 52.213-1, Fast Payment Procedure, payments will be made within 15 days after the date of receipt of the invoice.

(d) Overpayments. If the Contractor becomes aware of a duplicate contract financing or invoice payment or that the Government has otherwise overpaid on a contract financing or invoice payment, the Contractor shall immediately notify the Contracting Officer and request instructions for disposition of the overpayment.

(End of clause)

Alternate I (Feb 2002). As prescribed in 32.908(c)(3), add the following paragraph (e) to the basic clause:

(e) Invoices for interim payments. For interim payments under this cost-reimbursement contract for services—

(1) Paragraphs (a)(2), (a)(3), (a)(4)(ii), (a)(4)(iii), and (a)(5)(i) do not apply;
(2) For purposes of computing late payment interest penalties that may apply, the due date for payment is the 30th day after the designated billing office receives a proper invoice; and

(3) The contractor shall submit invoices for interim payments in accordance with paragraph (a) of FAR 52.216-7, Allowable Cost and Payment. If the invoice does not comply with contract requirements, it will be returned within 7 days after the date the designated billing office received the invoice.

52.232-26 Prompt Payment for Fixed-Price Architect-Engineer Contracts.

As prescribed in 32.908(a), insert the following clause:

**PROMPT PAYMENT FOR FIXED-PRICE ARCHITECT-ENGINEER CONTRACTS (OCT 2003)**

Notwithstanding any other payment terms in this contract, the Government will make invoice payments under the terms and conditions specified in this clause. The Government considers payment as being made on the day a check is dated or the date of an electronic funds transfer. Definitions of pertinent terms are set forth in sections 2.101, 32.001, and 32.902 of the Federal Acquisition Regulation. All days referred to in this clause are calendar days, unless otherwise specified. (However, see paragraph (a)(3) of this clause concerning payments due on Saturdays, Sundays, and legal holidays.)

(a) Invoice payments—(1) Due date. The due date for making invoice payments is—

(i) For work or services completed by the Contractor, the later of the following two events:

(A) The 30th day after the designated billing office receives a proper invoice from the Contractor (except as provided in paragraph (a)(1)(ii) of this clause).

(B) The 30th day after Government acceptance of the work or services completed by the Contractor. For a final invoice, when the payment amount is subject to contract settlement actions (e.g., release of claims), acceptance is deemed to occur on the effective date of the settlement.

(ii) The due date for progress payments is the 30th day after Government approval of Contractor estimates of work or services accomplished.

(iii) If the designated billing office fails to annotate the invoice or payment request with the actual date of receipt at the time of receipt, the payment due date is the 30th day after the date of the Contractor’s invoice or payment request, provided the designated billing office receives a proper invoice or payment request and there is no disagreement over quantity, quality, or Contractor compliance with contract requirements.

(2) Contractor’s invoice. The Contractor shall prepare and submit invoices to the designated billing office specified in the contract. A proper invoice must include the items listed in paragraphs (a)(2)(i) through (a)(2)(x) of this clause. If the invoice does not comply with these requirements, the designated billing office will return it within 7 days after receipt, with the reasons why it is not a proper invoice. When computing any interest penalty owed the Contractor, the Government will take into account if the Government notifies the Contractor of an improper invoice in an untimely manner.

(i) Name and address of the Contractor.

(ii) Invoice date and invoice number. (The Contractor should date invoices as close as possible to the date of mailing or transmission.)

(iii) Contract number or other authorization for work or services performed (including order number and contract line item number).

(iv) Description of work or services performed.

(v) Delivery and payment terms (e.g., discount for prompt payment terms).

(vi) Name and address of Contractor official to whom payment is to be sent (must be the same as that in the contract or in a proper notice of assignment).

(vii) Name (where practicable), title, phone number, and mailing address of person to notify in the event of a defective invoice.

(viii) Taxpayer Identification Number (TIN). The Contractor shall include its TIN on the invoice only if required elsewhere in this contract.

(ix) Electronic funds transfer (EFT) banking information.

(A) The Contractor shall include EFT banking information on the invoice only if required elsewhere in this contract.

(B) If EFT banking information is not required to be on the invoice, in order for the invoice to be a proper invoice, the Contractor shall have submitted correct EFT banking information in accordance with the applicable solicitation provision (e.g., 52.232-38, Submission of Electronic Funds Transfer Information with Offer), contract clause (e.g., 52.232-33, Payment by Electronic Funds Transfer—Central Contractor Registration, or 52.232-34, Payment by Electronic Funds Transfer—Other Than Central Contractor Registration), or applicable agency procedures.

(C) EFT banking information is not required if the Government waived the requirement to pay by EFT.

(x) Any other information or documentation required by the contract.

(3) Interest penalty. The designated payment office will pay an interest penalty automatically, without request from the Contractor, if payment is not made by the due date and the conditions listed in paragraphs (a)(3)(i) through (a)(3)(iii) of this clause are met, if applicable. However, when the due date falls on a Saturday, Sunday, or legal holiday, the designated payment office may make payment on the following working day without incurring a late payment interest penalty.

(i) The designated billing office received a proper invoice.

(ii) The Government processed a receiving report or other Government documentation authorizing payment and
there was no disagreement over quantity, quality, Contractor compliance with any contract term or condition, or requested progress payment amount.

(iii) In the case of a final invoice for any balance of funds due the Contractor for work or services performed, the amount was not subject to further contract settlement actions between the Government and the Contractor.

(4) Computing penalty amount. The Government will compute the interest penalty in accordance with the Office of Management and Budget prompt payment regulations at 5 CFR part 1315.

(i) For the sole purpose of computing an interest penalty that might be due the Contractor, Government acceptance or approval is deemed to occur constructively as shown in paragraphs (a)(4)(i)(A) and (B) of this clause. If actual acceptance or approval occurs within the constructive acceptance or approval period, the Government will base the determination of an interest penalty on the actual date of acceptance or approval. Constructive acceptance or constructive approval requirements do not apply if there is a disagreement over quantity, quality, Contractor compliance with a contract provision, or requested progress payment amounts. These requirements also do not compel Government officials to accept work or services, approve Contractor estimates, perform contract administration functions, or make payment prior to fulfilling their responsibilities.

(A) For work or services completed by the Contractor, Government acceptance is deemed to occur constructively on the 7th day after the Contractor completes the work or services in accordance with the terms and conditions of the contract.

(B) For progress payments, Government approval is deemed to occur on the 7th day after the designated billing office receives the Contractor estimates.

(ii) The prompt payment regulations at 5 CFR 1315.10(c) do not require the Government to pay interest penalties if payment delays are due to disagreement between the Government and the Contractor over the payment amount or other issues involving contract compliance, or on amounts temporarily withheld or retained in accordance with the terms of the contract. The Government and the Contractor shall resolve claims involving disputes, and any interest that may be payable in accordance with the clause at FAR 52.233-1, Disputes.

(5) Discounts for prompt payment. The designated payment office will pay an interest penalty automatically, without request from the Contractor, if the Government takes a discount for prompt payment improperly. The Government will calculate the interest penalty in accordance with 5 CFR part 1315.

(6) Additional interest penalty. (i) The designated payment office will pay a penalty amount, calculated in accordance with the prompt payment regulations at 5 CFR part 1315, in addition to the interest penalty amount only if:

(A) The Government owes an interest penalty of $1 or more;

(B) The designated payment office does not pay the interest penalty within 10 days after the date the invoice amount is paid; and

(C) The contractor makes a written demand to the designated payment office for additional penalty payment, in accordance with paragraph (a)(6)(ii) of this clause, postmarked not later than 40 days after the date the invoice amount is paid.

(ii) The Contractor shall support written demands for additional penalty payments with the following data. The Government will not request any additional data. The Contractor shall—

(1) Specifically assert that late payment interest is due under a specific invoice, and request payment of all overdue late payment interest penalty and such additional penalty as may be required;

(2) Attach a copy of the invoice on which the unpaid late payment interest is due; and

(3) State that payment of the principal has been received, including the date of receipt.

(B) If there is no postmark or the postmark is illegible—

(1) The designated payment office that receives the demand will annotate it with the date of receipt, provided the demand is received on or before the 40th day after payment was made; or

(2) If the designated payment office fails to make the required annotation, the Government will determine the demand’s validity based on the date the Contractor has placed on the demand, provided such date is no later than the 40th day after payment was made.

(iii) The additional penalty does not apply to payments regulated by other Government regulations (e.g., payments under utility contracts subject to tariffs and regulation).

(b) Contract financing payments. If this contract provides for contract financing, the Government will make contract financing payments in accordance with the applicable contract financing clause.

(c) Overpayments. If the Contractor becomes aware of a duplicate contract financing or invoice payment or that the Government has otherwise overpaid on a contract financing or invoice payment, the Contractor shall immediately notify the Contracting Officer and request instructions for disposition of the overpayment.

(End of clause)

52.232-27 Prompt Payment for Construction Contracts.

As prescribed in 32.908(b), insert the following clause:
PROMPT PAYMENT FOR CONSTRUCTION CONTRACTS  

Notwithstanding any other payment terms in this contract, the Government will make invoice payments under the terms and conditions specified in this clause. The Government considers payment as being made on the day a check is dated or the date of an electronic funds transfer. Definitions of pertinent terms are set forth in sections 2.101, 32.001, and 32.902 of the Federal Acquisition Regulation. All days referred to in this clause are calendar days, unless otherwise specified. (However, see paragraph (a)(3) concerning payments due on Saturdays, Sundays, and legal holidays.)

(a) Invoice payments—(1) Types of invoice payments. For purposes of this clause, there are several types of invoice payments that may occur under this contract, as follows:

(i) Progress payments, if provided for elsewhere in this contract, based on Contracting Officer approval of the estimated amount and value of work or services performed, including payments for reaching milestones in any project.

(A) The due date for making such payments is 14 days after the designated billing office receives a proper payment request. If the designated billing office fails to annotate the payment request with the actual date of receipt at the time of receipt, the payment due date is the 14th day after the date of the Contractor's payment request, provided the designated billing office receives a proper payment request and there is no disagreement over quantity, quality, or Contractor compliance with contract requirements.

(B) The due date for payment of any amounts retained by the Contracting Officer in accordance with the clause at 52.232-5, Payments Under Fixed-Price Construction Contracts, is as specified in the contract or, if not specified, 30 days after approval by the Contracting Officer for release to the Contractor.

(ii) Final payments based on completion and acceptance of all work and presentation of release of all claims against the Government arising by virtue of the contract, and payments for partial deliveries that have been accepted by the Government (e.g., each separate building, public work, or other division of the contract for which the price is stated separately in the contract).

(A) The due date for making such payments is the later of the following two events:

1. The 30th day after the designated billing office receives a proper invoice from the Contractor.

2. The 30th day after Government acceptance of the work or services completed by the Contractor. For a final invoice when the payment amount is subject to contract settlement actions (e.g., release of claims), acceptance is deemed to occur on the effective date of the contract settlement.

(B) If the designated billing office fails to annotate the invoice with the date of actual receipt at the time of receipt, the invoice payment due date is the 30th day after the date of the Contractor's invoice, provided the designated billing office receives a proper invoice and there is no disagreement over quantity, quality, or Contractor compliance with contract requirements.

(2) Contractor's invoice. The Contractor shall prepare and submit invoices to the designated billing office specified in the contract. A proper invoice must include the items listed in paragraphs (a)(2)(i) through (a)(2)(xi) of this clause. If the invoice does not comply with these requirements, the designated billing office must return it within 7 days after receipt, with the reasons why it is not a proper invoice. When computing any interest penalty owed the Contractor, the Government will take into account if the Government notifies the Contractor of an improper invoice in an untimely manner.

(i) Name and address of the Contractor.

(ii) Invoice date and invoice number. (The Contractor should date invoices as close as possible to the date of mailing or transmission.)

(iii) Contract number or other authorization for work or services performed (including order number and contract line item number).

(iv) Description of work or services performed.

(v) Delivery and payment terms (e.g., discount for prompt payment terms).

(vi) Name and address of Contractor official to whom payment is to be sent (must be the same as that in the contract or in a proper notice of assignment).

(vii) Name (where practicable), title, phone number, and mailing address of person to notify in the event of a defective invoice.

(viii) For payments described in paragraph (a)(1)(i) of this clause, substantiation of the amounts requested and certification in accordance with the requirements of the clause at 52.232-5, Payments Under Fixed-Price Construction Contracts.

(ix) Taxpayer Identification Number (TIN). The Contractor shall include its TIN on the invoice only if required elsewhere in this contract.

(x) Electronic funds transfer (EFT) banking information.

(A) The Contractor shall include EFT banking information on the invoice only if required elsewhere in this contract.

(B) If EFT banking information is not required to be on the invoice, in order for the invoice to be a proper invoice, the Contractor shall have submitted correct EFT banking information in accordance with the applicable solicitation provision (e.g., 52.232-38, Submission of Electronic Funds Transfer Information with Offer), contract clause (e.g., 52.232-33, Payment by Electronic Funds Transfer—Central Contractor Registration, or 52.232-34, Payment by Electronic Funds Transfer Information with Offer).
Funds Transfer—Other Than Central Contractor Registration), or applicable agency procedures.

(C) EFT banking information is not required if the Government waived the requirement to pay by EFT.

(x) Any other information or documentation required by the contract.

(3) Interest penalty. The designated payment office will pay an interest penalty automatically, without request from the Contractor, if payment is not made by the due date and the conditions listed in paragraphs (a)(3)(i) through (a)(3)(iii) of this clause are met, if applicable. However, when the due date falls on a Saturday, Sunday, or legal holiday, the designated payment office may make payment on the following working day without incurring a late payment interest penalty.

(i) The designated billing office received a proper invoice.

(ii) The Government processed a receiving report or other Government documentation authorizing payment and there was no disagreement over quantity, quality, Contractor compliance with any contract term or condition, or requested progress payment amount.

(iii) In the case of a final invoice for any balance of funds due the Contractor for work or services performed, the amount was not subject to further contract settlement actions between the Government and the Contractor.

(4) Computing penalty amount. The Government will compute the interest penalty in accordance with the Office of Management and Budget prompt payment regulations at 5 CFR part 1315.

(i) For the sole purpose of computing an interest penalty that might be due the Contractor for payments described in paragraph (a)(1)(ii) of this clause, Government acceptance or approval is deemed to occur constructively on the 7th day after the Contractor has completed the work or services performed in accordance with the terms and conditions of the contract. If actual acceptance or approval occurs within the constructive acceptance or approval period, the Government will base the determination of an interest penalty on the actual date of acceptance or approval. Constructive acceptance or constructive approval requirements do not apply if there is a disagreement over quantity, quality, or Contractor compliance with a contract provision. These requirements also do not compel Government officials to accept work or services, approve Contractor estimates, perform contract administration functions, or make payment prior to fulfilling their responsibilities.

(ii) The prompt payment regulations at 5 CFR 1315.10(c) do not require the Government to pay interest penalties if payment delays are due to disagreement between the Government and the Contractor over the payment amount or other issues involving contract compliance, or on amounts temporarily withheld or retained in accordance with the terms of the contract. The Government and the Contractor shall resolve claims involving disputes, and any interest that may be payable in accordance with the clause at FAR 52.233-1, Disputes.

(5) Discounts for prompt payment. The designated payment office will pay an interest penalty automatically, without request from the Contractor, if the Government takes a discount for prompt payment improperly. The Government will calculate the interest penalty in accordance with the prompt payment regulations at 5 CFR part 1315.

(6) Additional interest penalty. (i) The designated payment office will pay a penalty amount, calculated in accordance with the prompt payment regulations at 5 CFR part 1315 in addition to the interest penalty amount only if—

(A) The Government owes an interest penalty of $1 or more;

(B) The designated payment office does not pay the interest penalty within 10 days after the date the invoice amount is paid; and

(C) The Contractor makes a written demand to the designated payment office for additional penalty payment, in accordance with paragraph (a)(6)(ii) of this clause, postmarked not later than 40 days after the date the invoice amount is paid.

(ii) (A) The Contractor shall support written demands for additional penalty payments with the following data. The Government will not request any additional data. The Contractor shall—

(1) Specifically assert that late payment interest is due under a specific invoice, and request payment of all overdue late payment interest penalty and such additional penalty as may be required;

(2) Attach a copy of the invoice on which the unpaid late payment interest was due; and

(3) State that payment of the principal has been received, including the date of receipt.

(B) If there is no postmark or the postmark is illegible—

(1) The designated payment office that receives the demand will annotate it with the date of receipt provided the demand is received on or before the 40th day after payment was made; or

(2) If the designated payment office fails to make the required annotation, the Government will determine the demand's validity based on the date the Contractor has placed on the demand, provided such date is no later than the 40th day after payment was made.

(b) Contract financing payments. If this contract provides for contract financing, the Government will make contract financing payments in accordance with the applicable contract financing clause.

(c) Subcontract clause requirements. The Contractor shall include in each subcontract for property or services (including
(FAC 2001–16)218
(6) **Interest to Government.** Be obligated to pay to the Government an amount equal to interest on the withheld payments (computed in the manner provided in 31 U.S.C. 3903(c)(1)), from the 8th day after receipt of the withheld amounts from the Government until—

(i) The day the identified subcontractor performance deficiency is corrected; or

(ii) The date that any subsequent payment is reduced under paragraph (e)(5)(i) of this clause.

(f) **Third-party deficiency reports—** (1) **Withholding from subcontractor.** If a Contractor, after making payment to a first-tier subcontractor, receives from a supplier or subcontractor of the first-tier subcontractor (hereafter referred to as a "second-tier subcontractor") a written notice in accordance with section 2 of the Act of August 24, 1935 (40 U.S.C. 270b, Miller Act), asserting a deficiency in such first-tier subcontractor's performance under the contract for which the Contractor may be ultimately liable, and the Contractor determines that all or a portion of future payments otherwise due such first-tier subcontractor is subject to withholding in accordance with the subcontract agreement, the Contractor may, without incurring an obligation to pay an interest penalty under paragraph (e)(6) of this clause—

(i) Furnish to the first-tier subcontractor a notice conforming to the standards of paragraph (g) of this clause as soon as practicable upon making such determination; and

(ii) Withhold from the first-tier subcontractor's next available progress payment or payments an amount not to exceed the amount specified in the notice of withholding furnished under paragraph (f)(1)(i) of this clause.

(ii) **Subsequent payment or interest charge.** As soon as practicable, but not later than 7 days after receipt of satisfactory written notification that the identified subcontract performance deficiency has been corrected, the Contractor shall—

(i) Pay the amount withheld under paragraph (f)(1)(ii) of this clause to such first-tier subcontractor; or

(ii) Incur an obligation to pay a late payment interest penalty to such first-tier subcontractor computed at the rate of interest established by the Secretary of the Treasury, and published in the *Federal Register*, for interest payments under section 12 of the Contracts Disputes Act of 1978 (41 U.S.C. 611) in effect at the time the Contractor accrues the obligation to pay an interest penalty.

(g) **Written notice of subcontractor withholding.** The Contractor shall issue a written notice of any withholding to a subcontractor (with a copy furnished to the Contracting Officer), specifying—

(1) The amount to be withheld;

(2) The specific causes for the withholding under the terms of the subcontract; and

(3) The remedial actions to be taken by the subcontractor in order to receive payment of the amounts withheld.

(h) **Subcontractor payment entitlement.** The Contractor may not request payment from the Government of any amount withheld or retained in accordance with paragraph (d) of this clause until such time as the Contractor has determined and certified to the Contracting Officer that the subcontractor is entitled to the payment of such amount.

(i) **Prime-subcontractor disputes.** A dispute between the Contractor and subcontractor relating to the amount or entitlement of a subcontractor to a payment or a late payment interest penalty under a clause included in the subcontract pursuant to paragraph (c) of this clause does not constitute a dispute to which the Government is a party. The Government may not be interpleaded in any judicial or administrative proceeding involving such a dispute.

(j) **Preservation of prime-subcontractor rights.** Except as provided in paragraph (i) of this clause, this clause shall not limit or impair any contractual, administrative, or judicial remedies otherwise available to the Contractor or a subcontractor in the event of a dispute involving late payment or nonpayment by the Contractor or deficient subcontract performance or nonperformance by a subcontractor.

(k) **Non-recourse for prime contractor interest penalty.** The Contractor's obligation to pay an interest penalty to a subcontractor pursuant to the clauses included in a subcontract under paragraph (c) of this clause shall not be construed to be an obligation of the Government for such interest penalty. A cost-reimbursement claim may not include any amount for reimbursement of such interest penalty.

(l) **Overpayments.** If the Contractor becomes aware of a duplicate contract financing or invoice payment or that the Government has otherwise overpaid on a contract financing or invoice payment, the Contractor shall immediately notify the Contracting Officer and request instructions for disposition of the overpayment.

(End of clause)

52.232-28 Invitation to Propose Performance-Based Payments.

As prescribed in 32.1005(b)(1), insert the following provision:

**INVITATION TO PROPOSE PERFORMANCE-BASED PAYMENTS (MAR 2000)**

(a) The Government invites the offeror to propose terms under which the Government will make performance-based contract financing payments during contract performance. The Government will consider performance-based payment financing terms proposed by the offeror in the evaluation of the offeror's proposal. The Contracting Officer will incorporate the financing terms of the successful offeror and the FAR clause, Performance-Based Payments, at FAR 52.232-32, in any resulting contract.

(b) In the event of any conflict between the terms proposed by the offeror and the terms in the clause at FAR 52.232-32,
Performance-Based Payments, the terms of the clause at FAR 52.232-32 shall govern.

(c) The Contracting Officer will not accept the offeror's proposed performance-based payment financing if the financing does not conform to the following limitations:

   (1) The Government will make delivery payments only for supplies delivered and accepted, or services rendered and accepted in accordance with the payment terms of this contract.

   (2) The terms and conditions of the performance-based payments must—

      (i) Comply with FAR 32.1004;

      (ii) Be reasonable and consistent with all other technical and cost information included in the offeror's proposal; and

      (iii) Their total shall not exceed 90 percent of the contract price if on a whole contract basis, or 90 percent of the delivery item price if on a delivery item basis.

   (3) The terms and conditions of the performance-based financing must be in the best interests of the Government.
