Federal Acquisition Circular (FAC) 2005-02 is issued under the authority of the Secretary of Defense, the Administrator of General Services, and the Administrator for the National Aeronautics and Space Administration.

Unless otherwise specified, all Federal Acquisition Regulation (FAR) and other directive material contained in FAC 2005-02 are effective March 23, 2005.
FAC 2005-02 SUMMARY

Federal Acquisition Circular (FAC) 2005-02 amends the Federal Acquisition Regulation (FAR) as specified below:

Procurement Program for Service-Disabled Veteran-Owned Small Business Concerns (FAR Case 2004-002)

This final rule provides for set-aside and sole source procurement authority for service-disabled veteran-owned small business (SDVOSB) concerns. It amends the Federal Acquisition Regulation (FAR) interim rule that was published in the Federal Register at 69 FR 25274, May 5, 2004, to implement Section 308 of the Veterans Benefits Act of 2003, Procurement Program for Small Business Concerns Owned and Controlled by Service-Disabled Veterans (Pub. L. 108-183). The interim rule provided that contracting officers may: (1) award contracts on the basis of competition restricted to service-disabled veteran-owned small businesses (SDVOSB) if there is a reasonable expectation that two or more SDVOSB concerns will submit offers and that the award can be made at a fair market price, or (2) award a sole source contract to a responsible SDVOSB concern when there is not a reasonable expectation that two or more SDVOSB concerns would offer, the anticipated contract price (including options) will not exceed $5 million (for manufacturing) or $3 million otherwise, and the contract award can be made at a fair and reasonable price. This final rule is published in conjunction with two rules published by the Small Business Administration (SBA).

4.500 Scope of subpart.
This subpart provides policy and procedures for the establishment and use of electronic commerce in Federal acquisition as required by Section 30 of the Office of Federal Procurement Policy (OFPP) Act (41 U.S.C. 426).

4.501 [Reserved]

4.502 Policy.
(a) The Federal Government shall use electronic commerce whenever practicable or cost-effective. The use of terms commonly associated with paper transactions (e.g., “copy,” “document,” “page,” “printed,” “sealed envelope,” and “stamped”) shall not be interpreted to restrict the use of electronic commerce. Contracting officers may supplement electronic transactions by using other media to meet the requirements of any contract action governed by the FAR (e.g., transmit hard copy of drawings).

(b) Agencies may exercise broad discretion in selecting the hardware and software that will be used in conducting electronic commerce. However, as required by Section 30 of the OFPP Act (41 U.S.C. 426), the head of each agency, after consulting with the Administrator of OFPP, shall ensure that systems, technologies, procedures, and processes used by the agency to conduct electronic commerce—

(1) Are implemented uniformly throughout the agency, to the maximum extent practicable;

(2) Are implemented only after considering the full or partial use of existing infrastructures, (e.g., the Federal Acquisition Computer Network (FACNET));

(3) Facilitate access to Government acquisition opportunities by small business concerns, small disadvantaged business concerns, women-owned, veteran-owned, HUB-Zone, and service-disabled veteran-owned small business concerns;

(4) Include a single means of providing widespread public notice of acquisition opportunities through the Governmentwide point of entry and a means of responding to notices or solicitations electronically; and

(5) Comply with nationally and internationally recognized standards that broaden interoperability and ease the electronic interchange of information, such as standards established by the National Institute of Standards and Technology.

(c) Before using electronic commerce, the agency head shall ensure that the agency systems are capable of ensuring authentication and confidentiality commensurate with the risk and magnitude of the harm from loss, misuse, or unauthorized access to or modification of the information.

(d) Agencies may accept electronic signatures and records in connection with Government contracts.

Subpart 5.5—Paid Advertisements

5.501 Definitions.
As used in this subpart—
“Advertisement” means any single message prepared for placement in communication media, regardless of the number of placements.
“Publication” means—
(1) The placement of an advertisement in a newspaper, magazine, trade or professional journal, or any other printed medium; or
(2) The broadcasting of an advertisement over radio or television.

5.502 Authority.
(a) Newspapers. Authority to approve the publication of paid advertisements in newspapers is vested in the head of each agency (44 U.S.C. 3702). This approval authority may be delegated (5 U.S.C. 302 (b)). Contracting officers shall obtain written authorization in accordance with policy procedures before advertising in newspapers.
(b) Other media. Unless the agency head determines otherwise, advance written authorization is not required to place advertisements in media other than newspapers.

5.503 Procedures.
(a) General. (1) Orders for paid advertisements may be placed directly with the media or through an advertising agency. Contracting officers shall give small, small disadvantaged, women-owned, veteran-owned, HUBZone, and service-disabled veteran-owned small business concerns maximum opportunity to participate in these acquisitions.
(2) The contracting officer shall use the SF 1449 for paper solicitations. The SF 1449 shall be used to make awards or place orders unless the award/order is made by using electronic commerce or by using the Governmentwide commercial purchase card for micropurchases.
(b) Rates. Advertisements may be paid for at rates not over the commercial rates charged private individuals, with the usual discounts (44 U.S. C. 3703).
(c) Proof of advertising. Every invoice for advertising shall be accompanied by a copy of the advertisement or an affidavit of publication furnished by the publisher, radio or television station, or advertising agency concerned (44 U.S.C. 3703). Paying offices shall retain the proof of advertising until the General Accounting Office settles the paying office’s account.
(d) Payment. Upon receipt of an invoice supported by proof of advertising, the contracting officer shall attach a copy of the written authority (see 5.502(a)) and submit the invoice for payment under agency procedures.

5.504 Use of advertising agencies.
(a) General. Basic ordering agreements may be placed with advertising agencies for assistance in producing and placing advertisements when a significant number will be placed in several publications and in national media. Services of advertising agencies include, but are not limited to, counseling as to selection of the media for placement of the advertisement, contacting the media in the interest of the Government, placing orders, selecting and ordering typography, copywriting, and preparing rough layouts.
(b) Use of commission-paying media. The services of advertising agencies in placing advertising with media often can be obtained at no cost to the Government, over and above the space cost, as many media give advertising agencies a commission or discount on the space cost that is not given to the Government.
(c) Use of noncommission-paying media. Some media do not grant advertising agencies a commission or discount, meaning the Government can obtain the same rate as the advertising agency. If the advertising agency agrees to place advertisements in noncommission-paying media as a no-cost service, the basic ordering agreement shall so provide. If the advertising agency will not agree to place advertisements at no cost, the agreement shall—
(1) Provide that the Government may place orders directly with the media; or
(2) Specify an amount that the Government will pay if the agency places the orders.
(d) Art work, supplies, and incidentals. The basic ordering agreement also may provide for the furnishing by the advertising agency of art work, supplies, and incidentals, including brochures and pamphlets, but not their printing. “Incidentals” may include telephone calls, telegrams, and postage incurred by the advertising agency on behalf of the Government.
13.000 Scope of part.

This part prescribes policies and procedures for the acquisition of supplies and services, including construction, research and development, and commercial items, the aggregate amount of which does not exceed the simplified acquisition threshold (see 2.101). Subpart 13.5 provides special authority for acquisitions of commercial items exceeding the simplified acquisition threshold but not exceeding $5 million ($10 million for acquisitions as described in 13.500(e)), including options. See Part 12 for policies applicable to the acquisition of commercial items exceeding the micro-purchase threshold. See 36.602-5 for simplified procedures to be used when acquiring architect-engineer services.

13.001 Definitions.

As used in this part—

“Authorized individual” means a person who has been granted authority, in accordance with agency procedures, to acquire supplies and services in accordance with this part.

“Governmentwide commercial purchase card” means a purchase card, similar in nature to a commercial credit card, issued to authorized agency personnel to use to acquire and to pay for supplies and services.

“Imprest fund” means a cash fund of a fixed amount established by an advance of funds, without charge to an appropriation, from an agency finance officer to a duly appointed cashier, for disbursement as needed from time to time in making payment in cash for relatively small amounts.

“Third party draft” means an agency bank draft, similar to a check, that is used to acquire and to pay for supplies and services. (See Treasury Financial Management Manual, Section 3040.70.)

13.002 Purpose.

The purpose of this part is to prescribe simplified acquisition procedures in order to—

(a) Reduce administrative costs;

(b) Improve opportunities for small, small disadvantaged, women-owned, veteran-owned, HUBZone, and service-disabled veteran-owned small business concerns to obtain a fair proportion of Government contracts;

(c) Promote efficiency and economy in contracting; and

(d) Avoid unnecessary burdens for agencies and contractors.

13.003 Policy.

(a) Agencies shall use simplified acquisition procedures to the maximum extent practicable for all purchases of supplies or services not exceeding the simplified acquisition threshold (including purchases at or below the micro-purchase threshold). This policy does not apply if an agency can meet its requirement using—

(1) Required sources of supply under Part 8 (e.g., Federal Prison Industries, Committee for Purchase from People Who are Blind or Severely Disabled, and Federal Supply Schedule contracts);

(2) Existing indefinite delivery/indefinite quantity contracts; or

(3) Other established contracts.

(b)(1) Each acquisition of supplies or services that has an anticipated dollar value exceeding $2,500 ($15,000 for acquisitions as described in 13.201(g)(1)) and not exceeding $100,000 ($250,000 for acquisitions described in paragraph (1) of the Simplified Acquisition Threshold definition at 2.101) is reserved exclusively for small business concerns and shall be set aside (see 19.000 and Subpart 19.5). See 19.502-2 for exceptions.

(2) The contracting officer may set aside for HUBZone small business concerns (see 19.1305) or service-disabled veteran-owned small business concerns (see 19.1405) an acquisition of supplies or services that has an anticipated dollar value exceeding the micro-purchase threshold and not exceeding the simplified acquisition threshold. The contracting officer’s decision not to set aside an acquisition for HUBZone small business or service-disabled veteran-owned small business concerns participation below the simplified acquisition threshold is not subject to review under Subpart 19.4.

(3) Each written solicitation under a set-aside shall contain the appropriate provisions prescribed by Part 19. If the solicitation is oral, however, information substantially identical to that in the provision shall be given to potential quoters.

(c)(1) The contracting officer shall not use simplified acquisition procedures to acquire supplies and services if the anticipated award will exceed—

(i) The simplified acquisition threshold; or

(ii) $5 million ($10 million for acquisitions as described in 13.500(e)), including options, for acquisitions of commercial items using Subpart 13.5.

(2) Do not break down requirements aggregating more than the simplified acquisition threshold (or for commercial items, the threshold in Subpart 13.5) or the micro-purchase threshold into several purchases that are less than the applicable threshold merely to—

(i) Permit use of simplified acquisition procedures; or

(ii) Avoid any requirement that applies to purchases exceeding the micro-purchase threshold.

(d) An agency that has specific statutory authority to acquire personal services (see 37.104) may use simplified acquisition procedures to acquire those services.

(e) Agencies shall use the Governmentwide commercial purchase card and electronic purchasing techniques to the maximum extent practicable in conducting simplified acquisitions.
(f) Agencies shall maximize the use of electronic commerce when practicable and cost-effective (see Subpart 4.5). Drawings and lengthy specifications can be provided off-line in hard copy or through other appropriate means.

(g) Authorized individuals shall make purchases in the simplified manner that is most suitable, efficient, and economical based on the circumstances of each acquisition. For acquisitions not expected to exceed—

(1) The simplified acquisition threshold for other than commercial items, use any appropriate combination of the procedures in Parts 13, 14, 15, 35, or 36, including the use of Standard Form 1442, Solicitation, Offer, and Award (Construction, Alteration, or Repair), for construction contracts (see 36.701(a)); or

(2) $5 million ($10 million for acquisitions as described in 13.500(e)), for commercial items, use any appropriate combination of the procedures in Parts 12, 13, 14, and 15 (see paragraph (d) of this section).

(b) In addition to other considerations, contracting officers shall—

(1) Promote competition to the maximum extent practicable (see 13.104);

(2) Establish deadlines for the submission of responses to solicitations that afford suppliers a reasonable opportunity to respond (see 5.203);

(3) Consider all quotations or offers that are timely received. For evaluation of quotations or offers received electronically, see 13.106-2(b)(3); and

(4) Use innovative approaches, to the maximum extent practicable, in awarding contracts using simplified acquisition procedures.

13.004 Legal effect of quotations.

(a) A quotation is not an offer and, consequently, cannot be accepted by the Government to form a binding contract. Therefore, issuance by the Government of an order in response to a supplier’s quotation does not establish a contract. The order is an offer by the Government to the supplier to buy certain supplies or services upon specified terms and conditions. A contract is established when the supplier accepts the offer.

(b) When appropriate, the contracting officer may ask the supplier to indicate acceptance of an order by notification to the Government, preferably in writing, as defined at 2.101. In other circumstances, the supplier may indicate acceptance by furnishing the supplies or services ordered or by proceeding with the work to the point where substantial performance has occurred.

(c) If the Government issues an order resulting from a quotation, the Government may (by written notice to the supplier, at any time before acceptance occurs) withdraw, amend, or cancel its offer. (See 13.302-4 for procedures on termination or cancellation of purchase orders.)

13.005 Federal Acquisition Streamlining Act of 1994 list of inapplicable laws.

(a) The following laws are inapplicable to all contracts and subcontracts (if otherwise applicable to subcontracts) at or below the simplified acquisition threshold:

(1) 41 U.S.C. 57(a) and (b) (Anti-Kickback Act of 1986). (Only the requirement for the incorporation of the contractor procedures for the prevention and detection of violations, and the contractual requirement for contractor cooperation in investigations are inapplicable.)

(2) 40 U.S.C. 270a (Miller Act). (Although the Miller Act does not apply to contracts at or below the simplified acquisition threshold, alternative forms of payment protection for suppliers of labor and material (see 28.102) are still required if the contract exceeds $25,000.)

(5) 42 U.S.C. 6962 (Solid Waste Disposal Act). (The requirement to provide an estimate of recovered material utilized in contract performance does not apply unless the contract value exceeds $100,000.)

(6) 10 U.S.C. 2306(b) and 41 U.S.C. 254(a) (Contract Clause Regarding Contingent Fees).

(10) 31 U.S.C. 1354(a) (Limitation on use of appropriated funds for contracts with entities not meeting veterans’ employment reporting requirements).

(b) The Federal Acquisition Regulatory (FAR) Council will include any law enacted after October 13, 1994, that sets forth policies, procedures, requirements, or restrictions for the acquisition of property or services, on the list set forth in paragraph (a) of this section. The FAR Council may make exceptions when it determines in writing that it is in the best interest of the Government that the enactment should apply to contracts or subcontracts not greater than the simplified acquisition threshold.

(c) The provisions of paragraph (b) of this section do not apply to laws that—

(1) Provide for criminal or civil penalties; or

(2) Specifically state that notwithstanding the language of Section 4101, Public Law 103-355, the enactment will be applicable to contracts or subcontracts in amounts not greater than the simplified acquisition threshold.

(d) Any individual may petition the Administrator, Office of Federal Procurement Policy (OFPP), to include any appli-
shall be considered by agencies in developing their structured approaches to contract performance. Greater profit opportunity should be provided under contracts requiring a high degree of professional and managerial skill and to prospective contractors whose skills, facilities, and technical assets can be expected to lead to efficient and economical contract performance. The subfactors in paragraphs (d)(1)(i)(A) through (D) of this subsection shall be considered in determining contractor effort, but they may be modified in specific situations to accommodate differences in the categories used by prospective contractors for listing costs—

(A) Material acquisition. This subfactor measures the managerial and technical effort needed to obtain the required purchased parts and material, subcontracted items, and special tooling. Considerations include the complexity of the items required, the number of purchase orders and subcontracts to be awarded and administered, whether established sources are available or new or second sources must be developed, and whether material will be obtained through routine purchase orders or through complex subcontracts requiring detailed specifications. Profit consideration should correspond to the managerial and technical effort involved.

(B) Conversion direct labor. This subfactor measures the contribution of direct engineering, manufacturing, and other labor to converting the raw materials, data, and subcontracted items into the contract items. Considerations include the diversity of engineering, scientific, and manufacturing labor skills required and the amount and quality of supervision and coordination needed to perform the contract task.

(C) Conversion-related indirect costs. This subfactor measures how much the indirect costs contribute to contract performance. The labor elements in the allocable indirect costs should be given the profit consideration they would receive if treated as direct labor. The other elements of indirect costs should be evaluated to determine whether they merit only limited profit consideration because of their routine nature, or are elements that contribute significantly to the proposed contract.

(D) General management. This subfactor measures the prospective contractor’s other indirect costs and general and administrative (G&A) expense, their composition, and how much they contribute to contract performance. Considerations include how labor in the overhead pools would be treated if it were direct labor, whether elements within the pools are routine expenses or instead are elements that contribute significantly to the proposed contract, and whether the elements require routine as opposed to unusual managerial effort and attention.

(ii) Contract cost risk. (A) This factor measures the degree of cost responsibility and associated risk that the prospective contractor will assume as a result of the contract type contemplated and considering the reliability of the cost estimate in relation to the complexity and duration of the contract task. Determination of contract type should be closely related to the risks involved in timely, cost-effective, and efficient performance. This factor should compensate contractors proportionately for assuming greater cost risks.

(B) The contractor assumes the greatest cost risk in a closely priced firm-fixed-price contract under which it agrees to perform a complex undertaking on time and at a pre-determined price. Some firm-fixed-price contracts may entail substantially less cost risk than others because, for example, the contract task is less complex or many of the contractor’s costs are known at the time of price agreement, in which case the risk factor should be reduced accordingly. The contractor assumes the least cost risk in a cost-plus-fixed-fee level-of-effort contract, under which it is reimbursed those costs determined to be allocable and allowable, plus the fixed fee.

(C) In evaluating assumption of cost risk, contracting officers shall, except in unusual circumstances, treat time-and-materials, labor-hour, and firm-fixed-price, level-of-effort term contracts as cost-plus-fixed-fee contracts.

(iii) Federal socioeconomic programs. This factor measures the degree of support given by the prospective contractor to Federal socioeconomic programs, such as those involving small business concerns, small business concerns owned and controlled by socially and economically disadvantaged individuals, women-owned small business concerns, veteran-owned, HUBZone, service-disabled veteran-owned small business concerns, handicapped sheltered workshops, and energy conservation. Greater profit opportunity should be provided contractors that have displayed unusual initiative in these programs.

(iv) Capital investments. This factor takes into account the contribution of contractor investments to efficient and economical contract performance.

(v) Cost-control and other past accomplishments. This factor allows additional profit opportunities to a prospec-
tive contractor that has previously demonstrated its ability to perform similar tasks effectively and economically. In addition, consideration should be given to measures taken by the prospective contractor that result in productivity improvements, and other cost-reduction accomplishments that will benefit the Government in follow-on contracts.

(vi) Independent development. Under this factor, the contractor may be provided additional profit opportunities in recognition of independent development efforts relevant to the contract end item without Government assistance. The contracting officer should consider whether the development cost was recovered directly or indirectly from Government sources.

(2) Additional factors. In order to foster achievement of program objectives, each agency may include additional factors in its structured approach or take them into account in the profit analysis of individual contract actions.

15.405 Price negotiation.

(a) The purpose of performing cost or price analysis is to develop a negotiation position that permits the contracting officer and the offeror an opportunity to reach agreement on a fair and reasonable price. A fair and reasonable price does not require that agreement be reached on every element of cost, nor is it mandatory that the agreed price be within the contracting officer’s initial negotiation position. Taking into consideration the advisory recommendations, reports of contributing specialists, and the current status of the contractor’s purchasing system, the contracting officer is responsible for exercising the requisite judgment needed to reach a negotiated settlement with the offeror and is solely responsible for the final price agreement. However, when significant audit or other specialist recommendations are not adopted, the contracting officer should provide rationale that supports the negotiation result in the price negotiation documentation.

(b) The contracting officer’s primary concern is the overall price the Government will actually pay. The contracting officer’s objective is to negotiate a contract of a type and with a price providing the contractor the greatest incentive for efficient and economical performance. The negotiation of a contract type and a price are related and should be considered together with the issues of risk and uncertainty to the contractor and the Government. Therefore, the contracting officer should not become preoccupied with any single element and should balance the contract type, cost, and profit or fee negotiated to achieve a total result—a price that is fair and reasonable to both the Government and the contractor.

(c) The Government’s cost objective and proposed pricing arrangement directly affect the profit or fee objective. Because profit or fee is only one of several interrelated variables, the contracting officer shall not agree on profit or fee without concurrent agreement on cost and type of contract.

(d) If, however, the contractor insists on a price or demands a profit or fee that the contracting officer considers unreasonable, and the contracting officer has taken all authorized actions (including determining the feasibility of developing an alternative source) without success, the contracting officer shall refer the contract action to a level above the contracting officer. Disposition of the action should be documented.

15.406 Documentation.

15.406-1 Pre-negotiation objectives.

(a) The pre-negotiation objectives establish the Government’s initial negotiation position. They assist in the contracting officer’s determination of fair and reasonable price. They should be based on the results of the contracting officer’s analysis of the offeror’s proposal, taking into consideration all pertinent information including field pricing assistance, audit reports and technical analysis, fact-finding results, independent Government cost estimates and price histories.

(b) The contracting officer shall establish pre-negotiation objectives before the negotiation of any pricing action. The scope and depth of the analysis supporting the objectives should be directly related to the dollar value, importance, and complexity of the pricing action. When cost analysis is required, the contracting officer shall document the pertinent issues to be negotiated, the cost objectives, and a profit or fee objective.

(a) When cost or pricing data are required, the contracting officer must require the contractor to execute a Certificate of Current Cost or Pricing Data, using the format in this paragraph, and must include the executed certificate in the contract file.

CERTIFICATE OF CURRENT COST OR PRICING DATA

This is to certify that, to the best of my knowledge and belief, the cost or pricing data (as defined in section 2.101 of the Federal Acquisition Regulation (FAR) and required under FAR subsection 15.403-4) submitted, either actually or by specific identification in writing, to the Contracting Officer or to the Contracting Officer’s representative in support of ___ * are accurate, complete, and current as of **. This certification includes the cost or pricing data supporting any advance agreements and forward pricing rate agreements between the offeror and the Government that are part of the proposal.

Firm _____________________________________________

Signature __________________________________________

Name ______________________________________________

Title _______________________________________________
(iv) In the demand letter, the contracting officer shall separately include—
(A) The repayment amount;
(B) The penalty amount (if any);
(C) The interest amount through a specified date; and
(D) A statement that interest will continue to accrue until repayment is made.

(e) If, after award, the contracting officer learns or suspects that the data furnished were not accurate, complete, and current, or were not adequately verified by the contractor as of the time of negotiation, the contracting officer shall request an audit to evaluate the accuracy, completeness, and currency of the data. The Government may evaluate the profit-cost relationships only if the audit reveals that the data certified by the contractor were defective. The contracting officer shall not reprice the contract solely because the profit was greater than forecast or because a contingency specified in the submission failed to materialize.

(d) For each advisory audit received based on a postaward review that indicates defective pricing, the contracting officer shall make a determination as to whether or not the data submitted were defective and relied upon. Before making such a determination, the contracting officer should give the contractor an opportunity to support the accuracy, completeness, and currency of the data in question. The contracting officer shall prepare a memorandum documenting both the determination and any corrective action taken as a result. The contracting officer shall send one copy of this memorandum to the auditor and, if the contract has been assigned for administration, one copy to the administrative contracting officer (ACO). A copy of the memorandum or other notice of the contracting officer’s determination shall be provided to the contractor.

(e) If both the contractor and subcontractor submitted, and the contractor certified, or should have certified, cost or pricing data, the Government has the right, under the clauses at 52.215-10, Price Reduction for Defective Cost or Pricing Data, and 52.215-11, Price Reduction for Defective Cost or Pricing Data—Modifications, to reduce the prime contract price if it was significantly increased because a subcontractor submitted defective data. This right applies whether these data supported subcontract cost estimates or supported firm agreements between subcontractor and contractor.

(f) If Government audit discloses defective subcontractor cost or pricing data, the information necessary to support a reduction in prime contract and subcontract prices may be available only from the Government. To the extent necessary to secure a prime contract price reduction, the contracting officer should make this information available to the prime contractor or appropriate subcontractors, upon request. If release of the information would compromise Government security or disclose trade secrets or confidential business information, the contracting officer shall release it only under conditions that will protect it from improper disclosure. Information made available under this paragraph shall be limited to that used as the basis for the prime contract price reduction. In order to afford an opportunity for corrective action, the contracting officer should give the prime contractor reasonable advance notice before determining to reduce the prime contract price.

(1) When a prime contractor includes defective subcontract data in arriving at the price but later awards the subcontract to a lower priced subcontractor (or does not subcontract for the work), any adjustment in the prime contract price due to defective subcontract data is limited to the difference (plus applicable indirect cost and profit markups) between the subcontract price used for pricing the prime contract, and either the actual subcontract price or the actual cost to the contractor, if not subcontracted, provided the data on which the actual subcontract price is based are not themselves defective.

(2) Under cost-reimbursement contracts and under all fixed-price contracts except firm-fixed-price contracts and fixed-price contracts with economic price adjustment, payments to subcontractors that are higher than they would be had there been no defective subcontractor cost or pricing data shall be the basis for disallowance or nonrecognition of costs under the clauses prescribed in 15.408(b) and (c). The Government has a continuing and direct financial interest in such payments that is unaffected by the initial agreement on prime contract price.

15.407-2 Make-or-buy programs.

(a) General. The prime contractor is responsible for managing contract performance, including planning, placing, and administering subcontracts as necessary to ensure the lowest overall cost and technical risk to the Government. When make-or-buy programs are required, the Government may reserve the right to review and agree on the contractor’s make-or-buy program when necessary to ensure negotiation of reasonable contract prices, satisfactory performance, or implementation of socioeconomic policies. Consent to subcontracts and review of contractors’ purchasing systems are separate actions covered in Part 44.

(b) Definition. “Make item,” as used in this subsection, means an item or work effort to be produced or performed by the prime contractor or its affiliates, subsidiaries, or divisions.

(c) Acquisitions requiring make-or-buy programs.
(1) Contracting officers may require prospective contractors to submit make-or-buy program plans for negotiated acquisitions requiring cost or pricing data whose estimated value is $10 million or more, except when the proposed contract is for research or development and, if prototypes or hardware are involved, no significant follow-on production is anticipated.

(2) Contracting officers may require prospective contractors to submit make-or-buy programs for negotiated
acquisitions whose estimated value is under $10 million only if the contracting officer—

(i) Determines that the information is necessary; and

(ii) Documents the reasons in the contract file.

(d) Solicitation requirements. When prospective contractors are required to submit proposed make-or-buy programs, the solicitation shall include—

(1) A statement that the program and required supporting information must accompany the offer; and

(2) A description of factors to be used in evaluating the proposed program, such as capability, capacity, availability of small, small disadvantaged, women-owned, veteran-owned, HUBZone, and service-disabled veteran-owned small business concerns for subcontracting, establishment of new facilities in or near labor surplus areas, delivery or performance availability of small, small disadvantaged, women-owned, veteran-owned, HUBZone, and service-disabled veteran-owned small business concerns for subcontracting, establishment of new facilities in or near labor surplus areas, delivery or performance

(e) Program requirements. To support a make-or-buy program, the following information shall be supplied by the contractor in its proposal:

(1) Items and work included. The information required from a contractor in a make-or-buy program shall be confined to those major items or work efforts that normally would require company management review of the make-or-buy decision because they are complex, costly, needed in large quantities, or require additional facilities to produce. Raw materials, commercial items (see 2.101), and off-the-shelf items (see 46.101) shall not be included, unless their potential impact on contract cost or schedule is critical. Normally, make-or-buy programs should not include items or work efforts estimated to cost less than 1 percent of the total estimated contract price or any minimum dollar amount set by the agency.

(i) A description of each major item or work effort.

(ii) Categorization of each major item or work effort as “must make,” “must buy,” or “can either make or buy.”

(iii) For each item or work effort categorized as “can either make or buy,” a proposal either to “make” or to “buy.”

(iv) Reasons for categorizing items and work efforts as “must make” or “must buy,” and proposing to “make” or to “buy” those categorized as “can either make or buy.” The reasons must include the consideration given to the evaluation factors described in the solicitation and must be in sufficient detail to permit the contracting officer to evaluate the categorization or proposal.

(v) Designation of the plant or division proposed to make each item or perform each work effort, and a statement as to whether the existing or proposed new facility is in or near a labor surplus area.

(vi) Identification of proposed subcontractors, if known, and their location and size status (also see Subpart 19.7 for subcontracting plan requirements).

(vii) Any recommendations to defer make-or-buy decisions when categorization of some items or work efforts is impracticable at the time of submission.

(viii) Any other information the contracting officer requires in order to evaluate the program.

(f) Evaluation, negotiation, and agreement. Contracting officers shall evaluate and negotiate proposed make-or-buy programs as soon as practicable after their receipt and before contract award.

(1) When the program is to be incorporated in the contract and the design status of the product being acquired does not permit accurate precontract identification of major items or work efforts, the contracting officer shall notify the prospective contractor in writing that these items or efforts, when identifiable, shall be added under the clause at 52.215-9, Changes or Additions to Make-or-Buy Program.

(2) Contracting officers normally shall not agree to proposed “make items” when the products or services are not regularly manufactured or provided by the contractor and are available—quality, quantity, delivery, and other essential factors considered—from another firm at equal or lower prices, or when they are regularly manufactured or provided by the contractor, but are available—quality, quantity, delivery, and other essential factors considered—from another firm at lower prices. However, the contracting officer may agree to these as “make items” if an overall lower Governmentwide cost would result or it is otherwise in the best interest of the Government. If this situation occurs in any fixed-price incentive or cost-plus-incentive-fee contract, the contracting officer shall specify these items in the contract and state that they are subject to paragraph (d) of the clause at 52.215-9, Changes or Additions to Make-or-Buy Program (see 15.408(a)). If the contractor proposes to reverse the categorization of such items during contract performance, the contract price shall be subject to equitable reduction.

(g) Incorporating make-or-buy programs in contracts. The contracting officer may incorporate the make-or-buy program in negotiated contracts for—

(1) Major systems (see Part 34) or their subsystems or components, regardless of contract type; or

(2) Other supplies and services if—

(i) The contract is a cost-reimbursable contract, or a cost-sharing contract in which the contractor’s share of the cost is less than 25 percent; and

(ii) The contracting officer determines that technical or cost risks justify Government review and approval of changes or additions to the make-or-buy program.
apparently successful offeror’s qualified HUBZone small business concern status.

(b) Protests relating to whether a qualified HUBZone small business concern is a small business for purposes of any Federal program are subject to the procedures of Subpart 19.3. Protests relating to small business size status for the acquisition and the HUBZone qualifying requirements will be processed concurrently by SBA.

(c) All protests must be in writing and must state all specific grounds for the protest. Assertions that a protested concern is not a qualified HUBZone small business concern, without setting forth specific facts or allegations, are insufficient. An offeror must submit its protest to the contracting officer. The contracting officer and the SBA must submit protests to SBA’s Associate Administrator for the HUBZone Program (AA/HUB).

(d) An offeror’s protest must be received by close of business on the fifth business day after bid opening (in sealed bid acquisitions) or by close of business on the fifth business day after notification by the contracting officer of the apparently successful offeror (in negotiated acquisitions). Any protest received after these time limits is untimely. Any protest received prior to bid opening or notification of intended award, whichever applies, is premature and shall be returned to the protester.

(e) Except for premature protests, the contracting officer must forward any protest received, notwithstanding whether the contracting officer believes that the protest is insufficiently specific or untimely, to:

AA/HUB
U.S. Small Business Administration
409 3rd Street, SW
Washington, DC 20416.

The AA/HUB will notify the protester and the contracting officer of the protest was received and whether the protest will be processed or dismissed for lack of timeliness or specificity.

(f) SBA will determine the HUBZone status of the protested HUBZone small business concern within 15 business days after receipt of a protest. If SBA does not contact the contracting officer within 15 business days, the contracting officer may award the contract to the apparently successful offeror, unless the contracting officer has granted SBA an extension. The contracting officer may award the contract after receipt of a protest if the contracting officer determines in writing that an award must be made to protect the public interest.

(g) SBA will notify the contracting officer, the protester, and the protested concern of its determination. The determination is effective immediately and is final unless overturned on appeal by SBA’s Associate Deputy Administrator for Government Contracting and 8(a) Business Development (ADA/GC&8(a)BD).

(h) The protested HUBZone small business concern, the protester, or the contracting officer may file appeals of protest determinations with SBA’s ADA/GC&8(a)BD. The ADA/GC&8(a)BD must receive the appeal no later than 5 business days after the date of receipt of the protest determination. SBA will dismiss any appeal received after the 5-day period.

(i) The appeal must be in writing. The appeal must identify the protest determination being appealed and must set forth a full and specific statement as to why the decision is erroneous or what significant fact the AA/HUB failed to consider.

(j) The party appealing the decision must provide notice of the appeal to the contracting officer and either the protested HUBZone small business concern or the original protestor, as appropriate. SBA will not consider additional information or changed circumstances that were not disclosed at the time of the AA/HUB’s decision or that are based on disagreement with the findings and conclusions contained in the determination.

(k) The ADA/GC&8(a)BD will make its decision within 5 business days of the receipt of the appeal, if practicable, and will base its decision only on the information and documentation in the protest record as supplemented by the appeal. SBA will provide a copy of the decision to the contracting officer, the protester, and the protested HUBZone small business concern. The SBA decision, if received before award, will apply to the pending acquisition. SBA rulings received after award will not apply to that acquisition. The ADA/GC&8(a)BD’s decision is the final decision.

19.307 Protesting a firm’s status as a service-disabled veteran-owned small business concern.

(a) For sole source acquisitions, the SBA or the contracting officer may protest the apparently successful offeror’s service-disabled veteran-owned small business status. For service-disabled veteran-owned small business set-asides, any interested party may protest the apparently successful offeror’s service-disabled veteran-owned small business concern status.

(b) Protests relating to whether a service-disabled veteran-owned small business concern is a small business for purposes of any Federal program are subject to the procedures of Subpart 19.3. Protests relating to small business size status for the acquisition and the service-disabled veteran-owned small business status requirements will be processed concurrently by SBA.

(c) All protests must be in writing and must state all specific grounds for the protest. Assertions that a protested concern is not a service-disabled veteran-owned small business concern, without setting forth specific facts or allegations, are insufficient. An offeror must submit its protest to the contracting officer. The contracting officer and the SBA must submit protests to SBA’s Associate Administrator for Government Contracting and 8(a) Business Development (ADA/GC&8(a)BD).
Contracting. The SBA regulations are found at 13 CFR 125.24 through 125.28.

(d) An offeror’s protest must be received by close of business on the fifth business day after bid opening (in sealed bid acquisitions) or by close of business on the fifth business day after notification by the contracting officer of the apparently successful offeror (in negotiated acquisitions). Any protest received after these time limits is untimely. Any protest received prior to bid opening or notification of intended award, whichever applies, is premature and shall be returned to the protestor.

(e) Except for premature protests, the contracting officer must forward to SBA by mail or facsimile transmission (202-205-6390) any protest received, notwithstanding whether the contracting officer believes that the protest is insufficiently specific or untimely. The protest must be accompanied by a referral letter, with the notation on the envelope or facsimile cover sheet: “Attn: Service-Disabled Veteran Status Protest,” and be sent to Associate Administrator for Government Contracting AA/GC, U.S. Small Business Administration, 409 3rd Street, SW, Washington, DC 20416.

(f) The referral letter must include information pertaining to the solicitation that may be necessary for SBA to determine timeliness and standing, including the solicitation number; the name, address, telephone number and facsimile number of the contracting officer; whether the contract was sole-source or set-aside; whether the protestor submitted an offer; whether the protested concern was the apparent successful offeror; when the protested concern submitted its offer (e.g., made the self-representation that it was a service-disabled veteran-owned small business concern); whether the procurement was conducted using sealed bid or negotiated procedures; the bid opening date, if applicable; when the protest was submitted; when the protestor received notification about the apparent successful offeror, if applicable; and whether a contract has been awarded.

(g) The Associate Administrator for Government Contracting will notify the protestor and the contracting officer of the date the protest was received and whether the protest will be processed or dismissed for lack of timeliness or specificity.

(h) All questions about service-disabled veteran-owned small business size or status must be referred to the SBA for resolution. When making its determinations of veteran, service-disabled veteran, or service-disabled veteran with a permanent and severe disability status, the SBA will rely upon determinations made by the Department of Veteran’s Affairs, Department of Defense determinations, or such determinations identified by documents provided by the U.S. National Archives and Records Administration. SBA will determine the service-disabled veteran-owned small business status of the protested concern within 15 business days after receipt of a protest. If SBA does not contact the contracting officer within 15 business days, the contracting officer may award the contract to the apparently successful offeror, unless the contracting officer has granted SBA an extension. The contracting officer may award the contract after receipt of a protest if the contracting officer determines in writing that an award must be made to protect the public interest.

(i) SBA will notify the contracting officer, the protestor, and the protested concern of its determination. The determination is effective immediately and is final unless overturned on appeal by SBA’s Office of Hearings and Appeals (OHA) pursuant to 13 CFR part 134.

19.308 Solicitation provisions.

(a)(1) Insert the provision at 52.219-1, Small Business Program Representations, in solicitations exceeding the micro-purchase threshold when the contract will be performed in the United States or its outlying areas.

(2) Use the provision with its Alternate I in solicitations issued by DoD, NASA, or the Coast Guard that the contracting officer expects will exceed the threshold at 4.601(a).

(b) Insert the provision at 52.219-22, Small Disadvantaged Business Status, in solicitations that include the clause at 52.219-23, Notice of Price Evaluation Adjustment for Small Disadvantaged Business Concerns, or 52.219-25, Small Disadvantaged Business Participation Program—Disadvantaged Status and Reporting. Use the provision with its Alternate I in solicitations for acquisitions for which a price evaluation adjustment for small disadvantaged business concerns is authorized on a regional basis.

(c) When contracting by sealed bidding, insert the provision at 52.219-2, Equal Low Bids, in solicitations when the contract will be performed in the United States or its outlying areas.
Subpart 19.14—Service-Disabled Veteran-Owned Small Business Procurement Program

19.1401 General.
(a) The Veterans Benefit Act of 2003 (15 U.S.C. 657f) created the procurement program for small business concerns owned and controlled by service-disabled veterans (commonly referred to as the “Service-Disabled Veteran-owned Small Business (SDVOSB) Procurement Program”).
(b) The purpose of the Service-Disabled Veteran-Owned Small Business Program is to provide Federal contracting assistance to service-disabled veteran-owned small business concerns.

19.1402 Applicability.
The procedures in this subpart apply to all Federal agencies that employ one or more contracting officers.

19.1403 Status as a service-disabled veteran-owned small business concern.
(a) Status as a service-disabled veteran-owned small business concern is determined in accordance with 13 CFR Parts 125.8 through 125.13; also see 19.307.
(b) At the time that a service-disabled veteran-owned small business concern submits its offer, it must represent to the contracting officer that it is a—
(1) Service-disabled veteran-owned small business concern; and
(2) Small business concern under the North American Industry Classification System (NAICS) code assigned to the procurement.
(c) A joint venture may be considered a service-disabled veteran owned small business concern if—
(1) At least one member of the joint venture is a service-disabled veteran-owned small business concern, and makes the representations in paragraph (b) of this section;
(2) Each other concern is small under the size standard corresponding to the NAICS code assigned to the procurement;
(3) The joint venture meets the requirements of paragraph 7 of the explanation of Affiliates in 19.101; and
(4) The joint venture meets the requirements of 13 CFR 125.15(b).
(d) Any service-disabled veteran-owned small business concern (nonmanufacturer) must meet the requirements in 19.102(f) to receive a benefit under this program.

19.1404 Exclusions.
This subpart does not apply to—
(a) Requirements that can be satisfied through award to—
(1) Federal Prison Industries, Inc. (see Subpart 8.6);
(2) Javits-Wagner-O’Day Act participating non-profit agencies for the blind or severely disabled (see Subpart 8.7);
(b) Orders under indefinite delivery contracts (see Subpart 16.5);
(c) Orders against Federal Supply Schedules (see Subpart 8.4); or
(d) Requirements currently being performed by an 8(a) participant or requirements SBA has accepted for performance under the authority of the 8(a) Program, unless SBA has consented to release the requirements from the 8(a) Program.

(a) The contracting officer may set-aside acquisitions exceeding the micro-purchase threshold for competition restricted to service-disabled veteran-owned small business concerns when the requirements of paragraph (b) of this section can be satisfied. The contracting officer shall consider service-disabled veteran-owned small business set-asides before considering service-disabled veteran-owned small business sole source awards (see 19.1406).
(b) To set aside an acquisition for competition restricted to service-disabled veteran-owned small business concerns, the contracting officer must have a reasonable expectation that—
(1) Offers will be received from two or more service-disabled veteran-owned small business concerns; and
(2) Award will be made at a fair market price.
(c) If the contracting officer receives only one acceptable offer from a service-disabled veteran-owned small business concern in response to a set-aside, the contracting officer should make an award to that concern. If the contracting officer receives no acceptable offers from service-disabled veteran-owned small business concerns, the service-disabled veteran-owned set-aside shall be withdrawn and the requirement, if still valid, set aside for small business concerns, as appropriate (see Subpart 19.5).
(d) The procedures at 19.202-1 and, except for acquisitions not exceeding the simplified acquisition threshold, at 19.402 apply to this section. When the SBA intends to appeal a contracting officer’s decision to reject a recommendation of the SBA procurement center representative to set aside an acquisition for competition restricted to service-disabled veteran-owned small business concerns, the SBA procurement center representative shall notify the contracting officer, in writing, of its intent within 5 working days of receiving the contracting officer’s notice of rejection. Upon receipt of notice of SBA’s intent to appeal, the contracting officer shall suspend action on the acquisition unless the head of the contracting activity makes a written determination that urgent and compelling circumstances, which significantly affect the interests of the Government, exist. Within 15 working days of SBA’s notifi-
cation to the contracting officer, SBA shall file its formal appeal with the head of the contracting activity, or that agency may consider the appeal withdrawn. The head of the contracting activity shall reply to SBA within 15 working days of receiving the appeal. The decision of the head of the contracting activity shall be final.

19.1406 Sole source awards to service-disabled veteran-owned small business concerns.

(a) A contracting officer may award contracts to service-disabled veteran-owned small business concerns on a sole source basis (see 19.501(d) and 6.302-5), provided—

(1) Only one service-disabled veteran-owned small business concern can satisfy the requirement;

(2) The anticipated award price of the contract (including options) will not exceed—

(i) $5 million for a requirement within the NAICS codes for manufacturing; or

(ii) $3 million for a requirement within any other NAICS code;

(3) The service-disabled veteran-owned small business concern has been determined to be a responsible contractor with respect to performance; and

(4) Award can be made at a fair and reasonable price.

(b) The SBA has the right to appeal the contracting officer’s decision not to make a service-disabled veteran-owned small business sole source award.

19.1407 Contract clauses.

The contracting officer shall insert the clause 52.219-27, Notice of Total Service-Disabled Veteran-Owned Small Business Set-Aside, in solicitations and contracts for acquisitions under 19.1405 and 19.1406.

**Subpart 42.3—Contract Administration Office Functions**

**42.301 General.**

When a contract is assigned for administration under Subpart 42.2, the contract administration office (CAO) shall perform contract administration functions in accordance with 48 CFR Chapter 1, the contract terms, and, unless otherwise agreed to in an interagency agreement (see 42.002), the applicable regulations of the servicing agency.

**42.302 Contract administration functions.**

(a) The contracting officer normally delegates the following contract administration functions to a CAO. The contracting officer may retain any of these functions, except those in paragraphs (a)(5), (a)(9), and (a)(11) of this section, unless the cognizant Federal agency (see 2.101) has designated the contracting officer to perform these functions.

(1) Review the contractor’s compensation structure.

(2) Review the contractor’s insurance plans.

(3) Conduct post-award orientation conferences.

(4) Review and evaluate contractors’ proposals under Subpart 15.4 and, when negotiation will be accomplished by the contracting officer, furnish comments and recommendations to that officer.

(5) Negotiate forward pricing rate agreements (see 15.407-3).

(6) Negotiate advance agreements applicable to treatment of costs under contracts currently assigned for administration (see 31.109).

(7) Determine the allowability of costs suspended or disapproved as required (see Subpart 42.8), direct the suspension or disapproval of costs when there is reason to believe they should be suspended or disapproved, and approve final vouchers.

(8) Issue Notices of Intent to Disallow or not Recognize Costs (see Subpart 42.8).

(9) Establish final indirect cost rates and billing rates for those contractors meeting the criteria for contracting officer determination in Subpart 42.7.

(10) Attempt to resolve issues in controversy, using ADR procedures when appropriate (see Subpart 33.2); prepare findings of fact and issue decisions under the Disputes clause on matters in which the administrative contracting officer (ACO) has the authority to take definitive action.

(11) In connection with Cost Accounting Standards (see 30.601 and 48 CFR Chapter 99 (FAR Appendix))—

(i) Determine the adequacy of the contractor’s disclosure statements;

(ii) Determine whether disclosure statements are in compliance with Cost Accounting Standards and Part 31;

(iii) Determine the contractor’s compliance with Cost Accounting Standards and disclosure statements, if applicable; and

(12) Review and approve or disapprove the contractor’s requests for payments under the progress payments or performance-based payments clauses.

(13) Make payments on assigned contracts when prescribed in agency acquisition regulations.

(14) Manage special bank accounts.

(15) Ensure timely notification by the contractor of any anticipated overrun or underrun of the estimated cost under cost-reimbursement contracts.

(16) Monitor the contractor’s financial condition and advise the contracting officer when it jeopardizes contract performance.

(17) Analyze quarterly limitation on payments statements and recover overpayments from the contractor.

(18) Issue tax exemption forms.

(19) Ensure processing and execution of duty-free entry certificates.

(20) For classified contracts, administer those portions of the applicable industrial security program delegated to the CAO (see Subpart 4.4).

(21) Issue work requests under maintenance, overhaul, and modification contracts.

(22) Negotiate prices and execute supplemental agreements for spare parts and other items selected through provisioning procedures when prescribed by agency acquisition regulations.

(23) Negotiate and execute contractual documents for settlement of partial and complete contract terminations for convenience, except as otherwise prescribed by Part 49.

(24) Negotiate and execute contractual documents settling cancellation charges under multiyear contracts.

(25) Process and execute novation and change of name agreements under Subpart 42.12.

(26) Perform property administration (see Part 45).

(27) Approve contractor acquisition or fabrication of special test equipment under the clause at 52.245-18, Special Test Equipment.

(28) Perform necessary screening, redistribution, and disposal of contractor inventory.

(29) Issue contract modifications requiring the contractor to provide packing, crating, and handling services on excess Government property. When the ACO determines it to be in the Government’s interests, the services may be secured from a contractor other than the contractor in possession of the property.

(30) In facilities contracts—

(FAC 2005–02) 42.3-1
(i) Evaluate the contractor’s requests for facilities and for changes to existing facilities and provide appropriate recommendations to the contracting officer;

(ii) Ensure required screening of facility items before acquisition by the contractor;

(iii) Approve use of facilities on a noninterference basis in accordance with the clause at 52.245-9, Use and Charges;

(iv) Ensure payment by the contractor of any rental due; and

(v) Ensure reporting of items no longer needed for Government production.

(31) Perform production support, surveillance, and status reporting, including timely reporting of potential and actual slippages in contract delivery schedules.

(32) Perform preaward surveys (see Subpart 9.1).

(33) Advise and assist contractors regarding their priorities and allocations responsibilities and assist contracting offices in processing requests for special assistance and for priority ratings for privately owned capital equipment.

(34) Monitor contractor industrial labor relations matters under the contract; apprise the contracting officer and, if designated by the agency, the cognizant labor relations advisor, of actual or potential labor disputes; and coordinate the removal of urgently required material from the strikebound contractor’s plant upon instruction from, and authorization of, the contracting officer.

(35) Perform traffic management services, including issuance and control of Government bills of lading and other transportation documents.

(36) Review the adequacy of the contractor’s traffic operations.

(37) Review and evaluate preservation, packaging, and packing.

(38) Ensure contractor compliance with contractual quality assurance requirements (see Part 46).

(39) Ensure contractor compliance with contractual safety requirements.

(40) Perform engineering surveillance to assess compliance with contractual terms for schedule, cost, and technical performance in the areas of design, development, and production.

(41) Evaluate for adequacy and perform surveillance of contractor engineering efforts and management systems that relate to design, development, production, engineering changes, subcontractors, tests, management of engineering resources, reliability and maintainability, data control systems, configuration management, and independent research and development.

(42) Review and evaluate for technical adequacy the contractor’s logistics support, maintenance, and modification programs.

(43) Report to the contracting office any inadequacies noted in specifications.

(44) Perform engineering analyses of contractor cost proposals.

(45) Review and analyze contractor-proposed engineering and design studies and submit comments and recommendations to the contracting office, as required.

(46) Review engineering change proposals for proper classification, and when required, for need, technical adequacy of design, producibility, and impact on quality, reliability, schedule, and cost; submit comments to the contracting office.

(47) Assist in evaluating and make recommendations for acceptance or rejection of waivers and deviations.

(48) Evaluate and monitor the contractor’s procedures for complying with procedures regarding restrictive markings on data.

(49) Monitor the contractor’s value engineering program.

(50) Review, approve or disapprove, and maintain surveillance of the contractor’s purchasing system (see Part 44).

(51) Consent to the placement of subcontracts.

(52) Review, evaluate, and approve plant or division-wide small, small disadvantaged, women-owned, veteran-owned, HUBZone, and service-disabled veteran-owned small business master subcontracting plans.

(53) Obtain the contractor’s currently approved company- or division-wide plans for small, small disadvantaged, women-owned, veteran-owned, HUBZone, and service-disabled veteran-owned small business subcontracting for its commercial products, or, if there is no currently approved plan, assist the contracting officer in evaluating the plans for those products.

(54) Assist the contracting officer, upon request, in evaluating an offeror’s proposed small, small disadvantaged women-owned, veteran-owned, HUBZone, and service-disabled veteran-owned small business subcontracting plans, including documentation of compliance with similar plans under prior contracts.

(55) By periodic surveillance, ensure the contractor’s compliance with small, small disadvantaged, women-owned, veteran-owned, HUBZone, and service-disabled veteran-owned small business subcontracting plans and any labor surplus area contractual requirements; maintain documentation of the contractor’s performance under and compliance with these plans and requirements; and provide advice and assistance to the firms involved, as appropriate.

(56) Maintain surveillance of flight operations.

(57) Assign and perform supporting contract administration.

(58) Ensure timely submission of required reports.

(59) Issue administrative changes, correcting errors or omissions in typing, contractor address, facility or activity code, remittance address, computations which do not require additional contract funds, and other such changes (see 43.101).
Subpart 42.5—Postaward Orientation

42.500 Scope of subpart.
This subpart prescribes policies and procedures for the postaward orientation of contractors and subcontractors through—
(a) A conference; or
(b) A letter or other form of written communication.

42.501 General.
(a) A postaward orientation aids both Government and contractor personnel to (1) achieve a clear and mutual understanding of all contract requirements, and (2) identify and resolve potential problems. However, it is not a substitute for the contractor’s fully understanding the work requirements at the time offers are submitted, nor is it to be used to alter the final agreement arrived at in any negotiations leading to contract award.
(b) Postaward orientation is encouraged to assist small business, small disadvantaged, women-owned, veteran-owned, HUBZone, and service-disabled veteran-owned small business concerns (see Part 19).
(c) While cognizant Government or contractor personnel may request the contracting officer to arrange for orientation, it is up to the contracting officer to decide whether a postaward orientation in any form is necessary.
(d) Maximum benefits will be realized when orientation is conducted promptly after award.

42.502 Selecting contracts for postaward orientation.
When deciding whether postaward orientation is necessary and, if so, what form it shall take, the contracting officer shall consider, as a minimum, the—
(a) Nature and extent of the preaward survey and any other prior discussions with the contractor;
(b) Type, value, and complexity of the contract;
(c) Complexity and acquisition history of the product or service;
(d) Requirements for spare parts and related equipment;
(e) Urgency of the delivery schedule and relationship of the product or service to critical programs;
(f) Length of the planned production cycle;
(g) Extent of subcontracting;
(h) Contractor’s performance history and experience with the product or service;
(i) Contractor’s status, if any, as a small business, small disadvantaged, women-owned, veteran-owned, HUBZone, or service-disabled veteran-owned small business concern;
(j) Contractor’s performance history with small, small disadvantaged, women-owned, veteran-owned, HUBZone, and service-disabled veteran-owned small business subcontracting programs;
(k) Safety precautions required for hazardous materials or operations; and
(l) Complex financing arrangements, such as progress payments, advance payments, or guaranteed loans.

42.503 Postaward conferences.
42.503-1 Postaward conference arrangements.
(a) The contracting officer who decides that a conference is needed is responsible for—
(1) Establishing the time and place of the conference;
(2) Preparing the agenda, when necessary;
(3) Notifying appropriate Government representatives (e.g., contracting/contract administration office) and the contractor;
(4) Designating or acting as the chairperson;
(5) Conducting a preliminary meeting of Government personnel; and
(6) Preparing a summary report of the conference.
(b) When the contracting office initiates a conference, the arrangements may be made by that office or, at its request, by the contract administration office.

42.503-2 Postaward conference procedure.
The chairperson of the conference shall conduct the meeting. Unless a contract change is contemplated, the chairperson shall emphasize that it is not the purpose of the meeting to change the contract. The contracting officer may make commitments or give directions within the scope of the contracting officer’s authority and shall put in writing and sign any commitment or direction, whether or not it changes the contract. Any change to the contract that results from the postaward conference shall be made only by a contract modification referencing the applicable terms of the contract. Participants without authority to bind the Government shall not take action that in any way alters the contract. The chairperson shall include in the summary report (see 42.503-3) all information and guidance provided to the contractor.

42.503-3 Postaward conference report.
The chairperson shall prepare and sign a report of the postaward conference. The report shall cover all items discussed, including areas requiring resolution, controversial matters, the names of the participants assigned responsibility for further actions, and the due dates for the actions. The chairperson shall furnish copies of the report to the contracting office, the contract administration office, the contractor, and others who require the information.

42.504 Postaward letters.
In some circumstances, a letter or other written form of communication to the contractor may be adequate postaward orientation (in lieu of a conference). The letter should identify
the Government representative responsible for administering the contract and cite any unusual or significant contract requirements. The rules on changes to the contract in 42.503-2 also apply here.

42.505 Postaward subcontractor conferences.

(a) The prime contractor is generally responsible for conducting postaward conferences with subcontractors. However, the prime contractor may invite Government representatives to a conference with subcontractors, or the Government may request that the prime contractor initiate a conference with subcontractors. The prime contractor should ensure that representatives from involved contract administration offices are invited.

(b) Government representatives—

(1) Must recognize the lack of privity of contract between the Government and subcontractors;

(2) Shall not take action that is inconsistent with or alters subcontracts; and

(3) Shall ensure that any changes in direction or commitment affecting the prime contract or contractor resulting from a subcontractor conference are made by written direction of the contracting officer to the prime contractor in the same manner as described in 42.503-2.
Subpart 44.3—Contractors’ Purchasing Systems Reviews

44.301 Objective.

The objective of a contractor purchasing system review (CPSR) is to evaluate the efficiency and effectiveness with which the contractor spends Government funds and complies with Government policy when subcontracting. The review provides the administrative contracting officer (ACO) a basis for granting, withholding, or withdrawing approval of the contractor’s purchasing system.

44.302 Requirements.

(a) The ACO shall determine the need for a CPSR based on, but not limited to, the past performance of the contractor, and the volume, complexity and dollar value of subcontracts. If a contractor’s sales to the Government (excluding competitively awarded firm-fixed-price and competitively awarded fixed-price with economic price adjustment contracts and sales of commercial items pursuant to Part 12) are expected to exceed $25 million during the next 12 months, perform a review to determine if a CPSR is needed. Sales include those represented by prime contracts, subcontracts under Government prime contracts, and modifications. Generally, a CPSR is not performed for a specific contract. The head of the agency responsible for contract administration may raise or lower the $25 million review level if it is considered to be in the Government’s best interest.

(b) Once an initial determination has been made under paragraph (a) of this section, at least every three years the ACO shall determine whether a purchasing system review is necessary. If necessary, the cognizant contract administration office will conduct a purchasing system review.

44.303 Extent of review.

A CPSR requires an evaluation of the contractor’s purchasing system. Unless segregation of subcontracts is impracticable, this evaluation shall not include subcontracts awarded by the contractor exclusively in support of Government contracts that are competitively awarded firm-fixed-price, competitively awarded fixed-price with economic price adjustment, or awarded for commercial items pursuant to Part 12. The considerations listed in 44.202-2 for consent evaluation of particular subcontracts also shall be used to evaluate the contractor’s purchasing system, including the contractor’s policies, procedures, and performance under that system. Special attention shall be given to—

(a) The degree of price competition obtained;
(b) Pricing policies and techniques, including methods of obtaining accurate, complete, and current cost or pricing data and certification as required;
(c) Methods of evaluating subcontractor responsibility, including the contractor’s use of the Excluded Parties List System (see 9.404) and, if the contractor has subcontracts with parties on the list, the documentation, systems, and procedures the contractor has established to protect the Government’s interests (see 9.405-2);
(d) Treatment accorded affiliates and other concerns having close working arrangements with the contractor;
(e) Policies and procedures pertaining to small business concerns, including small disadvantaged, women-owned, veteran-owned, HUBZone, and service-disabled veteran-owned small business concerns;
(f) Planning, award, and postaward management of major subcontract programs;
(g) Compliance with Cost Accounting Standards in awarding subcontracts;
(h) Appropriateness of types of contracts used (see 16.103); and
(i) Management control systems, including internal audit procedures, to administer progress payments to subcontractors.

44.304 Surveillance.

(a) The ACO shall maintain a sufficient level of surveillance to ensure that the contractor is effectively managing its purchasing program.

(b) Surveillance shall be accomplished in accordance with a plan developed by the ACO with the assistance of subcontracting, audit, pricing, technical, or other specialists as necessary. The plan should cover pertinent phases of a contractor’s purchasing system (preaward, postaward, performance, and contract completion) and pertinent operations that affect the contractor’s purchasing and subcontracting. The plan should also provide for reviewing the effectiveness of the contractor’s corrective actions taken as a result of previous Government recommendations. Duplicative reviews of the same areas by CPSR and other surveillance monitors should be avoided.

44.305 Granting, withholding, or withdrawing approval.

44.305-1 Responsibilities.

The cognizant ACO is responsible for granting, withholding, or withdrawing approval of a contractor’s purchasing system. The ACO shall—

(a) Approve a purchasing system only after determining that the contractor’s purchasing policies and practices are efficient and provide adequate protection of the Government’s interests; and
(b) Promptly notify the contractor in writing of the granting, withholding, or withdrawal of approval.

44.305-2 Notification.

(a) The notification granting system approval shall include—
(1) Identification of the plant or plants covered by the approval;
(2) The effective date of approval; and
(3) A statement that system approval—
   (i) Applies to all Federal Government contracts at that plant to the extent that cross-servicing arrangements exist;
   (ii) Waives the contractual requirement for advance notification in fixed-price contracts, but not for cost-reimbursement contracts;
   (iii) Waives the contractual requirement for consent to subcontracts in fixed-price contracts and for specified subcontracts in cost-reimbursement contracts but not for those subcontracts, if any, selected for special surveillance and identified in the contract Schedule; and
   (iv) May be withdrawn at any time at the ACO’s discretion.

(b) In exceptional circumstances, consent to certain subcontracts or classes of subcontracts may be required even though the contractor’s purchasing system has been approved. The system approval notification shall identify the class or classes of subcontracts requiring consent. Reasons for selecting the subcontracts include the fact that a CPSR or continuing surveillance has revealed sufficient weaknesses in a particular area of subcontracting to warrant special attention by the ACO.

c) When recommendations are made for improvement of an approved system, the contractor shall be requested to reply within 15 days with a position regarding the recommendations.

44.305-3 Withholding or withdrawing approval.

(a) The ACO shall withhold or withdraw approval of a contractor’s purchasing system when there are major weaknesses or when the contractor is unable to provide sufficient information upon which to make an affirmative determination. The ACO may withdraw approval at any time on the basis of a determination that there has been a deterioration of the contractor’s purchasing system or to protect the Government’s interest. Approval shall be withheld or withdrawn when there is a recurring noncompliance with requirements, including but not limited to—
   (1) Cost or pricing data (see 15.403);
   (2) Implementation of cost accounting standards (see 48 CFR Chapter 99 (FAR Appendix, loose-leaf edition));
   (3) Advance notification as required by the clauses prescribed in 44.204; or
   (4) Small business subcontracting (see Subpart 19.7).

(b) When approval of the contractor’s purchasing system is withheld or withdrawn, the ACO shall within 10 days after completing the in-plant review (1) inform the contractor in writing, (2) specify the deficiencies that must be corrected to qualify the system for approval, and (3) request the contractor to furnish within 15 days a plan for accomplishing the necessary actions. If the plan is accepted, the ACO shall make a follow-up review as soon as the contractor notifies the ACO that the deficiencies have been corrected.

44.306 Disclosure of approval status.

Upon request, the ACO may inform a contractor that the purchasing system of a proposed subcontractor has been approved or disapproved, but shall caution that the Government will not keep the contractor advised of any changes in the approval status. If the proposed subcontractor’s purchasing system has not been reviewed, the contractor shall be so advised.

44.307 Reports.

The ACO shall distribute copies of CPSR reports; notifications granting, withholding, or withdrawing system approval; and Government recommendations for improvement of an approved system, including the contractor’s response, to at least—

(a) The cognizant contract audit office;

(b) Activities prescribed by the cognizant agency; and

(c) The contractor (except that furnishing copies of the contractor’s response is optional).
Subpart 53.2—Prescription of Forms

53.200 Scope of subpart.
This subpart prescribes standard forms and references optional forms and agency-prescribed forms for use in acquisition. Consistent with the approach used in Subpart 52.2, this subpart is arranged by subject matter, in the same order as, and keyed to, the parts of the FAR in which the form usage requirements are addressed. For example, forms addressed in FAR Part 14, Sealed Bidding, are treated in this subpart in section 53.214, Sealed Bidding; forms addressed in FAR Part 43, Contract Modifications, are treated in this subpart in section 53.243, Contract modifications. The following example illustrates how the subjects are keyed to the parts in which they are addressed:

53.243 Contract Modifications (SF 30).

53.201 Federal acquisition system.

53.201-1 Contracting authority and responsibilities (SF 1402).
SF 1402 (10/83), Certificate of Appointment. SF 1402 is prescribed for use in appointing contracting officers, as specified in 1.603-3.

53.202 [Reserved]

53.203 [Reserved]

53.204 Administrative matters.

53.204-1 Safeguarding classified information within industry (DD Form 254, DD Form 441).
The following forms, which are prescribed by the Department of Defense, shall be used by agencies covered by the Defense Industrial Security Program if contractor access to classified information is required, as specified in Subpart 4.4 and the clause at 52.204-2:
(a) DD Form 254 (Department of Defense (DoD), Contract Security Classification Specification. (See 4.403(c)(1).)
(b) DD Form 441 (DoD), Security Agreement. (See paragraph (b) of the clause at 52.204-2.)

53.205 Publicizing contract actions.

53.205-1 Paid advertisements.
SF 1449, prescribed in 53.212, shall be used to place orders for paid advertisements as specified in 5.503.

53.206 [Reserved]

53.207 [Reserved]

53.208 [Reserved]

53.209 Contractor qualifications.

53.209-1 Responsible prospective contractors.
The following forms are prescribed for use in conducting preaward surveys of prospective contractors, as specified in 9.106-1, 9.106-2, and 9.106-4:
(a) SF 1403 (Rev. 9/88), Preaward Survey of Prospective Contractor (General). SF 1403 is authorized for local reproduction.
(b) SF 1404 (Rev. 9/88), Preaward Survey of Prospective Contractor—Technical. SF 1404 is authorized for local reproduction.
(c) SF 1405 (Rev. 9/88), Preaward Survey of Prospective Contractor—Production. SF 1405 is authorized for local reproduction.
(d) SF 1406 (Rev. 11/97), Preaward Survey of Prospective Contractor—Quality Assurance. SF 1406 is authorized for local reproduction.
(e) SF 1407 (Rev. 9/88), Preaward Survey of Prospective Contractor—Financial Capability. SF 1407 is authorized for local reproduction.
(f) SF 1408 (Rev. 9/88), Preaward Survey of Prospective Contractor—Accounting System. SF 1408 is authorized for local reproduction.

53.210 [Reserved]

53.211 [Reserved]

53.212 Acquisition of commercial items.
SF 1449 (Rev. 3/2005), Solicitation/Contract/Order for Commercial Items. SF 1449 is prescribed for use in solicitations and contracts for commercial items. Agencies may prescribe additional detailed instructions for use of the form.

53.213 Simplified acquisition procedures (SF’s 18, 30, 44, 1165, 1449, and OF’s 336, 347, and 348).
The following forms are prescribed as stated in this section for use in simplified acquisition procedures, orders under
existing contracts or agreements, and orders from required sources of supplies and services:

(a) SF 18 (Rev. 6/95), Request for Quotations, or SF 1449 (Rev. 3/2005), Solicitation/Contract/Order for Commercial Items. SF 18 is prescribed for use in obtaining price, cost, delivery, and related information from suppliers as specified in 13.307(b). SF 1449, as prescribed in 53.212, or other agency forms/automated formats, may also be used to obtain price, cost, delivery, and related information from suppliers as specified in 13.307(b).

(b) SF 30 (Rev. 10/83), Amendment of Solicitation/Modification of Contract. SF 30, prescribed in 53.243, may be used for modifying purchase orders, as specified in 13.307(c)(3).

(c) SF 44 (Rev. 10/83), Purchase Order Invoice Voucher. SF 44 is prescribed for use in simplified acquisition procedures, as specified in 13.306.

(d) SF 1165 (6/83 Ed.), Receipt for Cash-Subvoucher. SF 1165 (GAO) may be used for imprest fund purchases, as specified in 13.307(e).

(e) OF 336 (4/86 Ed.), Continuation Sheet. OF 336, prescribed in 53.214(h), may be used as a continuation sheet in solicitations, as specified in 13.307(c)(1).

(f) SF 1449, (Rev. 3/2005) Solicitation/Contract/Order for Commercial Items prescribed in 53.212, OF 347 (Rev. 3/2005), Order for Supplies or Services, and OF 348 (10/83 Ed.), Order for Supplies or Services—Schedule Continuation. SF 1449, OF’s 347 and 348 (or approved agency forms/automated formats) may be used as follows:

1. To accomplish acquisitions under simplified acquisition procedures, as specified in 13.307.

2. To establish blanket purchase agreements (BPA’s), as specified in 13.303-2, and to make purchases under BPA’s, as specified in 13.303-5.

3. To issue orders under basic ordering agreements, as specified in 16.703(d)(2)(i).

4. As otherwise specified in this chapter (e.g., see 5.503(a)(2), 8.406-1, 36.701(b), and 51.102(e)(3)(iii)).

53.214 Sealed bidding.

The following forms are prescribed for use in contracting by sealed bidding (except for construction and architect-engineer services):

(a) SF 26 (4/85), Award/Contract. SF 26 is prescribed for use in awarding sealed bid contracts for supplies or services in which bids were obtained on SF 33, Solicitation, Offer and Award, as specified in 14.408-1(d)(1). Pending issuance of a new edition of the form, the reference in “block 1” should be amended to read “15 CFR 700.”

(b) SF 30, Amendment of Solicitation/Modification of Contract. SF 30, prescribed in 53.243, shall be used in amending invitations for bids, as specified in 14.208(a).

(c) SF 33 (Rev. 9/97), Solicitation, Offer and Award. SF 33 is prescribed for use in soliciting bids for supplies or services and for awarding the contracts that result from the bids, as specified in 14.201-2(a)(1), unless award is accomplished by SF 26.

(d) SF 1447 (Rev. 3/2005), Solicitation/Contract. SF 1447 is prescribed for use in soliciting supplies or services and for awarding contracts that result from the bids. It shall be used when the simplified contract format is used (see 14.201-9) and may be used in place of the SF 26 or SF 33 with other solicitations and awards. Agencies may prescribe additional detailed instructions for use of the form.

(e) [Reserved]

(f) SF 1409 (Rev. 9/88), Abstract of Offers, and SF 1410 (9/88), Abstract of Offers—Continuation. SF 1409 and SF 1410 are prescribed for use in recording bids, as specified in 14.403(a).

(g) OF 17 (Rev. 12/93), Offer Label. OF 17 may be furnished with each invitation for bids to facilitate identification and handling of bids, as specified in 14.202-3(b).

(h) OF 336 (Rev. 3/86), Continuation Sheet. OF 336 may be used as a continuation sheet in solicitations, as specified in 14.201-2(b).

53.215 Contracting by negotiation.

53.215-1 Solicitation and receipt of proposals.

The following forms are prescribed, as stated in the following paragraphs, for use in contracting by negotiation (except for construction, architect-engineer services, or acquisitions made using simplified acquisition procedures):

(a) SF 26 (Rev. 4/85), Award/Contract. SF 26, prescribed in 53.214(a), may be used in entering into negotiated contracts in which the signature of both parties on a single document is appropriate, as specified in 15.509.

(b) SF 30 (Rev. 10/83), Amendment of Solicitation/Modification of Contract. SF 30, prescribed in 53.243, may be used for amending requests for proposals and for amending requests for information, as specified in 15.210(b).

(c) SF 33 (Rev. 9/97), Solicitation, Offer and Award. SF 33, prescribed in 53.214(c), may be used in connection with the solicitation and award of negotiated contracts. Award of such contracts may be made by either OF 307, SF 33, or SF 26, as specified in 53.214(c) and 15.509.

(d) OF 17 (Rev. 12/93), Offer Label. OF 17 may be furnished with each request for proposals to facilitate identification and handling of proposals, as specified in 15.210(c).

(e) OF 307 (Rev. 9/97), Contract Award. OF 307 may be used to award negotiated contracts as specified in 15.509.

(f) OF 308 (Rev. 9/97), Solicitation and Offer—Negotiated Acquisition. OF 308 may be used to support solicitation of negotiated contracts as specified in 15.210(a). Award of such contracts may be made by OF 307, as specified in 15.509.
53.216 Types of contracts.

53.216-1 Delivery orders and orders under basic ordering agreements (OF 347).

OF 347, Order for Supplies or Services. OF 347, prescribed in 53.213(f) (or an approved agency form), may be used to place orders under indefinite delivery contracts and basic ordering agreements, as specified in 16.703(d)(2)(i).

53.217 [Reserved]

53.218 [Reserved]

53.219 Small business programs.

The following standard forms are prescribed for use in reporting small, small disadvantaged and women-owned small business subcontracting data, as specified in Part 19:

(a) SF 294 (Rev. 10/01), Subcontracting Report for Individual Contracts. (See 19.704(a)(10).) SF 294 is authorized for local reproduction.

(b) SF 295 (Rev. 10/01), Summary Subcontract Report. (See 19.704(a)(10).) SF 295 is authorized for local reproduction.

(c) OF 312 (10/00), Small Disadvantaged Business Participation Report. (See Subpart 19.12.)

**SUPPLEMENTAL INVOICING INFORMATION**

If desired, this order (or a copy thereof) may be used by the Contractor as the Contractor’s invoice, instead of a separate invoice, provided the following statement, (signed and dated) is on (or attached to) the order: “Payment is requested in the amount of $_____. No other invoice will be submitted.” However, if the Contractor wishes to submit an invoice, the following information must be provided: contract number (if any), order number, item number(s), description of supplies or service, sizes, quantities, unit prices, and extended totals. Prepaid shipping costs will be indicated as a separate item on the invoice. Where shipping costs exceed $10 (except for parcel post), the billing must be supported by a bill of lading or receipt. When several orders are invoiced to an ordering activity during the same billing period, consolidated periodic billings are encouraged.

**RECEIVING REPORT**
