GSA ORDER

Subject: General Services Administration Acquisition Manual; GSAR Case 2020-G537, Order Level Material Clarifications

1. Purpose. This order transmits a revision to the General Services Administration Acquisition Manual (GSAM).

2. Background. The GSAM currently references the Senior Procurement Executive’s (SPE) authorization of Order Level Materials (OLMs). OLMs are currently approved for 12 legacy Schedules and 59 subcategories under the newly consolidated Multiple Award Schedule (MAS). The GSAM does not currently accurately reflect terminology in conformance with the new consolidated MAS schedule or procedures, including incorrect citation references and acronyms. Further, the GSAR currently has different methods for administering travel, complicating procedures for ordering activities and contracting officers.

This change removes unnecessary language regarding approvals, removes confusing language regarding travel, and corrects citation and acronym references relating to OLMs.

3. Effective date. April 1, 2022.

4. Explanation of changes. This order and the amendment contained herein includes both regulatory and non-regulatory changes. For full text changes of the amendment see Attachment A, GSAR/GSAM Text, Line-In/Line-Out.

This amendment revises the regulatory language of the following GSAR subparts, changes summarized below, as follows:

- 538.72 (Order-Level Materials):
  - 538.7201 (Applicability), deletes this section entirely.
- 552.2 (Text of Provisions and Contract Clauses):
  - 552.238-115 (Special Ordering Procedures for the Acquisition of Order-Level Materials), makes drafting changes for conformity and grammar and syntax, and removes travel as an OLM.

This amendment also revises the non-regulatory language of GSAM subparts, changes summarized below, as follows:

- 538.72 (Order-Level Materials):
  - 538.7201 (Applicability), Changes the authority to accept proposed changes to the list of OLM authorities from the SPE to the Assistant Commissioner of the Federal Acquisition (FAS) Office of Policy and Compliance.
  - 538.7203 (Administering Order-Level Materials in FSS contracts), removes travel from the OLM clause.

5. Cancellations. Not applicable.
