I. PURPOSE:
The purpose of this AAPD is to inform Acquisition and Assistance professionals of the issuance of a class deviation from the Federal Acquisition Regulation (FAR) aimed at providing accelerated payments to small business contractors and subcontractors. The deviation is effective through June 18, 2022 unless rescinded earlier when the FAR is amended by FAR case 2020-0007.

FAR Section 32.009 and clause 52.232-40, Providing Accelerated Payments to Small Business Subcontractors, have been revised to allow for accelerated payments to small businesses and to prime contractors that subcontract with small businesses.

REQUIRED ACTION(s):

Solicitations and Resulting Contracts:
For non-commercial items above the simplified acquisition threshold, COs must include the clause at 52.232-40 in Attachment 1 (Text of deviated clauses) in all new solicitations and resultant contracts.

For commercial items under FAR part 12, COs must include the clauses 52.212-5 and 52.244-6 in Attachment 1 (Text of deviated clauses), which incorporates clause 52.232-40 by reference.

For non-commercial items using simplified acquisition procedures in FAR part 13, COs must include the clause at 52.213-4 in Attachment 1 (Text of deviated clauses), which incorporates clause 52.232-40 by reference.

Modification of Existing Contracts:
To the maximum extent practicable, COs must issue a bilateral modification to existing contracts at their earliest convenience to replace the appropriate clause with the deviated version in this AAPD.

II. BACKGROUND:
FAR 32.009 prescribes requirements and procedures for agencies to encourage accelerated payments to subcontractors. FAR 32.903(a)(5) allows agency heads to authorize the use of accelerated payment methods specified in 5 CFR 1315.5.

Currently, the FAR provides for accelerated payments to small business subcontractors only. Section 873 of the NDAA for FY 2020 amended 31 U.S.C. 3903 to provide for accelerated payments to prime contractors that subcontract with small business concerns and to prime contractors that are small businesses. While the FAR case 2020-007, which will implement this change, is going through the rulemaking process, the CAAC letter 20202-02 issued on April 6, 2020 serves as the CAAC consultation for agencies to pursue a class deviation from the FAR.

Issuance of this revision will -
1. provide accelerated payments to prime contractors that are small businesses’;
2. establish a goal of 15 days after receipt of a proper invoice for payments to prime contractors that are small businesses and prime contractors that subcontract with small business concerns.
Upon receipt of such payments, prime contractors must, to the maximum extent practicable make accelerated payments to its small business subcontractors. Such contractors further agree to make such payments without further consideration from or fees charged to the subcontractors.

III. GUIDANCE:
When acquiring noncommercial items above the simplified acquisition threshold, the CO will be required to add clause 52.232-40 from the AAPD Acquisition Clause database within GLAAS after they select the appropriate FAR Clause Template. COs should not select clause 52.232-40 from the FAR Clause Template list.

For commercial items under FAR part 12, COs must choose the deviated versions of 52.212-5 and 52.244-6 from the AAPD Acquisition Clause database within GLAAS after they select the appropriate FAR Clause Template. These two clauses are part of the mandatory FAR Clause Template so they will be automatically included from the FAR Clause Template. As this will create two versions of the same clause in the document, the CO will need to “Edit Externally” the GLAAS generated contract in the e-Contract tab of GLAAS and then “Check Out” the contract. This action will download the file into Microsoft Word where the CO can manually delete the original FAR Clauses 52.212-5 and 52.244-6, save the file, and upload the final document back into GLAAS or ASIST. This will ensure that both clauses only appear once in the award and will eliminate conflicting language.

When buying non-commercial items using simplified acquisition procedures in FAR part 13, COs should select clause 52.213-4 from the AAPD Acquisition Clause database within GLAAS after they select the appropriate FAR Clause template.

Modifications should be issued at the CO’s earliest convenience in order to provide relief to USAID partners. COs may combine this revision with other planned modifications.

Use of the clauses in this class deviation will be tracked in GLAAS in accordance with the requirements of AIDAR 701-470(f). However, if the award/modification and clauses are not generated in GLAAS, the CO must track the use of these deviated clauses and submit a report to the A&A Mailbox at policymailbox@usaid.gov, with a copy to Jacqueline Lewis-Taylor at jltaylor@usaid.gov.
