MEMORANDUM FOR BUREAU CHIEF PROCUREMENT OFFICERS

FROM: SHANNA WEBBERS, Shanna R. Webbers
SENIOR PROCUREMENT EXECUTIVE, ACTING OFFICE OF THE PROCUREMENT EXECUTIVE

SUBJECT: Class Deviation—The Federal Acquisition Regulation to remove the requirement that contracting officers make a best procurement approach determination to use an interagency acquisition.

1. PURPOSE: The purpose of this acquisition bulletin (AB) is to issue a class deviation to the Federal Acquisition Regulation (FAR). This class deviation gives effect to section 875 of the John S. McCain National Defense Authorization Act (NDAA) for Fiscal Year (FY) 2019 (Pub. L. 115-232) which removes the statutory requirement for a best procurement approach determination when using an interagency acquisition (see FAR 17.502-1(a)).

2. EFFECTIVE DATE: Upon issuance

3. EXPIRATION DATE: This AB will expire upon the incorporation of this statutory change in the FAR or otherwise superseded or rescinded by the SPE.

4. BACKGROUND: The NDAA for FY19 (Public Law 115-232) (see section 875) removes the best procurement approach determination requirement when using an interagency acquisition. FAR Case 2018-015 has been opened by the FAR Council to implement this statutory change in the FAR by removing FAR 17.502-1(a) and references to that provision. However, it takes time for the FAR to be amended. As a result, the Chair of the Civilian Agency Acquisition Council (CAAC) issued CAAC Letter 2018-04 on September 27, 2018 authorizing civilian agencies, which includes the U.S. Department of the Treasury (Treasury), to issue a deviation from the FAR in order to implement this statutory change prior to the FAR being amended1. The Senior Procurement Executive (SPE) has determined issuance of such a deviation will provide substantial administrative efficiencies for Treasury, specifically it will decrease the amount of documentation required when processing these types of acquisitions. Overall, this class deviation from the FAR is authorized in accordance with FAR 1.404 and Department of Treasury Acquisition Regulation (DTAR) 1001.404.

1This CAAC Letter constitutes consultation with the Chair of the CAAC as required by FAR 1404(a)(1).
5. **DESCRIPTION OF THE DEVIATION:** Attachment A of this Acquisition Bulletin (AB) provides the FAR citations being amended to implement the statutory change described herein. The FAR baseline used for this class deviation is FAC Number 2005-101, effective October 26, 2018 which is available at https://www.acquisition.gov.

6. **REQUIRED BUREAU ACTIONS:** Bureau Chief Procurement Officers shall take immediate steps to:
   a. Update related Bureau policies and procedures, and guidance impacted by this deviation; and
   b. Ensure dissemination of this AB to all acquisition personnel to ensure full awareness and compliance.

7. **ADDITIONAL INFORMATION:** Questions regarding this AB can be directed to Mr. Thomas O’Linn, who may be reached at thomas.olinn@treasury.gov or OfficeoftheProcurementExecutive@treasury.gov.

L. 115-232)).

The FAR baseline used for this class deviation is FAC Number 2005-101, effective October 26, 2018 (see https://www.acquisition.gov).           determination, the requesting agency shall obtain the concurrence of the requesting agency’s responsible contracting office in accordance
          with internal agency procedures. At a minimum, the determination shall include an
