## **Class Deviation for Federal Acquisition Regulation Part 19 in accordance with Executive Order 14275, “Restoring Common Sense to the Federal Procurement” (2026-0015)**

**1. Purpose:** To issue a class deviation to Federal Acquisition Regulation (FAR) Part 19, *Small Business*, for purposes of implementing the FAR Council’s model deviation text to FAR Part 19.

**2. Effective Date:** Immediately.

**3. Expiration Date:** Expires when the FAR Council’s model deviation text to FAR Part 19 is incorporated into the FAR or this class deviation is otherwise rescinded.

**4. Background:** On April 15, 2025, the [Executive Order \(EO\) 14275, Restoring Common Sense to Federal Procurement](#), was signed. Section 2 of the EO establishes the policy that the FAR “should only contain provisions required by statute or essential to sound procurement, and any FAR provisions that do not advance these objectives should be removed.”

The FAR is being updated to:

- Remove language that is not required by statute
- Remove duplicative or outdated language
- Clarify or provide more plain language
- Revise language for the new FAR framework
- Retain language necessary for governmentwide acquisition standards.

This project is referred to as the Revolutionary FAR Overhaul (RFO) initiative.

**5. Summary of Changes:** FAR Part 19, Small Business, is streamlined and emphasizes the importance of small businesses in Federal procurement by making the regulations clearer, more intuitive, and easier for the acquisition workforce to implement. The deviated text preserves most substantive requirements while reorganizing them to align with the actual workflow of a contracting professional.

The part reinforces that it is the Government’s policy to provide maximum practicable opportunities in its acquisitions to small business, 8(a) participants, and other small business socioeconomic categories (i.e. veteran-owned small business, service-disabled veteran owned small business, HUBZone small business, small disadvantaged business, and women owned small business concerns).

For contracts, it keeps the rule of two (meaning COs must set aside requirements when there are two or more small businesses identified who can provide the supplies or service) above the micro-purchase threshold (MPT). The rule of two is required by statute between the MPT and the Simplified Acquisition Threshold (SAT). The FAR Council retained the rule of two above the SAT as essential to sound procurement.

## Key highlights:

- Discretion for Contracting Officers. The deviated text clarifies that a contracting officer's decision to set aside or not set aside an order placed under a multiple-award contract is an exercise of discretion and not a basis for a protest.
- Removing rerepresentation requirements when ordering off an existing contract. Agency small business credit is driven by the size determination made by the contracting officer at the contract level and updated when certain contract level events take place (e.g. option exercise, novations).
- Competing 8(a) orders. Where an acquisition is below the competitive threshold (see 19.108-7(a)(2)), contracting officers must first try conducting the acquisition as a competitive 8(a) order using SBA-approved government-wide contracts before proceeding with a sole source 8(a) award.
- Automatic 8(a) release. A requirement is automatically released from the 8(a) program if the follow-on will be set aside under the HUBZone, SDVOSB, or WOSB programs. Release does not have to be formally requested in this situation.

While subcontracting reporting will continue, GSA will decommission the Electronic Subcontracting Reporting System (eSRS.gov) on February 20, 2026. Subcontracting reporting will transition to SAM.Gov. This is part of the ongoing effort to modernize the suite of federal acquisition systems. (For more information, please visit [SAM.gov/esrs](https://sam.gov/esrs).) This supplement provides updates to the model deviation text to support the eSRS.gov transition.

- Removes prescriptive manual process steps for contractors and contracting officers to review/approve/reject subcontract reports submitted to the new system. The new system will implement business rules to prevent reporting of most common errors.
- Agencies are given discretion for how to monitor subcontract reports, with best practices to be developed in the FAR companion. The new system will create reports to identify reporting needing the greatest attention.
- Extends the reporting requirement of Individual Subcontract Reports from 30 days after the reporting period to 45 days to align the FAR to SBA's current regulations.

Statutory requirements retained in the RFO FAR Part 19 model deviation include, but may not be limited to, the following:

- 10 U.S.C. § 3203 and 41 U.S.C. § 3303, Exclusion of Particular Source or Restriction of Solicitation to Small Business Concerns
- 15 U.S.C. §§ 631 et seq., Small Business Act
- 41 U.S.C. § 3104, Small Business Concerns

	<ul style="list-style-type: none"><li>▪ Section 19.101(b) is a new and valuable addition that functions as a "roadmap" for contracting officers. It lists the various acquisition strategies available and provides direct cross-references to the corresponding sections within the new Part 19.</li><li>○ Section 19.102, "Coordination", consolidates all requirements for coordinating with the Small Business Administration (SBA) and the agency's Office of Small and Disadvantaged Business Utilization (OSDBU) (or for the Department of Defense, the Director of the Office of Small Business Programs (OSBP)).<ul style="list-style-type: none"><li>▪ General principles of cooperation with the SBA are relocated from Section 19.401.</li><li>▪ Rules regarding SBA Procurement Center Representatives (PCRs) are relocated from Section 19.402.</li><li>▪ The mandatory 30-day notification to the SBA PCR for certain acquisitions is relocated from Subsection 19.202-1(e).</li><li>▪ The procedures for a contracting officer to reject an SBA recommendation and the subsequent SBA appeal process are relocated from Section 19.502-8.</li></ul></li><li>○ Section 19.103, "Small business size standards", consolidates content from the former Subpart 19.1, specifically former Sections 19.102 and 19.103. The content concerning NAICS codes, size standards, and the appeal process for NAICS code designations remains substantively the same but is now logically situated within the presolicitation subpart.</li><li>○ Section 19.104, "Small business set-asides", consolidates the rules for total and partial small business set-asides, the nonmanufacturer rule, and related clause prescriptions.<ul style="list-style-type: none"><li>▪ Relocated from former Subsection 19.502-2, this section retains that for contracts above the micro-purchase threshold, the contracting officer must set the contract aside for small business if there is a reasonable expectation of obtaining competitive offers from two or more responsible small business concerns (the rule of two).</li><li>▪ An important change – by changing the word "acquisition" to "contract" at Subsection 19.104-1(a), set-aside requirements (the rule of two) are clarified. Set-aside at the master contract level is mandatory, set-aside is encouraged but discretionary at the order level (see Section 19.111).</li></ul></li></ul>

	<ul style="list-style-type: none"><li>▪ The procedures for partial set-asides are consolidated from former Subsection 19.502-3 (for contracts other than multiple-award) and former Subsection 19.502-4 (for multiple-award contracts) into a single, unified Subsection 19.104-2. The new subsection does not distinguish between multiple-award or other than multiple-award contracts, as the underlying principles are identical.</li><li>▪ The nonmanufacturer rule is relocated from former Section 19.505(c).</li><li>▪ Clause prescriptions are relocated from former Section 19.507.</li><li>○ Socioeconomic Programs at Sections 19.105 (HUBZone), 19.106 (SDVOSB), 19.107 (WOSB), and 19.108 (8(a)). ## CUI

	<ul style="list-style-type: none"><li>○ Section 19.111, “Orders under multiple-award contracts”, consolidates rules for orders under multiple-award contracts that were previously in different locations throughout the part. It combines guidance on assigning NAICS codes to orders (from former Section 19.102(b)(3)) with the rules for setting aside orders (from former Section 19.504). The section retains that set-asides for orders are discretionary.</li><li>○ Section 19.112, “Reserves”, relocates the content governing the use of reserves on multiple-award contracts from former Section 19.503 and the associated prescription from former Section 19.507(g).</li><li>● Subpart 19.2, “Evaluation and Award”, centralizes all policies and procedures applicable after offers are received but before a contract is awarded.<ul style="list-style-type: none"><li>○ Section 19.201, “Small business size and socioeconomic status determination”, consolidates protest and representation procedures into a single location. This change simplifies the process for contracting officers, who previously had to consult separate sections for each type of protest. The following sections and subsections are consolidated here:<ul style="list-style-type: none"><li>▪ Representation by the offeror at initial award (from former Subsection 19.301-1)</li><li>▪ Protesting a small business representation (from former Section 19.302)</li><li>▪ Small disadvantaged business status and reviews (from former Sections 19.304 and 19.305)</li><li>▪ Protesting HUBZone status (from former Section 19.306)</li><li>▪ Protesting SDVOSB status (from former Section 19.307)</li><li>▪ Protesting WOSB/EDWOSB status (from former Section 19.308)</li><li>▪ Protesting 8(a) eligibility and requesting size determinations (from former Sections 19.813 and 19.814)</li></ul></li><li>○ Section 19.202, “Encouraging small business responses”, relocates the content from former Subsection 19.202-4(c) which requires contracting officers to provide copies of solicitations and other information to small businesses upon request.</li><li>○ Section 19.203, “Equal low bids”, relocates the content on handling equal low bids from former 19.202-3 and the related clause prescription from former 19.309(b).</li><li>○ Section 19.204, “Certificate of competency”, relocates and consolidates the entirety of former Subpart 19.6, “Certificates of Competency and Determinations of Responsibility”. Placing this topic in the "Evaluation and Award" subpart aligns it with the point in the acquisition process where a responsibility determination is made.</li></ul></li></ul>
