FROM: William N. Taylor II
Deputy Assistant Attorney General
for Management and Compliance
Senior Procurement Executive

SUBJECT: Class Deviation from the Federal Acquisition Regulation (FAR) Part 23 in support of Executive Order 14275 on Restoring Common Sense to Federal Procurement

1. PURPOSE

This memorandum approves a class deviation to Federal Acquisition Regulation (FAR) Part 23 for purposes of implementing the Federal Acquisition Regulatory Council's (the Council's) model deviation text to FAR Part 23 available at [acquisition.gov/far-overhaul/far-part-deviation-guide/far-overhaul-part-23](https://www.acquisition.gov/far-overhaul/far-part-deviation-guide/far-overhaul-part-23).

2. BACKGROUND

Executive Order (E.O.) 14275, Restoring Common Sense to Federal Procurement, signed April 15, 2025, mandates a comprehensive review and simplification of the FAR. The FAR is being updated to:

- Eliminate non-statutory language
- Remove redundant or obsolete language
- Enhance clarity through plain language
- Align with the new FAR framework
- Preserve essential governmentwide acquisition standards

This project is referred to as the Revolutionary FAR Overhaul (RFO) initiative. This initiative will make the FAR more concise, understandable, and focused on core procurement requirements.

3. SUMMARY OF CHANGES

FAR Part 23, Sustainable Acquisition, Material Safety, and Pollution Prevention, has been revised to enhance clarity and efficiency, and to ensure compliance with current statutory requirements. The updated FAR part maintains existing statutory mandates for energy efficiency, biobased products, energy savings performance contracts, hazardous material identification, and pollution prevention. Requirements related to clean energy and waste reduction, previously driven by the now-revoked E.O. 14057, have been removed.

Statutory requirements retained in the RFO FAR part 23 model deviation include, but may not be limited to, the following:

- 7 U.S.C. § 8102, Biobased Markets Program

For open solicitations or awarded contracts, the Contracting Officer has discretion regarding the need to enforce or amend the provisions and clauses. Note that without some of the removed provisions or clauses, the contracting officer may be required to separately address certain aspects in the contract.
