1 This FAR Alert was established by the Office of Federal Procurement Policy (OFPP) in 2012 to help improve agency awareness of regulatory changes. GSA prepares the FAN for dissemination to the acquisition workforce via the FAI website. Questions about the individual rules should be directed to the analyst in the “For Further Information Contact” paragraph of the rule.

2 Proposed rules announce future changes being considered to the Code of Federal Regulations (CFR), include proposed regulatory text, and solicit public comments. Interim rules announce immediate changes to the CFR and are effective immediately upon publication, or on a specified date after publication, but may be amended based on public comment. Final rules make permanent changes to the FAR after considering public comment, if required. Final rules are effective on a specified date after publication.
