MEMORANDUM FOR: Acquisition and Contract Management Staff

Date: October 12, 2021

From: Sonja Truehart-McKinney, Senior Procurement Executive and Director of Acquisition and Contract Management

Subject: Federal Acquisition Regulation (FAR) Class Deviation (Number 2022-01) - Implementing Executive Order 14042, Ensuring Adequate COVID Safety Protocols for Federal Contractors

Enclosure (2): Class Deviation 2022-01

Enclosure (3): Modification Cover Letter

Effective Date: Immediately

Purpose: This memorandum approves a class deviation from the Federal Acquisition Regulation (FAR) to implement Executive Order 14042, Ensuring Adequate COVID Safety Protocols for Federal Contractors, signed September 9, 2021.

This memorandum also provides instructions for Peace Corps acquisition and contract management workforce awarding contracts in the United States on when to include this new clause in solicitations and contracts.

Authority: This class deviation is issued under the authority of FAR 1.404(a)(1) and through consultation with the Chair of the CAAC via enclosure (1) CAAC Letter 2021-03.

Background: In order to ensure the health and safety of the federal workforce and contractor community, the President signed E.O. 14042. The E.O. promotes economy and efficiency in Federal procurement by ensuring that contractors and subcontractors that contract with the Federal Government provide COVID-19 safeguards. The E.O. directs the Safer Federal Workforce Taskforce to issue guidance to provide implementation details and the Federal Acquisition Regulatory (FAR) Council to establish a new clause to be included in solicitations and contracts and contract-like instruments.

The Safer Federal Workforce Task Force issued guidance on September 24, 2021 at saferfederalworkforce.gov which requires:
Vaccination of covered contractor employees, covered contractor employee means any full-time or part-time employee of a covered contractor working on or in connection with a covered contract or working at a covered contractor workplace. This includes contractor employees working from home, although employees working from home are not required to follow the CDC masking and social distancing protocols, since an employee’s personal residence is not a covered contractor workplace. In limited circumstances a contractor is legally entitled to an accommodation;

Requirements related to masking and physical distancing while in covered contractor workplaces. A covered contractor means a prime contractor or subcontractor at any tier who is party to a covered contract; and

Designation by covered contractors of a person or persons to coordinate COVID-19 workplace safety efforts at covered contractor workplaces.

**Applicability:** The FAR Clause is applicable and required as follows:

- **New Solicitations.** Contracting officers shall include the clause at FAR 52.223-99 (see enclosure 2), Ensuring Adequate COVID Safety Protocols for Federal Contractors in new applicable solicitations issued on or after October 15, 2021;

- **Existing Solicitations.** Contracting officers shall either amend the solicitation to include the clause at FAR 52.223-99 or incorporate it into the award of the apparent successful offeror for applicable solicitations that were issued prior to October 15, 2021, that have not closed, or awards that have not been made by October 15, 2021;

- **New Contracts.** Contracting officers shall include the clause at FAR 52.223-99 in new applicable contracts awarded on or after November 14, 2021, from solicitations issued before October 15, 2021; and

- **Existing Contracts.** The clause at 52.223-99 shall be added to all existing applicable contracts on or after October 15, 2021 before extensions, renewals of existing contracts or options are exercised. Contracting officers shall encourage contractors (see enclosure (3) – Modification Cover Letter) with existing contracts at or below the Simplified Acquisition Threshold (SAT) or contracts solely for products, to accept a modification to add the clause at FAR 52.223-99 to their existing contract(s).
  - Modifications shall be bilateral
  - Enclosure (3) shall be used with a draft modification
  - Contracting officers shall complete as many modifications as possible before November 14, 2021
  - Contracting officers shall ensure Indefinite Delivery Indefinite Quantity (IDIQ) contracts i.e. Federal Supply Schedules (FSS), Government-Wide Acquisition Contracts (GWACs) include clause 52.223-99 on or after October 15, 2021 before awarding task orders under the applicable IDIQ.

The clause shall not be applied to:

- Contracts and subcontracts with Indian Tribes under the Indian Self Determination and Education Assistance Act (Public Law 93-638) (the exclusion would not apply to a procurement contract or subcontract under the FAR to an Indian-owned or tribally-owned business entity); and

- Solicitations and contracts if performance is outside the United States or its outlying areas (the exclusion is limited to employees who are performing work only outside the U.S. or its outlying areas).
Micro-Purchases

Deviation: Enclosure (2) provides the FAR Deviation Clause.

Expiration Date: This class deviation remains in effect until the FAR is amended or until rescinded.

Additional Information: Questions or comments on this class deviation may be directed to Frank Miqueo, at fmiqueo@peacecorps.gov.

MEMORANDUM FOR CIVILIAN AGENCIES

FROM: WILLIAM CLARK
CHAIR
CIVILIAN AGENCY ACQUISITION COUNCIL (CAAC)

SUBJECT: Class Deviation From the Federal Acquisition Regulation Regarding Implementation of Executive Order 14042, Ensuring Adequate COVID Safety Protocols for Federal Contractors

This CAAC Letter is being issued to serve as consultation in accordance with FAR 1.404, authorizing agencies to issue a class deviation to implement Executive Order 14042, Ensuring Adequate COVID Safety Protocols for Federal Contractors.

Executive Order (E.O.) 14042 was signed by the President on September 9, 2021, and published in the Federal Register at 86 FR 50985 on September 14, 2021. The E.O. requires agencies to include a clause requiring contractors and subcontractors at any tier to comply with all guidance for contractor or subcontractor workplace locations as published by the Safer Federal Workforce Task Force (Task Force Guidance) at https://www.saferfederalworkforce.gov/contractors/. The clause applies to solicitations and contracts for services, including construction.

Agencies are required to include the clause in-
- new contracts awarded on or after November 14, 2021, from solicitations issued before October 15, 2021 (this includes new orders awarded on or after November 14, 2021, from solicitations issued before October 15, 2021, under existing indefinite-delivery contracts);
- new solicitations issued on or after October 15, 2021, and contracts awarded pursuant to those solicitations (this includes new solicitations issued on or after October 15, 2021, for orders awarded pursuant to those solicitations under existing indefinite-delivery contracts);
- extensions or renewals of existing contracts and orders awarded on or after October 15, 2021; and
- options on existing contracts and orders exercised on or after October 15, 2021.
To maximize the goal of getting more people vaccinated and decrease the spread of COVID-19, the Task Force strongly encourages agencies to apply the requirements of the Task Force Guidance broadly, consistent with applicable law. Accordingly, agencies are **encouraged, but are not required** to include the clause in-

- contracts that have been or will be awarded prior to November 14, 2021, on solicitations issued before October 15, 2021; and
- contracts that are not covered or directly addressed by the E.O. because the contract or subcontract is under the simplified acquisition threshold or is a contract or subcontract for the manufacturing of products.

The clause shall not be applied to:

- contracts and subcontracts with Indian Tribes under the Indian Self-Determination and Education Assistance Act (Public Law 93-638) (the exclusion would not apply to a procurement contract or subcontract under the FAR to an Indian-owned or tribally-owned business entity); or
- solicitations and contracts if performance is outside the United States or its outlying areas (the exclusion is limited to employees who are performing work only outside the U.S. or its outlying areas).

Section 3(a) of the E.O. requires the FAR Council to take initial steps to implement appropriate policy direction to acquisition offices for use of the clause by recommending that agencies exercise their authority under FAR subpart 1.4.

The attached FAR deviation clause is provided consistent with the E.O. and the Task Force Guidance. (See Attachment). Contracting officers should follow the direction for use of the clause set forth in the deviations issued by their respective agencies.

This CAAC Letter constitutes consultation with the Chair of the CAAC required by FAR 1.404(a)(1) if your agency adopts the attached clause language without change in the agency’s deviation. If your agency intends to use clause text different from the deviated clause text provided, the agency must consult with the CAAC Chair, William Clark, who will consult with OMB and the Task Force to ensure consistency with Administration policy. Any such request must be emailed to william.clark@gsa.gov. Agencies are advised to review, and update as necessary, any relevant guidance previously provided to contractors to ensure its consistency with the deviated clause text.

Once processed, agencies are requested to share the deviation widely among their workforces to ensure full awareness of and compliance with E.O. 14042. The FAR
Council has opened a case (FAR Case 2021-021, Ensuring Adequate COVID-19 Safety Protocols for Federal Contractors) to make appropriate amendments in the FAR to reflect the requirements of E.O. 14042. It is recommended that the deviation be made effective until the FAR is amended or the deviation is otherwise rescinded by the agency.

Agencies are reminded that FAR 1.404 requires agencies to furnish a copy of their approved class deviation (including direction to the workforce, prescription for use of clause, and clause text) to the FAR Secretariat, General Services Administration, by emailing the deviation to GSARegSec@gsa.gov. Agencies must submit their class deviations no later than October 15, 2021.

If you have any questions or require additional information about this Letter, please contact Zenaida Delgado at (202) 969-7207 or at zenaida.delgado@gsa.gov.

Dear Contractor’s POC name,

The health and safety of Peace Corps employees, contractors and their families is our top priority. In order to ensure the health and safety of the Federal workforce and contractor community, the President signed Executive Order 14042, Ensuring Adequate COVID Safety Protocols for Federal Contractors. The requirements in the Executive Order are being implemented via a FAR deviation. The clause in the FAR deviation will be incorporated into Peace Corps contracts via a bilateral modification. If you hold a Peace Corps contract for services that exceeds the simplified acquisition threshold (SAT) the Peace Corps strongly encourages you to accept this contract modification at this time. If your contract is for services at or below he SAT, or solely for products, the Peace Corps also strongly encourages you to accept this contract modification. Acceptance of this modification is mandatory for all service contracts that exceed the SAT before Peace Corps will extend the period of performance of your contract, or exercise an option.

Sincerely,

Contracting Officer
