Subpart 538.2 - Establishing and Administering Federal
Supply Schedules

538.270 Solicitation, evaluation, and award of Federal Supply Schedule (FSS) contracts.

538.270-1 Evaluation of offers without access to transactional data.

(a) Applicability. Utilize this evaluation methodology for negotiating MAS offers when the commercial sales practices format is included in the solicitation (see 515.408).

(b) When offerors have commercial catalogs, negotiate concessions from established catalogs, including price and non-price terms and conditions.

(c) The Government will seek to obtain the offeror’s best price (the best price given to the most favored customer). However, the Government recognizes that the terms and conditions of commercial sales vary and there may be legitimate reasons why the best price is not achieved.

(d) Establish negotiation objectives based on a review of relevant data and determine price reasonableness.

(e) When establishing negotiation objectives and determining price reasonableness, compare the terms and conditions of the MAS solicitation with the terms and conditions of agreements with the offeror’s commercial customers. When determining the Government’s price negotiation objectives, consider the following factors:

   (1) Aggregate volume of anticipated purchases.

   (2) The purchase of a minimum quantity or a pattern of historic purchases.

   (3) Prices taking into consideration any combination of discounts and concessions offered to commercial customers.

   (4) Length of the contract period.

   (5) Warranties, training, and/or maintenance included in the purchase price or provided at additional cost to the product prices.

   (6) Ordering and delivery practices.

   (7) Any other relevant information, including differences between the MAS solicitation and commercial terms and conditions that may warrant differentials between the offer and the discounts offered to the most favored commercial customer(s). For example, an offeror may incur more expense selling to the Government than to the customer who receives the offeror’s best price, or the customer (e.g., dealer, distributor, original equipment manufacturer, other reseller) who receives the best price may perform certain value-added functions for the offeror that the Government does not perform. In such cases, some reduction in the discount given to the Government may be appropriate. If the best price is not offered to the Government, you should ask the offeror to identify and explain the reason for any differences. Do not require offerors to provide detailed cost...
You may award a contract containing pricing which is less favorable than the best price the offeror extends to any commercial customer for similar purchases if you make a determination that both of the following conditions exist:

(1) The prices offered to the Government are fair and reasonable, even though comparable discounts were not negotiated.

(2) Award is otherwise in the best interest of the Government.

State clearly in the award document the price/discount relationship between the Government and the identified commercial customer (or category of customers) upon which the award is based.

538.270-2 Evaluation of offers with access to transactional data.

(a) Applicability. Utilize this evaluation methodology for negotiating MAS offers when the commercial sales practices format is not included in the solicitation (see 515.408).

(b) Contracting Officers shall utilize the techniques in FAR 15.404 when evaluating pricing for MAS offers.

(c) Order of preference. When evaluating MAS offers and establishing negotiation objectives, Contracting Officers shall—

(1) Use the following data that is already readily available in accordance with FAR 15.404-1(b)(2)(ii):

   (i) Prices paid information on contracts for the same or similar items.

   (ii) Contract-level prices on other MAS contracts or other government-wide contracts for the same or similar items.

   (iii) Commercial data sources that consolidate and normalize prices offered by commercial vendors to the general public to compare prices for the same or similar items.

(2) If the Contracting Officer cannot determine the prices offered to be fair and reasonable based on the data described in 538.270-2(c)(1), perform market research to compare prices for the same or similar items in accordance with FAR 15.404-1(b)(2)(vi).

(3) If the Contracting Officer cannot determine the prices offered to be fair and reasonable based on the data described in 538.270-2(c)(1) or (2), perform an analysis of data other than certified cost or pricing data (as defined at FAR 2.101) provided by the offeror in accordance with FAR 15.404-1(b)(2)(vii).

538.270-3 Use of clause fill-in information.

(a) General. The fill-in information required by GSAR 538.273(e) outlines the timeframe that orders must be completed and provides for—
(1) The exercise of task and delivery order options after the FSS contract ordering period, if those options were evaluated as part of the initial award and the order is completed within the timeframe outlined in 538.273(e);

(2) The FSS contract to remain an active contract until the final order is closed out; and

(3) The FSS contract to govern the terms and conditions with respect to active task and delivery orders (e.g., price adjustments) to the same extent as if the orders were completed during the FSS contract ordering period.

(b) Continuity of services. The fill-in information prescribed in 538.273(e) does not preclude use of FAR clause 52.217-8 by ordering activities. However, the clause may only be used if the extension does not extend the cumulative term of the task order beyond the timeframe outlined in 538.273(e).

538.271 FSS contract awards.

(a) FSS awards will be for commercial products and commercial services. Negotiate contracts as a discount from established catalog prices.

(b) Before awarding any FSS awards determine that the offered prices are fair and reasonable (see FAR Subpart 15.4 and 538.270). Document the negotiation and your determination using FAR 15.406-3 as guidance.

538.272 MAS price reductions.

(a) Applicability. This section applies when the contract contains the basic clause 552.238-80 Industrial Funding Fee and Sales Reporting.

(b) The basic clause and Alternate I of 552.238-81, Price Reductions, requires the contractor to maintain during the contract period the negotiated price/discount relationship (and/or term and condition relationship) between the eligible ordering activities and the offeror’s customer or category of customers on which the contract award was predicated (see 538.271). If a change occurs in the contractor’s commercial pricing or discount arrangement applicable to the identified commercial customer (or category of customers) that results in a less advantageous relationship between the eligible ordering activities and this customer or category of customers, the change constitutes a “price reduction.”

(c) Ensure that the contractor understands the requirements of section 552.238-81 and agrees to report all price reductions to the Contracting Officer as provided for in the clause.

538.273 FSS solicitation provisions and contract clauses.

(a) As prescribed in this paragraph, insert the following provisions in the beginning of FSS solicitations:

to verify that the pre-award/modification pricing, sales or other data related to the supplies or
services offered under the contract which formed the basis for the award/modification was accurate,
current, and complete. The following procedures apply:

(i) Such a modification of the clause must provide for the right of access to expire 2 years

538.7003 Policy.

Preparing solicitations when schedules are open to eligible non-federal entities. When opening
authorized Federal Supply Schedules for use by eligible non-federal entities, the contracting officer must make minor modifications to certain Federal Acquisition Regulation and GSAM provisions and clauses in order to make clear distinctions between the rights and responsibilities of the U.S. Government in its management and regulatory capacity pursuant to which it awards schedule contracts and fulfills associated Federal requirements versus the rights and responsibilities of eligible ordering activities placing orders to fulfill agency needs. Accordingly, the contracting officer is authorized to modify the following FAR provisions/clauses to delete “Government” or similar language referring to the U.S. Government and substitute “ordering activity” or similar language when preparing solicitations and contracts to be awarded under authorized Federal Supply Schedules. When such changes are made, the word “(DEVIATION)” shall be added at the end of the title of the provision or clause. These clauses include but are not limited to:

(a) 52.212-4, Contract Terms and Conditions—Commercial Products and Commercial Services.

Subpart 538.71 - [Reserved]

Subpart 538.72 - Order-level Materials

538.7200 Definitions.

As used in this subpart—

“Order-level materials” means supplies and/or services acquired in direct support of an individual task or delivery order placed against an authorized (see GSAR 538.7201(b)) Federal Supply Schedule (FSS) contract or FSS Blanket Purchase Agreement (BPA), when the supplies and/or services are not known at the time of Schedule contract or FSS BPA award. The prices of order-level materials are not established in the FSS contract or FSS BPA. However, order-level materials are purchased under the authority of the FSS program, pursuant to 41 U.S.C. 152(3), and are not open market items, which are discussed in FAR 8.402(f).

538.7201 General.

(a) Authority. In accordance with GSA's authority under FAR 8.403(b), GSA has established special ordering procedures for the incorporation of order-level materials into the Federal Supply Schedule program.

(b) List. The list of Federal Supply Schedule subcategories authorized to allow for order-level materials is available at https://www.gsa.gov/olm.

(c) Changes. HCAs may request changes to the list in paragraph (b) by submitting GSA Form 1649, Notification of Federal Supply Schedule Improvement, for approval by the Assistant Commissioner of the FAS Office of Policy and Compliance. Requests, submitted via GSA Form 1649 or otherwise, to add this authority to a Federal Supply Schedule must address the need for the authority, including why it is impractical to price the items at the contract level, and a description of the market research conducted (see FAR 10.002(e)). The FAS Office of Policy and Compliance should notify the SPE of changes to the list in paragraph (b) via email sent to spe.request@gsa.gov.

538.7202 Awarding Order-Level Materials in FSS contracts.

(a) Federal Supply Schedules authorizing order-level materials must include a separate Special Item Number (SIN) with the following scope:

(1) Order-level materials are supplies or services acquired in direct support of a contractor's offerings and which are unknown before a task or delivery order is placed against the FSS contract.
or FSS BPA); including, direct materials, subcontracts for supplies and incidental services for which there is not a labor category specified in the FSS contract, other direct costs, and indirect costs. Order-level materials are subject to a negotiated price ceiling that the contractor exceeds at its own risk.

(2) Items awarded under ancillary supplies or other direct cost (ODC) SINs are not order-level materials.

(b) The order-level materials SIN cannot be the only awarded SIN on a FSS contract or FSS BPA.

(c) Price Pricing analysis for order-level materials is not conducted when awarding the Federal Supply Schedule FSS contract or FSS BPA; therefore, sections 538.270 and 538.271 do not apply to order-level materials.

538.7203 Administering Order-Level Materials in FSS contracts.

(a) Federal Supply Schedule Contracting Officers should consider requesting the assistance of members of the acquisition team responsible for contract administration functions (e.g., Administrative Contracting Officers, Industrial Operations Analysts) when evaluating the use of order-level materials at the FSS contract-level. Task or delivery orders including order-level materials placed against FSS contracts should be monitored to ensure special ordering procedures are being followed at GSAR 552.238-115(d).

(b) Except as stated in 552.238-115(d)(10), all terms and conditions that otherwise apply to the FSS contract also apply to order-level materials. For example, order-level materials must comply with the Trade Agreements Act clauses, the Environmental Attributes clause, and the Industrial Funding Fee and Sales Reporting clauses.

538.7204 Contract clauses.

(a) Use FAR clause 52.212-4 Alternate I in all Federal Supply Schedules authorized for the acquisition of order-level materials (see 538.7201(b)). Use the following language for the clause fill-in—

(1) Insert “Each order must list separately subcontracts for services excluded from the FSS Hourly Rates” in paragraph (e)(1)(iii)(D).

(2) Insert “Each order must list separately the elements of other direct costs for that order” in paragraph (i)(1)(ii)(D)(1).

(3) Insert “Each order must list separately the fixed amount for the indirect costs and payment schedule; if no indirect costs are approved,” insert “None” in (i)(1)(ii)(D)(2).

(b) Insert the clause at 552.238-115, Special Ordering Procedures for the Acquisition of Order-Level Materials, in FSS solicitations and contracts authorized to allow for order-level materials.
